

Final Inspection Checklist – Hotel & Restaurant (City)

Business Name- The Dugout Grill & Bar

Inspection Date: May 10, 2023

Inspected by: Sgt. Cummings

Approved: ☒ YES ☐ NO

Notes:

The floor plan drawing is to be on 8 1/2 by 11 inches with dimensions included. The diagram does not have to be to scale, but must accurately reflect the area to be licensed, including depictions of the following:

- ☒ Show North orientation
- ☒ Exterior areas showing control of the licensed premises (fences, walls, doors, gates, etc)
- ☒ A diagram for each floor plan, outlined in red to indicate the boundary (including external and internal walls, doors, fences, gates, restrooms, and etc.)
- ☒ The diagram must identify the kitchen area if the applicant is applying for a Hotel and Restaurant class liquor license. The diagram of the kitchen must include the range, refrigerator, sinks, dishwashers, and other industrial equipment
- ☒ Location of the proposed licensed premises designating where alcoholic beverages will be sold, served, stored, distributed or consumed
- ☒ The diagram must have the licensed liquor area outlined in RED
