SUBJECT:
Grants to Communities - Updated Application and Review Criteria

DEPARTMENT: Administrative Operations

PRESENTER(S): Meredyth Muth, Director of Administrative Services and Operations

TIME ESTIMATE: 15 minutes
For time estimate: please put 0 for Consent items.

FISCAL SUMMARY:
N/A

POLICY ISSUES:
On July 15, staff presented Council with information about the Grants to Communities program. At that time, Council asked staff to return with an updated application as well as updated review criteria for the Council to consider prior to the application opening on September 1.

STAFF RECOMMENDATION:
Review the updated application and review criteria.

SUMMARY/KEY POINTS
The attached application includes the following significant changes based on the Council discussion on July 15:

- Updates the evaluation criteria to specifically reference the Charter Preamble.
- Includes the maximum grant amounts Council requested on July 15:
  - $12,000 for Service grants
  - $5,000 for event grants (applicants may apply for up to two event grants)
- Adds additional application questions and new acknowledgements.

BACKGROUND OF SUBJECT MATTER:
In 2013, this grant program was formalized by resolution and adopted with specific procedures. Those procedures and the evaluation criteria were updated in 2022 and in 2024.

Eligibility is restricted to applicants recognized as community service organizations, organized and

federally designated for tax purposes as non-profit corporations, and/or chartered chapters of state or national lodges or service organizations that engage in charitable or community service activities, and public schools located in Erie (both in Boulder Valey School District and St. Vrain Valley School District).

The Program has two categories of grants funded on an annual basis: Events and Health and Human Services Programs. The funding level authorized by the Council in the annual budget process will determine the number of overall grants funded for that fiscal year. For 2025, the budget for the program was $80,000 and staff requested the same amount for 2026.

Applications for 2026 will open Sept. 1 and be due no later than Nov. 30. Applications will be available through the Town website at www.erieco.gov/974/Grants <http://www.erieco.gov/974/Grants>.

Updates2026 Grants to Communities Application

The Grants to Communities Program Application is a uniform process by which community organizations may apply to the Town for financial support of projects, programs, and events. This application assumes an annual cycle to allow for appropriate budgeting and planning.

Eligibility:
Eligibility is restricted to applicants which are:

- Recognized community service organizations organized and federally designated for tax purposes as non-profit corporations (501c3)
- Chartered chapters of state or national lodges or service organizations that engage in charitable or community service activities
- Public schools located in Erie (both BVSD and SVVSD)

Type of Grants:
Two categories of grants are funded on an annual basis:

- Events
- Health and Human Services Programs

Applications:
Grant requests must be completed via the on-line application available **September 1 through November 30** each year. All requests will be processed and reviewed by the Grants to Communities Committee, which will submit a recommendation to the Town Council for final approval.

Grant recipients will be notified by January 30 of their award and any reporting requirements.

Award Criteria
All applications will be reviewed based on how well the proposal benefits the Town's residents and how well it reflects the values set forth in the preamble of the Home Rule Charter including:

- Supporting sustainability and preservation of our natural environment
- Encouraging the principles of democracy, equity, and justice
- Fostering a community that is inclusive, diverse, and welcoming to all
- Promoting economic growth and opportunity
- Bettering the community and well-being of Erie residents

In addition, the following will be taken into consideration:

- Past performance
- Impact on the community
- History of the event/service in the town
- Expected number of people who will participate or benefit from the program, event, or activity
- Consistency of the applicant's goals with the Town's values, and service priorities
- The applicant's past participation in community projects, events, and continued willingness to participate
- The operating and maintenance costs associated with the proposed project

Award Limitations
Service grants are capped at $12,000.

Event applications are capped at $5,000 but may include more than one event. Organizations many apply for up to two event grants.

All money must be spent prior to October 31 of the year in which it is received.

Organization Description	Sister Carmen Community Center (SCCC) is a non-religious agency whose mission is to provide assistance to residents of Lafayette, Louisville, Superior, and Erie who are in need, without discrimination. Our origins stem from Sister Carmen Ptacnik, a Catholic nun who came to help the people of Lafayette, Colorado in 1970's. The community embraced and continued her humanitarian efforts, eventually becoming the organization we are today, offering critical resources to thousands of individuals and families a year. In 2012, we officially became a Family Resource Center (FRC), providing a safe accessible place for individuals and families to connect to a multitude of comprehensive and coordinated services. We take a holistic approach to addressing the needs of people experiencing poverty by equipping them with the tools they need, allowing for the best opportunity for success as they take steps towards stability and self-reliance. We verify our need through the population we serve. Every year, 5,000 - 6,000 individuals (about 2,000 families) seek our assistance--although in our last fiscal year we served 8,295 unique individuals among 3,000 families due to the increased need. We actively seek participant input and feedback through our Participant Advisory Committee, participant surveys, and individually to constantly improve our programs and services. Additionally, Boulder County Trends report shows each year that thousands of families in our community--especially those with children--are struggling to make ends meet. Low-income families in our community are struggling to pay for basic needs including housing, utilities, transportation, childcare, food, and more. Colorado Center on Law and Policy recently released a report that a family of

	four living in Boulder County must make at least $107,462 a year to make ends meet without assistance, and that 24% of Boulder County residents are unable to make ends meet.
Does your organization have a board of directors?	Yes
Describe how board members are compensated.	They are not compensated. All board members are volunteers.
Does your organization utilize help from volunteers?	Yes
Describe how volunteers would be used for the event or service you're requesting funding for with this application.	Volunteers are welcome to contribute their time in our food bank, thrift store, office, garden, and for special projects such as food drives and events. We welcome one-time group activities as well as individual volunteers who contribute on a regularly scheduled basis. We do not utilize volunteers specifically for Direct Financial Assistance, as we only offer those services through our professional Advocacy services.
Please identify other organizations providing similar services to the target population you serve (if any).	The local organizations UpLink and the Erie Community Food Bank also provide services to this population, however Sister Carmen Community Center is able to serve a much larger population and offer a deeper level of assistance for some services such as Direct Financial Assistance for rent, utilities, and transportation. As a Family Resource Center (FRC) we are also able to provide access and connections to a wide array of resources. We work closely with other local nonprofit organizations to make sure we do not duplicate services, and do not leave any population underserved. For example, we have an MOU with other area FRCs including EFAA in Boulder, Broomfield FISH, and the OUR Center in Longmont to make sure each city/town has access to an FRC.

Name of Service	Direct Financial Assistance for Erie Residents
Begin Service Date	01/01/2025
End Service Date	12/31/2025
Service Location	Erie
Estimated number of residents impacted by your service?	200-300
Amount of funding requested	$15,000
Please describe how the requested funds will be used - be specific.	We are seeking funds from the Town of Erie to support our Direct Financial Assistance (DFA) for residents of Erie throughout the 2025 calendar year. DFA funds are used to cover low-income families' need to pay rent, mortgage, utilities, transportation, or other essential services to make sure they don't become homeless or go without basic needs. DFA funds are distributed through our Advocacy program. In just the first three quarters of 2024 we served 186 Erie residents within 66 unique households with direct financial assistance. We anticipate serving at least 200 if not close to 250 total. Over the last fiscal year, we've assisted over 500 Erie residents across all of our programs, including the food bank. It is our hope that the Town of Erie can help us to keep up with the demand with increased funding.

Describe the services your organization will provide and how do you identify this need? Please provide specific examples.	Our professionally trained Advocates provide families with one-on-one, individualized, and culturally responsive support to meet immediate needs, as well as short- and long-term goals towards self-reliance. Through all our Advocacy services, we use a family-centered, family-led approach that focuses on their strengths. We support participants in advocating for themselves and their families to attain stability by providing information, resource/referral connection, and personal guidance that is unique to each family situation. We prevent homelessness and improve stable housing by providing direct financial assistance for rent/mortgage, utility, and other necessary financial assistance, as well as encourage and provide connection to resources such as financial planning, parenting, enrolling in healthcare/public benefits, employment, legal guidance, and more. Through several Advocacy programs, we also provide ongoing family support that helps strengthen families, increase family economic self-reliance, and improve family health long-term. This includes building rapport and trust with families, goal setting (family-driven), coordinating services, considering strengths and needs of the families based on the Colorado Family Support Assessment 2.0 (CFSA2), and regular follow-ups. We've identified this as a need, because we already serve this population. From January 1st through October 18th of 2024 we provided $28,500 in rent to 29 households, $7,648 in water assistance to 15 households, $20,653 in Xcel assistance (through Energy Outreach CO program) to 28 households, $5,198 in miscellaneous assistance (gas cards, car repairs, etc.) to 21 households, and distributed $1,733 in free shopping vouchers to our thrift store for clothing and other essentials. A total of 66 households and 186 individuals received financial assistance.
How long will the requested funding support the services described above?	The 2025 calendar year.
Who will benefit from these services – both directly and indirectly?	Low-income Erie residents and their families will directly benefit from our services. Indirectly, this benefits the Town of Erie by ensuring their residents who are most in need do not end up homeless or in desperate situations. By lifting up those who need our help the most, our entire community can prosper and thrive.
What are your desired outcomes and how will you measure success?	Our desired outcome is to see more Erie families able to access our Direct Financial Assistance as well as other Family Resource Center services available to them, and to prevent them from experiencing homelessness or utility shutoffs. If the need remains as high as what we've seen in the last year, we expect to serve approximately 100 Erie households (200-300 individuals) in the 2025 calendar year. SCCC uses Boulder County Community Connect to track our participant data. This database is new as of 2023 and will help us to better report on our Colorado Family Support Assessment (CFSA2) data. Using the same database as other agencies in the region creates a streamlined experience for our participants and eases information sharing between agencies.
Is this a new or existing program or service?	Existing
What other sources of funding are you pursuing to provide this service?	Much of our direct financial assistance (DFA) budget comes out of our general operating budget. However, we also receive some DFA funds from Boulder County Housing & Human Services, Boulder County Area Agency on Aging, Emergency Food and Shelter Program (EFSP). Unfortunately, those funds are only to be used for Boulder County, so they cannot be used for residents living in the Weld County portion of Erie. For those residents we must primarily use general operating funds as well as the Town of Erie grant.
How will the services you offer be	As an organization we are very much struggling with the increased demand for

impacted if the requested funding is not received?	direct financial assistance across all of our service areas. We have already had to limit the number of people we can serve and often the amount and number of occasions we can help an individual family. This funding goes directly to families in need, so the less funding we receive, the fewer Erie families we're able to provide support. It will have a 1:1 direct impact on Erie families.

2026 Grants to Communities – Updated Application and Review Criteria

Erie Town Council

August 19, 2025

Meredyth Muth, Director of Administrative Services

Agenda

1. Review Direction from Council on July 15
2. Application Updates
3. Application Review Criteria
4. Discussion/Direction

Direction From Council on July 15

At the July 15 meeting, Council asked staff to make the following changes to the application:

- update the evaluation criteria to specifically reference the Charter Preamble.
- include maximum grant amounts as follows:
  - $12,000 for Service grants
  - $5,000 for event grants (applicants may apply for up to two event grants)

Staff also made some minor changes to the application to require some additional information and to clarify some of the requirements.

Application Review Criteria

All applications will be reviewed based on how well the proposal benefits the Town's residents and how well it reflects the values set forth in the preamble of the Home Rule Charter including:

- Supporting sustainability and preservation of our natural environment
- Encouraging the principles of democracy, equity, and justice
- Fostering a community that is inclusive, diverse, and welcoming to all
- Promoting economic growth and opportunity
- Bettering the community and well-being of Erie residents

Application Review Criteria cont.

In addition, the following will be taken into consideration:

- Past performance
- Impact on the community
- History of the event/service in the town
- Expected number of people who will participate or benefit from the program, event, or activity
- Consistency of the applicant's goals with the Town's values, and service priorities
- The applicant's past participation in community projects, events, and continued willingness to participate
- The operating and maintenance costs associated with the proposed project

Council Direction Needed

The grant application period opens September 1.

Staff requires Council direction on these proposed changes so the new application form may be finalized by the end of August.

FISCAL SUMMARY:

POLICY ISSUES:
The Council requested a survey on specific topics for the community, managed by a professional research firm. Council will now review the results of the survey, which will be one tool used to facilitate policymaking decisions going forward.

STAFF RECOMMENDATION:
Information only

SUMMARY/KEY POINTS

- This item is before Council to share data and analysis of the Comprehensive Survey.
- The survey was sent to all households in Erie and was open to all residents in Erie over the age of 18
- The survey contained questions which were drafted and approved by this Council.

BACKGROUND OF SUBJECT MATTER:
Council drafted and approved a standalone special topic survey to thoroughly explore issues of density, growth, affordable housing, funding facility and amenity construction, traffic, sustainability, and other related topics.

On May 6, 2025, the Council met with a hired research and data analysis consulting firm to share

topic areas for this survey. The consultants then created a draft survey for Council consideration covering all requested topics as well as necessary demographic questions for community segmentation in the data analysis.

On June 3, the Council met to review the draft survey, ask questions, and provide edits. The Council completed nearly half of the survey review on June 3 and finished the remainder of the review on June 17. Following the June 17 meeting, Mayor Moore and Council Member Hoback met with the consultant to work out final edits. The Council approved the final survey questions on July 8.

The consultant sent the survey to all households in Erie and it was open to all residents in Erie over the age of 18. The survey was open from July 14-Aug. 1, and 3,854 individuals completed the survey. Erie is estimated to have an adult population of nearly 30,000 people, which means this survey had a 12.8% completion rate.

Magellan Strategies will share the data and their analysis of the survey results, which show a margin of error of +/- 1.47% and a 95% confidence interval. As expected, subgroups of data have a higher margin of error than the overall sample.

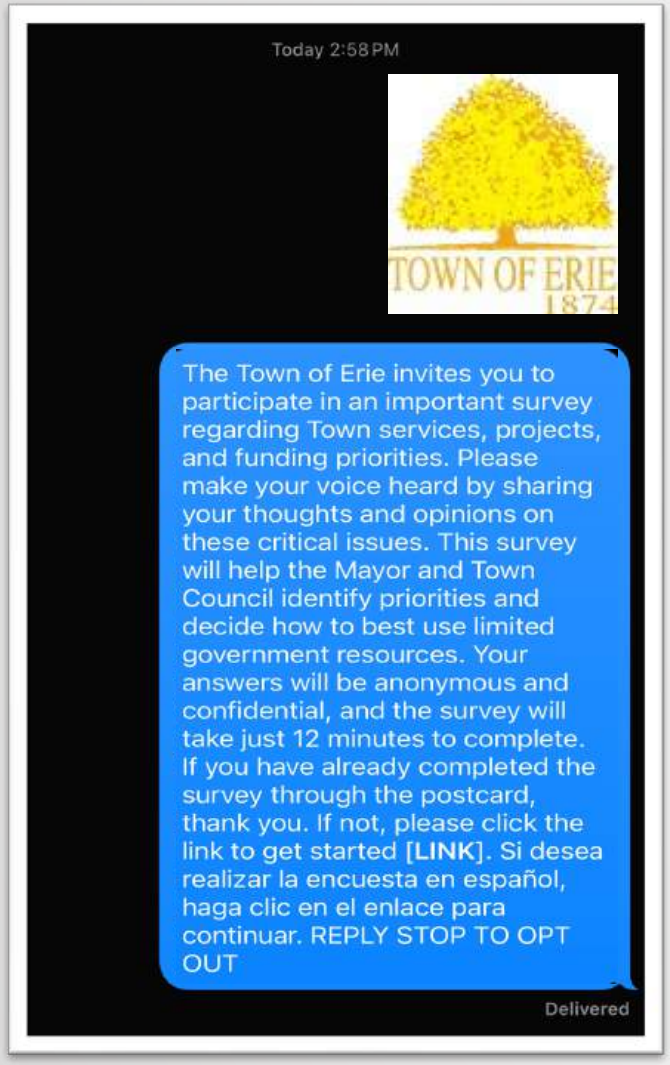
Survey Objectives

- The survey also included questions to measure the approval rating and familiarity of services of the Town and measured the opinion on the fiscal responsibility of Erie.

- The survey also measured opinion on multiple topics and issues facing the Town of Erie.
  - The potential funding source of the Erie Police Department.
  - Opinion on housing density and affordable housing programs in the Town.
  - Opinion on transportation, traffic, and roads.
  - Opinion on parks and recreation potential projects, and how to fund them.
  - Opinion on the Town's sustainability program.

Methodology



Magellan Strategies is pleased to present the results of a survey of 3,854 residents in the Town of Erie, CO. The interviews were conducted from July 14th – August 1st, 2025.

The overall survey responses have a margin of error of +/- 1.47% at the 95% confidence interval. Population subgroups will have a higher margin of error than the overall sample.

The survey results are weighted to be representative the voter registration demographics of the Town of Erie.

Key Findings

Traffic, Growth, and Infrastructure Are Top Concerns

Residents repeatedly identified traffic congestion, road conditions, and overdevelopment as urgent challenges. Intersections like Arapahoe Road, Highway 7, and County Line Road were frequently mentioned as problematic, and many feel infrastructure is not keeping up with growth.

Mixed Sentiment About Town Direction

39% of residents believe Erie is headed in the right direction, citing smart growth, quality of life, and recreation investments. However, 27% feel it's off track, mostly due to concerns about overdevelopment, traffic, and distrust in leadership. A significant 34% are unsure—indicating a major opportunity to engage newer and younger residents.

Strong Support for Affordable Housing—but Concerns Remain

63–73% of residents agree that affordable housing helps strengthen the economy, promote diversity, and stabilize families. A majority (54%) support the Town's Affordable Housing Program, though only 25% are familiar with it. Funding support is strongest for state/federal grants and development fees.

Funding Preferences Vary by Issue

When it comes to big-ticket items like the police facility expansion, residents most prefer a sales tax (40%) or certificates of participation (COPs) (33%) over a property tax increase (15%). For parks and rec amenities, most prefer using the General Fund over time rather than new taxes.

Broad Support for Sustainability and Local Investments

Residents support more Town involvement in sustainability efforts, especially for recycling, renewable energy, and landscape rebates. 51% would support a modest dedicated tax increase to fund these efforts, despite a lower familiarity with existing programs.

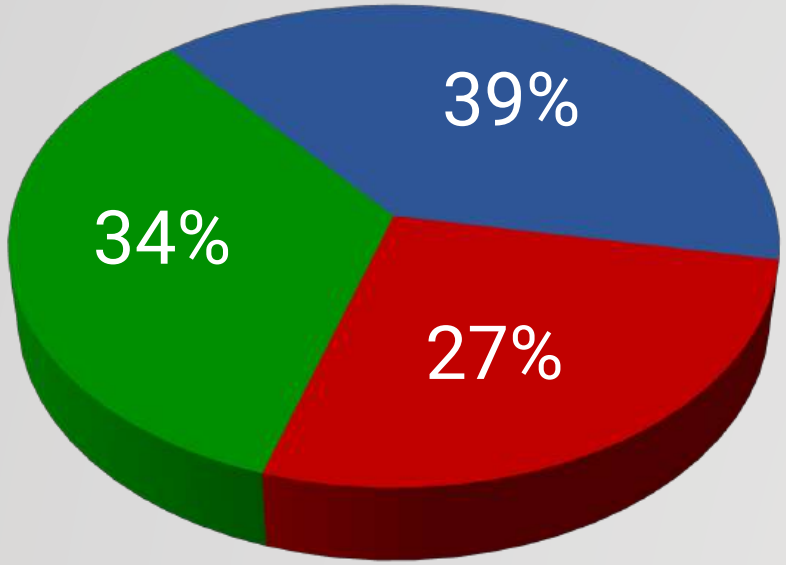
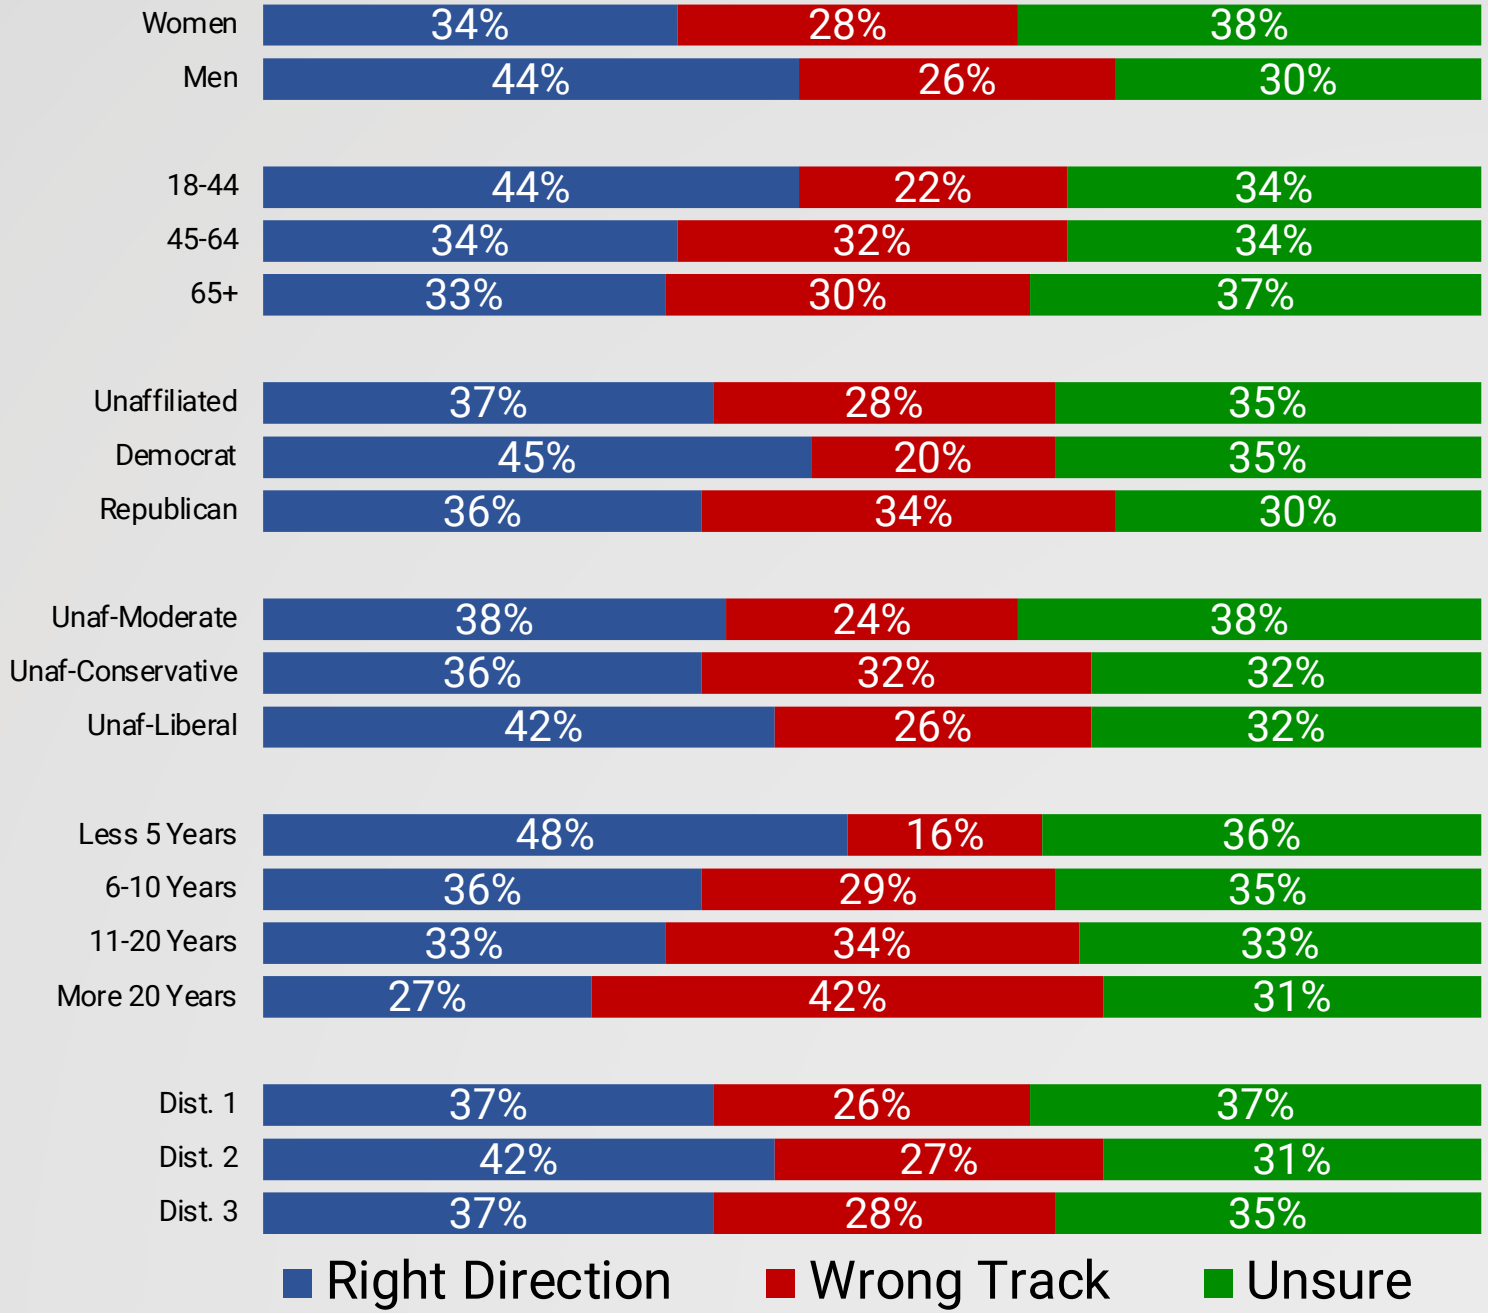
Generally speaking, do you think things in the Town of Erie are headed in the right direction, or do you feel things are off on the wrong track?



Right Direction Wrong Track Unsure



Why 39% of Residents Believe Erie is Headed in the Right Direction

Please describe why you think things in the Town of Erie are headed in the right direction.

Smart Growth and Development: Many respondents believe the town is growing in a positive and thoughtful way. They cited improvements in housing options, road infrastructure, and responsible long-term planning. Several residents appreciated that the town is becoming more vibrant while still trying to retain its small-town charm. Some noted that Erie is managing growth better than neighboring communities.

Community Feel and Quality of Life: Residents praised Erie for maintaining a strong sense of community, safety, and livability. They described it as a great place to raise a family, with welcoming neighborhoods and a peaceful atmosphere. Many appreciated the clean environment, friendly people, and small-town feel even as the town continues to grow.

Parks, Trails, and Recreation: A large number of residents mentioned the town's investments in trails, open space, and recreation amenities as a sign that things are headed in the right direction. They value the natural beauty, well-maintained parks, and walkable areas that encourage healthy, outdoor lifestyles.

Town Leadership and Governance: Some residents expressed confidence in the Town Board and staff, pointing to transparency, communication, and responsiveness to resident concerns. They felt that leaders are doing a good job listening to the community, planning for the future, and handling growth challenges.

Economic and Commercial Development: Several responses noted improvements in business growth and the local economy. Residents were encouraged by the addition of new restaurants, retail, and commercial services, which they saw as helping to reduce reliance on neighboring towns and increase revenue for local services.

Why 27% of Residents Feel Things in Erie are Off on the Wrong Track

Please describe why you feel things in the Town of Erie are off on the wrong track.

Uncontrolled Growth and Overdevelopment: The most frequent concern was that Erie is growing too quickly without adequate planning or supporting infrastructure. Residents feel that new developments are being approved without regard for traffic, school capacity, or water resources. Many worry that the town is losing its character and that leaders are prioritizing expansion over livability.

Traffic and Road Infrastructure Problems: Traffic congestion, poor road conditions, and lack of east-west connectivity were widely cited. Specific roads and intersections (like Arapahoe and Highway 7) were mentioned as dangerous or constantly backed up. Residents feel that the town's infrastructure isn't keeping pace with the population growth, making everyday commutes frustrating and unsafe.

Lack of Trust or Dissatisfaction with Town Leadership: Many residents expressed disappointment in the town's leadership, citing poor communication, lack of transparency, and decisions that appear to benefit developers over residents. Some feel that community input is ignored and that elected officials are not accountable or responsive.

Inadequate Commercial Development: Several respondents noted that while residential construction is booming, commercial growth has not kept up. Residents want more restaurants, retail, and services in town to reduce the need to travel to nearby cities. They view the imbalance as a sign of poor planning and missed economic opportunities.

Fracking and Environmental Concerns: Oil and gas activity remains a top concern for many. Residents expressed frustration with the town's handling of fracking near neighborhoods and schools. Environmental health, noise, and pollution were all cited as reasons they believe the town is heading in the wrong direction, especially when these concerns appear to be disregarded by officials.

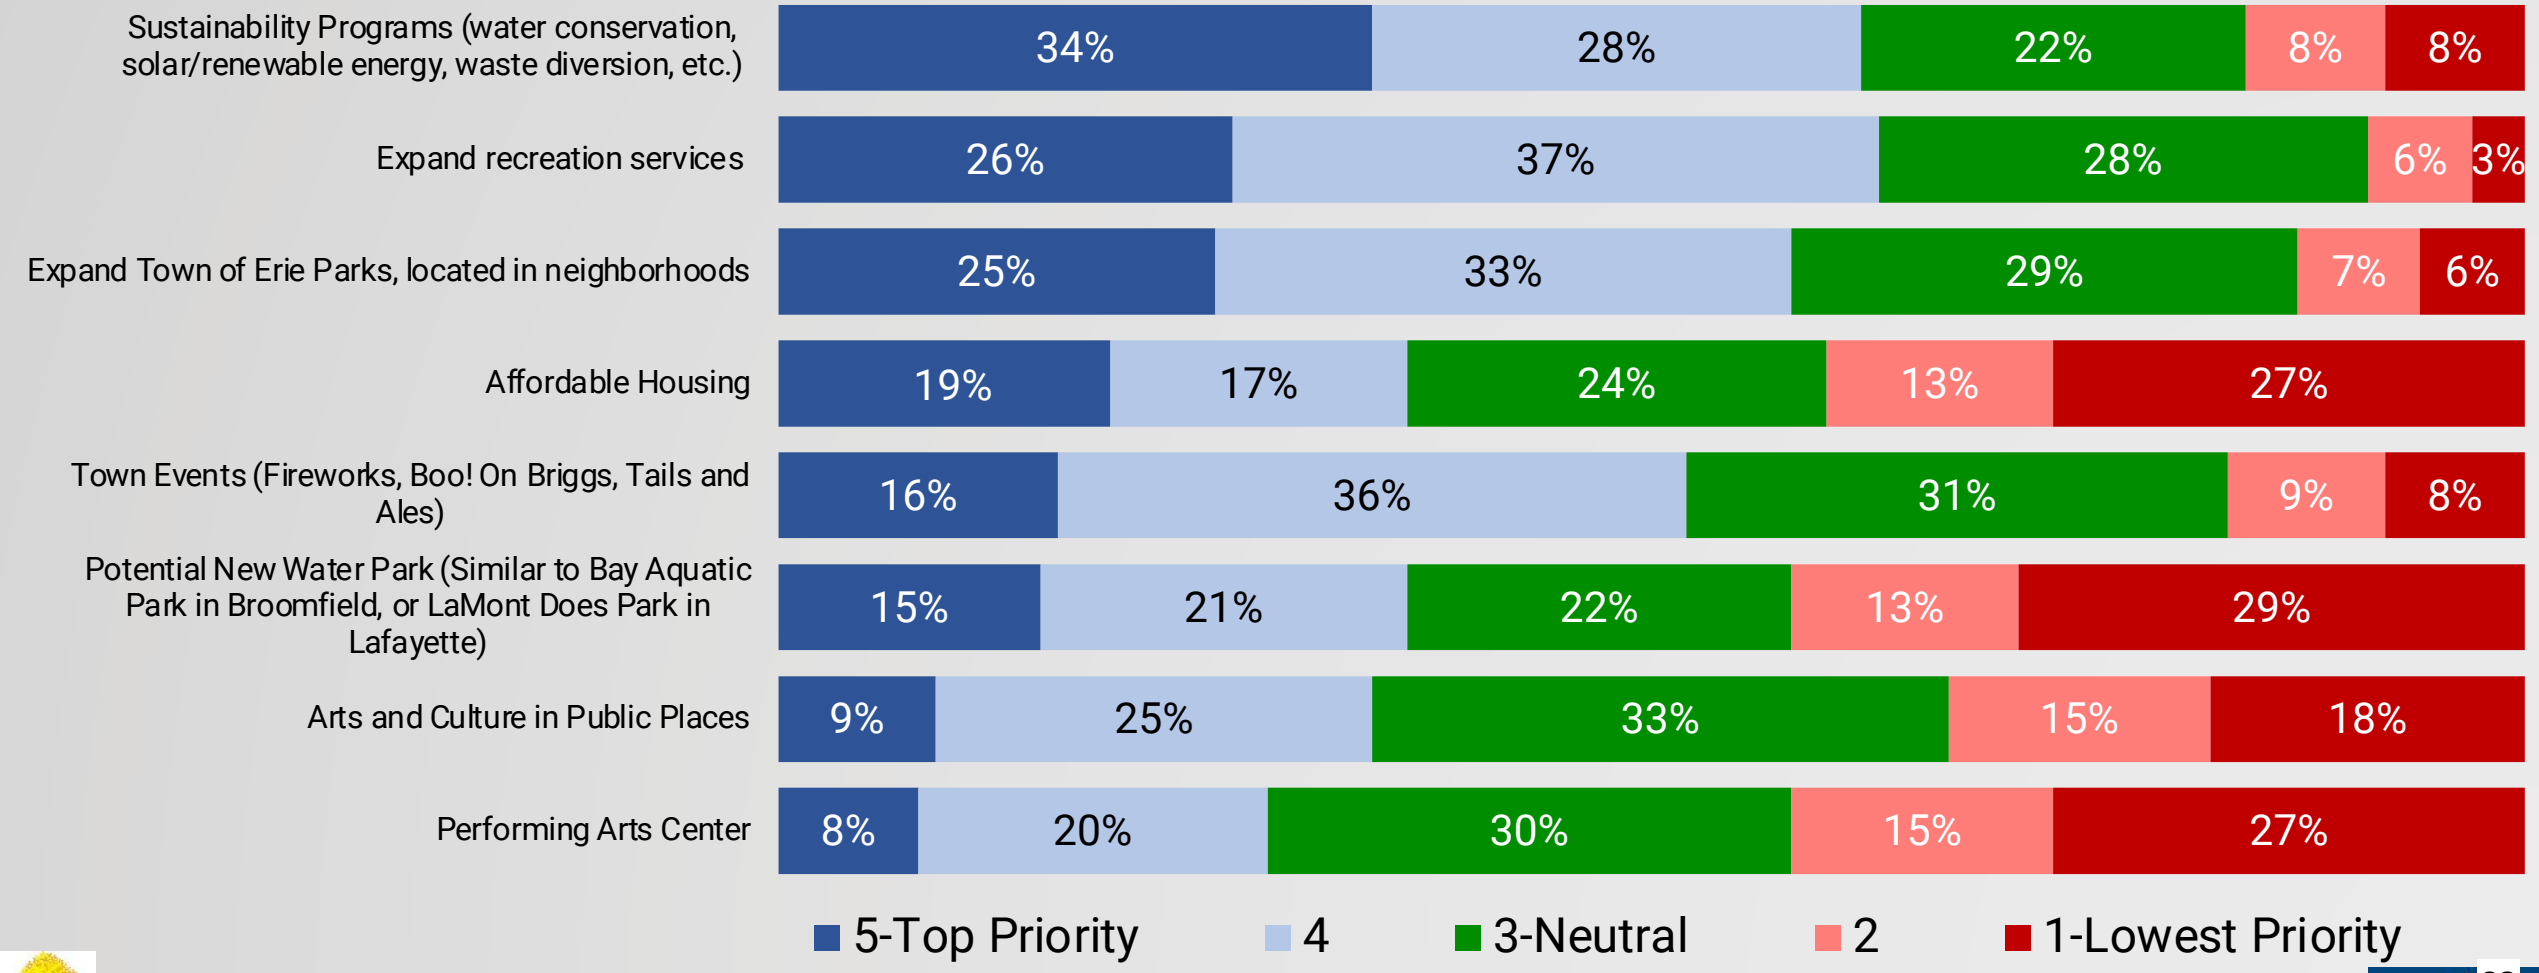
Each year, the Town Council must decide where to focus the Town's attention across a variety of services and programs. While essential services like police, water, sewer, and roads must always be maintained, there are many other areas that can enhance the quality of life in the community.

With that in mind, on a scale of 1 to 5, where 5 means it should be a top priority and 1 means it is the lowest priority, how would you rate each of the following current or potential services or programs in terms of how much focus and effort the Town should dedicate to them?



Opinion on Funding the Erie Police Department

In 2021, the Town of Erie completed a Facility Strategic Plan that identified the top priorities for Town buildings. The current Erie Police Department is already at full capacity, and the expansion is estimated to cost $38.6 million before interest. This expansion is designed to meet future operational needs as the Town's population continues to grow from 40,000 to 66,000. Knowing that information, there are multiple ways for the Town of Erie to pay for the expansion and renovation of the police facility:

1) A property tax that would increase taxes by 4 mills, or $134 annually for a home valued at $500,000. This would need to be approved by voters.

2) A sales tax that would increase the Erie sales tax rate from 3.5% to 3.98%, or another $0.48 per $100 purchase. This would need to be approved by voters.

3) A Certificate of Participation (COP), which is a type of financing, like a mortgage, that does not raise taxes or need voter approval. The Town of Erie would need to pay back the financing with interest over time, and the funding would be prioritized from the General Fund. The Town estimates paying back COPs for this project at $2.5 million per year for 20 years.

Opinion on Erie Small-Town Feel

Many who live in Erie cherish the small-town feel. Being as descriptive as possible, how would you define a small-town feel?

Close-Knit, Friendly Community: Residents overwhelmingly associate a small-town feel with knowing their neighbors, friendly greetings, and strong personal connections. They value a sense of belonging, where people look out for each other and community bonds are strong. Many used words like "welcoming," "safe," and "neighborly" to describe what small-town life means to them.

