1. *Grant of Easement.* Grantor hereby grants and conveys to Grantee, its successors and assigns, a permanent, perpetual non-exclusive easement to enter, occupy and use the Easement Property to construct, reconstruct, use, operate, maintain, repair, patrol, replace, enlarge and remove one or more subsurface water lines, sanitary sewer lines, storm drainage facilities, pipelines, conduits, vaults, accessories, improvements, or manholes and all necessary underground wires and appurtenances thereto, including, but not limited to, electric or other control systems, video or other control systems, cables, wires, connections, conduits, and surface appurtenances (the "Improvements") in, through, over, across, under and above the Easement Property (the "Easement").

2. *Ingress and Egress.* The Grantee, its employees, agents, contractors, representatives, successors and assigns shall have and exercise the right of ingress and egress in, to, through, over, under, above and across the Easement Property in order to perform construction, reconstruction, operation, installation, use, maintenance, repair, replacement, upkeep, monitoring, and removal of the Improvements.

Any unauthorized improvement or structure or item placed on the Easement Property may be removed by the Grantee without liability for damages arising there from unless such agreement is in place. Grantor shall retain the right to make use of the servient property of the Easement Property, except for such prohibitions as are contained herein, and except for such use which would endanger or interfere with the rights of the Grantee in its use of the Easement. If Grantor constructs or places any unauthorized improvement, structure or building or item prohibited herein on the Easement Property, Grantor shall reimburse the Grantee for Grantee's expenses in removing such structure or prohibited item from the Easement Property. Notwithstanding the above, Grantor shall have the right to construct a driveway across the Easement Property in conformance with all Town of Erie codes and requirements. Access to the Erie Airport shall be dependent upon Town of Erie, Erie Airport and FAA codes and requirements.

5. *Grantor's Warranty.* Grantor warrants that it has full right and lawful authority to make the grant of the Easement herein contained, and promises and agrees to defend against any defect in title to the Easement Property, the Easement or the right to make the grant of the Easement as herein contained.

6. *Non-exclusive Use.* The Grantee agrees, following written request to and approval by Grantee, that public utilities such as water, sanitary sewer, storm sewer, gas, electric lines, and other appropriate utilities may be installed in the Easement Property as long as such utilities do not interfere with the Grantee's rights as herein granted or the Grantee's use of the Easement and the Easement Property. All surface and subsurface uses of the Easement Property, including fences, must be approved in writing by the Grantee prior to installation.

7. *Damage, Maintenance of Grantor's Improvements.* Grantee shall restore the surface of the Easement Property in the same condition that existed on the date of grant of the Easement, subject to the Improvements allowed herein. The Grantor, at its expense, shall be solely responsible for the maintenance of all Grantor improvements which may be located within the Easement Property. In the event said Grantor improvements within the Easement Property are damaged due to Grantee's acts or omissions, the Grantee will repair and or replace the said improvements at Grantee's expense.

8. *Ownership, Maintenance of Grantee's Improvements, Damage.* Following completion of the construction and installation of the Improvements, the Improvements shall be the property of the Grantee and shall be owned by the Grantee. Grantee shall provide ten (10) days notice to Grantor in the event of any Grantee scheduled maintenance or repair of the Improvements that limits Grantors use of said driveway. If said maintenance or repair is more than 7 days then Grantee will provide a reasonable alternative for use of driveway. Emergency repairs are exempt from this condition.
