Subject: Rex Ranch Filing No. 1 & 2 PUD Amendment

Chris:

I am responding to the request for review and comment on this amendment by the Orchard Glen HOA Board. We have reviewed the documents and while we believe the setbacks required will substantially reduce the visual and actual distance between interior homes and will also further erode the "rural residential" feel of this area of Erie we do not feel an objection at this point in the development will be of benefit.

Thank you for allowing us to examine the amendment and comment.

Best regards,
Jackie Sturm