Slow Pace and Peaceful Atmosphere: A slower, less hectic lifestyle is central to the small-town feel. Respondents described it as peaceful, quiet, and removed from the noise and busyness of big-city living. Many emphasized the importance of low traffic, calm streets, and the ability to take time and enjoy their surroundings.

Walkability and Access to Nature: Many respondents mentioned being able to walk or bike to local parks, trails, schools, or small businesses as part of what makes a town feel small. Proximity to open space, greenery, and outdoor recreation was frequently cited as essential to maintaining that atmosphere.

Historic and Charming Downtown or Town Center: A common theme was the presence of a quaint, centralized downtown with local shops, restaurants, and community events. Respondents described a walkable, character-filled core as a visual and social anchor for the community. They often contrasted this with large chain stores or sprawling suburban developments.

Limited Growth and Thoughtful Development: Residents expressed that a small-town feel is tied to controlled growth and intentional development. Many worry that rapid expansion threatens the town's character. They associate small-town life with open space, fewer large subdivisions, and decisions that prioritize quality of life over density and profit.

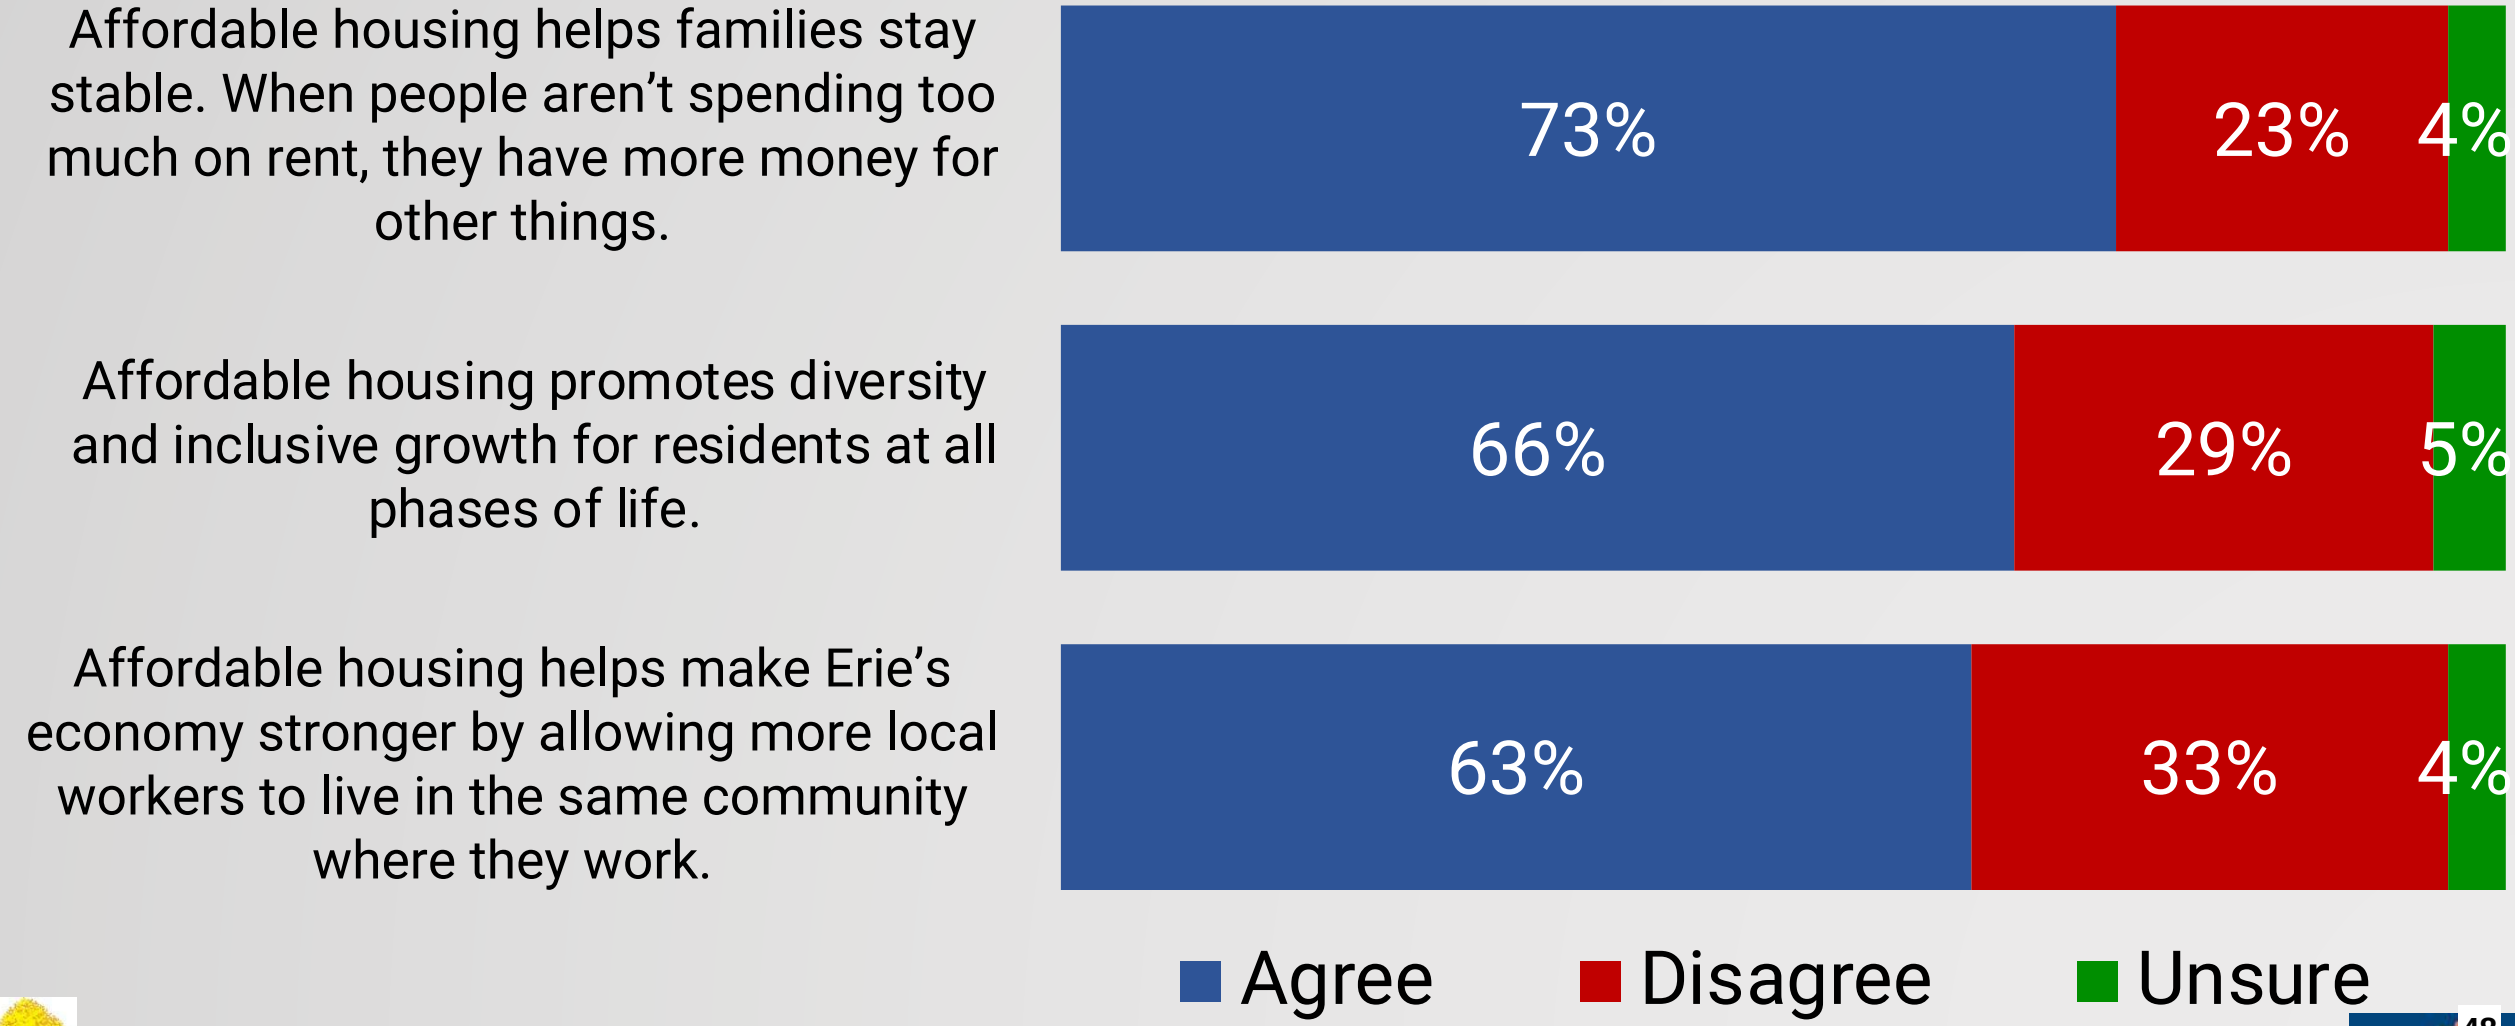
Affordable Housing Definition

The following housing questions discuss affordable housing in the Town of Erie. For this survey, it is important to understand that the Town of Erie defines affordable housing as housing that is financially manageable, that is, they are not spending more than 30% of their income on housing. Some of these households may receive subsidies to be able to afford this housing.

In 2024, the Town of Erie completed a housing needs assessment that showed potential benefits of affordable housing policies. Knowing this, do you agree or disagree with each of the following statements:



Opinion on Housing Density and Individual Taxes

Please read the two following statements,

A. The Town of Erie needs to increase housing density by building more townhomes, duplexes, or apartments, because additional housing units may create the tax revenue needed to cover the long-term costs of maintaining streets, water systems, and other infrastructure.

Or...

B. The Town of Erie should continue to focus on lower-density housing, mainly single-family homes, even if it may mean higher individual taxes in the future to cover the long-term costs of maintaining streets, water systems, and other infrastructure.

Opinion on Traffic in the Town of Erie

Being as specific as possible, which intersections and at what time have you been most impacted by traffic in the past 12 months?

Arapahoe Road: Arapahoe Road was by far the most frequently mentioned traffic hotspot. Residents reported heavy congestion, particularly during morning (7–9 AM) and evening (4–6 PM) commute times. Problem areas include its intersections with 111th Street, County Line Road, and Briggs Street. Many respondents described this road as consistently backed up, frustrating, and unsafe due to traffic volumes and speeding.

Highway 7 (Baseline Road): Highway 7 came up often as a key east-west corridor experiencing significant congestion. Intersections at Sheridan Parkway, County Line Road, and 119th Street were noted as especially problematic. Respondents commonly reported long wait times during peak travel hours, with traffic building up well beyond the intersections themselves.

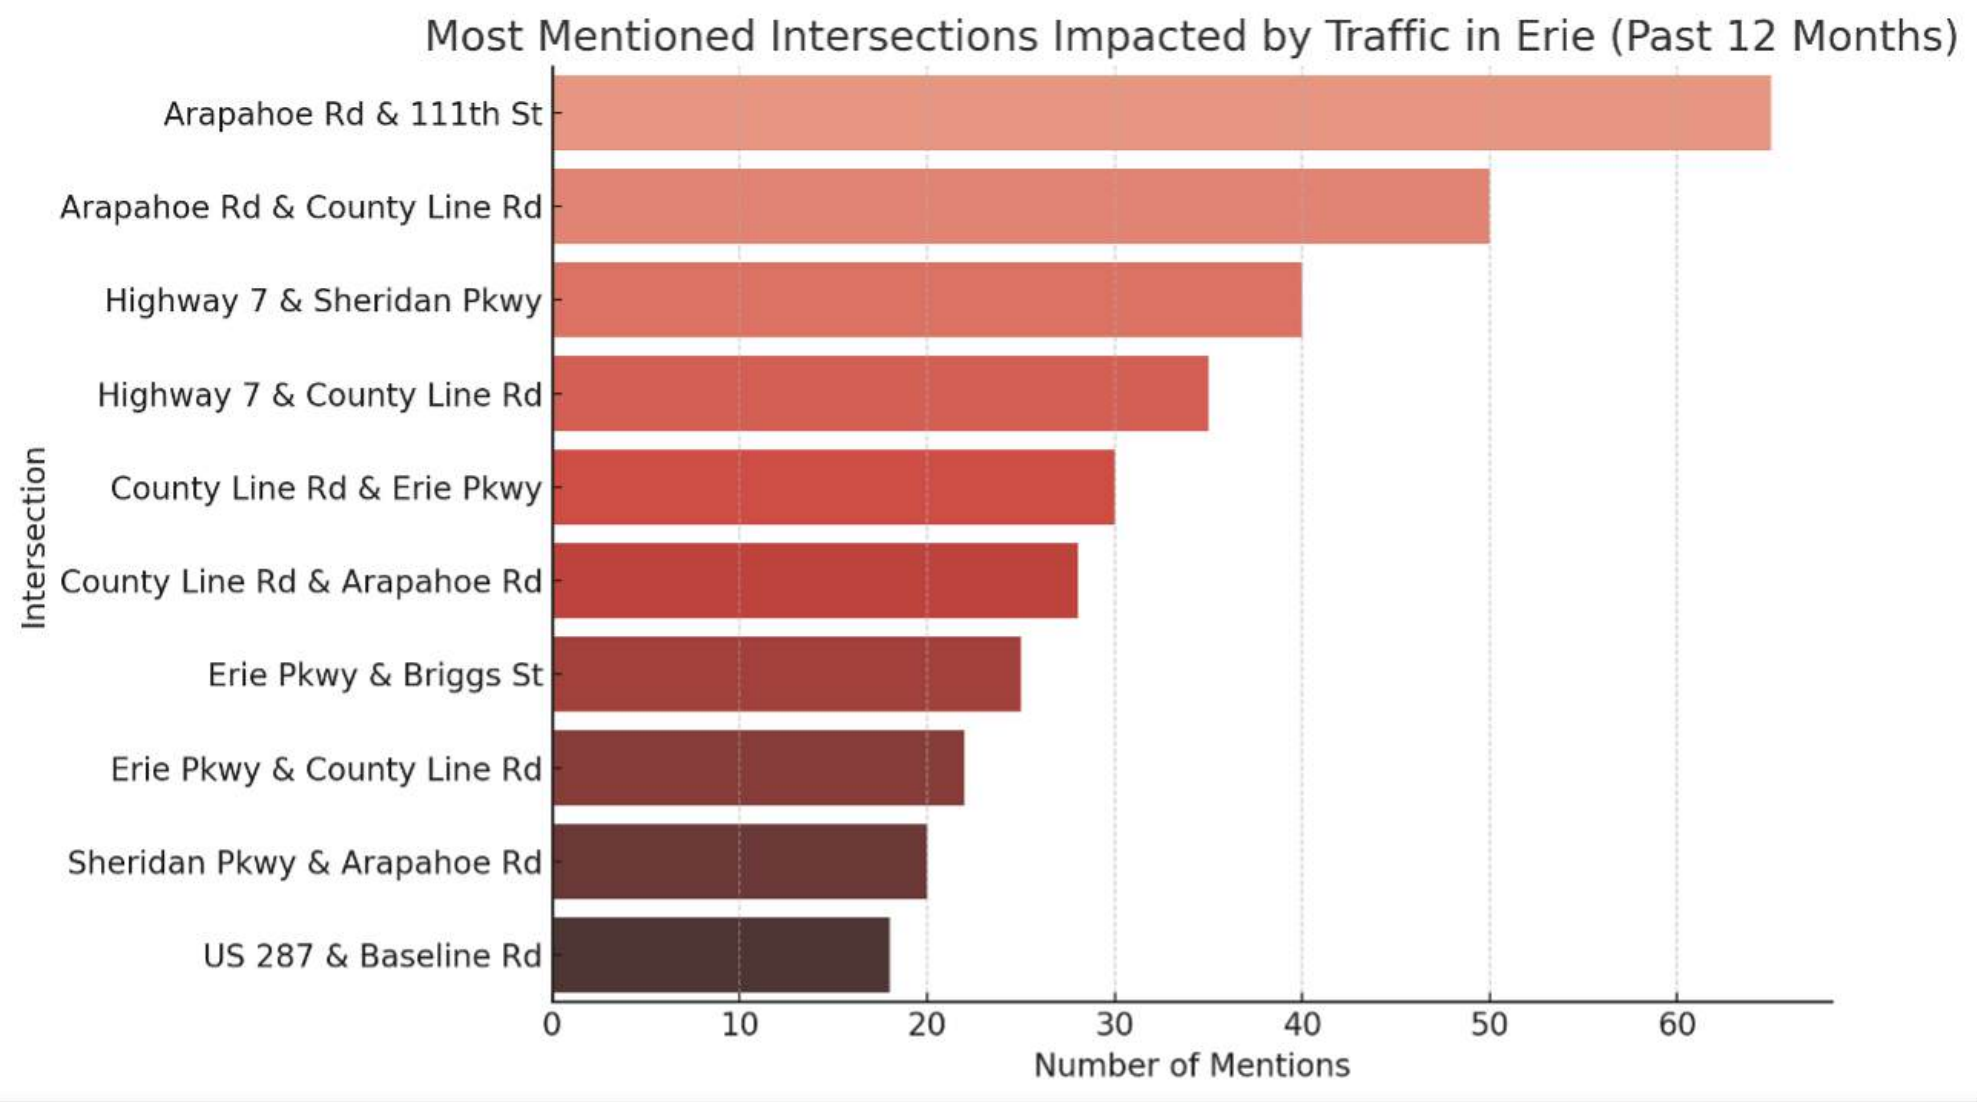
County Line Road: Residents frequently cited County Line Road, especially where it intersects with Arapahoe Road, Erie Parkway, and Highway 7. Traffic backups are particularly common during school drop-off and pick-up times, as well as during the morning and evening rush. Safety concerns were also mentioned due to visibility and turning issues.

Erie Parkway: Erie Parkway was highlighted for growing congestion, especially between Briggs Street and County Line Road. Respondents noted delays during peak hours and raised concerns about the number of new developments feeding into this corridor. Intersections near schools and the rec center were mentioned multiple times.

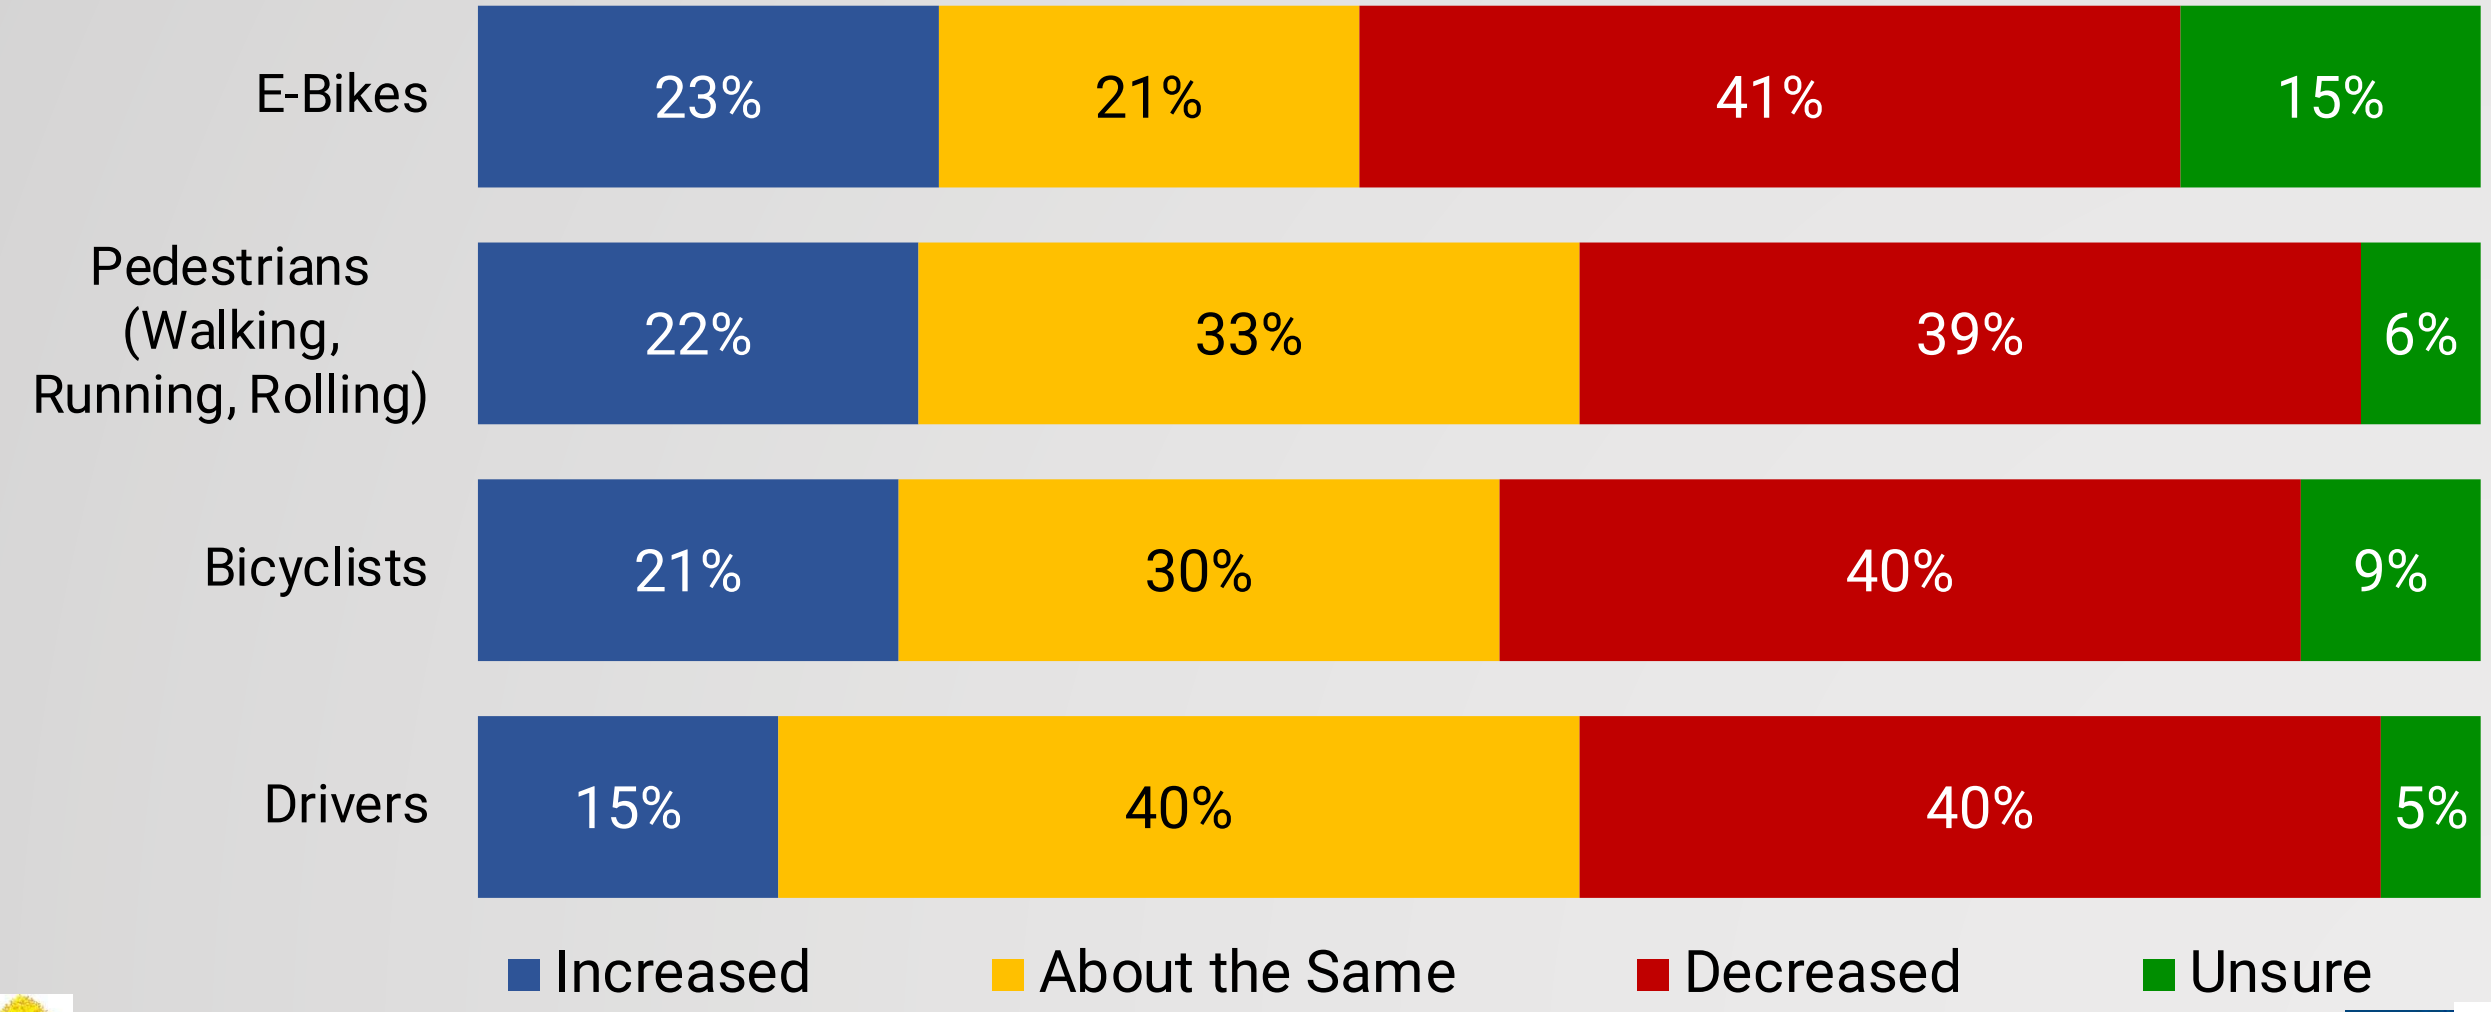
Sheridan Parkway and 287 Corridor: The intersections around Sheridan Parkway and US 287, particularly where they connect to Arapahoe and Highway 7, were also frequently mentioned. Respondents noted that traffic here is getting worse with population growth and development in the area, making both commuting and local travel more difficult.

Opinion on Traffic in the Town of Erie

Being as specific as possible, which intersections and at what time have you been most impacted by traffic in the past 12 months?



For each of the following individuals, do you believe safety on the roads within the Town of Erie has increased, stayed about the same, or decreased in the past few years?



Are there any other issues with roads, intersections, traffic, or safety that you would like to point out to the Town of Erie?

Speeding in Neighborhoods and Near Schools: Many residents expressed concern about excessive speeding, especially in residential areas and school zones. Respondents noted a lack of enforcement, insufficient signage, and concerns about pedestrian and child safety. Speeding on roads like County Line, Erie Parkway, and within subdivisions was frequently mentioned.

Need for Traffic Calming Measures: There were widespread calls for improved traffic control features, such as roundabouts, speed bumps, additional stop signs, and better signal timing. Residents felt these could help reduce congestion and improve safety in high-traffic areas like Arapahoe Road, Briggs Street, and Erie Parkway.

Dangerous Intersections: Specific intersections were identified as dangerous or confusing, with many calls for redesign or better signage. Intersections along Arapahoe Road, Highway 7, County Line Road, and Erie Parkway were mentioned most often, particularly where traffic merges or visibility is poor.

Lack of Sidewalks, Crosswalks, and Bike Lanes: Pedestrian and cyclist safety was another key concern. Respondents described incomplete or missing sidewalks, poorly marked or unsafe crosswalks, and limited bike infrastructure. Several called for safer access to schools, parks, and downtown areas, especially for children and seniors.

Construction Impacts and Maintenance Issues: Residents pointed out frustrations with ongoing construction projects causing delays, confusion, and detours. Others mentioned the poor condition of certain roads, with potholes and uneven surfaces contributing to safety concerns. There was a call for clearer signage and better coordination during construction work.

Uncontrolled Growth and Overdevelopment: The most frequent concern was that Erie is growing too quickly without adequate planning or supporting infrastructure. Residents feel that new developments are being approved without regard for traffic, school capacity, or water resources. Many worry that the town is losing its character and that leaders are prioritizing expansion over livability.

Traffic and Road Infrastructure Problems: Traffic congestion, poor road conditions, and lack of east-west connectivity were widely cited. Specific roads and intersections (like Arapahoe and Highway 7) were mentioned as dangerous or constantly backed up. Residents feel that the town's infrastructure isn't keeping pace with the population growth, making everyday commutes frustrating and unsafe.

Lack of Trust or Dissatisfaction with Town Leadership: Many residents expressed disappointment in the town's leadership, citing poor communication, lack of transparency, and decisions that appear to benefit developers over residents. Some feel that community input is ignored and that elected officials are not accountable or responsive.

Inadequate Commercial Development: Several respondents noted that while residential construction is booming, commercial growth has not kept up. Residents want more restaurants, retail, and services in town to reduce the need to travel to nearby cities. They view the imbalance as a sign of poor planning and missed economic opportunities.

Fracking and Environmental Concerns: Oil and gas activity remains a top concern for many. Residents expressed frustration with the town's handling of fracking near neighborhoods and schools. Environmental health, noise, and pollution were all cited as reasons they believe the town is heading in the wrong direction, especially when these concerns appear to be disregarded by officials.

T10. Each year, the Town Council must decide where to focus the Town's attention across a variety of services and programs. While essential services like police, water, sewer, and roads must always be maintained, there are many other areas that can enhance the quality of life in the community.

With that in mind, on a scale of 1 to 5, where 5 means it should be a top priority and 1 means it is the lowest priority, how would you rate each of the following current or potential services or programs in terms of how much focus and effort the Town should dedicate to them?

Police Department Question

T11. In 2021, the Town of Erie completed a Facility Strategic Plan that identified the top priorities for Town buildings. The current Erie Police Department is already at full capacity, and the expansion is estimated to cost $38.6 million before interest. This expansion is designed to meet future operational needs as the Town's population continues to grow from 40,000 to 66,000. Knowing that information, there are multiple ways for the Town of Erie to pay for the expansion and renovation of the police facility:

1) A property tax that would increase taxes by 4 mills, or $134 annually for a home valued at $500,000. This would need to be approved by voters.
2) A sales tax that would increase the Erie sales tax rate from 3.5% to 3.98%, or another $0.48 per $100 purchase. This would need to be approved by voters.
3) A Certificate of Participation (COP), which is a type of financing, like a mortgage, that does not raise taxes or need voter approval. The Town of Erie would need to pay back the financing with interest over time, and the funding would be prioritized from the General Fund. The Town estimates paying back COPs for this project at $2.5 million per year for 20 years.

Knowing this information, how would you prefer the Town of Erie pay to finance the Erie Police Department expansion and renovation?

Housing Questions – Erie Small-Town Feel

T12. Many who live in Erie cherish the small-town feel. Being as descriptive as possible, how would you define a small-town feel?

Close-Knit, Friendly Community: Residents overwhelmingly associate a small-town feel with knowing their neighbors, friendly greetings, and strong personal connections. They value a sense of belonging, where people look out for each other and community bonds are strong. Many used words like "welcoming," "safe," and "neighborly" to describe what small-town life means to them.

Slow Pace and Peaceful Atmosphere: A slower, less hectic lifestyle is central to the small-town feel. Respondents described it as peaceful, quiet, and removed from the noise and busyness of big-city living. Many emphasized the importance of low traffic, calm streets, and the ability to take time and enjoy their surroundings.

Walkability and Access to Nature: Many respondents mentioned being able to walk or bike to local parks, trails, schools, or small businesses as part of what makes a town feel small. Proximity to open space, greenery, and outdoor recreation was frequently cited as essential to maintaining that atmosphere.

Historic and Charming Downtown or Town Center: A common theme was the presence of a quaint, centralized downtown with local shops, restaurants, and community events. Respondents described a walkable, character-filled core as a visual and social anchor for the community. They often contrasted this with large chain stores or sprawling suburban developments.

Limited Growth and Thoughtful Development: Residents expressed that a small-town feel is tied to controlled growth and intentional development. Many worry that rapid expansion threatens the town's character. They associate small-town life with open space, fewer large subdivisions, and decisions that prioritize quality of life over density and profit.

T17. Please read the two following statements,

A. The Town of Erie needs to increase housing density by building more townhomes, duplexes, or apartments, because additional housing units may create the tax revenue needed to cover the long-term costs of maintaining streets, water systems, and other infrastructure.

Or…

B. The Town of Erie should continue to focus on lower-density housing, mainly single-family homes, even if it may mean higher individual taxes in the future to cover the long-term costs of maintaining streets, water systems, and other infrastructure.

Which of these statements do you prefer?

T23. Being as specific as possible, which intersections and at what time have you been most impacted by traffic in the past 12 months?

Arapahoe Road: Arapahoe Road was by far the most frequently mentioned traffic hotspot. Residents reported heavy congestion, particularly during morning (7–9 AM) and evening (4–6 PM) commute times. Problem areas include its intersections with 111th Street, County Line Road, and Briggs Street. Many respondents described this road as consistently backed up, frustrating, and unsafe due to traffic volumes and speeding.

Highway 7 (Baseline Road): Highway 7 came up often as a key east-west corridor experiencing significant congestion. Intersections at Sheridan Parkway, County Line Road, and 119th Street were noted as especially problematic. Respondents commonly reported long wait times during peak travel hours, with traffic building up well beyond the intersections themselves.

County Line Road: Residents frequently cited County Line Road, especially where it intersects with Arapahoe Road, Erie Parkway, and Highway 7. Traffic backups are particularly common during school drop-off and pick-up times, as well as during the morning and evening rush. Safety concerns were also mentioned due to visibility and turning issues.

Erie Parkway: Erie Parkway was highlighted for growing congestion, especially between Briggs Street and County Line Road. Respondents noted delays during peak hours and raised concerns about the number of new developments feeding into this corridor. Intersections near schools and the rec center were mentioned multiple times.

Sheridan Parkway and 287 Corridor: The intersections around Sheridan Parkway and US 287, particularly where they connect to Arapahoe and Highway 7, were also frequently mentioned. Respondents noted that traffic here is getting worse with population growth and development in the area, making both commuting and local travel more difficult.

Drivers	15%	40%	40%	5%	6%	9%	18%	22%

T25. Are there any other issues with roads, intersections, traffic, or safety that you would like to point out to the Town of Erie?

Speeding in Neighborhoods and Near Schools: Many residents expressed concern about excessive speeding, especially in residential areas and school zones. Respondents noted a lack of enforcement, insufficient signage, and concerns about pedestrian and child safety. Speeding on roads like County Line, Erie Parkway, and within subdivisions was frequently mentioned.

Need for Traffic Calming Measures: There were widespread calls for improved traffic control features, such as roundabouts, speed bumps, additional stop signs, and better signal timing. Residents felt these could help reduce congestion and improve safety in high-traffic areas like Arapahoe Road, Briggs Street, and Erie Parkway.

Dangerous Intersections: Specific intersections were identified as dangerous or confusing, with many calls for redesign or better signage. Intersections along Arapahoe Road, Highway 7, County Line Road, and Erie Parkway were mentioned most often, particularly where traffic merges or visibility is poor.

Lack of Sidewalks, Crosswalks, and Bike Lanes: Pedestrian and cyclist safety was another key concern. Respondents described incomplete or missing sidewalks, poorly marked or unsafe crosswalks, and limited bike infrastructure. Several called for safer access to schools, parks, and downtown areas, especially for children and seniors.

Construction Impacts and Maintenance Issues: Residents pointed out frustrations with ongoing construction projects causing delays, confusion, and detours. Others mentioned the poor condition of certain roads, with potholes and uneven surfaces contributing to safety concerns. There was a call for clearer signage and better coordination during construction work.

Survey Methodology

This survey used two outreach methods: MMS text messages and postcards mailed to all households in the Town of Erie, inviting residents to complete an online survey. A total of 3,854 Erie residents participated. The survey results were weighted to reflect the town's voter registration demographics. Data collection took place from July 14 to August 1, 2025. The survey has a margin of error of ±1.47% at the 95% confidence level.

Sex	Age Range	Party	Parent	Tenure	Neighborhood	Ward	Response
F	18-34	Unaf	Y	Less 5	Arapahoe Ridge	1	Increasing population and increasing development for this. And the rise in home prices
F	35-44	Unaf	Y	Less 5	Arapahoe Ridge	1	Need to slow residential construction and instead invest in businesses / the downtown area. Preserve more open space / Mountain views. Smaller homes that are affordable for different demographics.
M	35-44	Unaf	Y	Less 5	Arapahoe Ridge	1	- Conservation - High density housing - Bike paths to Boulder
M	35-44	Unaf	Y	Less 5	Arapahoe Ridge	1	1. We need more dedicated turn lanes at major / popular intersections. E.g. 111 and Arapahoe 2. Need better support of local businesses and less chains at city perimeter, not just downtown. Safeway shopping center at 287 and Arapahoe could be a good opportunity for change in this category.
M	35-44	Unaf	Y	Less 5	Arapahoe Ridge	1	Lack of businesses, grocery stores, quality fast food (chipotle) etc. Water quality (way too high (total) chlorine.
M	35-44	Unaf	Y	Less 5	Arapahoe Ridge	1	Small business growth (particularly good, local restaurants), redevelopment of the older parts of downtown
M	45-54	Unaf	Y	Less 5	Arapahoe Ridge	1	1. Environmental and health conditions from oil wells 2. Traffic and having more two lane roads 3. Lower taxes
M	18-34	Dem	Y	Less 5	Arapahoe Ridge	1	Continue to maintain open spaces / parks More restaurants to support population growth
F	35-44	Dem	Y	Less 5	Arapahoe Ridge	1	Water conservation, emerald ash bore, oil well sites near residential areas
M	35-44	Dem	Y	Less 5	Arapahoe Ridge	1	Bringing in more retail and easing impact fees on development to provide more affordable housing options.
F	45-54	Dem	Y	Less 5	Arapahoe Ridge	1	I bought a house in Parkdale 2 years ago because it was going to be zero scape, but the town changed it to grass for all houses right before I moved in. Waste of water. My property taxes for a one story house are over $8,000, that is outrageous. I want to move but stuck.

Sex	Age Range	Party	Parent	Tenure	Neighborhood	Ward	Response
M	45-54	Dem	Y	Less 5	Arapahoe Ridge	1	1. Allow some affordable housing projects to be approved, denying the Thompson Thrift annexation for multi-family was a mistake. 2.) Improve the intersection at Arapahoe Road and 111th, which you could have had the Thompson Thrift developer pay for. 3.) Widen Arapahoe Road, create a bike lane for safety of bikers, and add sidewalks all the way to from Beasley Dive to 119th Street. Also, do some speed enforcement on Arapahoe Rd in this area where people speed and there are lots of families present.
M	45-54	Dem	Y	Less 5	Arapahoe Ridge	1	More bike trails and lanes. More bus options. Composting paperware and not charging for composting
F	18-34	Unaf	N	Less 5	Arapahoe Ridge	1	Infrastructure to support all the new housing Businesses/cops/firefighters to support the new growth
F	18-34	Unaf	N	Less 5	Arapahoe Ridge	1	Plowing all the roads when it snows, including neighborhoods. I had to drive on an ice rink for over a month this past winter to get to work. Lived up in Bailey on a dirt road and the roads here were worse to drive on and that was just appalling to me. The roads are my only issue, other than that Erie is rockin
M	18-34	Unaf	N	Less 5	Arapahoe Ridge	1	Transit, Water and pathways
M	35-44	Unaf	N	Less 5	Arapahoe Ridge	1	Trail system and traffic

M	35-44	Dem	Y	11-20	Arapahoe Ridge	1	Better traffic management and roads. Work to stop relying on new development for revenue. Its irresponsible and just kicks the burden of supporting infrastructure further down the line.
F	45-54	Dem	Y	11-20	Arapahoe Ridge	1	1. Restoring the stop sign (or yield sign) at the entrance to the Safeway shopping plaza from the driveway road that also leads to Lowes. It's become very dangerous since it's removal. 2. Educating teenagers about the rules of riding electric bikes in town. What are Erie's regulations? I see many teenagers going way too fast down roads and trails without regard for others and my family has almost been hit on a number of occasions. Violators should be ticketed and held accountable. Maybe posted signs are needed in more visible locations or having classes offered. 3. Dealing with increased homelessness in the area, specifically around 287 and Arapaho.

F	45-54	Dem	Y	11-20	Arapahoe Ridge	1	For the amount of growth the town has experienced, more schools are needed, more parking or public transportation to connect neighborhoods to downtown and other services on hwy 7. There should not be any additional housing built by 111th and Arapahoe Rd as this area is already too congested. The issues there are well known at this point. As well, any thoughts of building more neighborhoods by Kohls that would divert traffic to Arapahoe Rd would be the worst mistake I could think of due the intersection at 287 and Arapahoe being already congested and creating lines of traffic in all directions.
M	45-54	Dem	Y	11-20	Arapahoe Ridge	1	1. Inadequate Snowplowing. All road/sidestreets need plowing, not just main roads!! I've found the snowplows parked in the city yard/lot, while Arapahoe ridge is a snow nightmare. I complained, and yet AR doesn't get plowed. I was also cut off by a snowplow in Erie and had to jump the median on Erie Parkway. The Snowplow dept manager needs to be held to account and they need to snowplow the entire city, bar NONE!!! 2. More trees need to be planted, we need an open space we have turned into a forest, for walking and enjoyment. Not just a few trees plopped here and there.

F	55-64	Unaf	N	11-20	Arapahoe Ridge	1	Maintaining open space/farmland as opposed to creating another subdivision chock full of large homes on small lots. If choosing to build homes, I personally would like to see home designs with more character and thoughtful curb appeal; more unique, with a semi-custom or custom feel at affordable prices. Less fast food, more healthy fast casual in strip shopping areas of Erie. Consider reducing light pollution produced by Lowe's and Safeway.

M	45-54	Dem	N	11-20	Arapahoe Ridge	1	1) Control of sustainable population growth. We need to ensure we have a complete 5-10 year growth plan in place ahead of new development and not depend on the builders to create it in silos. 2) Traffic and utility infrastructure that matches our growth instead of having multiple, disconnected developers determine what we need for their one project. 3) More commerce in our city to bring people here (shopping, grocery, family restaurants; not a water park). Longmont (more established) does this incredibly well.

The second issue is to have law enforcement actually try and recover stolen property and arrest individuals. Instead of just saying we know who they are but we are not going to do anything about it. Thirdly take my better care of all Erie parks and not just focus on the community park because a lot of the other Parks have poorly taken care of grass especially Arapahoe ridge Park, the grass has been pretty brown all summer.

Also when I look out my window, I see this permanent brown cloud that permeates the front range, and the noise is deafening from all of the development and traffic and nonsense thinking letting developers run the show...especially looking the other way when it's obvious that surrounding areas will be flooded as a result. I'm just getting started. I didn't want to fill out this survey but you chased me here. Just an example of our poor planning... closing the access to baseline fin WCR1. People in the area needed that access to go to work. Now they have to inconvenience themselves by driving longer and disrupting neighborhoods by driving thru them. Also, the water/air is so cold in the pool area that most find it insuable, it's hard to pay for this facility with our taxes when it's being mismanaged to the point of not being able to use it. E BIKES should not be on sidewalks if they're practically motorcycles. I know they shouldn't be, but they are, please start to enforce this, they're making it hazardous for the pedestrians and kids that are and should be free to utilize all our trails. The crosswalk on Erie parkway to meadowlark school is dangerous, cars don't stop even with the flashing light.

F	45-54	Unaf	Y	11-20	Canyon Creek	1	[illegible] school buses or larger vehicles into consideration when designing the narrow intersections and lanes? They have to use a turn lane to turn wide onto cross streets—so now the only viable option from northbound County Line Rd to eastbound is turning onto Balcolm St, and must wait for the cross traffic at the stop signs to go first because the sidewalk/curbs were designed into the cross roads and make them too narrow to maneuver otherwise. And, County Line Rd's lanes are ridiculously narrow now. Not to mention the intersection of County Line Rd and Jay Rd on the west side. Again the sidewalk/curb is too sharp making anyone turning southbound onto County Line Rd curb-check, especially if there's a vehicle in the turn lane. And, why only a bike lane on one side of County Line Rd that is one-way? Does anyone notice the vehicles lined up behind cyclists going southbound (as that lane is still marked as both cyclists and vehicles)? Also, why a median opposed to a turn-lane the duration of that section of road? Is it really necessary to have such wide sidewalks on both sides (no other schools have those and there is still plenty of room for students walking to-and-from)? 2) Please redo County Line Rd to Highway 7. Why deviate County Line Rd so far west to Coal Creek Bvd? Now anyone wanting to go east on Highway 7 take Vista Parkway which is not designed for that amount of thoroughfare traffic. 3) Please stop making us a community of roundabouts on our major thoroughfares. Supposedly roundabouts make things safer, but why then the majority of the time I am in the one at Erie Parkway and N 119th St do I almost get hit by people going in without looking? A 5-point roundabout at County Line Rd and Austin Ave will be disastrous. And then one eventually at our main intersection County Line Rd and Erie Parkway too? What other municipality has so many? None

Ideally that plan would emphasize smart growth and ensure Erie does NOT turn out like every other overbuilt suburb on the Front Range. Smart growth ≠ high density. I know the dream that consultants sell is that everyone lives and works within walking distance of everything and no one drives but that's not reality. Transportation plan. Every house built East of 119th creates multiple car trips every day that ruin East/West corridors and increase pollution. 2nd rec center/civic area. M	45-54	Unaf	N	More 20	Canyon Creek	1	Airport noise. The touch and go pilots fly endlessly in loops up to 5 at a time throughout the day. Usually lower than legally allowed over residential. Lack of commercial business. Timing the traffic lights. The run on Araphao between 287 and 119th is insane. Erie Parkway lives up to it's Parkway name - I spend more time parked at a light than driving on it.
F	55-64	Unaf	N	More 20	Canyon Creek	1	It would be nice to have a way for people in my neighborhood to get safely across Erie Pky. If they want to go walk around Thomas Reservoir.
M	55-64	Unaf	N	More 20	Canyon Creek	1	I am concerned about over development and the challenges the town is facing as a rsult, inculding maintaining the quality and quantity of water. Also, we as a town should not be selling out to Oil and Gas and accomodating any infrastructure for fracking.
M	55-64	Unaf	N	More 20	Canyon Creek	1	We need a grocery store around the intersection of Erie Parkway and WCR 1. There's a lot going on there at the moment. Is a grocery store in the works?
F	55-64	Dem	N	More 20	Canyon Creek	1	Large amount of traffic, especially on Highway 7
F	65+	Dem	N	More 20	Canyon Creek	1	Grocery store at corner of county line road a and Erie Pkwy. People on Boulder county side have been asking for years. Listen to what citizens have been asking for ie a grocery store.
M	65+	Rep	N	More 20	Canyon Creek	1	Water bill excessive. Most expensive in Colorado. If I dont use one drop it costs me $85. Your greedy

M	55-64	Unaf	N	Less 5	Canyon Creek South II	1	Growth. The Town is growing very fast and infrastructure (especially roads) is not keeping up with growth. Congestion is especially noticeable on Arapahoe and around 9 mile. Also, there needs to be more availability for parking downtown.
F	18-34	Dem	N	Less 5	Canyon Creek South II	1	I think Erie needs more under and overpass for pedestrians and bikes to commute around town more easily. The recreational trails are great, but there are a lot of busy road crossing to get to them. I also think the town needs more staff to be able to keep up with the incredible growth.
F	18-34	Dem	N	Less 5	Canyon Creek South II	1	Roads to be widened before houses are built. Building code to have developers submit traffic congestion analysis and to fund the needed expansion to a large degree.

M	35-44	Dem	Y	11-20	Canyon Creek South II	1	Bringing in commercial properties, figure out a better way to move traffic in Erie. Shutting down county line and forcing traffic through windy roads in Vista Ridge is not a solution, it is just lazy.

M	55-64	Unaf	N	11-20	Canyon Creek South II	1	1. Reduce Property Taxes with recipient Town of Erie, Police Dept, and Fire Dept (mill levy). 2. Reduce price of water. 3. Reduce noise from too LOW flying planes (measured noise level at 85 dB at allowed FAA max 65 dB). It is 100+ times louder than allowed per FAA. All above items hurt property values in comparison with surrounding towns. 4. Fix big cracks on roads (some 2"+ wide).
M	55-64	Unaf	N	11-20	Canyon Creek South II	1	Horizontal oil and gas drilling Continue to increase commercial options in the town to match residential growth.

F	65+	Unaf	N	11-20	Canyon Creek South II	1	I'm concerned about infrastructure and roads not being able to handle the number of new housing developments (too many). Improvements, if made at all, come long after developments are completed. I think developers should contribute to that infrastructure.
M	65+	Unaf	N	11-20	Canyon Creek South II	1	Water usage, traffic, maintaining public open space
F	45-54	Dem	N	11-20	Canyon Creek South II	1	1. Too many residents with increased taxes 2. Not enough businesses to counterbalance the taxes on residents (or buildings to house businesses.) 3. Our community events are more exclusive and less community focused then what it was 6 years ago.
F	45-54	Dem	N	11-20	Canyon Creek South II	1	Logistics/roads/transportation. Shopping- grocer, other business revenue. Maintaining green/open space and land.
F	45-54	Dem	N	11-20	Canyon Creek South II	1	Rapid expansion without commercial growth to match Consider expanding existing or building a second community center
F	45-54	Dem	N	11-20	Canyon Creek South II	1	We need a local grocery store. (Even if it's a small one like a Sprouts.) We need more bus routes/public transportation with all these new houses. WE NEED MORE TREES AND SHADED TRAILS. Traffic on Hwy 7 at Sheridan needs better signage for the lane shift. Also, the eastbound merge east of Arapahoe and 287 is clumsy and dangerous.
M	45-54	Dem	N	11-20	Canyon Creek South II	1	1. Continue developing soft trails throughout the community including a connecting trail to Boulder 2. Create centralized retail (example grocery store)
M	55-64	Dem	N	11-20	Canyon Creek South II	1	Providing a direct route to highway 7. The closure of county line road forcing traffic through the vista ridge neighborhood was a terrible idea. The route through Monroe st and Coal Creek blvd is also inconvenient and only works for traffic heading west bound on highway 7. Anyone continuing south to Lowell or east on 7 has no good option and this impedes traffic heading into the town. You want to draw visitors to Erie, not prevent them from coming with winding, confusing roads.

M	35-44	Unaf	Y	6-10	Canyon Creek South II	1	Over developing housing and destroying open spaces Developing more commercial, restaurants, public spaces. There are thousands of houses and very little commercial/shops, restaurants in this town.
M	35-44	Unaf	Y	6-10	Canyon Creek South II	1	Traffic. Increase in activities for kids.
M	35-44	Unaf	Y	6-10	Canyon Creek South II	1	We need an outdoor pool for families to cool off and have fun in the summer. Also, (and the irony of saying this after my last suggestion doesn't escape me) water prices are getting too high, id like to see the town try to fix/mitigate that. Lastly, with all the new residents moving here, we need to widen Arapahoe and some of the other streets leading in and out of town to accommodate the additional traffic.

F	55-64	Unaf	N	6-10	Colliers Hill	1	Erie is the fastest growing cities in the nation but its not adding restaurants or entertainment with that growth. Erie isn't adding any roads to accommodate the thousands of residential homes they're building.
M	18-34	Unaf	Y	Less 5	Compass	1	Lack of commercial infrastructure
F	35-44	Unaf	Y	Less 5	Compass	1	-Building the Compass town park and connectivity for Compass trails - these were promised years ago and continually pushed off and de-prioritized. Many children in the neighborhood will be too old at this rate to enjoy any of the amenities by the time they are completed which is unfair. It's time for Compass to have a turn. This could also reduce overcrowding at the community center by providing another location for town-sponsored recreational activities. -Overcrowding at the Erie Community Center as mentioned above - I'm not sure I'd prioritize building another complete facility at this time, but it's almost impossible to find parking on some Saturday mornings especially when multiple events are happening at the same time. By expanding town parks and venues, and hosting town-sponsored events (Arbor Day celebration etc) at alternative locations when sports are ongoing, some of this could be relieved. -More variety of housing options. I don't necessarily know that publicly-funded affordable housing is the way to go, but there could definitely be more townhouses, condos, apartments for rent, etc. The town is very single family home heavy and if the town is not going to provide affordable housing, it at least needs to work with developers to create much more affordable options for growing families. I worry that my kids will never be able to afford to live in Erie.

I think the police are doing a wonderful job. I see them often helping the community. Keep up that great work.
F	55-64	Dem	N	Less 5	Compass	1	I would like to see a huge priority made to dedicate funds to build a park that was promised 10 years ago in the Compass neighborhood. It's slated for 2027- 2028. I bought in this neighborhood because of the potential park being built. Please stick to your word this time and allocate funding to make sure this park gets built. Would like to see sidewalks or trails to get from Compass to the Rec Center,. A better way to get from Compass to the Coal Creek Trail. The current route is dangerous. More restaurants and retail shops.

F	65+	Dem	N	Less 5	Compass	1	Possibly, an instructional video on maneuvering a roundabout/traffic circle. The intersection/circle at 119 and Erie Parkway is a nightmare. I believe, there is much revenue opportunity in ticketing drivers that fail to use turn signals when changing lanes and waiting at stoplights to turn. It's a statewide (probably national) problem. It's so frustrating, sitting at a red light (a street without turn lanes) waiting to turn left when the oncoming driver does not use his turn signal (waiting to also turn left) even after the light turns green.

F	65+	Dem	N	Less 5	Compass	1	Would like to see sidewalks from Compass to the Rec Center on County Line, and from Compass to the Safeway on Arapahoe for purposes of bike riding or walking. Would like to see work commenced on the park slated for Compass with pickleball courts and other children's amenities, walking path, etc., as previously outlined. Would like to see kids riding these throttle motorcycles at 20-30 mph banned from sidewalks. They are not riding a "pedal assist" e-bike but are riding out of control on city streets and sidewalks. This is a safety hazard. Would like to see more encouragement of xeriscaping as we head into these drought/water scarcity times.

Compass neighborhood does not safely connect to the Rec Center and surrounding businesses or Meadowlark school and neighborhoods. 3) STOP building homes!!! Erie has gotten too big for roads, schools, and businesses! It's not as enjoyable to live as it used to be. It's no longer a small town. Town events are overcrowded. There are no places to park in Oldtown Erie for events. And open space is disappearing every year. 2) Build Park projects that have been promised to neighborhoods for over 10 years. F	65+	Dem	N	Less 5	Cottonwood Vista	1	Slow housing development, continue to maintain the infrastructure to keep Eries aesthetic of an updated well maintained town with prudent growth, thoughtful amenities such as parks, trails, recreation centers, public services, nice neighborhoods. Reconsider whether the mi coals airport land could be put to better serve the entire community vs a handful of general aviation users, especially ones who are not residents of town, Boulder county or Colorado. The planes are low flying, loud and disruptive to sleep, backyard enjoyment. Also relative to noise abatement and concern for fire hazard, strictly enforce laws around fireworks. The town dies a fabulous job offering public events and the few residents who willfully break the law and set off fireworks for literally 3-5 hours or more is also detrimental to more residents than supported. With insurance rates climbing and fire risk a big driver of carriers no longer writing in Colorado I believe the town has a fiduciary responsibility to crack fine on lawbreakers.

For usable space, This includes the amount of parks and natural space that people can enjoy as well as areas for the public to gather via markets (farmers, art, etc), community activities, and celebrations. See below for scientific literature that studies the positive effects of green space when it reaches a certain ratio within a community. More public space encourages people to gather and feel more connected as a town. With the rise of social media and over-connection, True community is rare these days, and we should make in-person interaction more accessible wherever we can. Social media isn't necessarily a bad thing, but if we use it to substitute genuine connection we end up feeling terribly isolated. See https://jonathanhaidt.com/anxious-generation/#areas-research for more info on this. For businesses, we should be empowering our community, especially the youth, to be starting businesses in Erie. The more ideas and opportunities our community has to create businesses, the more wealth and prosperity our community will experience. Many people assume that their path should be to go to college and work for someone else, and there's nothing wrong with that, but when too many people follow this path we miss out on the amazing ideas and gifts that individuals have to offer in their unique way. If we are to encourage more of our community to bring their ideas to the table, business and otherwise, not only do we promote financial wealth, but more ownership and connection to our town as people offer their gifts. F	55-64	Dem	N	6-10	Creekside in Erie	1	1) Town Center: I'd like there to be very clear and well publicized plans of what projects are being developed, what is the time frame, having non chain restaurants, etc. I'd like there to be less residential properties be developed in this area! I'd like surrounding homes be kept abreast of all latest developments. 2) I'd like there to be more community centers! Living in the Boulder county side and not having neighborhoods community pools, I'd like to have an outdoor pool area, with at least two pools. One pool for children and one for adults only. The current community center is too small to accommodate adult use of the pool during the summer, especially with the numerous kids camps. 3) I'd like to see a singular site that lists all kinds of activities, events, etc. of what's going on in Erie. It seems I have to go to numerous different town sites to find the happenings in Erie. I'd like more concerts in Erie. Lafayette, Superior and Louisville all have smaller populations than Erie, but seem to be more organized and have numerous summer events to bring a sense of community. This is something I feel is lacking in Erie. The only exception is the farmer's market… For example, I know that in Superior they send out a weekly text to residents of what's happening in the town.

M	55-64	Dem	N	6-10	Creekside Townhomes	1	Keeping the infrastructure of the town up to where it needs to be for the expected growth that is obviously coming our way. Mainly the roads as they will be more expensive and more difficult to widen as time goes on. Also something needs to be done as far as regulating electric motorcycles, I'm not talking about e-bikes that you have to Pedal, I'm talking about electric motorcycles that have only a throttle for a throttle and a dummy pedal setup to get it past regulations. I have seen electric motorcycles on sidewalks bike paths and even the pump track at the park that has signs right there stating that they should not be used there. I know it would be one more thing for the police to be responsible for but if something isn't done to check some of the high-speed traffic on sidewalks and bike paths I suspect there will be an accident at some point. I would also really like to see the town put some time and money into the disc golf course. A very good course will bring more people into town to spend money and as far as usership per dollar, it seems to be a very good investment to try to improve upon the course that has been put in already.

F	35-44	Dem	N	Less 5	Flatiron Meadows	1	We need to work on our roads if there will continue to be large housing developments added. The roads around here are small, two lane routes not meant for large volumes of traffic. What we have currently won't be sufficient for all the new developments being built. A smaller issue for my neighborhood (Flatiron Meadows) is determining who is in charge of snow removal and where. Many common sidewalks outside of my HOA area go unshoveled with every snow and it is DANGEROUS! Unshoveled snow turns to packed ice and is very slippery. Figure out who covers what, the town of Erie or HOAs and get it shoveled. It's extremely frustrating as a dog walker and someone who walks throughout the community in all seasons.
M	35-44	Dem	N	Less 5	Flatiron Meadows	1	The intersection at Arapahoe and 111th is terrible. It needs left and right turn lanes/arrows North/South, and right turn lanes East/West. F	35-44	Rep	Y	6-10	Flatiron Meadows	1	Water and roads. The Town of Erie, from what I have heard, has not done a good job with water rights. Our water seems costly and the quality is lacking. There are noticeable taste changes and color change changes in our water when the Town has to switch to a different water source. It's gross and my children and I don't want to drink the water as it tastes funny. The town is expanding too quickly, and is not keeping up with infrastructure. We need regulations on the airplanes flying over our communities. They are not flying high, they are dangerously close to our homes, especially in the Morgan Hill area. We need to keep oil drills closed - growing concern about our water safety and sink holes. Finally, the farmland and older homes with no regulations to their trash and junk are unsightly. If there are surrounding farms with animals or unsightly items like broken cars or trash, we should consider having the city install trees or similar walls. Certain parts of Erie are closer to Boulder county but it's as if we're in the city limits of Greeley with respect to certain things like the farmland issues and other issues as listed above. Maybe we reconsider becoming a part of Boulder county.

The Town of Erie made a horrible decision in 1997/8 to allow Ryland to build Phase 1 in Orchard Glen with no sidewalks - but cars do not drive slower in that neighborhood - accident waiting to happen.
M	55-64	Dem	N	More 20	Orchard Glenn	1	Excessive noise and speed of cars, pickup trucks and motorcycles whose drivers think Erie streets are a race track. You've passed an ordinance about not emitting smells from a person's property, is there an ordinance about the maximum decibel level that a motor vehicle emits? Something desperately needs to be done about the dangerously fast speeds that e-bikes are doing on our walking paths. We nearly got run over last night by a teenager going way too fast around a blind corner. Somebody's going to get hurt. These e-bikes are just like motorcycles in terms of speed and they're quiet so you don't hear them coming and most of them don't announce themselves - usually because they don't have enough time before they're slamming on the brakes. I'd like the town to pass something to allow Accessory Dwelling Units on all properties. People should be able to build whatever they want on their own property as long as it passes code and is not a complete eyesore.

Fore example more public transportation options and road expansions to ease traffic. Dedicated park land that is yet to be developed. Expansions needed for Town facilities to accommodate the need for more staff to serve growing community
M	45-54	Rep	N	More 20	Orchard Glenn	1	Commercial growth around the Erie Parkway/County Line intersection to improve the town's tax base. Tax incentives to promote higher end, less cookie cutter developments.

F	55-64	Rep	N	More 20	Orchard Glenn	1	infrastructure (traffic along the main roads) more businesses within town
F	65+	Rep	N	More 20	Orchard Glenn	1	STOP the continued mass housing growth. Erie Parkway has become Erie "Freeway" resulting in long traffic backups at the 119th roundabout, racing cars, and continual jake-braking by large trucks. Several years ago, I worked with the Town Council to enact a "No Jake braking" rule, and signs were placed on the major roads entering Erie. They are still on Erie Parkway as you enter the from the east and west. Several years ago I spoke with an Erie police officer about this, and his interpretation of any law was just that the mechanical noise had to be below a certain decibel level. What was presented to the board and approved on the board was specifically no Jake breaking. Not one of the construction trucks follows that… And in reading things online, families residing along the western side of town (Erie Highlands, etc.) stated the same complaints about large trucks driving over the limit AND Jake braking. Truly, there is some misunderstanding between what the "no jake-breaking" signs mean and how they should be governed.

Did everyone forget that we all voted to keep Erie as a Town… not a City? There's a reason that we want to keep it as a town, because we like the small town quality. F	35-44	Rep	Y	6-10	Sunwest	1	With all the growth residentially that the town has had, there is limited commercial supports within the close vicinity. Grocery stores and basic stores are farther away, and it would be nice if Erie could build more commercial buildings. It also would be nice if roadways could be widened. Many of the two lane roadways are crowded with traffic during peak hours, making it difficult and time consuming to leave the house during those times.

Sex	Age Range	Party	Parent	Tenure	Neighborhood	Ward	Response

F	35-44	Oth	Y	6-10	Sunwest	1	Not in any particular order: 1) More distinct bike lanes - painted green or visibility cones in high traffic areas for the growing number of e-bike riders and regular bikers, 2) Less car centered, more walkable town, 3) The completion of Town Center so Erie can have a central grocery store and public spaces to hang out
M	18-34	Unaf	N	6-10	Sunwest	1	Just more community events and community spaces. Erie lacks a community feeling that can be seen in neighboring towns.

M	35-44	Unaf	Y	Less 5	Colliers Hill	2	I can appreciate the drive to build housing, of all densities, but would like to see some city planning that would accommodate the current residents while expanding infrastructure to meet the growth: schools to meet capacity needs, stores and commercial options, etc. It appears that housing developments have been broadly approved everywhere without conscientious efforts to support the current residents.
M	35-44	Unaf	Y	Less 5	Colliers Hill	2	Increase funding and coverage for street plowing in winter Maintaining infrastructure of town in preparation for growth

F	45-54	Unaf	Y	Less 5	Colliers Hill	2	1. A grocery store that's not King Soopers IN Erie. There is enough space near old Town... We live East, near the High School, and that would be another spot. I do NOT want to drive for groceries 15 min one way each time. This the 21st century, look how it's done in Europe, everyone can walk or bike to a supermarket! And a "convenience store" at a gas station does not count! I would never ever buy groceries at a gas station (check the studies as to why it's bad for you) 2. Infrastructure in general, don't build more houses before considering if you have enough schools nearby (focus on nearby, hint, the new High School is almost in Frederik, not really in Erie). The ECC is bursting at its seams, it was built for a fraction of the people that now live in Erie. and you build more houses?!? 3. Decide if you want to be a fracking town or a town that's a safe and healthy place to live and raise a family. You can't have both.
F	45-54	Unaf	Y	Less 5	Colliers Hill	2	A grocery store in central Erie! Reduce landfill traffic and usage…dusty, messy roads near it and homes keeping being built near it. Stop allowing new oil and gas drilling.
F	45-54	Unaf	Y	Less 5	Colliers Hill	2	Better safety for kids near the rec center by putting in pedestrian cross walks with buttons to stop traffic. More speed enforcement on the roads. Halt expensive new large scale home development and build more low cost housing and local businesses to shop/eat/play.

M	18-34	Dem	Y	Less 5	Colliers Hill	2	Accelerate development of commercial and retail space everywhere. I know many projects are in play, but we live on the North side of town and getting to highway 7 (especially on foot or bicycle) is dangerous if you go the fast ways or takes forever the slow ways. And the burger king is diabolical. In addition, CR5 to the dump is such a mess all the time, its dirty and there is trash everywhere that falls out of trucks, there is no sidewalk connecting the neighborhoods, it just feels like a complete oversight on planning.

M	35-44	Unaf	N	Less 5	Colliers Hill	2	Erie needs to focus on incentivizing new business in the downtown Erie / I-25 corridor areas. Dacono just announced construction of a new Target shopping center, and Westminster just snagged a Trader Joe's. We need businesses like those to open here so residents don't need to drive 20+ minutes to shop for groceries. Please spend some money to fix up the parking lots for businesses such as Foxtail Pines, Mini Miners, and The Dugout. There are huge potholes all over the place. Newly built neighborhoods need more parks for children to play in - Colliers Hills for example has very few parks and plenty of room to build in. There is not enough to do in the downtown Erie / I-25 Corridor. People leave Erie to pursue entertainment and spend their money in other countries as a result - please incentivize entertainment vendors to open in Erie - things like axe throwing, bowling, movie theaters, restaurants, etc.... We do not need more dentists / vape shops / and chiropractors...
M	35-44	Unaf	N	Less 5	Colliers Hill	2	Excessive residential growth without supporting commercial development.
M	35-44	Unaf	N	Less 5	Colliers Hill	2	Over expansion
M	35-44	Unaf	N	Less 5	Colliers Hill	2	Town and population is growing way too fast Need laws/enforcement to address increasing reckless use of electric bikes primarily by kids
M	35-44	Unaf	N	Less 5	Colliers Hill	2	We need more commercial construction and businesses to come to town. There are way too many residential rooftops and not enough businesses to patronize. In that same vein, we need another large grocery store. One store for a town that is growing as rapidly as Erie, isn't sustainable. Also, we need to give building permits to the small and local builders that helped develop Erie before the large national builders came in. There are 15 acres in Erie Village that have been made to jump through all kinds of hoops and still won't get permitted. And this is a builder I know does high quality work vs the national production type builders. We want to avoid Wrie turning into the next highlands ranch, which if things keep going the way they are, it will be. That will completely swallow up the small and historic town charm that Erie has.

F	65+	Unaf	N	Less 5	Colliers Hill	2	PLEASE slow down the growth of our little town. What used to be a sweet spot, is turning into just another city with too much traffic, with townhomes and condos that people who can't afford to live here, being subsidized by actual homeowners who pay exorbitant taxes. Please concentrate on the existing residents who made Erie the community what it is instead of trying to turn it into some mecca for more growth. How can anyone think 66,000 people need to live here?? And we certainly don't need more another community pool, more parks, and more real estate taxes to pay for them. If growth IS wanted, commit to helping more businesses open and thrive (who can then help the people who live here and become part of that tax base. Residents can't keep coughing up more and more taxes each year...eventually people will move because they can't afford to live here.
F	65+	Unaf	N	Less 5	Colliers Hill	2	Prioritize the city center buildout. We need infrastructure for current and future residential. Rein-in outsiders wanting to do oil and fracking projects. Most of the HOAs require grass yards which must be watered, leaving some homeowners struggling with their monthly living expenses.

M	65+	Unaf	N	Less 5	Colliers Hill	2	We need a large grocery store at County Line and Erie Pkwy. in the next year or two. Also more restaurant options in that area. Currently we either go to Longmont or Thornton for most shopping. We also need a 24 hr medical facility closer to that area.
F	18-34	Dem	N	Less 5	Colliers Hill	2	1. Development of commerce (grocery stores, tech start up commercial leases, bars, restaurants) to support all the housing development 2. Ensuring commercial development supports small businesses to make Erie UNIQUE and not another land of strip malls
F	18-34	Dem	N	Less 5	Colliers Hill	2	1. Speeding is out of control. Cars are constantly speeding, tailgating, and racing through neighborhoods. 2. Electric bikes and scooters - young kids without helmets weaving through traffic, cutting through parks and racing down walking trails 3. Cars not stopping at crosswalks (cutting off families, strollers, young kids, etc.)

F	18-34	Dem	N	Less 5	Colliers Hill	2	Lack of grocery stores near old town
F	18-34	Dem	N	Less 5	Colliers Hill	2	Mowing schedules need to be revised. Large biodiverse meadows were moved down at the end of June/early July. This is unsightly and bad for biodiversity. An example of this is the open spaces in Colliers Hill. I also would like to see more xeriscaping in the landscaping of Erie. Native, water smart plants are beautiful and better for the environment. We should be helping our local pollinators not working against them! We also need more dog poop stations across all walking trails in Erie. They are often too spread apart.
F	18-34	Dem	N	Less 5	Colliers Hill	2	Overcrowded/traffic (student to teacher ratios, roads), access via walkways and bike ways
F	18-34	Dem	N	Less 5	Colliers Hill	2	Unsure - perhaps bringing more to the town of Erie. Currently there are a lot of homes but not much else.
F	18-34	Dem	N	Less 5	Colliers Hill	2	We need to attract local businesses and sponsor more town events. Erie is beautiful but the growing number of residents need more to do for fun!
M	18-34	Dem	N	Less 5	Colliers Hill	2	1) Erie would benefit from a commercial/social development. For example, a small theater for local concerts, a beer garden, and some restaurants. 2) Some of the major roads are getting busier and they need some safety upgrades. For example, Highway 52 should be widened to meet the demand (similar to 287).
M	18-34	Dem	N	Less 5	Colliers Hill	2	Additional trees, especially along walking paths. Traffic issues at the light leading towards i-25
M	18-34	Dem	N	Less 5	Colliers Hill	2	Building more community infrastructure (community centers, parks, etc). Building some hotels for people visiting.
M	18-34	Dem	N	Less 5	Colliers Hill	2	More local businesses and restaurants, more public transportation. Infrastructure and private businesses need to keep up with the increasing demand caused by more housing.

F	35-44	Dem	N	Less 5	Colliers Hill	2	Lack of commercial / retail options in the north side of town. Only have dentists and a couple of food options. I know that Erie Town Center is in the works, but at the current rate, we won't have a grocery store here for another 5 years. There also seems to be a big push for additional housing without the amenities to support the additional homes. In Collier's Hill, the 3rd pool was removed, so you're expecting 2800 homes to only have 2 small pools and 1 working gym? It appears that you're more interested in collecting property taxes vs requiring ample amenities to be provided by the developers.

Support and encourage businesses to come to Erie. (2)Time the lights from Colliers Blvd/Erie Parkway all the way to Highway 287 and make the speed limit a consistent 45 MPH on all county roads and streets in Erie (people are impatient because it takes so long to go a few miles). (3) resurface many/most of the county roads and widen Erie Parkway now while you can. Make it easier to get around Erie and to come and go to the surrounding communities. (4) Consider options to improve parking in downtown Erie. (5) Encourage clean-up of weeds/yards etc in non-covenant controlled neighborhoods with many options to help resident get rid of the clutter! So frustrating 2. Stop teasing us with plans of infrastructure to only turn around, change plans, and build more houses our infrastructure can't support. Build BUSINESSES. Get your tax revenue from them already. Stop making it so dang hard to open businesses here 3. We need more affordable housing. F	45-54	Unaf	Y	11-20	Colliers Hill	2	1) Infrastructure - the town has outgrown the rec center and library. If the town continues to grow at the rate it is then we need another center and/or additions to the already established structure. 2) police and fire- with the continued growth more support to the entities that keep us safe. 3) following through on plans. There has been a plan to have a park built on the corner of Colliers Hill by the schools. Nothing has come of it and we continue to wait. Additionally, not enough support or fields for clubs. I understand Ignite soccer club had a hard time getting field space, why wouldn't we want to support local teams that provide avenues for children to be physically active.
F	45-54	Unaf	Y	11-20	Colliers Hill	2	Safety of our neighborhood streets. I live in CH and we need blinking pedestrian signs for crossing the road. CH is used as a cut through to the High School with many speeders. F	55-64	Rep	N	More 20	Colliers Hill	2	A round about or speed bumps should be place on County Road 3 to prevent the speeding that occurs on that road, especially by the cemetery. Make a clear path from Colliers Hill to Old Town Erie via the disc golf course area. There is a tree that is blocking the old path. By the creek. These may not be the types of things that you are looking for but it I think they would be great for Erie residents.
F	55-64	Rep	N	More 20	Colliers Hill	2	Stopping high density housing/state commuter program/building low income housing for Boulder. New recreation center
M	55-64	Rep	N	More 20	Colliers Hill	2	1) Approved high density development already underway in Morgan Hill and Colliers Hill is putting north-south transit corridors under pressure especially for services on the southside of town, especially Cty Rd 4. Partnering with Frederick to develop a grocery store with services on highway 52 would alleviate some of that pressure. 2) A second recreation center needs to be planned for. Current facility is overrun. 3) The town should not be investing in 'subsidized' housing. All it's doing is subsidizing Boulder's work force and is putting a drain on town resources. 4) We should NOT be approving high density housing on Erie Pkwy going out to I25. We are a commuter community and maintaining decent traffic flows in/out of town is why many new residents have moved here. 5) We need to acquire more water rights, continue with programs to encourage less water use, and look to use more non-potable water for common area irrigation. We're due for a return of the drought years.

F	35-44	Unaf	Y	6-10	Colliers Hill	2	Preserve open space and small town feel (that includes more mom and pop shops and restaurants, no more fast foods and chains) Improve schools (need more middle and high school): more smaller schools, potentially charters to improve options, rather than increasing the size of existing schools that are already huge Provide a walkable oldtown/town center corridor, not a car centric experience
F	35-44	Unaf	Y	6-10	Colliers Hill	2	Recreation facilities are too small for our growing town. Parking in Old Town is very challenging, looking forward to a pathway from Colliers Hill. More retail/restaurants are needed.

F	35-44	Unaf	Y	6-10	Colliers Hill	2	Significant lack of affordable housing. Those who work in Erie should be able to afford to live here. Lack of limited housing diversity, we need options other than large single family homes.
F	35-44	Unaf	Y	6-10	Colliers Hill	2	Stop building houses, we NEED restaurants and a community pool or bigger parks would be great to keep the tweens occupied and out of trouble.
F	35-44	Unaf	Y	6-10	Colliers Hill	2	Too much residential growth, needing a second community/rec center, funding police and emergency services.
M	35-44	Unaf	Y	6-10	Colliers Hill	2	1. Need for more affordable housing 2. Need for easier transportation options that don't involve cars 3. Increased amount and diversity of retail options

M	35-44	Unaf	Y	6-10	Colliers Hill	2	1. Route traffic to the landfill through CR 7 as the trucks traveling on CR5 blow trash and rocks and create a mess for those residents connecting to the southern end of Erie Highlands. 2. Traffic to i25. Create a 2 lane road to feed Traffic in and out of Erie. 3. Water!! We need better cleaner and tastier water. For a town that houses $1MM+ homes this is embarrassing
M	35-44	Unaf	Y	6-10	Colliers Hill	2	Affordable housing
M	35-44	Unaf	Y	6-10	Colliers Hill	2	Attracting more restaurants and retail services for residents. Potential traffic on Erie parkway. Overall growth without the retail and restaurant space to accommodate.
M	35-44	Unaf	Y	6-10	Colliers Hill	2	Endless Housing without supporting business or anchor business Speed limits on main arterial roads are all over the place and in many places too slow. Nobody drives 35mph on a main artery to get to the highway or interstate, that's neighborhood speeds and its ridiculous.
M	35-44	Unaf	Y	6-10	Colliers Hill	2	Expanding RTD, protecting home buyers with increased scrutiny and quality of inspections, events and activities for teens.
M	35-44	Unaf	Y	6-10	Colliers Hill	2	Getting more businesses in the town instead of residential building to help share the tax load. Water bills are outrageously high. Need to find a way to decrease them town wide.
M	35-44	Unaf	Y	6-10	Colliers Hill	2	Infrastructure behind on growth and lack of business development
M	35-44	Unaf	Y	6-10	Colliers Hill	2	Lack of businesses near town Water prices Taxes
M	35-44	Unaf	Y	6-10	Colliers Hill	2	Maintaining existing offerings/places, creating new ones
M	35-44	Unaf	Y	6-10	Colliers Hill	2	Poor road design. Pushing all the traffic towards road 5 which is dirty poorly maintained in full of trucks from the garbage dump. Also the county line project near Erie Elementary has caused substantial traffic issues and failed to alleviate safety concerns for cyclists and pedestrians
M	35-44	Unaf	Y	6-10	Colliers Hill	2	Prioritizing housing over commercial
M	35-44	Unaf	Y	6-10	Colliers Hill	2	There is nowhere near enough infrastructure to accommodate the population explosion in Erie. There needs to be another grocery store, more casual dining options, banks, etc.

M	35-44	Unaf	Y	6-10	Colliers Hill	2	Why don't we have the N line train up here yet? Reduce over policing of minor traffic violations. It seems like revenue gathering to reduce speed limits and set up speed traps. I think everything else is great, the usual challenges (traffic and construction) seem appropriate.
M	35-44	Unaf	Y	6-10	Colliers Hill	2	Widening of roads, need more restaurants with live entertainment, worried about home taxes
O	35-44	Unaf	Y	6-10	Colliers Hill	2	More store accessibility within the town, traffic pattern issues and water prices
F	45-54	Unaf	Y	6-10	Colliers Hill	2	1. Crowding control of schools; overpopulation of HS and newly planned HS doesn't seem to be a viable solution. 2. Too many houses being built with not enough businesses to support. 3. Community events need more support
F	45-54	Unaf	Y	6-10	Colliers Hill	2	1. Stop building 2000 plus home subdivisions. Offer homes with more land, like 1/2 to 1 acre lots. 2. Widen major roads to 4 lanes ASAP and stop making existing roads narrower. 3. Attract more industry to the town. Not just stores, but things like office complexes, recruit companies to move their offices to the town.
F	45-54	Unaf	Y	6-10	Colliers Hill	2	Facilities for youth/adult sports, business development plan (not just building homes but places to work as well)
F	45-54	Unaf	Y	6-10	Colliers Hill	2	Infrastructure isn't keeping up with the growth Overcrowding at EHS Making it more affordable for small businesses to thrive in our town
F	45-54	Unaf	Y	6-10	Colliers Hill	2	Lack of grocery store and places to eat
F	45-54	Unaf	Y	6-10	Colliers Hill	2	Need larger roads to accommodate the exploding population! Stop building house without building infrastructure! Old town need s grocery store
F	45-54	Unaf	Y	6-10	Colliers Hill	2	Reducing city and residential water usage

M	45-54	Unaf	Y	6-10	Colliers Hill	2	1) Too much growth, 2)City only building houses, not enough other thing such as central grocery store, more shops, expanded rec center, more parks, more schools 3) property prices and homeowner equity is falling because too many houses are being built
M	45-54	Unaf	Y	6-10	Colliers Hill	2	Affordable housing, traffic safety and environmental sustainability
M	45-54	Unaf	Y	6-10	Colliers Hill	2	Build the park in Colliers Hill that was advertised across from the high school. Install cell phone towers
M	45-54	Unaf	Y	6-10	Colliers Hill	2	Growth - nothing but houses isn't a great plan. Work in more mixed developments like Prospect in Longmont. Services - need more community centers / rec center. Erie needs to be more welcoming to businesses. The Erie Chamber of Commerce is led by outdated and disconnected visions.
M	45-54	Unaf	Y	6-10	Colliers Hill	2	I'd like to see priorities shift away from things like speed limit reductions, disabling left-turn arrows during specific hours, and unused crossing flags, and instead focus on practical improvements that truly enhance safety and keep traffic moving efficiently.
M	45-54	Unaf	Y	6-10	Colliers Hill	2	More deliberate planning, encouraging walk-ability/bikability as growth continues.
M	45-54	Unaf	Y	6-10	Colliers Hill	2	More restaurants and sports facilities.
M	45-54	Unaf	Y	6-10	Colliers Hill	2	Police/Fire Department Expansion Not building a performing arts building (incredibly bad idea) Removal of wasteful spending (ex. The 'art' exhibit by the library)
M	45-54	Unaf	Y	6-10	Colliers Hill	2	We lack a sports complex like Broomfield Commons. Perhaps not to that scale, but a couple of fields on the east side of Colliers Hill across from Soaring Heights and the High School would be great. I hope there's a grocery store planned for the Town Center?
F	55-64	Unaf	Y	6-10	Colliers Hill	2	Affordable housing is definitely needed, sufficient support for emergency services, streamline bureaucracy so businesses find it easy to come and grow here, so our tax base supports our increased infrastructure in light of our projected growth.

F	18-34	Dem	Y	6-10	Colliers Hill	2	Lack of shopping centers and grocery store, the things we do have are overpopulated because everyone flocks to the same space Also we need better parks with more variety in play. From small kids to big kids, the parks are lack luster
M	18-34	Dem	Y	6-10	Colliers Hill	2	Generally building out the town center. Grocery store and more commercial is what I am interested in.
F	35-44	Dem	Y	6-10	Colliers Hill	2	(1) Ensuring enough emergency responders and services are available for the rapidly growing city - Fire, police, EMTs, etc. (2) Having programs and places for very small children to play and engage. Most areas are for older elementary and there is not much for toddlers.
F	35-44	Dem	Y	6-10	Colliers Hill	2	1. Need a centrally located grocery store 2. need healthy/fast casual dining options within Erie 3. need more rec center space for youth sports
F	35-44	Dem	Y	6-10	Colliers Hill	2	1) Responsible growth/balance residential with commercial and bring commerce to central Erie. 2) Safety and inclusive leadership for all Erie residents. Continue investment in programs and events like PRIDE and cultural awareness days. 3) Leverage our amazing town to serve the population. F	45-54	Dem	Y	6-10	Colliers Hill	2	Traffic, public transit, managing growth
M	45-54	Dem	Y	6-10	Colliers Hill	2	1. Widening/adding lanes to almost every road, especially since the town can't say no to developers for new homes/apartments 2. Cost of water; seems Erie residents pay a lot more than other towns/city's nearby 3. Have to figure out the timing of street lights. There's not that many, but you get stopped at Briggs, then at the rec center, then at county line 4. Need to figure out a different route for entry to the dump. That road is horrible

F	35-44	Rep	Y	6-10	Colliers Hill	2	- Too much growth with new homes being built. - No movement on grocery store at County Line and Erie Parkway. - We don't need another bank or even an auto parts store. Keep us a small town.
F	35-44	Rep	Y	6-10	Colliers Hill	2	1) Access to rec programs: there is limited access to everything from little league soccer to summer camps. 2) Strategic growth: I'd love to see Erie focus on developing the city in a way that will continue to make Erie a great place to live. We need more parks, more restaurants, and less services, such as dentists offices and banks.

M	35-44	Rep	Y	6-10	Colliers Hill	2	Improved communication when the town hosts events. An example I did not know about the concert in the park until 2 hours before through a Facebook post. 2. Connecting bike paths to the surrounding areas would be fantastic. We have many bike paths but they don't connect to each other or if they do it's via small unmarked Community sidewalks. Erie installed a new sidewalk along the coal Creek restoration project but you cannot access it via Morgan Hill or Colliers Hill communities 3. Expanding to restaurants that are family-friendly and affordable. We have many great restaurants but they are expensive and I consider them date night options not something to just grab midweek. Prioritizing business or leasing agreements that would focus on healthy and more affordable options would be great for our community
M	35-44	Rep	Y	6-10	Colliers Hill	2	Lack of commercial activity. Enough schools to service the growth we have seen.
M	35-44	Rep	Y	6-10	Colliers Hill	2	More affordable, family-friendly, non-chain restaurants. Continue the increase of open space and parks along with residential developments
M	35-44	Rep	Y	6-10	Colliers Hill	2	More businesses. More police officers. Additions to the rec center (facilities, soccer fields.)
M	35-44	Rep	Y	6-10	Colliers Hill	2	More commercial spaces Road congestion
M	35-44	Rep	Y	6-10	Colliers Hill	2	Over crowding. With so many houses and residents moving into Erie. How will Erie improve schools and infrastructure to manage the growth?
M	35-44	Rep	Y	6-10	Colliers Hill	2	Overgrowth. Our population is multiplying rapidly and we need to slow it down or make our infrastructure keep pace. We want to remain an independent, identifiable town. Not just an indistinguishable sprawl of metro Denver. We also need to address our overcrowded classrooms and build additional schools as many young families move into our town.
M	35-44	Rep	Y	6-10	Colliers Hill	2	Parks Trails/sidewalks
M	35-44	Rep	Y	6-10	Colliers Hill	2	Stop spending money on things like pride parades, and all things to cater towards the 1%. We could be spending money on things like fixing roads, street lights, or recouping what you lost when you got scammed for the Erie Pkwy bridge.

M	18-34	Unaf	N	6-10	Colliers Hill	2	I feel as though Erie needs to provide a solid space for the Arts to thrive. It seems that Erie is only dedicated to athletics, which is great, but as a music teacher, and avid gym goer, the focus is very heavy on athletics. So a space for musicians, artists, and thespians would be phenomenal. This place would include a performance slace, practice rooms to host lessons in, a recording studio, etc.

M	35-44	Unaf	N	6-10	Colliers Hill	2	Restaurants near old town!!! This city is growing fast and we have barely nothing!! Grocery stores, target, something going our to I-25 along Erie parkway!
F	45-54	Unaf	N	6-10	Colliers Hill	2	All these homes were built. Need the supporting food services - chipotle Cava Quodba Jersey Mike type food places you can walk into and eat quickly - and by high school or fields. Softball tournament a fields teams can't go to downtown Erie and try to eat quickly. Also fast food options right here - only Burger King - no options in heart of Erie. Need a store Trader Joe's affordable small grocery or sprouts etc but some kind of grocery in heart of Erie - off Erie parkway area. County Road/Erie Pkwy needs to be lit. It's dark for young drivers and drivers of all ages to drive at night or poor weather and then cops hang in the dark waiting to pull over people in middle of nowhere with no lights - I see them after 9pm until 5am - varying days. We had the fake cop with lights in car a few years ago and we're wanting women or teens pulled over on these dark lightly travel roads at night? Just examples.
F	45-54	Unaf	N	6-10	Colliers Hill	2	More infrastructure (like grocery store, gas station, restaurants, police) we are building too many homes and not keeping up with other things. Also better cell phone coverage in Erie. By the high school it's non existent.

M	65+	Rep	N	6-10	Colliers Hill	2	I have happily been a resident of Erie for almost 7 years. I love the town but feel there are some areas that need improvement. The top priority is that I still have no cell phone signal and I have checked with several carriers and none of them seem to have cell service in ERIE. My second priority surrounds animals, especially aggressive breed dogs. Residents have too many dogs and do not have their dogs under control. I often see dogs on the trails and in the community that are loose. This has become a very present problem. The other thing that I have noticed a lot this summer is very young kids riding either electric or gas motorcycles throughout the Colliers Hill neighborhood. I do not feel that this is legal and I am concerned that they will be hurt.
M	65+	Rep	N	6-10	Colliers Hill	2	Increasing the number of Police Officers. Traffic.

F	35-44	Unaf	Y	Less 5	Erie Highlands	2	Slowing down housing developments and focusing on providing infrastructure for the people living here now. More schools are needed to account for the influx of families. More services are needed (Fire/EMS/police). A growing population needs to be matched with growing responders. Additionally, civilian support staff should be increased alongside responders (call takers, record management, civilian analysts). Allowing housing developments to continue without providing more infrastructure is irresponsible and without consideration for the residents of Erie.

F	45-54	Rep	Y	11-20	Erie Highlands	2	thoughts integrated — including the businesses you specified, clear reasoning, and smart framing for the survey. 1. Prioritize Balanced Development — Stop Overbuilding Housing and Expand Everyday Commercial Services Erie has added housing at a rapid pace, but commercial development hasn't kept up. This puts an unfair tax burden on homeowners and leaves residents without the everyday conveniences and services we need. We need a more intentional mix of commercial development — not just more low-frequency services like dental offices (which residents might visit 1–2 times a year), but businesses people actually use several times a week. Some examples of what's currently missing: Smaller-format grocery stores like Trader Joe's, Sprouts, or Whole Foods — the Highway 7 King Soopers is overcrowded and the parking is chaotic. A small-format Target would be a game-changer for daily essentials without needing to leave town. A gas station + express car wash combo, especially east of County Road 5 near I-25, would fill a major gap. Right now, getting gas often means backtracking 5+ minutes out of the way. More healthier fast-casual dining options, like: Sweetgreen or MAD Greens (salads), Modern Market Eatery (fresh bowls and sandwiches), CAVA, Chipotle, or Tokyo Joe's (protein + veggie-forward) These businesses would not only improve quality of life, but also contribute to a more balanced tax base, easing the burden on homeowners. Lastly, I urge the town to reconsider over-approving dentist offices. Dental care is important, but we don't need more offices than residents can realistically support. We should reserve limited commercial space for businesses that provide frequent, practical value to the broader community. 2. Improve Transportation Infrastructure — Build for Current and Future Population Needs Erie urgently needs a

F	65+	Dem	N	More 20	Erie Highlands	2	I think that the Town Council and or the mayor are letting too many Builders come in and ruin the land that is so important to our community just to make money! Also, I don't know where the town is on permits for drilling, but this small community has more fracking in it than necessary! It's unhealthy it's unsightly and again it's all about as Diddy the criminal would say,The Benjamin's! We've been in Eerie 25 years and it has changed not for the better. With all the money that the town is raking in on taxes, there should be a bigger High School and middle school so the kids aren't all crammed in these old buildings. Sex	Age Range	Party	Parent	Tenure	Neighborhood	Ward	Response
F	35-44	Dem	Y	6-10	Erie Highlands	2	Local grocery store Parking Bike safety
F	35-44	Dem	Y	6-10	Erie Highlands	2	Slow or pause new builds- so much growth WAY fast Infrastructure improvement/maintenance to support current/continued town growth
F	35-44	Dem	Y	6-10	Erie Highlands	2	Too much residential and not enough commercial going up. Fracking is a big concern especially with the approval of the Draco drilling site.
M	35-44	Dem	Y	6-10	Erie Highlands	2	County rd 5 could use a commercial truck lane or a turning lane into the dump. move the flow of commercial traffic to another route or make the road larger to accommodate commercial and public vehicles.
M	35-44	Dem	Y	6-10	Erie Highlands	2	Expansion (adding retail, supermarkets), Housing (affordable, medium to high density). With those will come Transit (public, etc)
M	35-44	Dem	Y	6-10	Erie Highlands	2	Lack of restaurants and dining Over abundance of dentists/fast food
M	35-44	Dem	Y	6-10	Erie Highlands	2	Overcrowding - Increased need for bigger public facilities(Rec center, parks, ect). Policing - Better deterrent for speeding through neighborhoods. More restaurant choices.
M	35-44	Dem	Y	6-10	Erie Highlands	2	Unchecked growth is a bad thing. Open space is not a bad thing. I don't understand how everybody's going to drive on these roads.
F	45-54	Dem	Y	6-10	Erie Highlands	2	Bring in more small businesses, restaurants and shops. No more dentists, lash places, chains or chiropractors. We need more options for shopping and food.
F	45-54	Dem	Y	6-10	Erie Highlands	2	Expansion/roads/new schools/amenities to support expansion
M	45-54	Dem	Y	6-10	Erie Highlands	2	Speeding on Erie parkway, schools, diversifying tax revenue base
F	35-44	Rep	Y	6-10	Erie Highlands	2	Growth, ethics of builders (to protect residents and the town from getting stuck with their debt)
F	35-44	Rep	Y	6-10	Erie Highlands	2	Road capacity (expanding single lane) In-town resources (grocery, restaurant - local, not chain)
M	35-44	Rep	Y	6-10	Erie Highlands	2	Do not allow marijuana or vape shops in town. Larger police force needed.
M	35-44	Rep	Y	6-10	Erie Highlands	2	Highway 7 and Erie parkway need to expand

Sex	Age Range	Party	Parent	Tenure	Neighborhood	Ward	Response
M	35-44	Rep	Y	6-10	Erie Highlands	2	The bike lanes in Erie are out of control. We need to reign in the excessive disruption to traffic patterns the self-entitled cyclists create. Further, the town needs to stop funneling money to partisan NGOs that are run by city officials and their friends, like Building Better Neighbors and Logic PAC. This includes stopping the flow of city funds to partisan outlets like Yellowscene. The citizens of Erie don't want to subsidize Shavonne.
M	35-44	Rep	Y	6-10	Erie Highlands	2	Traffic and more stores/restaurants
F	45-54	Rep	Y	6-10	Erie Highlands	2	Too many homes, not proper infrastructure for the amount of homes, lack of stores, grocery. Outdoor water park - mini splash pad for little children doesn't suffice
F	45-54	Rep	Y	6-10	Erie Highlands	2	Too many people
M	45-54	Rep	Y	6-10	Erie Highlands	2	Major road arteries and n and out of town need widened and simplified. The "dump" road should not be considered a major way in and out of the west side of town.
F	45-54	Oth	Y	6-10	Erie Highlands	2	Build out the city center with commercial and retail. Explain where the money the city collects goes. There is nothing obvious that the city provides.
M	45-54	Oth	Y	6-10	Erie Highlands	2	Stop pandering to lowest common denominator
F	35-44	NR	Y	6-10	Erie Highlands	2	Business and economic development. Transportation and traffic. Housing affordability
M	45-54	NR	Y	6-10	Erie Highlands	2	- Promote or bring more businesses to the town, including food options. - Website and other online services are outdated.
F	35-44	Unaf	N	6-10	Erie Highlands	2	No bus service. Bike paths are better than most places but you can't go far w/o needing a gravel bike. Problematic for commuting and roads no longer feel safe with so many cars and scary drivers.
M	35-44	Unaf	N	6-10	Erie Highlands	2	Property taxes too high, water bill too high and lack of amenities in Erie. (Nothing but houses, need more restaurants, a grocery store and things to do)
F	45-54	Unaf	N	6-10	Erie Highlands	2	Affordable Housing for people making less than $50,000 per year. Open space preservation.
F	45-54	Unaf	N	6-10	Erie Highlands	2	No grocery stores

M	45-54	Unaf	N	6-10	Erie Highlands	2	Affordable housing. Commercial space.
M	45-54	Unaf	N	6-10	Erie Highlands	2	Forcing more high density housing in areas that don't support it. Increasing traffic issues.
M	45-54	Unaf	N	6-10	Erie Highlands	2	Traffic, water, commercial tax revenue
M	55-64	Unaf	N	6-10	Erie Highlands	2	1) Come up with a plan to fund long term infrastructure costs, and keep the rate of new infrastructure additions within the town's long term ability to maintain them given our population cap. 2) Regularly communicate with the public what historically has been shown to work in terms of helping people avoid congestion trauma. It's not building more roads, it's giving people enough choices to be able to put traffic congestion into a lower equilibrium point. 3) the 2024 comp plan and TMP need to stay as they are, and we need to unpause their implementation.
M	55-64	Unaf	N	6-10	Erie Highlands	2	Airport safety, too many training flights to much noise. Push for zeroscaping/water conservation, slow down on housing starts.
M	55-64	Unaf	N	6-10	Erie Highlands	2	Growth
M	55-64	Unaf	N	6-10	Erie Highlands	2	Traffic, construction, retail
F	65+	Unaf	N	6-10	Erie Highlands	2	1) Attract more sustainable retail businesses in central town areas (Erie Pkwy and County line) that provide community services; e.g., groceries, healthy restaurants. 2) Retirement living facilities - single floor, assisted living. 3) Attract more business employers (service, manufacturing, AI/technology).
F	65+	Unaf	N	6-10	Erie Highlands	2	Excessive growth of the town. Infrastructure issues ignored - potholes, road conditions, broken pipes.
F	65+	Unaf	N	6-10	Erie Highlands	2	Safety, housing at a decent price and car traffic transitions thru Erie is awful
M	65+	Unaf	N	6-10	Erie Highlands	2	1. Control over the rate of growth - Needs to be properly planned and yet preserve the small old town feeling. 2. Carefully balance growth with available water resources. 3. Concern over the recently approved Oil Pad drilling site near the Westerly development and impact upon Erie

Sex	Age Range	Party	Parent	Tenure	Neighborhood	Ward	Response
M	65+	Unaf	N	6-10	Erie Highlands	2	1. Sky high taxes. Why are we subsidizing new developments. 2. Stop incessant development. Can we afford it? Time to focus on existing tax payers. 3. Why not support utilities such as grocery stores, instead of house after house?
M	65+	Unaf	N	6-10	Erie Highlands	2	Retail grocery nearer town center; expanding healthy alternatives for active outdoor exercise and social events(doing well, but can do even better—double down); creating more and better opportunities for social and cultural events: music, theater (film and performance), forums, seminars, educational opportunities outside of school… again, doing well, but can do even better.
F	18-34	Dem	N	6-10	Erie Highlands	2	The huge increase in population and lack of infrastructure to handle it. The most important is that we need way more public transportation.
F	45-54	Dem	N	6-10	Erie Highlands	2	Grocery store or market of some type, expand the cemetery to limit people from outside of Erie and allow more than two cremains to be buried in one plot.
F	65+	Dem	N	6-10	Erie Highlands	2	Decreasing taxes Decrease fracking sites Senior Center
F	65+	Dem	N	6-10	Erie Highlands	2	More restaurants and fast food businesses.
F	65+	Dem	N	6-10	Erie Highlands	2	Need local supermarkets and more restaurants
F	65+	Dem	N	6-10	Erie Highlands	2	Too many new houses being built Do we have enough water
M	65+	Dem	N	6-10	Erie Highlands	2	Too much population and housing growth, need for additional schools, poor roads.
F	18-34	Rep	N	6-10	Erie Highlands	2	My biggest issue is the off leash dog situation. I have a very reactive dog and it's so frustrating that people let their dogs off leash. Additionally, I live in the highlands neighborhood and my house backs into open space and the "wild grass" gets out of hand in the summer. Only the edges gets mowed but I think the entire field needs to be mowed.
M	35-44	Rep	N	6-10	Erie Highlands	2	Stop any/all affordable housing projects Properly staff the police department
F	45-54	Rep	N	6-10	Erie Highlands	2	Zoning - houses are all built far too close! Traffic - again due too much new construction, all too close. Homebuilders undercutting existing homes trying to sell - both with prices and mortgage interest rates.

M	55-64	Rep	N	6-10	Erie Highlands	2	1. Actually fulfilling the promises about a commercial city center instead of building unattractive apartments. 2. Being transparent about where the money goes for things that are not desirable like the dump and the planned oil company drilling. 3. Bringing restaurants to the city center.
M	55-64	Rep	N	6-10	Erie Highlands	2	How about finishing city addition it does not take over 3 years to finish. 2 How about a financial audit n how another millions dollars does not disappear ever again. 3 with all this growth, how is our sewer system and water systems gonna be able to keep up.
M	55-64	Rep	N	6-10	Erie Highlands	2	Utility prices - road congestion (Erie parkway) - control growth
F	65+	Rep	N	6-10	Erie Highlands	2	A traffic light should be installed on the intersection of County Rd 5 and 52. I travel there daily and it is a dangerous intersection.
M	65+	Rep	N	6-10	Erie Highlands	2	Keeping taxes as low as possible.
M	65+	Rep	N	6-10	Erie Highlands	2	More commercial, including restaurants and stores such as grocery stores in the area around Erie Parkway. Sandwich shops, Chipotle type restaurants, etc. Right now , lots of Erie residents spend lots of money at fast food restaurants outside Erie.Convert all of Erie Parkway to 4 lane.
F	35-44	Oth	N	6-10	Erie Highlands	2	Safe bikelines especially as the new shops go on Erie Parkway and more high-density housing, preserving as much open space as possible
M	55-64	Oth	N	6-10	Erie Highlands	2	Water supply Ignored upkeep of the town roads, sidewalks, parks, water park in Erie Commons,
M	65+	Oth	N	6-10	Erie Highlands	2	Stop growth we are big enough. For years the town web site said we would only grow to 42K Infrastructure ignored from water filtration, streets and sidewalks, water pipes broken and tearing up roads for new pipes and then not putting them back to like new

F	35-44	Unaf	Y	11-20	Erie Village	2	Too much housing Writes about over crowding schools / classrooms Eliminating open space and views of the mountains
M	35-44	Unaf	Y	11-20	Erie Village	2	The town needs to add a grocery store closer to the rec center for the people that live north.
M	35-44	Unaf	Y	11-20	Erie Village	2	Work on developing a better downtown with better restraunts. Most of them are either over priced or have terrible quality of food.
F	45-54	Unaf	Y	11-20	Erie Village	2	Sprawl, affordable housing, water usage
F	45-54	Unaf	Y	11-20	Erie Village	2	The residential growth is too fast. It would be great if Erie could provide local public transportation within our town. And getting the Erie to Boulder bike trail done should be on the list, too.
M	45-54	Unaf	Y	11-20	Erie Village	2	Growth needs to be slowed. Roads need to be widened to accommodate the crazy grow try that has already happened
M	45-54	Unaf	Y	11-20	Erie Village	2	I know my opinion won't matter, and we've gone too far down the road, but growth just to have growth is silly. I could explain in detail, but, as I said, my opinion won't matter, and our path has been set. I'll have to find a new place to live when Erie finally achieves it's dream of being another boring Thornton, or Northglenn, or Broomfield.

F	45-54	Dem	Y	11-20	Erie Village	2	There are too many houses being built, not enough restaurants/businesses here. You can't even get a good breakfast burrito in town. We also need an anchor grocery store—not just rumors about one.
F	45-54	Dem	Y	11-20	Erie Village	2	Traffic pattern and flow. Expanding schools to keep up with population growth. Encouraging business growth and slowing down housing
M	45-54	Dem	Y	11-20	Erie Village	2	Too much development, lack of commuting infrastructure/public transportation/ connected bike paths/safe roads for amount of traffic, lack of parks and open space in new developments paid by developer.
F	45-54	Unaf	N	11-20	Erie Village	2	Town centered retail, grocery stores, restaurants, etc. Population control, we're growing too fast without the resources to handle it.

F	55-64	Unaf	N	11-20	Erie Village	2	Street condition and repairs....traffic congestion .....to much housing density....preserve and increase open space
M	55-64	Unaf	N	11-20	Erie Village	2	1) I want Erie to continue to grow but NOT at this rate - It's growing too fast and the infrastructure can not keep up and that is frustrating. 2) The unrestrained growth is my major concern - I was attracted to Erie 13 years ago because of its "small town feel". It's still a friendly town with lots of activities but with the rapid growth the "small town feel" is rapidly going away and I don't know how you will get it under control.
M	55-64	Unaf	N	11-20	Erie Village	2	I have an issue with a Mayor requesting another server at tax payer expense.

M	65+	Dem	N	11-20	Erie Village	2	Cost of water Pace of housing development
F	55-64	Rep	N	11-20	Erie Village	2	1. Traffic congestion due to excessive growth. Poor planning has caused population over growth without appropriate supporting roads, water resources, sewer, etc. 2. Excessive government growth. The town has created positions that generally are not needed. The affordable housing staff andthe DEI staff are examples. Government needs to be lean. 3. Lack of appropriate citizen police interaction in general but mainly by a lack of physical response to relatively minor calls. Understanding dispatch is consolidated, Erie gets second level service at best. Community policing doors not exist in Erie.
F	55-64	Oth	N	11-20	Erie Village	2	Town is growing too quickly for our infrastructure. Projects going on all at once making it hard to navigate getting out of Erie Police have had a lot of problems with personnel

F	55-64	Unaf	N	More 20	Erie Village	2	1. Potential marijuana dispensaries will increase crime, homelessness, drug addiction, and youth mental health problems. 2. Help local businesses thrive. F	55-64	Unaf	N	More 20	Erie Village	2	Resurfacing the exsisting streets in ALL the neighborhoods in town! M	65+	Rep	N	More 20	Erie Village	2	Recently, quite a few apartments and townhome projects have started. That's great because over last 10+ years, only thing built was 2000-3000 ft very expensive homes
F	45-54	Dem	Y	Ref	Erie Village	2	1. Fiscal Responsibility: The survey appears unnecessary and fiscally irresponsible, especially considering that a similar survey was recently conducted. It seems prudent to avoid additional spending on redundant initiatives. 2. Road Construction and Traffic Management: Recent changes to traffic flow, particularly on County Line Rd near Erie Elementary and Tape and Twine, are creating significant challenges. These adjustments seem less effective in managing the town's traffic, especially during school drop-off and pickup times. The backups are concerning, and these changes may hinder emergency services, complicating access for EMS vehicles. 3. Lack of Dining and Social Business in Downtown: Our town is missing out on key tax revenue opportunities by not attracting more food, beverage, and social businesses to the downtown and surrounding areas. Other towns are capitalizing on this, and we risk falling behind if we don't diversify and enhance our local business offerings.
F	18-34	Unaf	Y	6-10	Erie Village	2	Need a grocery store in town, a public outdoor pool.

F	35-44	Unaf	Y	6-10	Erie Village	2	1. Low quality of road construction (constant rework) and lack of foresight when spending on the roadways/signals. Also too much focus on bike lanes which is not inclusive to all physical abilities and doesn't make sense with our weather. 2. Growth of just housing. No matching roadway updates (for cars!), no shops, schools overcrowding. Hold the developers accountable. We need to prioritize infrastructure to catch up.
O	35-44	Unaf	Y	6-10	Erie Village	2	Stop unnecessary growth Stop secretly wasting our money when we vote against it More open space - LESS PEOPLE!!!!
F	45-54	Unaf	Y	6-10	Erie Village	2	The town needs to figure out the roads. The new roadways they have completed are awful. They put people in danger and force people to drive in neighborhoods out of the way. We need to not be a bedroom community. Relying on homeowners to foot the bill only drives taxes up. Also forcing the community to shop in other cities is bad for the city and also environment. Living on the north end of Erie we are forced to drive fairly far to get basic shopping etc… I also think they need to be enforcing code laws and writing tickets for people parking within 5 feet of driveways. It's dangerous and hard to maneuver down streets.
M	45-54	Unaf	Y	6-10	Erie Village	2	Economic development. We need more anchor businesses in the area, primarily restaurants/shops. We need better/closer grocery store options.
M	45-54	Unaf	Y	6-10	Erie Village	2	Slowing massive new developments of single family cookie cutter boxes, bring in small businesses, create an architectural style that keeps with small town charm.
M	45-54	Unaf	Y	6-10	Erie Village	2	The town is growing too fast. Housing projects are going up at an alarming rate without the necessary infrastructure to support such growth. What about the public schools capacity, traffic, public utilities, and other public facilities? This doesn't even address the lack of commercial restaurants and groceries stores. Residents in the center and North and East side of Erie need to drive 7 miles just to shop for basic groceries.

F	45-54	Dem	Y	6-10	Erie Village	2	I think Erie needs to help make sure commercial development is happening here, not just residential. Helping to make it easier for small businesses to come into the town center areas more would be great, while focusing on larger/higher traffic commercial closer to I-25. The pedestrian and cycling pathways around town are great, and I would love to see more of it. Interconnecting the existing paths with more paths, and also with surrounding community's pathways would wonderful and I believe they would be well used.

Raising wages for officers and code enforcement officers to help retain good officers so we don't lose them to departments that can pay more. Reduce spending and eliminate unnecessary departments and positions within the town. Focus on bringing more commercial business and revenue.

F	65+	Unaf	N	6-10	Erie Village	2	Very concerned about the configuration of County Line by the two schools. What in the world? It seems like it's making the roadway way too narrow and the medians will be a weed-filled eyesore. There is no room for bikers on the west side which forces vehicles to stay behind bikes as there is no room to pass by them. I'd like to know the logic used to design this street.

M	35-44	Unaf	Y	Less 5	Grandview Homes	2	The Town of Erie should invest in education and schools. Specifically allocating funds for new school facilities including middle school and high school buildings. With the town rapidly growing with residential communities, the town needs more education facilities to accommodate population growth.

M	18-34	Dem	Y	Less 5	Grandview Homes	2	I honestly don't know enough to give a proper response. I have lived here for 4 years. But have lived in Colorado since my second birthday. What I see is another smaller town growing in popularity and population and worry about the long term impacts on existing roads and traffic. It seems this is being addressed with recent road work, expansion, and new traffic lights. I am excited to be a part of it as it grows. I would like to see more small restaurants pop up. I love Wapos, 24 carrot, and the old mine but would love to have more options in the future as well. I realize these are not immediate projects and take much more time. Overall I love erie, feel safe, love the dedicated police officers and fire fighters that keep us so.

Don't like the farmland being used for high end single family homes crammed together with no yards to play or garden in. I know there have been some developments for condos, townhomes etc. Need more single level homes. The few I've seen $600,000 and above. That's a lot for seniors on social security and pensions to afford. The senior housing I've seen are 3 stories high including the garage space with no elevators. Hard for seniors to navigate stairs.

F	65+	Dem	N	More 20	Grandview Homes	2	A better stop light at the intersection of Erie Parkway and Bonanza Drive that has left turn lights for Bonanza and a right turn lane on the Colliers side. Please don't wait until people are injured. This is THE most dangerous intersection EVERY DAY!! Why does it take many, many months for the street construction in our area. Road 7 had been a mess for nearly a year with car damaging roads for miles.

We don't need to be a dumping ground for people that couldn't find housing in, or are moving out of, Denver. Especially any homeless housing, 2. Road maintenance of the main thoroughfares is getting to a poor state.

M	35-44	Rep	Y	6-10	Grandview Homes	2	Small business commercial spaces. Not retail spaces, but commercial spaces. I've been a licensed contractor in Erie for 7 years, and all I want is to be able to run my shop out of Erie. Instead I have to lease a building in Frederick. The roads and all things road related are horrible. We have a two way road in and out of Erie. Yet, we have massive traffic in and out of our town. County line next to the police station and the elementary school has got to be one of the worst designs I have ever seen, now they are putting a round about right next to another school on county line. How many kids are going to get hit by horrible drivers before they make a change? We need a grocery store in the heart of Erie.

F	18-34	Dem	N	6-10	Grandview Homes	2	Far too much housing, and we have only one high school. Elementary and middle schools keep getting built, meanwhile Erie high school has its parking lot redone and is required to make new portables every summer because there is just no space. There is zero public transportation, no walkable infrastructure, and the city is critically lacking in any urban development where people live.

M	65+	Dem	N	6-10	Grandview Homes	2	Affordable living. This isn't just housing. Its proximity to public transportation corridors, schools, grocery stores. Could we start with public transportation near places where people really need it
M	45-54	Rep	N	6-10	Grandview Homes	2	Road construction projects need to be fast tracked and actual construction needs to be done on time; County Line Road was laughable. Repave all of Grandview!

M	18-34	NR	Y	Less 5	Grandview Townhomes	2	1. Affordable housing initiatives in order to keep a good portion of Erie residents. 2. Additional facilities for the community with thoroughly thought through ideas. An outdoors pool is a great concept and it's a money pit, be a good steward of tax payer dollars and avoid an outdoor pool even if it is what residents wants - your Town Staff Employees will not be happy with one and they are equally important to the residents. A second Rec Center is more plausible with some of the open space we have however, it's getting very cramped with all the developers building in the area too… how do you maintain a small town feel and grow? Tough choices to find the sweet spot! We're in desperate need of a second/additional high school somewhere. It's important to maintain the trails. Coal creek park is poorly constructed and should be renovated - we're wasting resources, space and community opportunities over there. 3. Sustainability. With so much growth, the Town needs to make sure it can survive in the long run for our youth and kids.

M	65+	Unaf	N	More 20	Kenosha Farms	2	Runaway growth. Build, build, build, build. While the roads in the infrastructure are suffering. Totally irresponsible growth. I moved to Erie 25 years ago and the streets in downtown were dirt. I came here to live in a rural/country area. It's turned into every rapid growth city in the northern suburbs. This last mayor started prioritizing woke democrat philosophies. Regular visits to the Erie biscuit days were replaced with gay parades. Another project that was rumored to be on the horizon was some kind of a civic arts center or performing arts , down around the rec center campus. Millions upon millions to build it. While anywhere you drive in the area neighborhoods, the roads are total trash. Every 20 feet there's a canyon, thump, thump, thump, thump, thump, thump. I was a bus driver for Saint Lorraine driving disabled kids. The roads were abysmal and uncomfortable for the kids. The other thing that bothers me is the way they're going about reconfiguring roads with Decorative island is taking what was once decent two lane with parking shoulders down to a single lane and all of the additional space in the road is eaten up by these stupid decorative islands. Next, just about the time they finish the job I see paint all over the roads and the curb and gutter and now they're getting ready to blow it all up again and keep people on single lanes with flag agents with stop signs. It just reeks of poor planning. They have made an absolute abomination of the road out in front of the middle school and the elementary school in Erie. A ridiculous huge waste of money.

It's insane that we still haven't come to terms on a grocery store at the four corners site. Also, we need to build up more commercial space for local businesses. We have some really great restaurants but most of the new development is big chains. Also, we need to focus on building out our parks and recreation infrastructure. Most of the new residents are families, and it doesn't seem like we have enough parks to support recreational sports. It's unacceptable that we have to resort to community parks to host massive sports events such as soccer and football games. This causes excess congestion in otherwise quiet neighborhoods.

And once completed, the maintenance of said projects is slim or non existent. Examples being Briggs St downtown, County Line by elementary school (horrible design), Town Hall expansion, Town Center project, and any new road changes/improvements. F	35-44	Rep	Y	Less 5	Morgan Hill	2	Neighborhood parks (Morgan Hill) utilized for all sports, commericial/retail development
F	35-44	Rep	Y	Less 5	Morgan Hill	2	Too many people, new developments, home prices are too high, infrastructure is not keeping up with the population growth, crime is up, police are stretched too thin.
M	35-44	Rep	Y	Less 5	Morgan Hill	2	Finishing the park in Morgan Hill. Update rec center.
M	35-44	Rep	Y	Less 5	Morgan Hill	2	Grocery store. Traffic. Limit future “affordable housing” projects.
M	35-44	Rep	Y	Less 5	Morgan Hill	2	Need a central grocery store. New parks projects promised in 2023 (Morgan hill) has been delayed. Had I known the project would be delayed until my kids were out of high school. I never would’ve moved to Erie.

M	35-44	NR	Y	Less 5	Morgan Hill	2	Morgan hill park- at least develop lawn so kids can play and families can gather. Right now kids are riding bikes and. Scooters on main streets What is with the narrow roads in front of Erie elementary school? Also develop more parking at schools. We need Additional recreation center
F	18-34	Unaf	N	Less 5	Morgan Hill	2	Making sure the growth is sustainable. Many of the events are already overcrowded and it’s difficult to find parking. (Examples: farmers market, fireworks, winter parade). Additionally, making sure that our infrastructure matches growth (access water, etc).

M	35-44	Unaf	N	Less 5	Morgan Hill	2	1. Add more Recreation facilities, parks, and amenities 2. Add more trails and dedicated open space 3. Add more locations for small business, restaurants, and things to do
M	35-44	Unaf	N	Less 5	Morgan Hill	2	We need a grocery store in Erie preferably at the intersection of County Line Rd and Erie Parkway. Would love to see more restaurant and bar options in downtown Erie and near the Erie Rec Center.
F	45-54	Unaf	N	Less 5	Morgan Hill	2	Rapid growth (housing, jobs), parks and open spaces
M	45-54	Unaf	N	Less 5	Morgan Hill	2	Complete Morgan Hill park. Lower water prices. Expand more busy roads.
M	45-54	Unaf	N	Less 5	Morgan Hill	2	Development of the Briggs Street downtown corridor (making it more of a destination for customers with businesses such as shops, restaurants, etc.), and developing and expanding open spaces.
F	55-64	Unaf	N	Less 5	Morgan Hill	2	Keep roads safe as the town grows - do whatever is needed to attract restaurants in town, I understand the costs are higher than nearby towns which is inhibiting restaurants moving in
F	55-64	Unaf	N	Less 5	Morgan Hill	2	Community Parks and working with counties to widen some of our busier roads with all of the new communities being constructed. Also more Open Spaces.

F	55-64	Unaf	N	Less 5	Morgan Hill	2	Vitalization of downtown, help new businesses find space, develop vacant lots and encourage more retail and restaurants to open in old town. Development of parks lands in communities like Morgan Hill and Compass Slow down residential growth and allow town amenities and cultural to develop with the growth that occurs in last 15 years
M	55-64	Unaf	N	Less 5	Morgan Hill	2	Focus on parks and open space, control growth to keep a small town feel, strong schools

F	65+	Unaf	N	Less 5	Morgan Hill	2	1. I find your affordable housing program homes and pricing to be laughable. 2. Why hasn't one of the grocery store chains been approached to get a grocery store in the town.
F	65+	Unaf	N	Less 5	Morgan Hill	2	Morgan Hill Park, local grocery store
F	65+	Unaf	N	Less 5	Morgan Hill	2	New here. I don't know.
F	65+	Unaf	N	Less 5	Morgan Hill	2	The Town of Erie park in the Morgan Hill neighborhood is a priority. I believe the Town needs an animal control department or officers. An additional recreation or community center.
F	65+	Unaf	N	Less 5	Morgan Hill	2	We need a grocery store
F	18-34	Dem	N	Less 5	Morgan Hill	2	Housing and infrastructure are disconnected. I'm sure this was an issue in prior years, and obviously before our current town administration, but the town is outgrowing the infrastructure at an alarming pace. Namely on county roads that go through town and Hwy 52 especially. Economically we need a variety of housing, which is improving, but new developments should be halted before roads and infrastructure can keep up.

Sex	Age Range	Party	Parent	Tenure	Neighborhood	Ward	Response
F	18-34	Dem	N	Less 5	Morgan Hill	2	Please mandate stores to go plastic free- invest in clean takeaway / doggie bags for food from restaurants and REWARD clients who bring their own refillable mugs / containers. Bridge refill market deserves an award from the city of Erie. We're lucky to have Christine to inspire the community. We do need an organic grocery store, ideally Sprouts or natural grocers. We also need affordable organic markets / encouragement of zero waste stores. I love our library.
M	18-34	Dem	N	Less 5	Morgan Hill	2	Public neighborhood parks (Morgan hill), grocery stores, local bars + restaurants
F	35-44	Dem	N	Less 5	Morgan Hill	2	Over development. Too many new houses being built on precious open space that makes Erie - Erie, while resale homes sit vacant. There are hundreds of homes available for sale, yet you continue to allow developers to build new homes on open land. It's appalling. Erie is losing the charm that made it popular and it will catch up to the city. Road congestion. When this town decided to develop every open plot of land due to greed, y'all failed to create roads that sustain the amount of traffic you've created. You made this mess, now fix it.

F	45-54	Rep	N	Less 5	Morgan Hill	2	1. Getting budget/financial issues into discipline/control if not already - priority for running well into the future. 2. Parks and rec - connecting more paths and also getting neighborhood parks finished (like Morgan Hill) 3. Removing some things from the gov't sponsorship to stay neutral - for instance promoting a pride day and especially drag story time for kids. I'm all for freedom and individual means of expression. That's USA! But the town promoting this outright, especially for things for young children has gotten us way off course. Way too young to be exposed. Let it be more of an individual choice.

M	35-44	Rep	Y	11-20	Morgan Hill	2	1) Add retail and commercial business, and slow down on homes. 2) We don't need low income housing in Erie. There is plenty of low income housing in surrounding areas, and we don't need to attract the potential downsides which low income housing can sometimes bring.

Sex	Age Range	Party	Parent	Tenure	Neighborhood	Ward	Response
M	45-54	Rep	Y	11-20	Morgan Hill	2	More commercial. Restaurants and shopping.
M	55-64	Unaf	N	11-20	Morgan Hill	2	1) Developing public use spaces (parks, trails, etc) 2) Affordable housing 3) Commercial retail in middle of Erie (grocery stores, and upscale restaurants, shops, etc) vs current concentration on periphery (e.g. Hwys 7 and 287 corridors)
M	35-44	Dem	N	11-20	Morgan Hill	2	Completion of trails to new developments such as Morgan Hill to downtown and along county line road north. Continue development of a grocery store locally and more restaurant options. We have more coffee shops than restaurants.
F	65+	Dem	N	11-20	Morgan Hill	2	I'm 85, no car or vehicle, I don't know what the town should address in the next 2 or 3 years.

F	45-54	Unaf	Y	More 20	Morgan Hill	2	Connectivity. Many neighborhoods still aren't connected with walking trails. Finish parks plans for neighborhoods (compass and Morgan Hill)
F	55-64	Unaf	N	More 20	Morgan Hill	2	More open space acquisition. Complete community parks within Compass and Morgan Hill. More moderately priced housing for middle income workers and seniors in the community, purchases, not rentals.
M	65+	Rep	N	More 20	Morgan Hill	2	Reduce taxes More businesses locating in Erie Less regulations
M	18-34	Unaf	Y	6-10	Morgan Hill	2	1) The Compass and Morgan Hill neighborhood parks have now each been delayed several years from what was expected to be completed by now to each having not even started yet. Also how did the Colliers Hill park suddenly jump past the Morgan Hill park in priority? 2) There needs to be a walkway connecting the Morgan Hill and Colliers Hill neighborhoods. Nearly every day I see small children walking along the short stretch of Highway 3 between the two neighborhoods and it seems very dangerous. A several hundred yards stretch of sidewalk there would do wonders for ensuring the safety of our residents, especially the children walking in between the two neighborhoods.
F	35-44	Unaf	Y	6-10	Morgan Hill	2	Morgan Hill neighborhood park, additional fields for outdoor sports use with lights, grocery store on north end of Erie

Sex	Age Range	Party	Parent	Tenure	Neighborhood	Ward	Response
F	35-44	Unaf	Y	6-10	Morgan Hill	2	Overcrowded schools especially the high school. The roads too many vehicles too many houses being built and not enough travel routes
M	35-44	Unaf	Y	6-10	Morgan Hill	2	An additional rec center to lessen the traffic at the current one.
M	35-44	Unaf	Y	6-10	Morgan Hill	2	Growing too fast and losing small town feel. All the new neighborhoods are HOA's and everything looks the same. No parking downtown for events.
M	45-54	Unaf	Y	6-10	Morgan Hill	2	1. To much growth with out appropriate infrastructure build out. Growth needs to stop until we have infrastructure is developed to support the growth. 2. Public safety. The consolidated police dispatch doesn't serve the citizens effectively. Police avoid attending service calls preferring to handling minor calls by phone in part, because of the body camera recording policy and there is virtually no follow-up to many crimes where evidence is ignored. 3. Traffic safety. Excessive growth and poor policing and traffic safety policy is very problematic especially from the perspective of government not willing to accept and maintain public safety as a governmental responsibility.

M	18-34	Unaf	N	6-10	Morgan Hill	2	Don't build the performing and arts center. Huge upfront cost and ongoing cost no one talks about. Build parks in the neighborhoods that are scheduled like the one in Morgan Hill. That will add much more value and more people will appreciate that.
F	35-44	Unaf	N	6-10	Morgan Hill	2	1) Bike lanes 2) Park in Morgan Hill 3) grocery store (not a fancy specialty store)
F	55-64	Unaf	N	6-10	Morgan Hill	2	Property tax value for money. Tax is high but there are many needs not being addressed given the massive influx of new houses/families
M	65+	Unaf	N	6-10	Morgan Hill	2	Growth, roads/infrastructure, maintaining small tow feel

Sex	Age Range	Party	Parent	Tenure	Neighborhood	Ward	Response
F	35-44	Dem	N	6-10	Morgan Hill	2	Erie is growing faster than current infrastructure can support. While other projects (neighborhood parks, cultural events, and beautification projects) are very important to maintaining a desirable town, items of greater importance include adequate staffing of town hall, police, and fire; holding builders in the town accountable for construction quality/defects and business defects to maintain property values and encourage residents to stay, and a town growth plan that includes support of small businesses, affordable housing, and growing Old Town.
M	35-44	Dem	N	6-10	Morgan Hill	2	The Community Center is too small and fitness equipment is not sufficient for the size of Erie. Erie's special events are also underwhelming. We built this big park downtown that never gets used
M	45-54	Oth	N	6-10	Morgan Hill	2	Poor bike lane and community parks undeveloped on our neighborhood that sold us on the neighborhood
F	18-34	Unaf	Y	Less 5	Northridge	2	1. Growth is way too rapid and not mindful enough 2. Not enough bike lanes and paths connecting the town together 3. We aren't resilient enough for extreme weather events so we need more trees and pollinator habitat
F	35-44	Unaf	Y	Less 5	Northridge	2	1. Slowing down the growth of new homes. We can't keep up with traffic and school. 2. No more affordable housing. We don't have the public transit, Healthcare, or jobs to support it. 4. Build more schools
F	35-44	Unaf	Y	Less 5	Northridge	2	Outdoor pool, connecting trail to boulder/longmont, reducing housing developments so to keep Erie a small town and not overcrowded
M	35-44	Unaf	Y	Less 5	Northridge	2	Adding commercial and light industrial spaces inside Erie, road repairs all over town,
M	35-44	Unaf	Y	Less 5	Northridge	2	Lack of services such as grocery stores, hardware stores, etc. near the town center. I know there are technically 2 King Soopers in town, but they are way on the edges. For people living closer to downtown, that's not close More to do in downtown. It feels like a bunch of breweries and pubs and 1 ice cream shop.
M	35-44	Unaf	Y	Less 5	Northridge	2	We need more public spaces. Another rec center, bigger library, more open space, public facilities like a pool, etc. The current ones are great though.

M	35-44	Unaf	N	Less 5	Northridge	2	Coal creek trail is nice to head south west. It would be great if there was a walking/ biking trail to get to St Vrain Greenway/longmont. Also, a trail to head directly west to gunbarrel/ boulder. With e-bikes, longer distance commuting by bike trails is more realistic to everyone.
M	55-64	Dem	N	Less 5	Northridge	2	Grocery and other retail in the north par of the city. We really need more than Wal-greens has to offer close to old town.

F	55-64	Unaf	N	More 20	Northridge	2	We need a grocery store. They are all miles away from old town. Traffic infrastructure from old town needs improvement. The change to countyline in front of the school is quite narrow. Not sure why it was designed that way. We consider the change near Hwy 7 that routes us west also a miss. Going north/south has been a challenge for years.

F	65+	Dem	N	More 20	Northridge	2	1. Rapid housing growth without building the infrastructure to support the current population and converting dedicated open-space to build more housing. 2. Traffic patterns and enforcement of traffic laws including speeding 3. Erie needs more business growth to have a steady stream of sales tax income instead of relying on "quick cash" from building permits.

The second issue is school budgeting. This issue is important to me because I believe we should invest more in athletics. The third issue is traffic circles, and medians. This issue bothers me because the town of Erie is putting in stupid things in to make the town "more functional".

M	18-34	Unaf	Y	Less 5	Old Town Erie	2	Not making changes that do not need to happen. Scheduling all construction out of town at the same time, slowing speed limits on 2lane roads not close to neighborhoods. Every productive thing the city makes causes 5 easily solved problems if planning was in the forethought such as parking or widening roads around amenities for parking or helping the people who live here like the tick problem down coal creek, or how old town doesn't even have mailboxes, or even towing people who park in the post office so actual residents can get their EVERY DAY mail.
M	18-34	Unaf	Y	Less 5	Old Town Erie	2	Stop building so much concrete. Erie was amazing cause it felt like there were more open spaces than Broomfield, Westminster and Arvada. Now I feel like I live in a constant construction zone.

M	35-44	Unaf	Y	Less 5	Old Town Erie	2	Downtown needs the towns attention. I know we don't have any association to lobby for town resources, but it's kinda ridiculous that you'd improve all others areas, and not improve downtown (where you're trying to get everyone to spend their money). There's a ton of sidewalk issues, mainly tree roots lifting segments. No one cleans the alley entrance/exits. That's just me on my time going to do it because it's silly. Miners park statue, table, basketball hoop area should be maintained by the city because it is right off Cheeseman and y'all should want a good impression of town. Instead I do it for them, mostly because I think it's trash y'all won't help out. The lot downtown vacant next to the post office and toy store needs something, I know you can't force the owner to do something (like build) but with the water and electrical we could host food trucks (2-3) and bring more variety and more tax revenue. Not to mention rent for the owner of the land. The requirements to upgrade spaces/homes/lots abutting Coal Creek Park is too steep. Let people build and stop trying to force this lovely town into a shity city. I moved downtown because I like the vibe, the people/community, but I'm shocked at how little the town government does for downtown. You graded the alley on Pierce before town fair and NO other alleys. They look like crap, and I know because I'm going around and mowing them

M	35-44	Unaf	Y	Less 5	Old Town Erie	2	The main problem facing Erie is the fast pace of growth. Development is happening faster than residents can adjust to it. I would like to see rezoning to reduce the occupancy rates for new construction projects. Additionally, I would like to see the Town of Erie prioritize commercial development that benefits the lives of residents over choices based on maximizing profits. I was DISGUSTED when the town development personnel pulled a bait-and-switch on Bee's Thai Kitchen (the food truck attempting to purchase a plot to put a brick an mortar restaurant on Briggs, near Erie Parkway). That would have a been a family-run restaurant that would have added value to residents. We assume that the town's role in the collapse of that purchase was to extract more tax revenue from the plot for the development of some high-occupancy condos, which would not benefit residents, and would hurt the neighborhood feel of the area. An additional item I think would be massively useful to address in the next couple years (especially as additional population increases traffic) is to invest in constructing some form of pedestrian footpath over or under the intersection of Erie Parkway and County Line Road. With the new commercial spaces being built on the two west side quadrants the ability to safely cross with kids, pets, bikes, etc would be valuable (to people and businesses alike). I already see too many teenagers sprinting across Erie Parkway because there is not convenient alternative.

F	35-44	Unaf	Y	6-10	Other Neighborhood	2	Better planning of the county line road project. The work completed seems to have been poorly planned out from a lane width and number of weeds growing into the road. The work underway by Austin is creating poor visibility with multiple close calls to accidents. I would like to see the old town residential area turn to one ways or prevent parking on one side of the street. The roads don't fit two cars going in opposite directions.

F	35-44	Dem	Y	Less 5	Westerly	2	Erie is growing like crazy and I worry that the infrastructure might not be built to support it. I want to make sure we continue to have the small town feel, even if we expand in numbers. I worry our schools will become crowded or that the quality of education will go down. Some town events are busier than I think the setup is prepared for (e.g. Boo on Briggs, the holiday parade, the fireworks display). I also think our community center and fields are great, but I worry that they'll fall into disrepair with overuse but maybe not enough attention to maintain them. For example, my kid had a teeball practice last night and the water fountains weren't working. We went to the concession stand and they didn't have water bottles and they said the faucet water wasn't potable so they couldn't fill up her bottle. I assume the concession stand just ran out of bottles, but we need to make sure our water fountains are working where kids and adults are exercising.

M	45-54	Dem	Y	Less 5	Westerly	2	1. Reducing/Stopping fracking under neighborhoods 2. More retail on the east side of town (Erie Pkwy near I-25)
M	18-34	Rep	Y	Less 5	Westerly	2	1. Increase retails and commercial development by adding more restaurants, grocery stores, cafes, and shopping options. 2. Revitalize Old Town Erie by adding thoughtfully designed mixed-use buildings that include housing, restaurants, local shops and inviting green spaces. We could use more fine dining options! 3. Ensure cohesive planning between new developments by coordinating the design and layout of new neighborhoods like the Town Center, Westerly, North Westerly, North Station, and the I-25 Erie Gateway with connected trails, parks and shared community spaces and create a unified and accessible town rather than isolated pockets of development.
F	35-44	Rep	Y	Less 5	Westerly	2	Excessive high congested neighborhoods. The small town farm feel of Erie is quickly disappearing! SLC's massive slow going Westerly is ridiculous and their new filing is outrageous with the influx of mutlifamily homes. We want homes on acreage for the farm life! Erie parkway is way too congested from commuters, trash trucks speed and make a mess too close to schools! Median in westerly on chestnut is unnecessary.
M	35-44	Rep	Y	Less 5	Westerly	2	1. STOP building high density housing. We want homes on acreage to appeal to that classic small town feel. 2. Develop the infrastructure needed for all the neighborhoods that are already in flight. Widen Erie Parkway, build schools, public services.

F	18-34	Unaf	Y	Less 5	Wildrose	2	1. Business Development - Erie has built several new shopping areas over the past 5 years and filled them with the most uninteresting, repetitive businesses. It's a joke in the town that if you see a new business going up that it's probably a chiropractor, nail salon, or dentist. Now add "car shop" to the list as the town thought we needed 2 new Valvolines and an O'Reily auto parts. It's hard to want to spend your money in town when there isn't much to choose from for unique restaurants or businesses. 2. Stop the overdevelopment! The open fields and unobstructed views of the mountains are now being replaced by a sea of sad beige homes crammed together. No personality. Every available spot of land having a housing development put on it. We need THINGS TO DO here no more people. 3. End the "development first, resources second" mindset. Building all these huge neighborhoods first and forgetting about the things people need. For example we have 1 pharmacy in town, Walgreens, and they are overwhelmed. Also when the town does do improvement projects they make no sense. The road redesign on County Line in front of the schools? Unnecessarily narrow with a unidirectional bike lane? C'mon.
M	35-44	Unaf	Y	Less 5	Wildrose	2	* Water pools under the bridge on Coal Creek trail by the airport after rains. Please add some sort of drainage. * The west-side sidewalk on County Line Rd is too wide by the Elementary School, resulting in no bike lane. I bike there frequently and I *always* bike on the sidewalk instead of the road because the latter is not safe. Please shrink the sidewalk and add a bike lane.

M	35-44	Dem	Y	Less 5	Wildrose	2	Expanding downtown Erie for more restaurants and social activities from local / regional providers. Right now it's only Briggs and it's pretty limited in the things available - the same 10 restaurants. Maybe more boutiques, kids activities, outdoor stores, etc. Other issues, so much construction traffic, but we need wider roads on the flipside. More lanes. More festivals that are inclusive.
M	35-44	Dem	Y	Less 5	Wildrose	2	Fix and upgrade the infrastructure to match the population. Roads, services, community areas and functions, etc. we already can't support the current population and the town is letting builders put in more houses without shouldering the infrastructure burden! Stop the Dacono Pad! No one here wants their family subjected to toxic, cancer causing fracking byproducts and also risking the stability and structural integrity of their home.
M	35-44	Dem	Y	Less 5	Wildrose	2	Focusing on public safety, environmental sustainability, making the town connected via trails, public transportation to Denver and back via bus or rail

So many people are realizing this after moving here and are now wanting to leave because there's nothing but housing in this town. It's so boring. There is such a lack of unique businesses that keep the people of Erie shopping in Erie, and most importantly keeping the money in Erie. The infrastructure "improvements" that make no sense. E.g. The situation on county line rd in front of the schools is a prime example. We went from bad, to so much worse. F	55-64	Rep	N	11-20	Erie Airpark	3	I'm sure if I gave it more time I could think of a few things, but the first thing that comes to mind is the speeding e bikes on the bike paths. I have an e-bike but I never ride it over the posted speed limit. There are some really fast riders out there and they're going to hurt somebody. There needs to be patrolling on the bike paths. Also, I believe the growth in home count in Erie is out of control. I would like to see home building to be curtailed and more commercial revenue generating building to be encouraged.
M	65+	Rep	N	11-20	Erie Airpark	3	Airport FBO building condition and lack of hangars.

M	55-64	Unaf	N	6-10	Erie Airpark	3	1) The rapid influx of super high density housing. So many multi unit developments going up, especially on Hwy 7, is going to strain traffic and support infrastructure. Moving too quickly from semi-rural Erie to Denver-feeder Erie. 2)

F	35-44	Unaf	Y	Less 5	Erie Commons	3	A grocery store closer to Downtown Erie, maybe somewhere off Erie Parkway. Getting to the King Soopers on highway 7 is a pain because of congestion and long ways around to get there. More fast or quick food restaurants similar to the issue above. There is only a Burger King. Things like Mad greens or Panera, would be nice. Or even a Wendy's or something more. More affordable living options, besides huge houses that most people can't afford. I understand wanting to attract a certain kind of person, but it would be good to have other options. We are actually moving out of Erie at the end of the year because it's too expensive and I make a six figure income.

M	18-34	Dem	Y	Less 5	Erie Commons	3	Four Corners development
F	35-44	Dem	Y	Less 5	Erie Commons	3	1. Thoughtful Infrastructure and Development: I live in Erie Commons, where an O'Reilly Auto Parts store is being built just one block from an existing NAPA Auto Parts. I would really like to understand how decisions like this get approved. I'm not against development, but it seems there is very little strategic planning involved. This kind of decision-making leads to suburban sprawl that feels generic and uninspired. We risk losing all the unique charm that drew people here in the first place. 2. Community Investment Over Commercial Expansion: I am frustrated by the repeated use of "affordable housing" as a blanket excuse for poor planning. I would much rather see investment in the resources we already have. This includes improving the rec center, expanding trails and parks, and upgrading facilities at our public schools. Erie is unique because many families still choose to send their children to the local public schools. We should be supporting that choice by putting funding toward spaces that serve families, not more fast food chains, dental offices, or auto part stores.

F	45-54	Unaf	Y	11-20	Erie Commons	3	Traffic and growth. High density housing going in off Erie parkway, county line in two places, there is no accounting for parking and more cars on the road. And zero retail. It's as though the town is only zoned for residential.
F	45-54	Unaf	Y	11-20	Erie Commons	3	We need more diversity: economic, ethnic, racial, etc. We need more affordable and different types of housing (no more single family homes!), more jobs, better public transportation.
M	45-54	Unaf	Y	11-20	Erie Commons	3	* The Town needs to enter a detox program to cure their addiction to mill levies. * Pursue commercial, tax generating, development rather than more housing. The Town needs a solid sales tax revenue base rather than relying so heavily on building permits.
M	45-54	Unaf	Y	11-20	Erie Commons	3	1. Completion of the Four Corners project 2. Grocery store local to Erie Commons 2. Incentives to attract more restaurant options to Erie Commons

Sex	Age Range	Party	Parent	Tenure	Neighborhood	Ward	Response
M	45-54	Unaf	Y	11-20	Erie Commons	3	First and foremost is "what is going on". I think there should be a concerted effort to put information out about what is being built where, where are projects at, what is happening to road "a", when will it open back up. This has to be more than 6 layers deep in the planning page. We sh out of do something to create excitement and knowledge about what is happening in town. 2. I think the town should take an active role, with the police and the community to set some real policy on the use of electric bikes. Where to use them, how the users should equip them, etc. These motorized vehicles are being used on the streets and sidewalks and the passengers are not protected in vehicles that go that fast. I know this seems harsh but citations, requires safety training should be required. You need to do this before to get a license to drive, these should be no different.
M	45-54	Unaf	Y	11-20	Erie Commons	3	Motorized vehicles on pathways. Better planning around roadwork
M	45-54	Unaf	Y	11-20	Erie Commons	3	Reinvest in infrastructure for a town that has grown a ton and therefore is now overused - rec center, sports fields, etc. It would still be nice to buy some groceries in the heart of the town, though that's less concerning than it once was. But a Trader Joe's or similar would be amazing at Four Corners...
M	45-54	Unaf	Y	11-20	Erie Commons	3	Too much housing and not enough businesses and infrastructure to support this level of growth. Creating more business opportunities in the center of town and not the outlying areas of the town.

Most of the town staff (my son is one) cannot afford to live here. We need to do better for our young people. Affordable housing doesn't lower the value of our community, it increases it by allowing trends to return to Erie after college or trade school Bringing more retail and commercial to support our tax base. Metro districts make the property tax rate too high compared to neighboring areas. We can't continue to ask our residents to increase mil levies. We need to broaden our tax base and spread the burden.

M	35-44	Unaf	Y	6-10	Erie Commons	3	Most construction is residential, not commercial. A much better balance is needed With the new four corners the traffic/road/lights on the east side are terrible. Too many cars for the way it is designed in terms of lanes and lights. Another high school needs to be built ASAP. We're probably already 5 years behind on that schedule. The rec center is prohibitively expensive and already likely undersized for the community. The city of Erie should provide trash, recycling, and compost at a large city scale (a la Lafayette or Louisville) instead of the peace meal way it is done now with each HOA deciding.

F	55-64	Unaf	Y	6-10	Erie Commons	3	1. Growth needs to slow enough so that schools, roads and other infrastructure can develop with it. 2. A third high school needs to be placed more centrally to Erie. The new one is too close to the border if Frederick to serve familles well.

F	65+	Unaf	N	6-10	Erie Commons	3	Rampant growth that benefits developers and town administrators/politicians yet hurts current residents should be stopped. Exorbitant taxes that are draining the resources of residents should be lowered. Similarly, exorbitant business rents and taxes are hindering economic growth. The town quilt store simply couldn't handle sky high rents. The same is true for a salon in Erie that I will soon be quitting… their rent is so high that they are charging more than I can afford for mediocre haircuts. If I'm going to pay that much, I'd rather go to Boulder and get a good haircut. Te situation is being shaped to cause water shortages … too many people a place that doesn't have much in the way of natural water supplies. It's inevitable that there will be rationing.

F	65+	Unaf	N	6-10	Erie Commons	3	Slow down the growth. There are no accolades in being a fast growing city. The city services cannot keep up with the increased need from the new population. Have more open space. plan ahead for having the infrastructure Of schools and parks. Instead of trying to find a buyer for the land next to the post office, consider using that space for parking, or expanding the post office. Parking options are so limited downtown.
F	45-54	Dem	N	6-10	Erie Commons	3	The residential side of things is growing so fast, but I feel the infrastructure or new business growth isn't keeping up. We don't need any more dentists, chiropractors, or lash places - could really use a grocery store and more restaurants. Second issue is the bike path is getting a little out of control with bikes and electric bikes coming up aggressively on pedestrians. Some signs with the "rules of the path" or cameras to help monitor would be helpful.

M	55-64	Oth	Y	6-10	Other Neighborhood	3	The population explosion as it relates to traffic is a major concern. I think moving the intersection of CLR and Hwy 7 eastward through a neighborhood was boneheaded. The traffic circle going in @ CLR and Austin sending traffic into the new development there is boneheaded. The 'improvement' to CLR by the elementary school is completely illogical. Theoretically, CLR will one day be a 4-lane w/ divided turn lane all the way to Longmont; but I've seen zero provisions made to make that happen through the obvious current bottleneck from the police house to the comics station. Really? Either I've missed it or there's no forward thinkers in the planning dept. Also, it's nice to be a bedroom community, but that means high traffic loads in/outbound during work start/stop times and the roads aren't keeping up because you make 'developers pay' for their expansion. Which only the local sheep believe. Any thinking person realizes that cost is passed on to each individual new homeowner resulting in higher purchase price. Which I know is a boon to the town as it results in higher appraisal in perpetuity, thus increased property tax revenues for the town in perpetuity. But it's typical politician BS to pull the wool over the masses eyes in such a fashion, so I'm not shocked you would do that. Just proves to those thinkers among us what shysters you are.

M	65+	Unaf	N	Less 5	Vista Pointe	3	1) Rapid pace of growth, especially in higher density housing. The small-town feel and open spaces was something that really attracted us to Erie over some of the surrounding communities. However, since moving here in October 2022, we have been a little dismayed to see numerous residential housing projects being developed/built off 119th, Erie Parkway, Hwy 7, Sheridan Pkwy and County Rd 5. Does the city have a master plan/target for population size? 2) Roads. As the development continues, traffic becomes denser and many of the two-lane roads are going to need widening in the near future. The diversion of traffic from E County Line Rd and CO-7 has increased traffic on Vista Parkway noticeably. While not directly a responsibility of Erie per se, the poor roadbed condition of CO-7 between I-25 and Lowell/Bonanza is long overdue for renovation. We've seen the signage for road work on CO-7 near the I-25 interchange from Mar 25 - Jul 26, but is this work going to include improvements/repairs on the entire aforementioned section? 3) Rainy Day Fund. Although relatively new to Erie, we learned of the development of a Rainy Day Fund during Mayor Moore's previous tenure and the subsequent depletion recently to pay for some large projects like the Town Hall addition/renovation. I think it is important to earmark a portion of revenues over the next few years to rebuild the Rainy Day Fund and provide limits on how these funds can be spent.

F	35-44	Unaf	N	11-20	Vista Pointe	3	1) Traffic/Streets/Flow. CR1 reroute has been a mess going through Parkdale now. It's made Vista Ridge a constant speedway. Stupid, stupid waist of money.
F	55-64	Rep	N	11-20	Vista Pointe	3	Erie is growing faster than it's infrastructure. This has driven traffic through the neighborhoods, which is undesirable the road pass. The garbage facility should be reopened. This would alleviate some of the traffic going through Vista Ridge and Vista point.

Road improvements - and the new roundabout being built on County Line Road seems like a huge waste of funds for little to no improved traffic flow. Additional free outdoor pickleball courts - PB is the fastest growing support and Erie could use more.
M	65+	Rep	N	11-20	Vista Pointe	3	Mostly failure to think ahead on road projects i.e. rerouting Country Line between Arapaho and Hwy 7, instead of widening Countyline thru town making it too narrow for firetruck roundabout on Austin and Cou byline. This just involving Countryline

Work needs to be done at the intersection of county line and Hwy 52. I'm also concerned about the huge development on Hwy 52 and how the town will address traffic on Hwy 52. Water bill. The fees on the water bill are higher than the pure cost of water in other towns. The increased demand due to the continuous development of homes is putting pressure on the rest of us and decreasing the quality of water. When I first lived in Erie in 2000, the water was some of the best, now it tastes like pond water and chemicals.

Briggs street is not large enough to accommodate the recent residential growth we've seen, and yet housing is still going in first at the Erie Town Center. More staple annual events to that are unique to the surrounding area to draw in outside interest and set us apart from Layfayette and Louisville. A Labor Day weekend Octoberfest or an early December Christmas market, for example. Some planned and unique express transit between the finished Erie town center and Briggs street. An "Erie Trolley" is an idea but might be a little gimmicky, but could be workshopped.

F	35-44	Unaf	Y	6-10	Vista Pointe	3	County line road over in old town is a mess. The streets are narrow and the median takes up a lot of space that could provide another lane. County line should also go all the way through to highway 7 for large trucks. Due to all the construction that happened all at once in every point of entry into Erie a few years back, vista parkway has now become a main road that large semi trucks take frequently. We should not be so focused on affordable housing. Commercial development would be a better focus.

M	18-34	Unaf	Y	Less 5	Vista Ridge Master HOA	3	Erie is amazing! The trails, the playgrounds, the parks, downtown, the library and community center, all amazing! I am happy to brag about raising a family in such an ideal town. Whoever is running things, keep up the good work! Haha 1) Residents of Erie should have easier acess to the landfill as it is in our backyard. It is terribly frustrating to look at the dump, smell the dump, and deal with the dump traffic daily and the cheapest trip to remove some large household items cost almost $200. I know there are dump day 2 times a year where it is free to residents but notification is hard to find and this is not frequent enough. The Erie recycling center is an amazing resource! 2) More enforcement and signage about rules on trails would be nice to see. Lots of off leash dogs and people not picking up pet waste. The e-bikes can be scary too. I believe there is a 15 mph speed limit on the paths but I have never seen a sign that says that. I have seen large e-bikes traveling much faster than that. It could be very bad if there was ever an accident. 3) Start selling beer at the splash pad hahaha

Safe Paths for All Build more connected, protected paths for walking, biking, hiking, and kids. Active transportation should be safe, easy, and inviting. 3. Protect Open Land Say no to sprawl. Preserve Erie's open space and small-town character. We don't need to become Broomfield.

F	18-34	Rep	Y	Less 5	Vista Ridge Master HOA	3	One of the top issues Erie should address is the continued closure of County Line Road. This closure has significantly increased traffic through the Vista Ridge neighborhood, creating safety concerns and congestion on residential streets. As a result, traffic-calming measures are urgently needed in Vista Ridge, including more signage, speed bumps, and better enforcement of stop sign violations and speed limits. These changes would help improve safety for families and reduce the burden caused by the detour traffic.
F	18-34	Rep	Y	Less 5	Vista Ridge Master HOA	3	The overdevelopment of Erie. We need less housing development and more retail We didn't need a roundabout on County line and Austin. We need to fix the potholes in the shopping center on Briggs and Erie Parkway

M	18-34	Rep	Y	Less 5	Vista Ridge Master HOA	3	I think the town of Erie should focus on infrastructure, continued expansion of the town's residential and commercial and small business spaces to build its tax revenues, and on drawing more kid friendly activity / recreational businesses in (e.g. movie theater, arcade)

There are so many new apartments, and condos which are "modern" but is not only unattractive but will impact the environment negatively. The town is growing so quickly and infrastructure cannot keep up. 4- Property taxes are out of control. I am not opposed to paying higher taxes for school budgets, after school programs, and improving roads, police and fire, but property taxes are out of control. Already, housing is far too costly, especially for seniors on fixed incomes and the middle/lower classes.

F	45-54	Unaf	Y	11-20	Vista Ridge Master HOA	3	Flashing pedestrian signs and speed bumps are needed to slow down traffic on Vista Parkway and mountain view as well as Sheridan north of highway 7. Those areas have become major throwaways, and people go well over the speed limit. There needs to be age and speed regulation for electric bikes on walking paths and sidewalks. There is going to several accidents with the increased number of kids on motor vehicles that do not understand or care about the need to move over, wait for red lights, stop signs, yielding to people walking. There should be regulations on wearing helmets and number of passengers on electric bikes as well.
F	45-54	Unaf	Y	11-20	Vista Ridge Master HOA	3	Infrastructure matching residential growth, reopening County Line or better access (with signage) encouraging easy access to downtown that does not require going through neighborhoods from main roads, more stop lights or electronic equipment at more heavily traveled intersections and crosswalks- matching the population growth.

F	45-54	Unaf	Y	11-20	Vista Ridge Master HOA	3	The growth alone and traffic has been awful. Multi- family home development being built in and around area is not conducive to our economic development and has become a burden.
F	45-54	Unaf	Y	11-20	Vista Ridge Master HOA	3	The growth in our town seems to have and continues to be quickly growing, which has led to a lot more traffic and congestion, an incredibly overcrowded high school, and the loss of green space. We chose Erie many years ago because it was the furthest thing from being part of a Highlands Ranch type overcrowded community. We love the small town feel, appreciate the opportunities for growth and progress, but it feels like every inch of the town is being built on right now. On a smaller sidenote, the number of electric bikes and scooters with kids, not following rules and flying through streets is nerve-racking. Maybe the town can offer a "driver's course" for all these kids that are flying through streets without helmets zipping in front of cars illegally.

An additional rec center/pool Complex as the groeth of the town has exceeded what was originally built when we moved here in 2008. Better road infustructure and design around school and access entering/exiting town. Erie high/soaring high parking is a mess. I stalking a roundabout at Austin and County Line seems like a recipe for more car/pedestrian accidents as well as traffic backups during rush-hour. The change to the south end of county line with the addition of neighborhoods is a really inconvenient change to a high use access point to get in/out of the south end of town.

F	65+	Dem	N	11-20	Vista Ridge Master HOA	3	The community center sees lots of action and is a center of activity in Erie. I would prioritize enlarging it , adding more places/ spaces for the community to gather. It is a heart for the city. A small grocery at County Line and Erie parkway has been talked about for too long and has not materialized. Our small downtown needs to support small businesses...not service business like dentists and insurance agencies. How about more small storefronts?

F	45-54	Rep	N	11-20	Vista Ridge Master HOA	3	Ensuring that new development actually meets the needs of residents as opposed to just generating revenue should be a top priority. For example, Erie has more dentists per capita than seemingly any town I've ever been to, but our family still has to drive all the way to Boulder to see a really good one. We also have more fast food places (although not the good ones!) than are good for anybody. More development brings more people, which, if not done carefully brings negative consequences for the people who live here. Speaking of increased traffic, another priority we would like to see focused on is the careful review of road/traffic projects that have been done or are planned. As one example, the redo of County Line Road going into downtown is a complete disaster. I have no idea who planned a project to take up half of that already narrow roadway with planter islands and bike lanes, but I dread to see what that will be like to drive on when there is a car broken down, an emergency, a storm, etc. That project was clearly done to fit someone's unrealistic pipe dream of what a road could be, versus a project that would actually provide a functioning road in the real world. And I'm sure it cost the town a pretty penny to boot.

M	45-54	Unaf	Y	More 20	Vista Ridge Master HOA	3	1. Actually start to limit growth, be intentional about it for the long term health of the town, not just quick gain. 2. Healthy initiatives, like limit vertical height, for views, limit noise pollution, xeriscape, make the town Dark Sky certified through the Intl. Dark Sky Association, limit LED and undirected lights, strongly consider offering fluoride free water, create as much usable open space as possible while still available. Erie could be a model town of health for its citizens and the natural world. 3. Fiscal responsibility. Transparency. Debt free. Reduce taxes to only minimum required for high quality, offer refunds for overages. 4. Fix the roads and road designs. Hwy 7 is atrocious. Make it 2 full lanes each direction, full turn lanes each way, no merging and lane swapping. It's terrible.

Also, keeping the homeless encampments that Boulder has from moving into Erie should continue along with no camping in vehicles. While I usually vote against tax increases, I did vote for the bond issue a few years ago to support the recently built police station, so law enforcement is a key issue for me. I think it's time to stop new permits for multi-family housing. It is outpacing single family homes. F	35-44	Unaf	Y	6-10	Vista Ridge Master HOA	3	Erie needs to preserve open space and ensure agriculture is still predominant in Erie. The significant growth that's happening rapidly with the communities and homes being built is creating increased crime, traffic delays and poor quality of community events. Erie needs to invest in more open space, parks and slow the development of homes and shift their development towards commercial business development, expansion of outdoor amenities such as soccer fields, parks, and improvements to the community center. Erie also needs to address road conditions and improve traffic infrastructure.

F	35-44	Unaf	Y	6-10	Vista Ridge Master HOA	3	growing faster than the services and roads can keep up and this needs to be addressed. The closing of County Line Rd has been horrible. I rarely used it, but I'm a Vista Ridge resident, and the traffic increase and speeding through Vista Parkway and Mountain View is out of control, and the city doesn't seem to care when residents call to complain. We're just being told it meets standards. We need better cross walks, particularly on Vista Parkway where it's 4 lanes. I've almost been hit three times crossing at the community center and by Ironwood Way/Eagle Way. People just don't stop when they should. I've also had cars pass in the lane behind me with my little kids when I'm still in the walkway. Calling the police department and complaining has not increased a police presence in this area. Turning left out of Ironwood Way onto Vista Parkway is very difficult and often dangerous because of cars speeding around the curves. By the time you pull across the first two sets of lanes, cars come flying around the curve to the south that you couldn't see before. Speeding is a major issue.; Build a new street to take traffic out of Erie to Hwy 7 so city traffic and trucks are not going through the middle of a once quiet neighborhood, or make intensives for people to use Monroe St to Coal Creek Blvd instead (like ticketing everyone who speeds through Vista Parkway!), which we've been told was intended to replace County Line Rd. Our curvy streets are no longer stopping people because they just speed through it, but maybe if police were regularly setup ticketing people speeding, it would make them use the more direct route through Coal Creek as intended. Another intensive to keep people from cutting through Vista Ridge and would keep our kids safer is to create safer walking paths in Vista Parkway for Black Rock Elementary School kids. It's not safe for them to walk themselves if they have to

The growth is here and still coming, embrace it. I'd rather it stay smaller as well, but it's not going to stay - actually plan for the future. 2. NO outdoor pool, that is such a waste of tax dollars. - I've heard the mayor say the town wants this, but have never seen his answer when asked what data supports that. 3. As the town grows, congestion is getting worse. I think we can improve the flow of traffic on County road 5 with a more appropriate speed limit and better timing on the stop lights. 35 mph, is too slow and the stop lights by the high school and soaring heights are poorly timed and impede traffic too frequently at all hours of the day (even after midnight).
M	35-44	Unaf	Y	6-10	Vista Ridge Master HOA	3	Stop with the high density housing. We don't want Erie to turn into northglenn. Stop with the chain fast food. First, I'm concerned about the excessive rate of growth in the area, and whether we have the resources and infrastructure to support the extremely rapid expansion and growth. I also have environmental concerns. The prairie dog fields are being systematically wiped out. These animals are keystone species. They support a number of other animals (example, the black footed ferrets who have come back from near extinction, twice!) Prairie dogs provide burrows for multiple species. Wiping them out has a detrimental effect on the bird population, coyote and foxes, as well as a number of reptile species that all feed on prairie dogs. Wiping them out will have a devastating effect all the way up the chain.

M	65+	Dem	N	Less 5	Canyon Creek	1	The question is confusing since it's unclear if it refers to the current or prior council. I believe the town was moving in the right direction under the prior council, but not currently. The tone is dismissive of current residents' concerns if not in alignment with the mayor's and his conservative voting block. Erie is a diverse community and we need to celebrate that while welcoming new residents and preparing appropriately for the expanded population. An outdoor aquatic center or ampitheater have limited use while an indoor performing arts center can be utilized by residents young and old. Erie is a live muisc desert. Town staff, first responders, teachers and others should be able to live where they work. We need diversity in many aspects of community.

F	55-64	Dem	N	11-20	Canyon Creek	1	The population is becoming too dense, and the traffic is getting worse
F	65+	Dem	N	11-20	Canyon Creek	1	The development of new businesses keeping pace with new housing means more jobs for residents close to home.
M	45-54	Unaf	N	More 20	Canyon Creek	1	The town is obviously growing. We have more restaurants and a blossoming downtown area and the new downtown are looks promising. The addition of Allo has also been welcome to provide some competition.
F	55-64	Unaf	N	More 20	Canyon Creek	1	More restaurants and grocery stores coming to town is a good thing. Happy to see more commercial businesses on the corner of Erie Pky. and County Line Rd.

M	45-54	Dem	N	More 20	Canyon Creek	1	Town is growing. Town center is progressing. Mildly concerned about all growth but it is all planned so I get it will overlap at times
M	65+	Dem	N	More 20	Canyon Creek	1	The town is growing fast
M	65+	Rep	N	More 20	Canyon Creek	1	Erie personal s a teenage town that is not 100 percent sure what it wants to be when it grows up. Quality will be key.
F	35-44	Unaf	Y	6-10	Canyon Creek	1	Improved trails and parks
F	35-44	Unaf	Y	6-10	Canyon Creek	1	In their sustainability goals
F	35-44	Unaf	Y	6-10	Canyon Creek	1	Overall I feel safe here. The bike paths are well maintained, the schools are strong, and we love our neighbors.
M	35-44	Unaf	Y	6-10	Canyon Creek	1	I see the construction of biking infrastructure, I like the roundabout idea, the rec center is an amazing resource, the tree and de-lawning programs are way cool, and I've only ever had good interactions with town employees.
F	35-44	Dem	Y	6-10	Canyon Creek	1	I see more bike lanes were built Roundabouts seem to be the right choice for several spots
F	35-44	Dem	Y	6-10	Canyon Creek	1	Multi-use pathes, new parks, community events, housing developments at different income levels
M	35-44	Dem	Y	6-10	Canyon Creek	1	I love the community amenities ie the rec center, library, and open spaces. I like the construction of new commercial use at the corner of county line and Erie parkway. I love the charm of Old Town, however I'm concerned that new buildings rather than the preservation of existing buildings will ruin that charm.
F	45-54	Dem	Y	6-10	Canyon Creek	1	All seems ok, nice town.
M	35-44	Rep	Y	6-10	Canyon Creek	1	Recent projects for the town but uncertainty in what is actually being built. So far a ton of cookie cutter homes but zero business
F	35-44	Unaf	N	6-10	Canyon Creek	1	Feeling of town attempting to keep up with growth
M	65+	Unaf	N	6-10	Canyon Creek	1	Healthy growth, good infrastructure
F	55-64	Dem	N	6-10	Canyon Creek	1	I enjoy the small town feel of Erie and all the community focused events.
M	65+	Dem	N	6-10	Canyon Creek	1	Planning but building is a problem

F	18-34	Unaf	Y	Less 5	Canyon Creek South II	1	I've seen improvements since I've left here for the last 2 and a 1/2 years. Such as a slightly, more accessible grocery store off highway, two eighty seven, and lots of new businesses moving in around that corner as well as the eerie four corners that's being built up. I've been really pleased with the rec center in and availability of so many parks and trails
M	35-44	Unaf	Y	Less 5	Canyon Creek South II	1	Erie is building homes. It's not affordable, but neither is this area. That's simply the reality. The only realistic way to address "affordability" is to build more housing at market prices. Rent control ("affordable housing") does not work. So Erie is on the right path because it's at least building homes.
M	35-44	Unaf	Y	Less 5	Canyon Creek South II	1	Very family oriented and town activities are tailored towards that.
M	45-54	Unaf	Y	Less 5	Canyon Creek South II	1	Im sure it is tough to deal with our amount of growth but it seems to be going okay
M	45-54	Unaf	Y	Less 5	Canyon Creek South II	1	Plans for community gathering spaces are starting to come together. We still feel like a close knit community.
M	35-44	Dem	Y	Less 5	Canyon Creek South II	1	Civic engagement and preference for local small business. Would prefer even more emphasis on sustainability and eco friendly policies.
F	35-44	Unaf	N	Less 5	Canyon Creek South II	1	Roads are improving, new businesses are moving in and expanding.
F	45-54	Unaf	N	Less 5	Canyon Creek South II	1	City seems to be pretty proactive with traffic and growth issues.
F	18-34	Dem	N	Less 5	Canyon Creek South II	1	Active work to engage the growing community culturally, affordable housing, recreation, transit, etc.
F	18-34	Dem	N	Less 5	Canyon Creek South II	1	Lots of bike paths. Open space. Rec center maintenance
M	18-34	Dem	N	Less 5	Canyon Creek South II	1	More housing, new downtown (hopefully local shops), great connected bike trails between neighborhoods.
M	35-44	Dem	N	Less 5	Canyon Creek South II	1	Public spaces are adjusting for growth, in general the history of Erie is staying intact.
F	55-64	Dem	N	Less 5	Canyon Creek South II	1	Good master planning so gar
M	35-44	Unaf	Y	11-20	Canyon Creek South II	1	Strong and thoughtful Mayor and Board, aligned with community values
F	45-54	Unaf	Y	11-20	Canyon Creek South II	1	More housing options Increased small businesses
F	45-54	Unaf	Y	11-20	Canyon Creek South II	1	We know that many other things we care about are being talked about and addressed by the town. Obviously not everyone agrees, but we appreciate that opinions are being considered.

F	45-54	Dem	Y	11-20	Canyon Creek South II	1	I think it is a desirable place to live with bustling downtown, great rec center, safe place for kids to walk and ride around
M	45-54	Dem	Y	11-20	Canyon Creek South II	1	Growth is not a bad problem to have, it's a booming community full of potential that people want to live in.
F	45-54	Unaf	N	11-20	Canyon Creek South II	1	Many community events
M	55-64	Unaf	N	11-20	Canyon Creek South II	1	Community doesn't feel very divided imho.
M	65+	Unaf	N	11-20	Canyon Creek South II	1	I think the Town is growing in population too quickly and that housing density is increasing too fast. However, I do think the Town is doing a better job of addressing economic development issues.
F	45-54	Dem	N	11-20	Canyon Creek South II	1	Mostly, things are good. We worry about the explosion of new housing with few comparative businesses and services, but are hopeful for business growth, as well. Again, we really need a local grocery store and public transportation, especially with the high number of kids and schools now.
M	45-54	Dem	N	11-20	Canyon Creek South II	1	Erie is aligned with my own personal values of quality outdoor space and amenities. The policy of incorporating a required % of green space into each new development has been a good for the community.
M	55-64	Rep	N	11-20	Canyon Creek South II	1	Roads seem to be in good shape. Common area like grass and Thomas Reservoir seem to be well maintained.
F	35-44	Oth	N	11-20	Canyon Creek South II	1	We have increased our police force, as well as fire stations. Planning the new town center with a grocery store is a great idea.
F	45-54	Unaf	Y	More 20	Canyon Creek South II	1	The town of Erie started building infrastructure. Before, it was just a place to sleep.
M	55-64	Rep	Y	More 20	Canyon Creek South II	1	Property values going up good stuff city has fun events and could use Costco whole foods that would be awesome
F	45-54	Unaf	N	More 20	Canyon Creek South II	1	They are going the right direction but incredibly slowly. We need more walkable independent services, shopping and restaurants. More outdoor dining options.
M	65+	Dem	N	More 20	Canyon Creek South II	1	Seems that Aries is taking a lot of responsibilities. I believe we have a safe place and it's a good place for family.
M	35-44	Unaf	Y	6-10	Canyon Creek South II	1	More attainable housing is being built, and some much needed retail options are being developed including a grocery store

Sex	Age Range	Party	Parent	Tenure	Neighborhood	Ward	Response
M	35-44	Unaf	Y	6-10	Canyon Creek South II	1	The town is already working on expanding a lot of roadways centrally. Also, in really excited for the development on county line for some additional services and restaurants!
M	45-54	Unaf	Y	6-10	Canyon Creek South II	1	Transparency, pathway to a prosperity
F	35-44	Dem	Y	6-10	Canyon Creek South II	1	I appreciate community based efforts for bringing people together including events supporting Juneteenth and pride month.
F	35-44	Dem	Y	6-10	Canyon Creek South II	1	I think Erie is doing a great job being inclusive of many different people. I'm always impressed with what the park rec has as options and how relatively transparent the Erie PD is about what is Happening in Erie.
F	35-44	Dem	Y	6-10	Canyon Creek South II	1	Lots of great events, inclusive
F	35-44	Dem	Y	6-10	Canyon Creek South II	1	Working on more public transportation and building a town center that will hopefully bring teen/family play centers.
M	35-44	Dem	Y	6-10	Canyon Creek South II	1	Overall things are great, new retail and entertainment spaces downtown are good. Allo fiber is nice to see as well. I do worry that all the new homes will cause too much traffic.
M	35-44	Dem	Y	6-10	Canyon Creek South II	1	Repairing roads, developing new land into community-based areas. I don't agree with high density housing and what comes with it, but the development could be good if done correctly. NO MORE CHAIN RESTAURANTS AND BUSINESSES.
F	45-54	Dem	Y	6-10	Canyon Creek South II	1	It looks like we are getting more retail development, including grocery stores, along with multi-family and affordable housing which I support.
F	55-64	Unaf	N	6-10	Canyon Creek South II	1	The communities are nice and small town. Ideas for development seem to be interesting.
F	35-44	Unaf	Y	Less 5	Compass	1	The town shows benefits of both small and large cities, including hosting diverse community events and making way for lots of growth on the horizon. Continuing services to support the growth, particularly for families, is crucial.
F	45-54	Unaf	Y	Less 5	Compass	1	More development happening
F	18-34	Dem	Y	Less 5	Compass	1	Plans for new parks, grocery, etc. will help with expansion as long as the project dates don't push out
M	35-44	Dem	Y	Less 5	Compass	1	Development of community amenities

M	35-44	Dem	Y	Less 5	Compass	1	Diversity seems to be important, as well as improving the overall economy of the town and building more affordable housing not just huge houses, Improvements in walking, biking, paths, community events.
M	35-44	Dem	Y	Less 5	Compass	1	Visible progress and good communication from the city.
F	55-64	Dem	Y	Less 5	Compass	1	Because the town is trying as best they can to adapt to the growth they are having
F	55-64	Dem	Y	Less 5	Compass	1	I like the vibe of downtown Erie
F	18-34	Rep	Y	Less 5	Compass	1	There are a lot of family friendly places, some parts of Erie are walk/bike accessible although could improve
M	35-44	Rep	Y	Less 5	Compass	1	Obvious the town takes good care of their parks and we're grateful!!
M	35-44	Rep	Y	Less 5	Compass	1	The towns a nice place to live.
F	18-34	Unaf	N	Less 5	Compass	1	I like to see the many improvements to the town, but I do worry that we are growing too quickly to properly manage.
M	18-34	Unaf	N	Less 5	Compass	1	I think the town is doing the right things in wanting more things to better the life of Erie residents but it has to continue with more fast casual and a grocery store. Also developing parks that were supposed to be developed need to happen.
M	18-34	Unaf	N	Less 5	Compass	1	We seem to be thinking about how to make quality of life good here and making steadfast progress towards those goals.
F	55-64	Unaf	N	Less 5	Compass	1	Homes and a cute little downtown
F	55-64	Unaf	N	Less 5	Compass	1	Liked the improvements done thus far

M	18-34	Dem	N	Less 5	Compass	1	Clean and safe. Nice community center. Nice city center.
F	35-44	Dem	N	Less 5	Compass	1	I moved here from Denver somewhat begrudgingly and I now love Erie. It is beautiful here, friendly, good library and police, open spaces, clean.
M	35-44	Dem	N	Less 5	Compass	1	A lot of good development and infrastructure improvements
M	35-44	Dem	N	Less 5	Compass	1	Development seems to be good and balanced.

Sex	Age Range	Party	Parent	Tenure	Neighborhood	Ward	Response
F	55-64	Dem	N	Less 5	Compass	1	Changes are made relatively quickly, proactive request for community input, effective communications to keep community engaged, and active police presence.
F	55-64	Dem	N	Less 5	Compass	1	The Mayor agreed to start funding for the Compass park and we've been waiting 10 years, so great direction with that. I'm not sure what else is in the works right now.
F	55-64	Dem	N	Less 5	Compass	1	There's a lot of growth in population. Just would love to see more development of stores, restaurants, and other services (retail). I don't have a strong opinion of why I feel that it's going in the right direction. Just doesn't feel "wrong" - so those were the two choices! Love the community center, library, and clean, safe feeling of the town.
F	65+	Dem	N	Less 5	Compass	1	The town is overall clean, the many parks for children is a wonderful thing and the kids summer camps at Erie Rec seem to be well attended.
F	55-64	Rep	N	Less 5	Compass	1	We have a rec center that provides a lot of different things for people of all ages. We have bike trail although the Compass neighborhood needs to be better connected somehow.We have dog parks, Farmers Market days, and a Hot Air Balloon festival. We do miss the miss the down town fair afterwards that we went to the first and maybe second year we were here though.
M	55-64	Rep	N	Less 5	Compass	1	Pace of growth
M	35-44	Unaf	Y	11-20	Compass	1	Good town, although concerned with all of the apartments coming in
F	35-44	Dem	Y	11-20	Compass	1	The development of Parkdale and the town center will bring great amenities to the town; recreation is doing great; business are growing; fracked wells getting removing in Boulder County (and Parkdale proposed to remove more than they are required to)
M	45-54	Dem	Y	11-20	Compass	1	Good ppl
F	45-54	Dem	N	More 20	Compass	1	The town is thriving.

F	35-44	Unaf	Y	6-10	Compass	1	New board is helping to fix the problems and not place blame on the last board even though the last board created problems for the new board to fix.
M	35-44	Unaf	Y	6-10	Compass	1	Erie is balancing rapid residential growth with smart commercial development. I'll be interested to see how the town continues to meet the increased demands on the town as the population surges (e.g. how we will mature our road infrastructure as cars continue to fill our community)
M	35-44	Unaf	Y	6-10	Compass	1	Good growth, good consideration of amenities for children and families.
F	45-54	Unaf	Y	6-10	Compass	1	I enjoy this town, I see improvements (though traffic road decisions are confounding), and I think the town cares about the citizens

People are kind and thoughtful and helpful. I have found our towns administrators and elected representatives to be engaged and responsive to our interests and concerns. Surveys like this one are wonderful tools to help gather input and offer insights into what residents want from our town and for our town

I think the addition of the New Town Center being built will bring more Commerce to town and if Erie can keep up with the infrastructure improvements, and stay ahead of the Curve it's going to be a very popular town, well I guess it already is.
M	55-64	Unaf	N	More 20	Erie Highlands	1	Great place to live; low crime; low traffic
M	18-34	Unaf	Y	Less 5	Flatiron Meadows	1	Normal growing pains and challenges for a town of it's size
F	35-44	Unaf	Y	Less 5	Flatiron Meadows	1	It’s safe, clean, and a great place to raise a family
M	35-44	Unaf	Y	Less 5	Flatiron Meadows	1	I like that we have many community activities, there has been a big population expansion but it is filled with diverse people looking for a family friendly community. Roads and other public works are being updated. Our town is allowing local businesses to flourish and chains/corporations are in areas outside of the heart of the town. It’s nice to easily get to a grocery store/fast food restaurant but also nice to easily get to local establishments and a quaint downtown area

F	45-54	Unaf	Y	Less 5	Flatiron Meadows	1	Great recreation areas and park, New restaurants, Still a nice community feel
F	45-54	Unaf	Y	Less 5	Flatiron Meadows	1	Town involvement in having enjoyable and livable spaces
F	18-34	Dem	Y	Less 5	Flatiron Meadows	1	Love living here and all the town has to offer
F	35-44	Dem	Y	Less 5	Flatiron Meadows	1	I enjoy living in Erie, I love the rec center in particular. I love all the green, the wide and safe streets, the community feel. Parks and trails are great and so important.
F	35-44	Dem	Y	Less 5	Flatiron Meadows	1	I think the town center project is a good idea to bring additional commercial mix and community uses . I also like some of the towns other projects like the maker space and incubator for diverse small business
F	35-44	Dem	Y	Less 5	Flatiron Meadows	1	Many positive things about Erie! Coal creek park is beautiful and shows Erie values families, children, and community.
M	35-44	Dem	Y	Less 5	Flatiron Meadows	1	Erie is a great town that as long as it plans appropriately for the population growth will continue to be a great place to live.
M	35-44	Dem	Y	Less 5	Flatiron Meadows	1	Family friendly community events
M	35-44	Dem	Y	Less 5	Flatiron Meadows	1	I love the planning and foresight, especially with the consideration towards sustainability. I think the town leadership is considering the right things and acting on them. It's a great community to be a part of.
M	35-44	Dem	Y	Less 5	Flatiron Meadows	1	Love the splash pad and park in downtown. Town events are nice especially the Building Better Neighbors events. It's clean, safe.
F	45-54	Dem	Y	Less 5	Flatiron Meadows	1	It's a pleasant place to live, the leadership seems interested in sustainability
F	45-54	Dem	Y	Less 5	Flatiron Meadows	1	The town center is flushing, the community feels safe and the parks and pathways are clean and usable.
F	45-54	Dem	Y	Less 5	Flatiron Meadows	1	Wonderful parks and trails, thoughtful development, cute downtown with personality, town employees who care, outreach efforts like this survey
M	45-54	Dem	Y	Less 5	Flatiron Meadows	1	Continued emphasis on walkable and bikeable areas help keep the town feeling smaller. I wouldn't want to have to get in the car every time I leave the house. And wouldn't want to have to drive my bike out of town just to go for a bike ride.

F	35-44	Unaf	N	Less 5	Flatiron Meadows	1	Conscious efforts to collect and respond to resident feedback
F	35-44	Unaf	N	Less 5	Flatiron Meadows	1	I believe that the town is growing and has tax revenue to turn into an awesome place. The town prioritizes recreation.
F	55-64	Unaf	N	Less 5	Flatiron Meadows	1	Trying to keep the small town feeling with the growth happening. We have one of the best community centers for all ages I've ever experienced! The farmers market, the restaurants, the paths, all great amenities!
M	55-64	Unaf	N	Less 5	Flatiron Meadows	1	This survey is a good example of why things are going well. I also believe we need to embrace growth and welcome newcomers.
F	65+	Unaf	N	Less 5	Flatiron Meadows	1	Public services seem good, both older and newer areas of town seem sound
M	65+	Unaf	N	Less 5	Flatiron Meadows	1	I appreciate the emphasis on sustainable development. The town is growing but the growth needs to support the historic downtown, provide open and recreational spaces, and preserve as much of a town feel as possible. The recent Coal Creek restoration, maker space, garden tour, balloon festival, and downtown park/splash pad initiatives give our town character and distinction that every town needs.
M	65+	Unaf	N	Less 5	Flatiron Meadows	1	I see public maintenance regularly and a growth boom
M	18-34	Dem	N	Less 5	Flatiron Meadows	1	Generally moving towards more community focused initiatives.
F	45-54	Dem	N	Less 5	Flatiron Meadows	1	It's a great community and with a responsible growth plan in place, we are and will be the most desired in the state! Good for prop values and overall satisfaction.
M	45-54	Dem	N	Less 5	Flatiron Meadows	1	I like the open spaces, parks and trails. Downtown farmers market is fun
M	65+	Dem	N	Less 5	Flatiron Meadows	1	Rapid business and residential growth while preserving lock history.
M	35-44	Rep	N	Less 5	Flatiron Meadows	1	Roads and infrastructure and safety are all very good
F	65+	NR	N	Less 5	Flatiron Meadows	1	It is a great place to live, they just need to enforce some of their regulations

M	35-44	Unaf	Y	11-20	Flatiron Meadows	1	I see growth in the community apart from residential construction. Things here fit my life. There are dentists, vision centers, childrens day care, schools, urgent care, emergency center, banks I use nearby in lafayette, fun activity places for the kids like splash pad, library, community center and parks. Places to go grocery shopping is relatively nearby too. I wish there were more restaurants to order food and other things to do in the winter but I've been here over 10 years. I would appreciate more plans to build cultural places to welcome the diverse backgrounds of residents.
M	35-44	Unaf	Y	11-20	Flatiron Meadows	1	It's a desirable town following a similar growth of Broomfield since becoming its own county. Public focus has increased, but development expertise still seems an area the town and its board lack expertise in.
M	35-44	Unaf	Y	11-20	Flatiron Meadows	1	My guess is usually once people are in town, they'd like development to slow down a bit. The rec center and library are amazing. We'd love to see more parks and tennis courts.
F	45-54	Unaf	Y	11-20	Flatiron Meadows	1	The upcoming additional retail space esp the grocery store plans
M	45-54	Unaf	Y	11-20	Flatiron Meadows	1	I think we are growing and have a plan for the growth. We need to incorporate more diverse businesses but stil feel that we are headed in the right direction.
M	45-54	Unaf	Y	11-20	Flatiron Meadows	1	The development of the new town center looks promising
F	45-54	Dem	Y	11-20	Flatiron Meadows	1	Community events have been great. Appreciate police presence and their actions to reduce crime and solve cases.

F	65+	Dem	N	11-20	Flatiron Meadows	1	Community involvement opportunities are great, environmental thought and planning of ongoing importance
M	65+	Dem	N	11-20	Flatiron Meadows	1	Improvement in downtown. Plentiful open space and trails. Responsive town council and staff
M	65+	Dem	N	11-20	Flatiron Meadows	1	We have been working towards helping people in the Town. Unfortunately there has been some movement away from these priorities since the last election, which I fear will cause harm to the character and reputation of Erie.
F	65+	Rep	N	11-20	Flatiron Meadows	1	Very desirable area in general Plenty of public parks
M	65+	Unaf	N	More 20	Flatiron Meadows	1	The development is needed, but there is not enough coordination and vision between all the projects, more consideration should be made for the livability of the entire town, not just individual developments. We need more boutique and smaller commercial, like a trader Joe's, sprouts, or whole foods
M	55-64	Rep	N	More 20	Flatiron Meadows	1	I have seen good improvement in infrastructure. Also, I feel that Erie values open space.
F	35-44	Unaf	Y	6-10	Flatiron Meadows	1	Seems like the infrastructure is being built up along with the new housing. Also seems like the town is continuing to build out programs and services available to residents.
F	35-44	Unaf	Y	6-10	Flatiron Meadows	1	Since moving here the town has made improvements based on family oriented needs as well as improving infrastructure for the increased population
M	35-44	Unaf	Y	6-10	Flatiron Meadows	1	Coal Creek Park and events
M	35-44	Unaf	Y	6-10	Flatiron Meadows	1	Erie is expanding fast and the town is attempting to play catch up. The town needs more shopping/activity and temporary housing (hotels) to come in as well.
M	35-44	Unaf	Y	6-10	Flatiron Meadows	1	I am glad that we have a new mayor and believe in his direction.

M	45-54	Unaf	Y	6-10	Flatiron Meadows	1	From what I've seen Erie is growing and improving parks for kids, improving streets, creating small business instead of large retail, etc.
F	35-44	Dem	Y	6-10	Flatiron Meadows	1	Keeping public opinions in mind as you grow
F	35-44	Dem	Y	6-10	Flatiron Meadows	1	Roads are being improved and new public spaces have been added
F	35-44	Dem	Y	6-10	Flatiron Meadows	1	Streets are paved, sidewalks are walkable
F	35-44	Dem	Y	6-10	Flatiron Meadows	1	The town is growing and it offers a variety of activities for families.
F	45-54	Dem	Y	6-10	Flatiron Meadows	1	Bringing in new businesses, downtown is great, love the parks. Definitely do not like the focus on single family home growth though.
F	45-54	Dem	Y	6-10	Flatiron Meadows	1	I like how Erie focuses on community and local stores (at least it seems like it?)
F	45-54	Dem	Y	6-10	Flatiron Meadows	1	I liked the plans the past two mayors had in place. I don't think a new mayor should come in and change everything just because their view is different
F	45-54	Dem	Y	6-10	Flatiron Meadows	1	Increase in population, causing increased property values. Businesses are attracted to our community for location and demand. I know some people are mad about how big it's grown, but they're probably not mad about property values working in the favor of the homeowner. I'd like to tell these complainers that growth is inevitable, and the only thing constant in the world is change.
F	35-44	Rep	Y	6-10	Flatiron Meadows	1	Expanding infrastructure, building more sidewalks
F	35-44	Rep	Y	6-10	Flatiron Meadows	1	Streets have been improved, lots of elementary and middle schools added
F	35-44	Rep	Y	6-10	Flatiron Meadows	1	The new mayor. Justin Brooks was woke and focused on the wrong things.
M	35-44	Rep	Y	6-10	Flatiron Meadows	1	Seems to be fiscally stable. Great parks and sidewalks and such. Library is great.
M	35-44	Rep	Y	6-10	Flatiron Meadows	1	The current Council is getting things in order, compared to the last Council - taking the time to fully understand the issues before making decisions (instead of just racing into poorly planned/strategized decisions like the last Council)

M	18-34	Unaf	N	6-10	Flatiron Meadows	1	The amenities and services the town supports have been a huge reason why I enjoy living here. Generally, I think growth and development have been handled responsibly, with considerations being made for businesses, current residents, and future residents of the town. In particular, I am very appreciative of the town's management of the singletrack bike trails, community center, library, and the regular events being held.
F	35-44	Unaf	N	6-10	Flatiron Meadows	1	The PD is great! Very professional and responsive. Old Town Erie is growing and the community is clean and safe.
M	55-64	Unaf	N	6-10	Flatiron Meadows	1	Budget seems balanced. Population growing.
M	55-64	Unaf	N	6-10	Flatiron Meadows	1	Several improvements have and are occurring to help with traffic and infrastructure.
M	55-64	Unaf	N	6-10	Flatiron Meadows	1	What we can see is building affordable housing, more companies, and the cleanliness of Erie! And diversity, keep on improving the area
M	65+	Unaf	N	6-10	Flatiron Meadows	1	I like the focus on quality of life amenities.
M	65+	Unaf	N	6-10	Flatiron Meadows	1	New leadership - my expectation is that the town will become more financially responsible and provide better services to the community with burdening us with more taxes and fees.

O	18-34	Dem	N	11-20	Sunwest	1	I think things in the Town of Erie are heading in the right direction for a few reasons. Erie is incredibly safe and is maintaining that reputation consistently. I also think the ways that we have developing our infrastructure have been beneficial to our community, since in addition to more options for housing, we also have been seeing new schools, maintenance for our library and community center, and lots of walkable and accessible public spaces like our parks. I really like Erie's emphasis on community with all of its events and opportunities. I also love Erie's focus on K-12 education — I am now in college and I am so grateful to have had such an amazing school system and such fantastic educators growing up!
M	65+	Dem	N	11-20	Sunwest	1	Growth appears to be managed better than previously.
F	45-54	Rep	N	11-20	Sunwest	1	4 corners development, prioritizing commercial development.
F	45-54	Rep	N	11-20	Sunwest	1	More services are being made available in town Love al the local events
M	65+	Rep	N	11-20	Sunwest	1	Prior council was doing a great job.
M	55-64	Unaf	N	More 20	Sunwest	1	Progress with community development
F	65+	Unaf	N	More 20	Sunwest	1	We like what things that have been done like snow removal and communication with the town and new areas for Rec recreation but we do not like the overgrowth and multifamily homes, causing traffic congestion
M	65+	Dem	N	More 20	Sunwest	1	There is a priority for recreational opportunities
F	55-64	Rep	N	More 20	Sunwest	1	Retail growth in addition to residential, tax base us needed
F	45-54	Unaf	Y	6-10	Sunwest	1	Keeping the sense of community with events, making city walkable (paths, parks, etc). The approval of more schools.
M	45-54	Unaf	Y	6-10	Sunwest	1	Growth but a little too fast - outgrowing the infrastructure.
F	35-44	Dem	Y	6-10	Sunwest	1	I like the improvements in town facilities to parks and roadways. The housing development is starting to get to be a bit much.
F	35-44	Rep	Y	6-10	Sunwest	1	I have no complaints about the changes being made and look forward to seeing the improvements the leadership will make in the years in come.
M	65+	Unaf	N	6-10	Sunwest	1	Clean Safe Rec center

M	65+	Unaf	N	6-10	Sunwest	1	Seems to be good oversight with construction and building permits. Facilities seem well maintained and interactions with staff have been very positive.
F	45-54	Dem	N	6-10	Sunwest	1	Erie has done a great job putting more oversight on oil and gas and making home buyers more informed about what is here. I've lived in Erie for 9 years and we like it more every year. Bike paths, more things to do downtown, awesome rec center, and more great stores coming in nearby (king Soopers and Lowe's).
M	65+	Dem	N	6-10	Sunwest	1	Home Rule decision by voters.
M	18-34	Unaf	N	Less 5	Westerly	1	Lots of development and new opportunities

F	18-34	Unaf	Y	Less 5	Colliers Hill	2	I see and appreciate all the work that Erie seems to be doing towards things like park and recreation. I appreciate that the town asks for residents' opinions and input.
M	18-34	Unaf	Y	Less 5	Colliers Hill	2	Growing young community with family, safe place to raise kids, lots of family friendly events
M	18-34	Unaf	Y	Less 5	Colliers Hill	2	Investment in growth to support the local population (more space for local businesses, local grocery store), town events like farmers markets
M	18-34	Unaf	Y	Less 5	Colliers Hill	2	It feels like the Town of Erie is taking its time to make sure the steps we take forward are both in line with community opinions and financially responsible. I appreciate the Town seeking community feedback like this.

F	35-44	Unaf	Y	Less 5	Colliers Hill	2	I love the bike paths, community events, small town feel
F	35-44	Unaf	Y	Less 5	Colliers Hill	2	I think the town does a fair job of preserving unique spaces like the old town area amongst such suburban sprawl. The locally owned businesses and restaurants were a huge draw for my family in moving to Erie.

F	35-44	Unaf	Y	Less 5	Colliers Hill	2	The town of Erie is growing at a great pace - we just need more retail businesses to keep our tax dollars in Erie.
F	35-44	Unaf	Y	Less 5	Colliers Hill	2	We have loved living in Erie so far. We love the walking trails.
M	35-44	Unaf	Y	Less 5	Colliers Hill	2	Dry family friendly and plenty of parks. Trying to grow with the population
M	35-44	Unaf	Y	Less 5	Colliers Hill	2	Erie is one of the fastest growing towns in the nation. It's a great place to raise your family (safe, quiet, clean, and good schools). The city has continued to develop to support the residents, however, it would be good to see the city limit building rate ti avoid adversity impacting the infrastructure causing more traffic and saturated living conditions.
M	35-44	Unaf	Y	Less 5	Colliers Hill	2	Growing continuing to expand
M	35-44	Unaf	Y	Less 5	Colliers Hill	2	I like the idea of buying surrounding areas to keep sprawl out. Focus on single family homes versus apartments is a big deal - apartments ruin neighborhoods.
M	35-44	Unaf	Y	Less 5	Colliers Hill	2	I see more and more plans for development, I just hope it's done well and not just pavement and strip malls.
M	35-44	Unaf	Y	Less 5	Colliers Hill	2	It's a nice safe place to be, decent businesses, traffic isn't bad, lots of paths and ways to get outdoors.
M	35-44	Unaf	Y	Less 5	Colliers Hill	2	Overall I feel the leadership of Erie is doing a great job. The fact that time is taken to conduct polls such as this is a good sign.
M	35-44	Unaf	Y	Less 5	Colliers Hill	2	Seems to be growing great
M	35-44	Unaf	Y	Less 5	Colliers Hill	2	Seems to still prioritize open space in spite of the copious home projects.

F	35-44	Dem	Y	Less 5	Colliers Hill	2	I like living here. I feel safe and like we belong.
F	35-44	Dem	Y	Less 5	Colliers Hill	2	It feels like more people are moving here and new unique business are opening up or thriving. It's been a nice place to live.
F	35-44	Dem	Y	Less 5	Colliers Hill	2	Mayor Brooks won several grants for transportation/road improvements for pedestrians and cyclists. He also worked to protect our health and safety by denying oil and gas wells in Erie. He brought forth a vibrant, inclusive feel to Erie thru events like Juneteenth and Pride. I was extremely happy with the job Erie had been doing.
F	35-44	Dem	Y	Less 5	Colliers Hill	2	New business growth and new schools being built soon
F	35-44	Dem	Y	Less 5	Colliers Hill	2	Parks are incredible, downtown is great with wonderful small businesses and restaurants. New park next to old town is wonderful. Excited for Erie Town Center
F	35-44	Dem	Y	Less 5	Colliers Hill	2	Positive growth and expansion, but does needs to be managed and eventually capped.

M	35-44	Unaf	Y	11-20	Colliers Hill	2	The population is growing rapidly and getting national attention as a desirable place to live, which should draw more businesses and state funding for future development
F	45-54	Unaf	Y	11-20	Colliers Hill	2	Overall, I like our new schools and parks. We need more pedestrian safety. The town street planning needs to be better. The construction in front of Erie Elementary was awful and it makes the road narrower. The new roundabout is ridiculous and the left turn light into CH at the High School was needlessly debated. The town posted on FB that it was working correctly but clearly wasn't and was a salty post to boot. Should never have been posted on FB. Seems like we can't get lighted pedestrian signs, but have money for a stupid roundabout.
M	45-54	Unaf	Y	11-20	Colliers Hill	2	I would give it a score of 6 out of 10. Could be worse, but could also be better. The community park in downtown was long in coming but turned out pretty good. The downtown itself could use some revitalizing along the lines of what Louisville has done. As mentioned previously, better housing development, school planning and open space planning would do more to move us in tge right direction.
M	45-54	Unaf	Y	11-20	Colliers Hill	2	Public spaces and community opportunities are top notch, investments in some core services are being made in tandem with the growth
M	45-54	Unaf	Y	11-20	Colliers Hill	2	Reasonable expansion of homes and businesses. Improving selections of old town bars and restaurants. Good programming for the town (fireworks, concerts in the park, ballon festival). Police force that seems to be a community partner.
F	35-44	Dem	Y	11-20	Colliers Hill	2	I like the growth of the town, but I also appreciate the focus on remaining a small town. Would like to see a grocery store and other restaurant options. We have enough dentist offices.

M	55-64	Rep	N	More 20	Colliers Hill	2	New town leadership is restoring the community values which were in place for the last 3 decades. If we hold to the fact and strength that we are a suburban town, we can continue to attract and be able to support a healthy community. By trying to become a high density, urbanized community we will lose our distinction as a family oriented high quality town.
M	35-44	Dem	Y	Ref	Colliers Hill	2	Great community.
F	55-64	Unaf	N	Ref	Colliers Hill	2	I think we have been heading in the right direction, however, residential growth is taxing existing town resources that we need to address sooner than later. For example we will need more staffing for town amenities - water treatment, public works, etc
F	35-44	Unaf	Y	6-10	Colliers Hill	2	A lot of community events, low crime, fun downtown area, lots of good multi-use trails
F	35-44	Unaf	Y	6-10	Colliers Hill	2	Keeping up with higher population, yet still feels like small town
F	35-44	Unaf	Y	6-10	Colliers Hill	2	Maintains small town feel while offering fun activities- the balloon launch was a great example of expanding something that's been a staple of the community, but accommodating our growing community.
F	35-44	Unaf	Y	6-10	Colliers Hill	2	More parks and greenways have been developed
F	35-44	Unaf	Y	6-10	Colliers Hill	2	The town is growing fast but the infrastructure seems to be keeping pace appropriately.

F	35-44	Unaf	Y	6-10	Colliers Hill	2	We are using our resources to support the needs of the people living in the town. The surveys asking about use of the land south of the high school indicate there is good momentum to develop with our active community. The planned growth at the corner of county line has included a grocery store and more restaurants.
M	35-44	Unaf	Y	6-10	Colliers Hill	2	City is growing, quality of life is good.
M	35-44	Unaf	Y	6-10	Colliers Hill	2	Erie Town Center
M	35-44	Unaf	Y	6-10	Colliers Hill	2	Focus on keeping the town looking nice and keeping parks and rec a priority.
M	35-44	Unaf	Y	6-10	Colliers Hill	2	I like all the events and I don't feel over taxed. It really seems like a nice town and despite the growth, it still has a town-like vibe
M	35-44	Unaf	Y	6-10	Colliers Hill	2	Overall “feel” of the city is great. I love the downtown atmosphere of a small town.
M	35-44	Unaf	Y	6-10	Colliers Hill	2	Recently created recreational opportunities-- Singletrack, disc golf, new town park/splash pad
M	35-44	Unaf	Y	6-10	Colliers Hill	2	Things have been slowly improving in the town of the past several years though the improvement has been very slow and incremental.
F	45-54	Unaf	Y	6-10	Colliers Hill	2	It seems like there is a conscious effort being made to maintain a small town feel
M	45-54	Unaf	Y	6-10	Colliers Hill	2	Economic growth, quality of life.
M	45-54	Unaf	Y	6-10	Colliers Hill	2	Low crime, nice parks and amenities. Eventually a grocery store.
M	45-54	Unaf	Y	6-10	Colliers Hill	2	Right improvements underway (e.g., green belt), managed growth, low crime, etc.
F	18-34	Dem	Y	6-10	Colliers Hill	2	Plans to build
M	18-34	Dem	Y	6-10	Colliers Hill	2	Construction has begun at the town center, but Erie is still maintaining its small town charm.
F	35-44	Dem	Y	6-10	Colliers Hill	2	Generally, people are level-headed and their hearts are in the right place. I am, however, frequently displeased with certain groups who use their loud voices to discredit valuable work being done to improve our inclusive-focus. It needs to be undoubtedly clear that Erie will not welcome discrimination, hate, or any behavior that seeks to alienate underrepresented populations.

M	45-54	Dem	Y	6-10	Colliers Hill	2	With the growth that we have had, we are still maintaining a small town feel. Growth is important, but too much growth without the proper infrastructure is chaos.
M	18-34	Rep	Y	6-10	Colliers Hill	2	Focused on bringing walkable parks and paths to recreation sites and downtown
F	35-44	Rep	Y	6-10	Colliers Hill	2	Erie is a great place to live and I love how strong the community is here, in large part due to the events that take place in Erie all year. I want to ensure that Erie doesn't grow so fast that we lose our soul.
F	35-44	Rep	Y	6-10	Colliers Hill	2	I think eries parks are fantastic and generally I am excited about the projects announced. I think 4 corners / town center is really promising and will take provide more businesses for the town
F	35-44	Rep	Y	6-10	Colliers Hill	2	New Mayor!

M	18-34	Rep	Y	Less 5	Erie Highlands	2	A large investment is being made in engagement, projects, and involvement
M	18-34	Rep	Y	Less 5	Erie Highlands	2	Very vibrant, young community. Great place to raise a family. Safe town. Comparatively affordable housing options for Colorado. Great parks and trails to utilize outdoor space.
M	35-44	Rep	Y	Less 5	Erie Highlands	2	Great town, clean streets
M	55-64	Rep	Y	Less 5	Erie Highlands	2	Limited crime and protesting while growth seems controlled for now.
M	18-34	Oth	Y	Less 5	Erie Highlands	2	Expanding population and building of homes introduces more demand.
M	18-34	Unaf	N	Less 5	Erie Highlands	2	I think things are at a pivotal point in Erie. We have an opportunity for economic growth but feel like this could lead to more conservative values creeping to our community in negative ways like unnecessary police enforcement or becoming an elected official for personal gains versus civic duty.
M	35-44	Unaf	N	Less 5	Erie Highlands	2	I think the town is safe. I love the community events, and I like seeing businesses pop up with new developments.
M	35-44	Unaf	N	Less 5	Erie Highlands	2	It appears the town wants sustainable and responsible growth.
M	45-54	Unaf	N	Less 5	Erie Highlands	2	It seems as though the growth is fairly smart.
M	45-54	Unaf	N	Less 5	Erie Highlands	2	Managed growth,
M	55-64	Unaf	N	Less 5	Erie Highlands	2	I like to see the police presence. Roads are good. Parks are great
M	18-34	Dem	N	Less 5	Erie Highlands	2	Clean, strong presence, fun activities
M	18-34	Dem	N	Less 5	Erie Highlands	2	For the most part quality of life and services are good despite rapid growth
M	18-34	Dem	N	Less 5	Erie Highlands	2	Lots of community outreach. As long as the opinion of the residents is respected, things will continue as they should
M	35-44	Dem	N	Less 5	Erie Highlands	2	Great staff, priorities and work plan. Comp Plan properly established the community's best traits and smart opportunities for growth. Things were more on the right track before the election and new Mayor/Council intervened and paused/repealed many of those positive priorities.

Sex	Age Range	Party	Parent	Tenure	Neighborhood	Ward	Response
F	45-54	Rep	Y	6-10	Erie Highlands	2	It's a great small town with lots of family oriented offering and activities.
M	45-54	Rep	Y	6-10	Erie Highlands	2	The large amount of rapid growth has been managed without creating dramatic negative side effects for current residents. The Erie experience and feel has been maintained.
F	35-44	Unaf	N	6-10	Erie Highlands	2	Erie is trying very hard to preserve its identity and small town feel. I think it is succeeding. I especially love festivals and down town events, but it's attention to growth w/o becoming a faceless suburb is evident everywhere in much deeper ways.
M	45-54	Unaf	N	6-10	Erie Highlands	2	Prior counsels started commercial development and water plans
M	45-54	Unaf	N	6-10	Erie Highlands	2	The new Mayor and council seem more responsive to the residents.
M	45-54	Unaf	N	6-10	Erie Highlands	2	There are good people working there who want the best for the town in spite of external forces that want to manipulate us for the sake of prioritizing the wrong things. These people, along with right minded citizens, can overcome these forces.
F	65+	Unaf	N	6-10	Erie Highlands	2	Growth, promised retail development, more multi-family housing, school growth, bike and walking paths, parks, recreational facilities.
F	65+	Unaf	N	6-10	Erie Highlands	2	Police seem very active
M	65+	Unaf	N	6-10	Erie Highlands	2	Expanded open space, trails, parks, restaurants, coffee shops, etc.
M	65+	Unaf	N	6-10	Erie Highlands	2	I believe the Town Council has the best interests of the residents.
F	45-54	Dem	N	6-10	Erie Highlands	2	I like Erie and think you all are trying hard. I see Erie growing and I see great things getting out in place.
M	55-64	Rep	N	6-10	Erie Highlands	2	There have been a lot of improvements made, but I greatly appreciate such as the new amphitheater and the parks. However, we do need a cell tower up here on the hill for Collier Hills and Erie Highlands development plus when is the second water tank going to be built it's been talked about for a while
M	65+	Rep	N	6-10	Erie Highlands	2	Property values are increasing, so my investment is growing. Town has a lot of amenities and is a good place for a family to live.

F	45-54	Dem	Y	Less 5	Erie Village	2	I think things were headed in the right direction. The current mayor is abusive to staff, disrespectful of residents, erratic and unprofessional in his decision making. The current council hasn't accomplished anything of note since getting elected accept stopping essential projects like the expansion of the PD building.
F	45-54	Dem	Y	Less 5	Erie Village	2	Lots of attention to feel of the community, and support for its members that need the most support
F	65+	Unaf	N	Less 5	Erie Village	2	No comment
M	55-64	Dem	N	Less 5	Erie Village	2	Infrastructure is good as far as I can tell. Plenty of parks and citizens resources available.
M	65+	Rep	N	Less 5	Erie Village	2	Small towns are either growing or shrinking. Erie seems to be growing. Rapidly. Need to strategically expand services to keep up with that growth without overextending/outstripping resources.
F	35-44	Unaf	Y	11-20	Erie Village	2	Open space Parks and trail system
M	35-44	Unaf	Y	11-20	Erie Village	2	Good development. Great bike trails that seem to be expanding
M	45-54	Unaf	Y	11-20	Erie Village	2	Growth is balanced. Green spaces are held. Business is encouraged to come to town.
F	45-54	Dem	Y	11-20	Erie Village	2	I like the services and amenities and rec options that are popping up. Fewer new housing developments and more open space would be better
M	45-54	Dem	Y	11-20	Erie Village	2	Public funded parks, recreation, and smart/transparent planning and governance
M	55-64	Unaf	N	11-20	Erie Village	2	Because it appears to me that the Town and the elected officials are working together to make Erie a destination but I think they are hindered by the rapid growth.
F	65+	Dem	N	11-20	Erie Village	2	Planning is thoughtful. Would like to see more communities with more yard space. Tired of Lennar, Richmond, Oakwood or Century. Need more variety
M	65+	Dem	N	11-20	Erie Village	2	Some additional retail but need more Road improvements
F	45-54	Unaf	Y	More 20	Erie Village	2	We're growing which is a nice direction and bringing areas to modern standards but in can go in the wrong direction quickly if not thoughtfully monitored and budgeted for long term viability.

Sex	Age Range	Party	Parent	Tenure	Neighborhood	Ward	Response
F	55-64	Unaf	N	More 20	Erie Village	2	The new mayor prioritizes managed growth and business. He represents all people, including children and seniors. He's not a political ideologue who divides the town.
M	55-64	Unaf	N	More 20	Erie Village	2	I have lived here a long time, the streets are paved, the community center is wonderful, downtown is a downtown. There is a sense of community, people want to live here.
M	55-64	Unaf	N	More 20	Erie Village	2	Sound economic management, some business growth either planned or in progress
F	45-54	Dem	N	More 20	Erie Village	2	I appreciate the effort to bring a diverse community to Erie through more affordable housing options as well as improved features in old town. There's still lots to do though and I worry that trustee infighting gets in the way too much. Too many decisions are made based on political ideology as opposed to science and data.
F	55-64	Dem	N	More 20	Erie Village	2	For 30 years Erie had growth that was the opposite of smart growth. Just sprawl. The new comp plan plan tries to incorporate smarter planning. The Town also began embracing how diversity makes towns healthier.
F	65+	Dem	N	More 20	Erie Village	2	I love Erie and find it a small comfortable town, but would like to see it's small concept live on.
F	65+	Dem	N	More 20	Erie Village	2	Things seem to be more coordinated with less infighting. Positive changes have been happening with growth and services.
F	18-34	Unaf	Y	6-10	Erie Village	2	I like that the town is asking for the residents' opinions. I appreciate the vested interest in preserving open space and creating additional trail systems. I do worry some about the continued residential expansion without the commercial expansion to support it.
F	65+	Unaf	Y	6-10	Erie Village	2	Things are happening which is evidence of progress
F	35-44	Dem	Y	6-10	Erie Village	2	More parks
M	35-44	Dem	Y	6-10	Erie Village	2	Overall, great place to live. Responsible growth. Adding commercial options.

Sex	Age Range	Party	Parent	Tenure	Neighborhood	Ward	Response
F	45-54	Dem	Y	6-10	Erie Village	2	I like the close community feel here. The downtown restaurants and shops help create an open and welcoming feel. Community activities, such as farmers market, balloon festival, the old concerts in the park, as well as outdoor areas for activities like parks, ultimate frisbee, single track, etc, make for fun ways to be active and connected within the community.
M	45-54	Dem	Y	6-10	Erie Village	2	Fair number of parks. More bike paths
F	55-64	Unaf	N	6-10	Erie Village	2	Heading in the right direction before this new mayor and council took over, that is. Before the 2024 election we were an inclusive community, the town voted as one of the top 10 places to work in Colorado! We were building housing that younger families and people not make a 6 figure salary could afford. We were doing flood mitigation and building a beautiful trail beside Coal Creek. Now Pride flags are taken down with no discussion, affordable housing projects have been put on hold and much of the town staff wants to quit!
M	55-64	Dem	N	6-10	Erie Village	2	Erie feels safe, growth seems measured, housing is being built, cost of living more affordable than some neighboring towns
F	65+	Dem	N	6-10	Erie Village	2	In alignment with new types of housing being build as part of comprehensive
F	65+	Dem	N	6-10	Erie Village	2	Old Town is being maintained and preserved; improvements have been made (park, Coal Creek improvements; bike paths) to provide outdoor space and safety.
M	65+	Rep	N	6-10	Erie Village	2	Infrastructure buidout
M	35-44	Unaf	Y	Less 5	Grandview Homes	2	I like the eco and green initiatives and rebates provided by the town when residents want to improve their lifestyles and save financially through every day items
M	35-44	Unaf	Y	Less 5	Grandview Homes	2	It still feels like a good, accessible, safe place to live
F	45-54	Unaf	Y	Less 5	Grandview Homes	2	It is still a safe place to live with nice amenities
M	18-34	Dem	Y	Less 5	Grandview Homes	2	It seems like so far the changes are able to support the growth in population and I love our existing restaurants. I am excited for the new additions NW of Erie Parkway and County Line

M	18-34	Unaf	N	Less 5	Grandview Townhomes	2	City is clean, rec center's programs seem populated, kids are outside playing during the summer. It seems safe and happy
F	18-34	Dem	N	Less 5	Grandview Townhomes	2	I love my town of Erie! It still feels like a small town even if it's not so small anymore. We love the events Erie has and old town offering many different restaurants and great community. I do feel that the town does respect our opinions while look forward to the future.
F	18-34	Dem	N	Less 5	Grandview Townhomes	2	Wonderful downtown area. Accessible outdoor spaces. Well kept

M	65+	Dem	N	Less 5	Grandview Townhomes	2	Town is clean and safe. Nice rec center and library.
M	18-34	Dem	Y	More 20	Grandview Townhomes	2	The Town has made affordable housing a priority the last few years. This is important so that we can diversify and increase population so that we have a larger tax base when metro districts turn over civil improvements. The Town also does a very good job maintaining current infrastructure like the ECC. We desperately need another, but having one serving 40k people is still impressive. While a little behind, the Town is prioritizing capital projects that are aimed at helping infrastructure (traffic) that will help with the scheduled growth.
M	18-34	Unaf	Y	6-10	Grandview Townhomes	2	I feel like the Town of Erie is a great place to live and start a family. I feel safe living here, and love the community.
M	45-54	Dem	N	Less 5	Huntley Creek	2	Generally so. It's clearly growing, has good services, and an involved community

M	35-44	Unaf	N	6-10	Huntley Creek	2	I think the new town square is great. We need a central hub that'll not only bring businesses and restaurants in, but also keep people in town. We need less sprawl and more walkable areas in general. We need some density and affordable which was where I thought Erie was headed. It doesn't seem like it's the case anymore sadly.
F	45-54	Unaf	Y	11-20	Kenosha Estates	2	New affordable housing is being built, roundabouts are being added, pedestrian walkways and bike lanes are being built.
F	55-64	Dem	N	More 20	Kenosha Estates	2	Seem to be providing for recreation and access to good commercial and other amenities. I mostly worry that we are getting too big and will lose our small town character. Too much high density housing going in.
F	35-44	Dem	Y	Less 5	Kenosha Farms	2	I see the Town prioritizing multi-use paths and leaving open space corridors between communities to preserve both the environment but also the views and feel of the community.
M	65+	Dem	N	Less 5	Kenosha Farms	2	I think that generally The Town has capable staff that do good work. Erie has a good parks and open space program and people care about quality of life
M	18-34	Rep	N	Less 5	Kenosha Farms	2	Erie is safe, quiet and family oriented! This is what attracted us to move here last year. Safety for children needs to stay a top priority.
F	45-54	Unaf	Y	11-20	Kenosha Farms	2	I love the new path at County Line and Kenosha Rd. The ice skating rink is a gem. We have great parks and programs at the community center. Successful farmers market, town fair, balloon event, concerts
F	45-54	Unaf	Y	11-20	Kenosha Farms	2	I think things are headed in the right direction as far as more infrastructure being built to accommodate the crazy growth (like finally a local grocery store - at least I think that's happening!).

Sex	Age Range	Party	Parent	Tenure	Neighborhood	Ward	Response
M	45-54	Unaf	Y	11-20	Kenosha Farms	2	The past support of DEI initiatives because it is simply the right and moral thing to do. We have worked and compromised with neighboring towns. But we are growing too fast and it is ridiculous that we don't have a grocery in the center of town. I also don't love the plan to complete the area west of the rec center. We should create an awesome town event center with a great grocery and shopping and dining options but they are closing it in with more homes and it will limit our options down the road. We need affordable housing so that service type and entry level jobs can afford to live here and work here
M	35-44	Dem	Y	11-20	Kenosha Farms	2	Sustainable residential growth, promoting downtown area, adding large chain stores in a responsible way
M	45-54	Dem	Y	11-20	Kenosha Farms	2	Parks and forestry are top notch. Downtown is great. Good rec programming

M	35-44	Dem	Y	6-10	Kenosha Farms	2	The massive growth in housing developments has seemed to slow down and stabilize a bit. And public service projects like the sidewalk project on the east side of Erie Village being completed has been great. Erie seems to be putting more focus on improving the quality of life for its existing residents more so than trying to attract more.
M	35-44	Dem	Y	6-10	Kenosha Farms	2	Town is growing quickly, feels safe, trust in the community and community leaders
F	35-44	Rep	Y	6-10	Kenosha Farms	2	Continuing to build and invest in the community, potentially adding in hotel, shopping, restaurants, not focusing on being a sleeper town
M	35-44	Dem	N	6-10	Kenosha Farms	2	I think Erie has the potential to be great. It's a great location with a very young and affluent community. The decisions made to build out four corners show that we want to make something special for our community. My only complaint is it seems like we're dragging our feet on commercial development and focusing on residential expansion. However, this simply drives local spending into other cities.
F	18-34	Unaf	Y	Less 5	Lost Creek Farm HOA	2	Lots of improvements, lack of homeless

F	35-44	Rep	Y	6-10	Morgan Hill	2	Supporting law enforcement growth, increasing businesses in town
F	35-44	Dem	N	6-10	Morgan Hill	2	I think the mayor, members of Town Council and residents all want the same things. I do not believe that the "Town" has done an adequate job of planning for the growth that was hoped for and anticipated, nor of communicating priorities in a way that residents understand. Growing pains are to be expected, however from a non-native perspective, in recent years builders have been given far too much leeway to overdevelop homes without adequate oversight, impacting property values and resident satisfaction, while also pushing current town infrastructure past it's breaking point. Growth for the sake of growth is useless without identifying reasonable capacity, and has put the town in a dangerous position.

M	35-44	Unaf	N	11-20	Old Town Erie	2	Erie is developing fast. It is important to provide affordable housing while maintaining the charm of old town, programs for adults and children in the community are superior to that of sourounding communities and the presence of paths and well places intersections is fantastic. Erie continues to grow, meaning that development is inevitable and has for the most part been completed with considering the concerns of the residents. Our environmental protection and monitoring is superior. Public works does a fine job maintaining the most cherished parts of our community. Erie will require more amenities for its residents, which are already being planned. I do believe keeping our residents informed of proposals and projects is paramount (this may be an area for slight improvement). We need to allow for and prioritize locally owned and ethical larger scale businesses priority over others.
F	45-54	Unaf	N	11-20	Old Town Erie	2	I like that there are increased community gathering spaces and a coupke more restaurants, however, the number of dentists and chiropractors seem excessive and people are often disappointed when yet another one of these types of businesses are approved. Allowing a prime old town storefront that will be used for storage is also extremely disappointing.

F	35-44	Unaf	Y	Less 5	Westerly	2	We moved here last summer and were impressed with the amount of chamber driven events down town. They were family friendly but also fun for people who just wanted a beer and live music. The fact that the questions are being asked is also a positive step! We have a chance to really build the town into what we want. That's exciting. Keeping it unique, original and modern while still tapping into the old town charm will be key. As a family that moved from NYC, having an area with fun stuff to do for all parts of the family is exciting.
M	35-44	Unaf	Y	Less 5	Westerly	2	I've lived in a dying town. I know what that looks like. Erie has young families moving in by the droves and continuous development.

M	18-34	Unaf	N	Less 5	Westerly	2	Given the amount of people moving here, the revenues being generated, and the overall small town feel that Erie still maintains, I'd say things are going pretty well. Just don't mess it up. Living in a metro district is extremely expensive compared to non metro districts. That comes with higher expectations that the city perform their duties to their best ability.
M	35-44	Unaf	N	Less 5	Westerly	2	Erie is well kept, the police respond if needed, and services seem to be working.

M	35-44	Unaf	Y	Less 5	Wildrose	2	I'd like to think the town is doing a decent job with utilities, including Fiber internet. The roads are decent and while I'm not pleased about the pace at which the work at Austin and County Line is going, adding a roundabout there is the right thing to do. Real-estate growth is being managed in a sane manner as well. Us long-term residents would like to keep the semi-rural aspect of the town, and not have it turn into another Longmont or Lafayette. This is the right pace of growth for us.

F	45-54	Unaf	Y	More 20	Erie Commons	3	I'm aware that the current mayor believes he has a mandate to completely change the direction and priorities of our town. I think past administrations have set Erie on the right path (disastrous renovation of county line road not withstanding!!) and we should continue on that path and also bring in more affordable housing and retail/commercial properties. The comp plan developed decades ago set Erie off on a path for development. That "horse has left the barn" so to speak. We need to find ways to develop responsibly with an eye towards affordability, sustainability (ecological annd financial) and resource conservation.

M	35-44	Dem	Y	6-10	Erie Commons	3	Seem to be aware of growth. Couple projwcts should hopefully provide more local resources and shopping for locals.
F	45-54	Dem	Y	6-10	Erie Commons	3	I like that there is finally grown breaking on retail and commercial for Erie Town Center. The retail on 287 and Arapaho, has been a fantastic addition, especially the Lowe's and King Scoopers. I would like to see more small town feel and coordination with old town.
F	35-44	Rep	Y	6-10	Erie Commons	3	Hoping the town will focus more on commercial development with new leadership and less on densely packing in housing that town services can't keep up with because of lack of a tax base. The draw for Erie was about having space to raise a family in a smaller town.
M	35-44	Rep	Y	6-10	Erie Commons	3	Town is fine. Don't try to do too much. We need to improve what already exists and use money wisely. The town doesn't need performing arts or a water park it is a small town. Ppl want a good rec center where we can swim
F	45-54	Rep	Y	6-10	Erie Commons	3	Good schools.
O	35-44	NR	Y	6-10	Erie Commons	3	Overall services and town level commitments seem appropriate.

Town of Erie In-Depth Community Survey

Sex	Age Range	Party	Parent	Tenure	Neighborhood	Ward	Response
F	55-64	Unaf	N	6-10	Erie Commons	3	There is a lot of discussion around how to move forward with management of the city and there are a lot of conflicting ideas but I truly sense that most people are willing to find ways to work together to build a great town
M	65+	Unaf	N	6-10	Erie Commons	3	Things seem to be balanced. Erie is a great place to live. Town Council seems to be thoughtful and responsive.
F	55-64	Dem	N	6-10	Erie Commons	3	I think Erie is going the right direction because I like what is presently happening I don't know much about what plans or projections are and if they're major, then I would need to know to have a better opinion
M	55-64	Rep	N	6-10	Erie Commons	3	Town leadership has become more citizen focused and NOT personal agenda driven
F	65+	Rep	N	6-10	Erie Commons	3	Slow growth, services for the growing population.
M	45-54	Dem	Y	Less 5	Other Neighborhood	3	The roads are always maintained Crime rate is low Civilized residents
M	35-44	NR	Y	Less 5	Other Neighborhood	3	I see more houses are being built which is good for new families. Also please don't over crowd the county. You know what happens when any county is over crowded. Addition of bike lines, improvements in infrastructure etc., are good for the town.
F	18-34	Unaf	N	Less 5	Other Neighborhood	3	The area is safe and there seems to be a focus on keeping the small town feel while improving what is already here.
M	35-44	Unaf	N	Less 5	Other Neighborhood	3	Growth and potential
F	18-34	Dem	N	Less 5	Other Neighborhood	3	I think Erie has done a great job of catering to the many young families in the area
F	35-44	Dem	N	Less 5	Other Neighborhood	3	The town is growing and prospering. The roads are in good shape and there are homes being built.
F	65+	Rep	N	6-10	Other Neighborhood	3	Police Department planned expansion
F	45-54	Unaf	Y	More 20	Vista Estates	3	I believe think things in the Town of Erie are headed in the right direction because you are prioritizing our opinions with this survey and are considering all of your options before forging ahead with a plan for the next 2-3 years.
M	45-54	Unaf	Y	More 20	Vista Estates	3	Maintaining small town feel despite the massive growth.
F	45-54	Rep	N	More 20	Vista Estates	3	We have great people who are involved in community.
M	35-44	Unaf	Y	Less 5	Vista Pointe	3	Nice community, low crime, good planning.

Sex	Age Range	Party	Parent	Tenure	Neighborhood	Ward	Response
F	35-44	Rep	Y	Less 5	Vista Pointe	3	It seems like there are more retail and restaurant opportunities coming soon. Tho I do think there are enough housing developments. Many more will make the town too congested.
F	65+	Unaf	N	Less 5	Vista Pointe	3	Growth. Good schools
M	65+	Unaf	N	Less 5	Vista Pointe	3	Crime rate is low, people are friendly, recreational activities are available. Roads are OK but getting worse with the increase in traffic
M	45-54	Dem	N	Less 5	Vista Pointe	3	The openness and ease of access to city information via social media.
M	55-64	Dem	N	Less 5	Vista Pointe	3	Lots of improvements to infrastructure
F	65+	Oth	N	Less 5	Vista Pointe	3	Believe current mayor and city council are in tune with residents and their hopes and desires for the future of Erie
M	45-54	Unaf	Y	11-20	Vista Pointe	3	Erie is a great place to live. I love it here.
M	45-54	Rep	Y	11-20	Vista Pointe	3	The last election gave me hope. The new leadership seems more interested in advancing the town's infrastructure and not wasting money on social justice issues. But, that can change quickly.
M	55-64	Rep	Y	11-20	Vista Pointe	3	New mayor a major improvement
F	45-54	Oth	Y	11-20	Vista Pointe	3	I like the new open area amphitheater and the flower/garden shop. I like the feel of downtown, wish it was bigger.
F	35-44	Unaf	N	11-20	Vista Pointe	3	It seems like the new council puts more thought and debate into all topics they look at. The last council(s) seemed to just rubberstamp anything and everything. And I watch a ton of the meetings.
M	55-64	Unaf	N	11-20	Vista Pointe	3	Growth has been handled well so far. Police do a good job. There are good leisure amenities.
M	65+	Unaf	N	11-20	Vista Pointe	3	Solid community
M	45-54	Dem	N	11-20	Vista Pointe	3	We've realized that the town doesn't have to revolve around Old Town.
M	55-64	Rep	N	11-20	Vista Pointe	3	The current mayor seems to have added a high level of transparency that wasn't there before.
F	35-44	Unaf	Y	More 20	Vista Pointe	3	I think the Town is managing the growth as best it can considering former and existing zoning. I know people hate the growth, as do I, but I think the development is coming whether we like it or not. Plus state law limits our restrain it so I think in general the Town is doing a good job balancing it all. Recreational opportunities are good, parks are good. I don't have much to complain about here.

Sex	Age Range	Party	Parent	Tenure	Neighborhood	Ward	Response
M	45-54	Unaf	Y	More 20	Vista Pointe	3	For the most part, I think that town staff has the interest of the residents in mind when making day to day decisions, but staff appears to have a willingness to change with the needs and wants of the residents.
F	45-54	Rep	Y	More 20	Vista Pointe	3	Good growth I like Andrew Moore
M	45-54	Rep	Y	More 20	Vista Pointe	3	Appear to be planning for growth, but concerned on how the town is reviewing decisions for all potential impacts
F	55-64	Unaf	N	More 20	Vista Pointe	3	We have lived here over 20 years and I'm beginning to see that some attention is being given to affordability. I really like the expansion of bike paths and open space.
M	55-64	Unaf	N	More 20	Vista Pointe	3	Improved school zone safety. Better flow of traffic signals not holding up traffic. Old town seems more lively than it's been in 20years
F	55-64	Dem	N	More 20	Vista Pointe	3	We finally elected a mayor that is concerned with the community and not politics. I'm confident that our priorities are being readjusted to remove wasted spending and balancing our community with infrastructure.
F	65+	Rep	N	More 20	Vista Pointe	3	I do notice efforts to improve the quality of the roads
M	18-34	Unaf	Y	6-10	Vista Pointe	3	The Erie town center has a ton of potential to be a standout destination in the local area if the retail development and selection is handled correctly. But establishing the correct vendors is crucial. Cheap or uninteresting vendors can destroy the value of the development and our surrounding community.
F	35-44	Unaf	Y	6-10	Vista Pointe	3	Lots of growth and development with evidence that it's family focused by building beautiful parks and shared spaces. The community center offers many rec programs and it's great that some are free and most are low cost.
M	35-44	Unaf	Y	6-10	Vista Pointe	3	Family friendly, slow steady development,
M	35-44	Unaf	Y	6-10	Vista Pointe	3	New administration is the right direction The former mayor was only concerned with a smaller group of people rather then the community as a whole
F	45-54	Unaf	Y	6-10	Vista Pointe	3	Erie has been trying to grow a downtown core. Putting higher density housing near town centers. Great parks and rec.

Sex	Age Range	Party	Parent	Tenure	Neighborhood	Ward	Response
F	45-54	Unaf	Y	6-10	Vista Pointe	3	Good planning- roads are being kept up and expanded for growth Great parks/ open space for all residents' use
F	45-54	Unaf	Y	6-10	Vista Pointe	3	Previous Planning Commissions and Town Councils have already completed a survey and put careful thought and consideration into the town's current plans. I'm satisfied with the care they took and while I have a few areas of concern, see no reason for radical changes.
M	35-44	Oth	Y	6-10	Vista Pointe	3	Growing development
F	65+	Unaf	N	6-10	Vista Pointe	3	Farmers' market is expanded and successful. The rec center appears to have some really great activities. Retail appears to be expanding.
M	65+	Unaf	N	6-10	Vista Pointe	3	The quality of city services.
M	35-44	Rep	N	6-10	Vista Pointe	3	Having the open space in front of our vista pointe stay way is really important to us and our neighborhood. And it's stayed that way. I love going downtown with my whole family that now all live in Erie officially today and go to the fairs and fun outings when they have them. People are usually pretty friendly more than other surrounding cities, I love that Erie feels clean and safe. My wife would love to work for town of Erie one day if they ever need account management or HR. That's how much we love it. Love taking the dogs on a walk in quiet neighborhoods and laidback atmosphere. Everything here feels like a close knit community when we know lots of people around us. And I love that I'm half white and half Asian and I always have felt welcome and that hasn't always been the case in other cities. I love that most people are about the human side not the race side here in Erie. The grade schools seem pretty good that my nieces go too I will say their classes are pretty full maybe a new grade school needs to be built.
F	55-64	Rep	N	6-10	Vista Pointe	3	Most things in Erie have not affected my family and I negatively.
F	18-34	Unaf	Y	Less 5	Vista Ridge Master HOA	3	Erie manages to continue to grow while maintaining a small town feel, but providing more resources and programming than many small towns might be able to do.
M	18-34	Unaf	Y	Less 5	Vista Ridge Master HOA	3	I think the parks around downtown Erie have been well developed, and the library and community centers have been well established.

Sex	Age Range	Party	Parent	Tenure	Neighborhood	Ward	Response
M	18-34	Unaf	Y	Less 5	Vista Ridge Master HOA	3	It is great! See my previous answer. Just hope the budget is sustainable...
F	35-44	Unaf	Y	Less 5	Vista Ridge Master HOA	3	Erie is a great place to live with kind people. I do wish there would be some slowing down of growth though
F	35-44	Unaf	Y	Less 5	Vista Ridge Master HOA	3	People and families are moving here fast, we do have a great small town feel that attracts people.
M	35-44	Unaf	Y	Less 5	Vista Ridge Master HOA	3	Every year the town opens a new attraction, park, or service that helps the community...
M	35-44	Unaf	Y	Less 5	Vista Ridge Master HOA	3	Proactive Growth Management Commitment Fiscal responsibility Community Engagement and Vision Environmental Awareness
M	35-44	Unaf	Y	Less 5	Vista Ridge Master HOA	3	The town does seem to be addressing some of the issues expected in a rapidly growing community.
M	35-44	Unaf	Y	Less 5	Vista Ridge Master HOA	3	This survey is actually a good sign; listening to citizens is always good. I also feel like the town is maintaining a good, balanced pace of development.
F	45-54	Unaf	Y	Less 5	Vista Ridge Master HOA	3	VR finally starting to look better. Less dead grass
M	45-54	Unaf	Y	Less 5	Vista Ridge Master HOA	3	Dedication to putting tax dollars to good use and building infrastructure that is valuable to the growing community.
M	45-54	Unaf	Y	Less 5	Vista Ridge Master HOA	3	The Town feels pretty well balanced in its makeup and direction. People are moving here because it is an attractive place to live near Denver and Boulder. Generally, it feels like a good place to raise a family.
F	18-34	Dem	Y	Less 5	Vista Ridge Master HOA	3	I love the small town feel! I feel safe here and love that my kids are growing up somewhere that feels local. But I wouldn't mind a few more fast food places on 7
F	18-34	Dem	Y	Less 5	Vista Ridge Master HOA	3	The new developments seem to still focus on parks/trails
F	35-44	Dem	Y	Less 5	Vista Ridge Master HOA	3	We enjoy the amenities and events including parks, library, Farmers market, local businesses/restaurants, town fair.
M	35-44	Dem	Y	Less 5	Vista Ridge Master HOA	3	I voted for the new administration and mayor and like the dialogue, availability, and transparency I've seen so far.
M	35-44	Dem	Y	Less 5	Vista Ridge Master HOA	3	We have strong schools, beautiful landscapes, good recreation infrastructure. We are among the most appealing suburbs of Denver.

Sex	Age Range	Party	Parent	Tenure	Neighborhood	Ward	Response
M	45-54	Dem	Y	Less 5	Vista Ridge Master HOA	3	Growth is happening, schools are fantastic, public resources such as the library and public parks are great. Roads are maintained.
M	45-54	Dem	Y	Less 5	Vista Ridge Master HOA	3	I can tell the public services, especially over in the Erie Commons as well as the community center and library we put together with thoughtful spending and care. I'm also thrilled to see downtown Erie getting developed, However, I have to say it's sad to see some very important trees getting chopped down
F	18-34	Rep	Y	Less 5	Vista Ridge Master HOA	3	I believe the Town of Erie is heading in the right direction because of its strong focus on families and community-centered events. I appreciate that the town actively seeks input from its residents and values their feedback. I hope to see Erie continue to preserve its conservative values and maintain the small-town feel that makes it such a special place to live. I do not like all of the multi-family residences that are going up around Erie.
M	18-34	Rep	Y	Less 5	Vista Ridge Master HOA	3	The public spaces are well appointed and well connected with trails. The town also puts on nice events occasionally (could be more) and has done a good job of maintaining a positive small town feel in the downtown area.
F	18-34	Oth	Y	Less 5	Vista Ridge Master HOA	3	I love all the public amenities like the community center. I would love to see more growth in terms of local shops rather than commercial chains. Boosting up the downtown area even more and even creating a new little shopping zone.
M	18-34	Unaf	N	Less 5	Vista Ridge Master HOA	3	I really like the Briggs street project and think that it is making the downtown area feel very nice and like somewhere I want to bring visitors to show off the town.
M	55-64	Unaf	N	Less 5	Vista Ridge Master HOA	3	Growth is good, but too many developers building at the same time.
M	55-64	Unaf	N	Less 5	Vista Ridge Master HOA	3	The town is growing. People want to live here. Lots of opportunities to make it a great place to live
F	65+	Unaf	N	Less 5	Vista Ridge Master HOA	3	Wonderful facilities (parks, library, bike trails) Rapid growth, but keeping small town feel, responsible accessible leadership. My children are grown, but I hear good things about school district.
M	65+	Unaf	N	Less 5	Vista Ridge Master HOA	3	No problems apparent.

M	18-34	Rep	N	Less 5	Vista Ridge Master HOA	3	Homes are more affordable than other towns, good people, and growing
F	55-64	Rep	N	Less 5	Vista Ridge Master HOA	3	We just moved here and like what we see in terms of small town feel, beauty of the area, safety, good businesses moving in. Just please keep that up.
M	55-64	Rep	N	Less 5	Vista Ridge Master HOA	3	Family friendly well kept parks and common areas
M	65+	Rep	N	Less 5	Vista Ridge Master HOA	3	The parks are nice and spacious. The Rec Center is great.
F	45-54	Unaf	Y	11-20	Vista Ridge Master HOA	3	The town is growing a lot
M	45-54	Unaf	Y	11-20	Vista Ridge Master HOA	3	Good neighborhoods, some businesses have come in
M	45-54	Unaf	Y	11-20	Vista Ridge Master HOA	3	I think whoever is getting businesses in to Erie has done an amazing job. I would like to see some more multifamily communities That would actually give my kids a chance to be able to buy a place someday.
M	45-54	Unaf	Y	11-20	Vista Ridge Master HOA	3	It's growing FAST, so far seems stores/restaurants/gas stations etc… are keeping pace with new housing. New park at old town is great, and old town improvements look good. Could have done a better job with bike lanes in front of Erie elementary though…(seriously, full bike lane for northbound only? And merge with traffic if going south?)
M	45-54	Unaf	Y	11-20	Vista Ridge Master HOA	3	Sound approach in drafting the home rule charter. Concerned about some of the comments and decisions from the mayor, however. There is too much political jockeying within Erie's government for a town of this size.
M	35-44	Dem	Y	11-20	Vista Ridge Master HOA	3	We are the 4th fastest growing wealthy town in the country. People want to be here. They love the small town feel with modern amenities. They love the views, the beautiful homes, the tight community, the unique restaurants, the local charm. We are keeping pace with necessary updates to infrastructure, roads and landscaping to align to accelerated growth. The town is committed to keeping a local, non chain feel to commercial development. There is a reason we will have 80,000 people here in the next few years and it certainly isn't because we are headed in the "wrong" direction.

F	45-54	Dem	Y	11-20	Vista Ridge Master HOA	3	I have appreciated the transparency in recent years and the desire to support both new residents and those who have been in Erie for generations.
F	45-54	Dem	Y	11-20	Vista Ridge Master HOA	3	I love the inclusiveness of our town
F	45-54	Dem	Y	11-20	Vista Ridge Master HOA	3	I love the plans that were carefully developed for the top development areas in the Town, including Four Corners, I-25 Gateway, Nine Mile and Vista. We need amenities that allow us to live, shop, enjoy amenities and work locally. We need safe places local for our kids. We need the parks and recreation, arts and more right here.
M	45-54	Dem	Y	11-20	Vista Ridge Master HOA	3	Generally safe and positive vibes. Old town is feeling fresh and inviting.
M	45-54	Dem	Y	11-20	Vista Ridge Master HOA	3	Growth seems positive
M	45-54	Dem	Y	11-20	Vista Ridge Master HOA	3	I keep seeing new offerings, New opportunities for children, seniors everyone.
M	55-64	Dem	Y	11-20	Vista Ridge Master HOA	3	General improvements all around - and good communication like this survey
F	35-44	Rep	Y	11-20	Vista Ridge Master HOA	3	I love our town! I think we have a great community because the people are great, infrastructure is good and things are moving in the right direction.
M	45-54	Rep	Y	11-20	Vista Ridge Master HOA	3	I love the new Parks and Farmer's Market and festivals Erie does. I appreciate the focus on community. And the bike paths on Coal Creek.
M	45-54	Rep	Y	11-20	Vista Ridge Master HOA	3	New mayor seems to be on the same page for what most of the town wants
M	18-34	Unaf	N	11-20	Vista Ridge Master HOA	3	I recently walked in old town Erie and saw the beautiful Coal Creek Park with families playing in it and I would love to see more high quality beauty implemented in the city such as this.
F	55-64	Unaf	N	11-20	Vista Ridge Master HOA	3	Great community spirit! Great events! Old Town development. But y'all need to keep the parades going down Briggs! The heart of town!
M	55-64	Unaf	N	11-20	Vista Ridge Master HOA	3	Parks, bike paths, and the development on the northeast corner of Erie Parkway and County Line Road

Sex	Age Range	Party	Parent	Tenure	Neighborhood	Ward	Response
F	65+	Unaf	N	11-20	Vista Ridge Master HOA	3	Because the new Mayor's vision reflects the careful planning Erie needs, rather than the that of building too quickly and too densely without a vision of a family based community where people want to live and interact.
F	65+	Unaf	N	11-20	Vista Ridge Master HOA	3	Erie has a safe low crime environment. And there are lots of various activities
M	65+	Unaf	N	11-20	Vista Ridge Master HOA	3	There is generally good community spirit and relationships between people. Little overt hostility and conflict.
M	65+	Unaf	N	11-20	Vista Ridge Master HOA	3	Town of Erie basically works on the right priorities and problem areas. Better implementation, communications, and project management are needed however.
F	55-64	Dem	N	11-20	Vista Ridge Master HOA	3	I've heard and see more police presence in regards to speeding.
F	55-64	Dem	N	11-20	Vista Ridge Master HOA	3	Nice quality local restaurants and businesses in the downtown area.
F	55-64	Dem	N	11-20	Vista Ridge Master HOA	3	Residential growth brings more people to the area. Period which will help increase growth for schools. And growing of the police department.
F	55-64	Dem	N	11-20	Vista Ridge Master HOA	3	Working on roads, growing, progress to vitalizing downtown. The farmers market is so busy. Coal Creek Park is fabulous now. Festivals are attended in big numbers.
M	55-64	Dem	N	11-20	Vista Ridge Master HOA	3	I see a lot of growth/development that looks good. I like the Hwy7/I25 park and ride mass transit. However, we need to get HWY 7 finished with 2 lanes both ways. Please sync the traffic lights. Have to wait thru multiple traffic signals to get through HWY7 and Sheridan. We need to widen Arapahoe. Allow electric golf carts on paths to get to downtown
F	65+	Dem	N	11-20	Vista Ridge Master HOA	3	Community involvement, Home Rule City and new construction/development projects.
F	65+	Dem	N	11-20	Vista Ridge Master HOA	3	New parks; more community events

M	45-54	Dem	Y	More 20	Vista Ridge Master HOA	3	The downtown looks to be thriving and our parks are looking amazing.
M	45-54	Rep	Y	More 20	Vista Ridge Master HOA	3	With growth comes challenges and Erie has been able to manage those issues well but there's always room for improvement.
F	55-64	Rep	Y	More 20	Vista Ridge Master HOA	3	The expansion of businesses and it being the fastest growing city in Colorado means we're going in the right direction. But we have to put in the infrastructure to support it
M	55-64	Rep	Y	More 20	Vista Ridge Master HOA	3	Generally, the town is doing improvements to try and handle the people moving here. However, you are turning this town into a apartment complex
M	45-54	Unaf	N	More 20	Vista Ridge Master HOA	3	The town is growing in a generally positive way. Roads seem to be keeping up, new schools planned and built. New businesses established and retained.
F	55-64	Unaf	N	More 20	Vista Ridge Master HOA	3	Great police force
M	55-64	Unaf	N	More 20	Vista Ridge Master HOA	3	Great restaurants, fun activities throughout the year.
F	65+	Unaf	N	More 20	Vista Ridge Master HOA	3	Because we are adressing housing needs but we need to do more. We should not go backwards. By allowing people that are not making the AMI income to live here where they work (think teacherrs, police, first responders and medical workers) we not only strengthen our town but also reduce traffic and will support local businesses. People tend to spend where they live.
F	65+	Unaf	N	More 20	Vista Ridge Master HOA	3	New opportunities being explored
M	65+	Unaf	N	More 20	Vista Ridge Master HOA	3	Things like this survey to obtain community input. Next, we need to see if the community voices have been heard.
M	55-64	Dem	N	More 20	Vista Ridge Master HOA	3	Better follow up by the town concerning its spending and paying bills. Combination of growth near downtown and on the borders.
M	45-54	Rep	N	More 20	Vista Ridge Master HOA	3	The town continues to grow and is adding commercial properties and a range of housing options.
F	55-64	Rep	N	More 20	Vista Ridge Master HOA	3	Experienced leadership
F	35-44	Unaf	Y	6-10	Vista Ridge Master HOA	3	Town parks and programs and booming to support the growing community of young families. We probably should consider amenities for when the population ages.

Sex	Age Range	Party	Parent	Tenure	Neighborhood	Ward	Response
M	35-44	Unaf	Y	6-10	Vista Ridge Master HOA	3	I haven't had any major issues with the town. But as people move here, more commercial planning would be appropriate.
F	45-54	Unaf	Y	6-10	Vista Ridge Master HOA	3	I like the efforts the town has put into housing affordability and careful planning. I am highly concerned with recent developments concerning the current council majority. They have shown a general lack of understanding regarding the importance of housing diversity, affordability, and density and how those things serve our growing community. I am concerned that they show a lot of bias, leaning toward their conservative agenda rather than a true interest in serving the community. Recently, Removing Pride Flags was a huge black eye on the council. There is little trust in the council to do the right thing and value the people of Erie over their conservative agenda. I have also noted that a couple on council seem to mistreat staff during town meetings. This is another black eye for council and the Town of Erie in general.
F	45-54	Unaf	Y	6-10	Vista Ridge Master HOA	3	Pride flag was finally hung. Lots of trails and parks. Resources.
M	45-54	Unaf	Y	6-10	Vista Ridge Master HOA	3	Growth is inevitable. Seems like the town is embracing it by updating roads. More safety measures for pedestrians on bikes and walking would be helpful.
M	45-54	Unaf	Y	6-10	Vista Ridge Master HOA	3	The majority of the town council is supportive of the airport and important town assets.
M	45-54	Unaf	Y	6-10	Vista Ridge Master HOA	3	We are back to having a common sense mayor.
F	35-44	Dem	Y	6-10	Vista Ridge Master HOA	3	The town has already started working on some of the projects mentioned but we seem to be growing faster than expected and just want to make sure we can keep up.
F	35-44	Dem	Y	6-10	Vista Ridge Master HOA	3	We have a good community of people and leaders who care.
M	35-44	Dem	Y	6-10	Vista Ridge Master HOA	3	Erie maintains great facilities which are a great benefit to the community.
M	35-44	Dem	Y	6-10	Vista Ridge Master HOA	3	Everything
M	35-44	Dem	Y	6-10	Vista Ridge Master HOA	3	Good commercial growth (restaurants, barber, coffee, etc).

O	45-54	Dem	Y	6-10	Vista Ridge Master HOA	3	The mayor is a hiccup…his perspective is steeped in patriarchy and misogyny which is hurting him too but he doesn't realize it, at least yet. It's obvious he's done no work on community building and engagement. Erie is powerful…growing, building and improving. So I say that we're headed in the right direction because every community goes through insecure leaders like him. We are resilient and courageous enough to endure him as long as we need to to continue moving forward.
M	55-64	Dem	Y	6-10	Vista Ridge Master HOA	3	It is a desirable community with good schools and high property values. I disagree with the effort to discontinue the affordable housing effort
M	45-54	Rep	Y	6-10	Vista Ridge Master HOA	3	Growth is a good thing despite many opinions. There will be the inevitable 'cart before the horse' issues that occur due to logistics, but overall it seems like Erie is attracting the right businesses and as long as we keep balancing businesses and goods and services with increased population, we should continue to end up with a great and desirable place to live. Think Boulder with that balance of great restaurants and shops and everything will work out.

M	55-64	Unaf	N	6-10	Vista Ridge Master HOA	3	As long as we continue to look at the 2024 Comp Plan and Transportation Mobility Plan as guidelines for how to move forward, we are headed in the right direction. If we throw these plans aside, and allow short-term benefits to "rule the roost", we are not setting up our Town with a sustainable, livable community.

M	45-54	Unaf	Y	Less 5	Arapahoe Ridge	1	The developers are building more and more condensed housing. Some of the neighborhoods being developed are reasonable but more often than not, the developers are condensing the properties, and the condensed housing is going up in height to squeeze more homes in smaller spaces. The building is happening faster than the infrastructure can keep up with and feel that there is no planning or building strategy. Erie is quickly losing its views appeal and charm with condensed housing neighbourhoods and buildings.
F	45-54	Dem	Y	Less 5	Arapahoe Ridge	1	Focus on conservation of natural resources like water. Reduce property taxes and charge the massive home builders more to pay for infrastructure. ALL costs are falling on average people and it can't continue. Also stop with requiring grass!!

M	35-44	Rep	Y	More 20	Arapahoe Ridge	1	Building high-density where there was only planned for low-density housing on Arapahoe road. Made that road incredibly slow to drive on now. Don't have the supporting network (paths/etc.) so have people walking through our neighborhood constantly where it used to be very quiet.
F	18-34	Unaf	N	More 20	Arapahoe Ridge	1	The people in charge of making decisions in Erie do not have the right intentions in mind to support the groups in Erie that need it the most. We do not support large oil companies, we need to support the people that live here.
M	35-44	Unaf	N	More 20	Arapahoe Ridge	1	I'm only saying wrong direction because Allo should be and should have of been kicked out of the town years ago. The amount of damage they have done to public and private infrastructure is insane. Also the community trail and bike path system is patchy and is too meandering needs more direct routes along key aterys.
M	55-64	Unaf	N	More 20	Arapahoe Ridge	1	Car centric planning and less alternative bike options. Housing options are only for upper income.
M	55-64	Unaf	N	More 20	Arapahoe Ridge	1	Development of the town is too fast
F	65+	Unaf	N	More 20	Arapahoe Ridge	1	Look at my first response. I'll go on. The planning board makes it extremely difficult to get projects thru planning in a time manner. Again, not keeping track of the O&G wells that are leaking and causing health issues. Fracking distance to homes, schools, etc. Or not sounding loud enough to the O&G overseers. Can you say DRACO and CIVITAS?
M	65+	Unaf	N	More 20	Arapahoe Ridge	1	Hard to bring businesses in, number if roofs mentality for garnering taxes. Bigger is not better. Lafayette ate our lunch on the 9 mile deal and will apparently continue to do so.

F	65+	Dem	N	More 20	Arapahoe Ridge	1	Their lack of respect to people of color.
M	65+	Dem	N	More 20	Arapahoe Ridge	1	The town's approach to affordable housing needs a fresh look as it sacrifices neighborhood small town feel and has used taxpayer dollars for subsidies while not delivering affordable housing for those who need it most. Parks have been unfinished for years. Affordable housing is targeted on open space land (Page property) which would change the open space to green space/park. Police station expansion includes gold plating options such as an impound and an in-house emergency operations center. Training could be facilitated in vacated office space in the old town hall.

F	55-64	Rep	N	More 20	Arapahoe Ridge	1	Insufficient infrastructure to support growth. M	65+	Rep	N	More 20	Arapahoe Ridge	1	The prior Mayor and town staff seemed to want to re-envision the town with an urban feel and high density housing in direct contradiction to the values of the town.charter and citizens of Erie. They seem to want to sacrifice everything for affordable housing. It is not Erie's job to solve the front range housing crisis. Fiscal mismanagement has made it difficult to develop services that people in the town actually want. Millions spent on the town hall addition despite opposition to it. The staff seems to have forgotten that they work for us, we don't exist to serve them.

F	55-64	Dem	Y	Ref	Arapahoe Ridge	1	little interest in fostering a community that reflects real diversity. The constant refrain of preserving a "small-town feel" is nothing more than a coded excuse to exclude lower-income families, people of color, young renters, and older residents who don't fit the town's carefully curated image. Inclusion is always talked about as a future goal—but NEVER prioritized, rarely acted on. Politically, the town is as fractured as the country. Erie might be better off split along county lines rather than pretending this is a unified community. I see decades of political wrangling rather than unified movement in one direction that can be sustained over administrations. This current council's treatment of the affordable housing project on N Briggs for example. Reviving politicians from decades past isn't a sign of a healthy community or a return to stability—it's a desperate attempt to cling to an idealized version of the past that never existed. And the mayor, his fault or not, doesn't have the trust of the democrat-supporting residents. He can't govern effectively without it. No one could. What's worse, there's a glaring lack of meaningful support for elderly and disabled residents. Whether it's accessible transportation, affordable housing, or services that support independent living, these needs are consistently overlooked—despite all the talk of being a family-friendly town. If you're not part of the "ideal" demographic, you're made to feel outright unwelcome. And the fact that the town council is still overwhelmingly dominated by men? It's embarrassing. In 2025, that imbalance isn't just outdated—it's a failure of imagination and values. I know and deeply respect many incredible people here. But good individuals can't compensate for a system that resists necessary change and fails to grow in ways that serve the whole community.

M	18-34	Unaf	N	6-10	Arapahoe Ridge	1	The town's plan to double in size will fundamentally change the character of the town. Most importantly, this kind of growth requires destroying the open spaces and wildlife that not only define Erie, but serve critical roles in the welfare of the larger ecosystem. Erie has a chance to set an example for other communities. I fear that greed and shortsightedness will squander this opportunity.

F	35-44	Unaf	Y	6-10	Candlelight Estates	1	You just let any big developer come in and make cookie cutter junk, there's so few custom / thoughtful, unique attributes to the town. The opportunity is huge and Erie just has not been able to execute a more thoughtful design approach. It's so suburbia, ick.
F	45-54	Dem	Y	6-10	Candlelight Estates	1	I don't like all the tacky stores (vape shop, fast food joints) that the town is approving. And how the buildings are being built in a manner that contributes to a car centric community. It's like Erie wants to be the next Thornton.
F	45-54	Unaf	Y	Less 5	Candlelight Ridge	1	Communities are increasingly close to oil and gas sites. DRACO was a big set back with ongoing repercussions.

M	55-64	Oth	Y	11-20	Candlelight Ridge	1	You're overbuilding for the infrastructure in place. We do not want higher costs to live here. The water cost alone is already significant in Erie.
M	55-64	Unaf	N	11-20	Candlelight Ridge	1	Allowing fracking in around and underneath the town of area is unsafe and shortsighted. The Erie airport is a public nuisance and a poor economic decision for the town.

M	55-64	Unaf	N	Less 5	Canyon Creek	1	Residents operate like zombies, ceding freedom to HOAs set up by developers long packed up and gone. We need xeric, we need non-toxic, and we need fire prevention, now.
M	65+	Unaf	N	Less 5	Canyon Creek	1	Too much building and not enough thought in retail , shopping , grocery stores etc.
F	45-54	Unaf	Y	11-20	Canyon Creek	1	Twenty years ago we were touted as the next Boulder, which is why we built here. But the decisions that have been made make us far from Boulderesque. Stop building up every square inch of Erie with homes and apartments and focus on improving infrastructure…and please do common-sense infrastructure improvements, not ones like I mentioned above. Do the people who design the roads actually drive them? We need more through lanes, turn lanes, and some decent concrete that will last decades vs a thin layer of asphalt that will go south in a year or two. We don't need fancy curb designs and medians that take up precious space that could be utilized to keep traffic flowing in a common-sense way.
M	45-54	Unaf	Y	11-20	Canyon Creek	1	Over selling. Being bigger and growing and over populating is not a sign of success to me.
M	35-44	Dem	Y	11-20	Canyon Creek	1	Too many houses,
F	45-54	Dem	Y	11-20	Canyon Creek	1	I am concerned with the current town leadership's priorities and decisions, which I feel are not fully aligned with the community's needs. A significant issue is the lack of strong action from the town to address or mitigate the impacts of oil and gas development, including fracking, which is a major concern for environmental protection and public health in our community. The recent removal of Pride flags from public areas (even though put back up) has raised concerns about the town's commitment to inclusivity and welcoming all residents. The increasing cost of living is making Erie significantly less affordable for many.

M	55-64	Unaf	N	More 20	Canyon Creek	1	See my previous response. Once we push back on O&G rather than partnering with them for the revenue, I'll have a different opinion. And we should stop building neighborhoods with houses that the average family cannot afford. Maintain our green spaces, please.

M	45-54	Unaf	Y	Less 5	Canyon Creek South II	1	It seems to be ballooning and the city is playing catch up. Either slow down growth or be prepared to meet the demand. With being a city charter now I fear taxes are going to sky rocket. And service will go down.

Town of Erie In-Depth Community Survey

*"Please describe why you fell things in the Town of Erie are off on the **wrong track**."*

Sex	Age Range	Party	Parent	Tenure	Neighborhood	Ward	Response
M	45-54	Unaf	Y	11-20	Canyon Creek South II	1	Most people in Erie live here because they prefer smaller communities. Erie is exploding in size.
M	45-54	Unaf	Y	11-20	Canyon Creek South II	1	Too crowded and its not the same town we move here for
M	45-54	Unaf	Y	11-20	Canyon Creek South II	1	We keep encouraging housing growth and imparting the cost of infrastructure on town residents, and not on new houses/developers.
F	35-44	Dem	Y	11-20	Canyon Creek South II	1	Too many new developments
M	35-44	Dem	Y	11-20	Canyon Creek South II	1	Most towns work out a deal with a company to make their citizens life better. However, in our deal with Allo, prices are not lower, service is not better and the company basically had carte blanch to damage, drill or break anything they wanted to. Pretty much every decision by the town makes its residents live worse. Traffic is routed randomly with no plan and getting worse. There appears no effort when it comes to working with builders to actually work with residents or their HOAs to reduce impact during building and beyond (such as a new fence adjacent to a previous fence 1ft apart by the toll brothers, which is not just an eyesore, but will be full of trash, weeds and animals within a year). I am asking the city to think of the residents first and cash flow second.
M	55-64	Unaf	N	11-20	Canyon Creek South II	1	Big property taxes, the Most expensive water in Boulder county and climbing up fast, Excessive noise from planes recently, big Cracks on roads never seen before, Asking in surveys how to spend the money without giving option "save the money, reduce the waste".
F	65+	Unaf	N	11-20	Canyon Creek South II	1	I think housing development is on a fast track and we are losing our small community feel.
F	45-54	Dem	N	11-20	Canyon Creek South II	1	All residential building. Need wider diversity and intentional planning.
F	55-64	Rep	N	11-20	Canyon Creek South II	1	Allowing far too much residential development, waste of money on County Line Road changes, highway 7 is a traffic/road quality nightmare
M	55-64	Rep	N	11-20	Canyon Creek South II	1	The emphasis on large apartment complexes will quickly lead to a situation where the roads and other services will be strained.
M	65+	Unaf	N	More 20	Canyon Creek South II	1	Uncontrolled housing growth

Sex	Age Range	Party	Parent	Tenure	Neighborhood	Ward	Response
F	65+	Dem	N	More 20	Canyon Creek South II	1	I question that success is building on every square inch of property. I don't think "building out" completely is success. Not a recognition that WATER will not be available for all those residents in the not so far away future.
M	45-54	Rep	N	More 20	Canyon Creek South II	1	The town is years behind the growth and need immediate action.
M	45-54	Rep	N	More 20	Canyon Creek South II	1	With the influx of out of state people the town has gotten away from the little town home town feel
M	55-64	Unaf	Y	6-10	Canyon Creek South II	1	To much growth
F	35-44	Dem	Y	6-10	Canyon Creek South II	1	Because the focus seems to be on allowing housing developments to go up everywhere with no new infrastructure to keep up with the growth. There's one high school that's overpopulated. There's no care in keeping the charm, appeal and unique feel of Erie- it's starting to feel like all of the other front range I 25 cities.
O	35-44	Dem	Y	6-10	Canyon Creek South II	1	We moved to Erie for the small town feel and left the Denver metro area for a quieter town. Since we have moved here the town is rapidly developing and prioritizing new neighborhoods around every corner over the small town feel. This has led to an increase in use of the few buisnesss Erie has and every part of the city feels busy now.
F	45-54	Rep	Y	6-10	Canyon Creek South II	1	Building too many homes too fast.
M	45-54	Unaf	N	6-10	Canyon Creek South II	1	Too much residential growth
F	55-64	Unaf	N	6-10	Canyon Creek South II	1	Too much growth too fast. Road capacity not capable of handling the amount of people moving here.
M	35-44	Rep	Y	Less 5	Colliers Hill	1	We need more businesses
M	65+	Unaf	N	Less 5	Colliers Hill	1	Too much dense housing, traffic
F	55-64	Unaf	N	6-10	Colliers Hill	1	Erie is building too many homes and loosing the smaller town feel. Is it all about tax revenue? We, the people who have lived here for years, don't like Eries growth plans.
F	35-44	Unaf	Y	Less 5	Compass	1	It feels like other projects keep taking priority over Compass Park. We've been waiting since we moved in 5 years ago...others have been waiting closer to 10 years. I very much regret choosing a home here because it's so isolated.

Sex	Age Range	Party	Parent	Tenure	Neighborhood	Ward	Response
F	35-44	Unaf	Y	Less 5	Compass	1	Too many single family homes, not enough amenities and retail options. I actually don't mind the growth (and welcome it), I just want it to be done in a conscientious way that isn't going to price out the next generation and eventually decades from now leave Erie with an elderly population with no support. Look at what is happening in Boulder - housing is so expensive, and there are not enough young families (multiple elementary schools closing). I don't want that for us.
M	35-44	Unaf	Y	Less 5	Compass	1	It seems with each new administration there is another survey and a new direction and then no progress is made, like we attended meetings for the Compass Park years ago and it is still 2 years out
F	35-44	Dem	Y	Less 5	Compass	1	I think the focus is on building 1 million gazillion new belts without providing any infrastructure to support all of these new residents. It's like I'm in Erie, but I'm isolated in this weird bubble on the edge of town and not a part of the community at all.
F	45-54	Rep	Y	Less 5	Compass	1	Neighboring cities have outdoor aquatic centers/pools, updated and inclusive/ adaptive parks, better biking/walking trail connections.
M	45-54	NR	Y	Less 5	Compass	1	Some of imp projects are not prioritize which is impacting overall Erie as county to live here.
M	18-34	Unaf	N	Less 5	Compass	1	Different priorities on budget, Erie doest need more police or police stations, it needs more public work employee to support infrastructure, street repayment, rather than more police , add code enforcement. More parks and recreation.
M	55-64	Unaf	N	Less 5	Compass	1	Massive growth in subdivisions which leaves the towns finances at the whims of property values but we have limited business to support taxes for revenue
M	18-34	Dem	N	Less 5	Compass	1	We need better access to neighborhood parks/ trails and prioritize projects to get them done faster. inclusive and adaptive parks and amenities that rival neighborhood cities such as outdoor swimming pool and aquatic center, better trail connections, and safe access to schools.
F	55-64	Dem	N	Less 5	Compass	1	Too many apartments and losing small town appeal. Stop building. I am a Colorado native and have seen the rapid growth and loss of character in erie.

Sex	Age Range	Party	Parent	Tenure	Neighborhood	Ward	Response
F	55-64	Dem	N	Less 5	Compass	1	Too much housing, not enough mom and pop stores. Get rid of big business
F	65+	Dem	N	Less 5	Compass	1	You talk about building parks and town communities to bring more commerce to the area but it's not happening. We have tons of dentists and car repair places or banks.
M	65+	Dem	N	Less 5	Compass	1	There's just too much growth, it has to stop some time! The road work has taken so long to complete…on 119th street it literally took years!
F	35-44	Rep	N	11-20	Compass	1	The town leadership seems to operate on their own agenda and not the best interest of the town.
F	18-34	Unaf	N	More 20	Compass	1	Spending money on the wrong things, such as this survey or expanding town hall and the police station.
F	55-64	Dem	N	More 20	Compass	1	There is so much building everywhere without good plan management of roads, services and care for the residents, the taxes are exploding as well. It seems like whomever is in office does what "they" want vs. listening to people who live here. Not to mention we are still having oil and gas issues right in our yards. Erie does very little in the way of getting town people together to unifying and enjoying the town because of how they planned there development in the first place. Eve. The farmers market is too small to bring I. The bigger vendors and I end up at Louisville every week because they have more produce and more choices for your food selection. I've been here 21 years now and love this town. But don't spend a lot of time here because we are still behind in offerings.
F	35-44	Unaf	Y	6-10	Compass	1	Selling open land to developers who are bringing in a huge number of homes that our town CANNOT support. Our school's are overcrowded. Crime is up. And being listed in the top percentage of cities who's population is growing is not a good thing. It's no longer a small town. Events are way overcrowded. There is no parking. Lots of us don't even attend town events anymore because of all the people and parking issues. Plus we used to love all the farm land and open space. Not it's just houses everywhere.

Sex	Age Range	Party	Parent	Tenure	Neighborhood	Ward	Response
M	45-54	Unaf	Y	6-10	Compass	1	There seems to be a lack of communication with the residents. I seem to only hear of the time to comment or a meeting to attend about issues too late.
F	35-44	Dem	Y	6-10	Compass	1	Building too quickly, town can't keep up with rate of growth
F	35-44	Dem	Y	6-10	Compass	1	Many promised projects are delayed, deferred. We w had very few new business and restaurants open in the last 5 years. OId town should be less commercial and more restaurant/retail.
F	35-44	Dem	Y	6-10	Compass	1	The density change is scary given we don't have infrastructure in place for the number of houses you want to bring in. The outside counsel the town uses Kendra Carberry is horrible and quite frankly going to get the town sued.
M	35-44	Dem	Y	6-10	Compass	1	I moved here 10 years ago and have not seen improvements in the many places I would expect a growing town like Erie to make. There is a significant lack of shopping, restaurants and entertainment that keep me in the town when I want to go do those things, I am constantly having to travel to Thornton, Broomfield, Lafayette or Louisville to meet those needs.
M	45-54	Rep	Y	6-10	Compass	1	More people and we are not accommodating for more cars on the road.
M	35-44	NR	Y	6-10	Compass	1	Fringe issues are always city governments priority, yet the major issues take a back seat because they are "hard" to deal with and force decision makers hand For example….we don't need a larger police department. Police officers are paid to be out in the community engaging with citizens, not sitting at the PD. If anything, we need a smaller police building to ensure our highly paid officers have the opportunity to get out of the office and serve vs hiding at the building. Think I'm wrong? Drive by the office and count the "duty" cars for a shift…..guarantee 50% or more are at the office…..their vehicle is intended to be their office to be out and visible while working on reports and other administrative tasks , time to start treating it that way
M	55-64	Unaf	N	6-10	Compass	1	Too much building. Crazy traffic, poor access in and out of town.
F	65+	Unaf	N	6-10	Compass	1	Unlimited development coinciding with insufficient water resources and lack of roads.

Sex	Age Range	Party	Parent	Tenure	Neighborhood	Ward	Response
M	65+	Unaf	N	6-10	Compass	1	The approached the building. Subdivisions is creating a town where you have to drive everywhere. There's no coffee shops. There's no bagel shops. There's no restaurants and with new subdivisions. You would think that you could set aside a block for some kind of retail, so the people didn't always have to get in their car, and clogging up the streets, which are too small For all of the building. That's going on in Erie. And there's no connectedness to the trails that are in subdivision. They just stop and don't go anywhere, so you need to find more connectivity so that you can actually walk places and not always have to get into your car.
F	65+	Dem	N	11-20	Cottages at Erie Village	1	The apartments built on the east side of County Line Road North of Cheesman are really really ugly. They look like tenements or even a prison. They are too close to the road and very crowded. The other apartment buildings located on the south west side of County line and Erie Parkway are also unattractive.

Sex	Age Range	Party	Parent	Tenure	Neighborhood	Ward	Response
F	45-54	Rep	Y	More 20	Cottages at Erie Village	1	The construction on County line road between Erie elementary and the Middle School did nothing to improve the road and traffic situation. It made things worse and much more congested. The lanes are too narrow to even get a standard snow plow through in the winter time. When traffic is backed up during drop off or pickup at the elementary school, there is no way to go around the people that are waiting in line like we used to be able to when we had the extra Lane without that silly. Median in place. The landscaping on the median is taking forever and is not very aesthetic from what I can see at this point? Putting in a traffic circle on County line road and Austin is a ridiculous idea. I foresee more accidents coming on that intersection now. And watching all of these three-story townhouse condo units going up and not being even close to being affordable is not helping our community. There are lots of retired folks that are moving here to be closer to their kids and grandkids. And the extra stairs are not feasible unless you have an elevator installed? I don't even want to take those stairs. I think about bringing my groceries up in the winter time or anytime and it absolutely turns my stomach. Very disappointed in the way that Erie is developing real estate. I have been a resident here since 2004. And I have seen a lot of changes over the years okay. But the last two years have been absolutely ridiculous with the spending and not really doing anything to help with traffic or the situation
M	55-64	Unaf	N	More 20	Cottages at Erie Village	1	Increased staffing and legal fees not justified
F	45-54	Unaf	Y	Less 5	Cottonwood Vista	1	I thought purchasing a home in Boulder county meant that I would be safe from the fracking industry, but I was wrong and absolutely gutted. I have major regret moving to Erie. If I could go back in time I would not have moved here at all.

Sex	Age Range	Party	Parent	Tenure	Neighborhood	Ward	Response
M	45-54	Dem	Y	11-20	Cottonwood Vista	1	1. Extreme increase in aircraft noise—flight school planes now fly consistently at altitudes below 100 feet, significantly violating noise-abatement guidelines. This problem has intensified dramatically, making Erie (Cottonwood Vista neighborhood) feel like a completely different town compared to when I moved here in 2015. 2.Rapid housing development without adequate infrastructure (schools, restaurants, retail), paired with radically higher taxes, leading to a noticeable decline in overall quality of life.
F	45-54	Unaf	N	11-20	Cottonwood Vista	1	I'm not anti-growth. But the town needs to be an accountable to the residents and take a stance when our interests aren't being served. We need more resources to support the growth. We need builders to contribute back to the town. We need somebody to monitor oil and gas.
F	55-64	Unaf	N	11-20	Cottonwood Vista	1	We have been promised lower cost of water with growth since we moved in 13 years ago and it has only gone up. Programs that are provided (like trees and zero scaping) are difficult to obtain because they put too many rules and recs to disqualify the application
M	65+	Rep	N	11-20	Cottonwood Vista	1	1. When we purchased our house here 14 years ago there were no companies doing flight training, and now we feel that we're going to be forced to move because of the noise from these airplanes. It seems as though nobody will do anything to reroute these planes Flight paths.
M	65+	Rep	N	11-20	Cottonwood Vista	1	It feels like you are on a race to make The town grow to 100,000 people
M	35-44	Rep	Y	6-10	Cottonwood Vista	1	No planning to support town growth
M	45-54	Unaf	Y	Less 5	Country Fields	1	Erie seems to only care about creating more tax revenue from condos. We STILL don't have a proper grocery store, unless you head out to I-25 or Lafayette. The recreation center is already inadequate and Erie just keeps building houses.

Sex	Age Range	Party	Parent	Tenure	Neighborhood	Ward	Response
F	35-44	Unaf	N	Less 5	Country Fields	1	I moved to Erie for the small town suburban feeling and with the new developers they are moving toward a more "urban" townhouse feeling. When it comes to the long term development of Erie there needs to be a clear vision of what Erie is going to look like visually and what type of people are going to want to live here. I feel like with the rapid expansion of Erie the vision and priorities have been lost in an attempt to create ample housing but the urban planning has be completely thrown out in the process.
F	35-44	Unaf	Y	11-20	Country Fields	1	There are way too many houses. We're losing our open space and land opportunities for stores or business.
M	55-64	Unaf	Y	11-20	Country Fields	1	Lack of fiscal common sense. Not doing enough for Briggs street businesses
F	35-44	Dem	Y	11-20	Country Fields	1	The expansion of this town has exploded without resources to support it. For those on the Boulder county side, there is no BVSD high school to send kids and EHS is already at capacity. There's not a local grocery store in the heart of the new home developments. People living west of County Line Road do not have safe walking or biking access to old town and are forced to cross CLR and Erie Pkwy. There is a lack of affordable housing for individuals who would love to he part of this community but have been priced out over the past ten years. There's no convenient grocery store- we could have a Whole Foods, Trader Joe's, etc, but instead we're met with more housing. We will rapidly run out of schools to support our kids because housing without community services is just unchecked growth
F	35-44	Rep	Y	11-20	Country Fields	1	Increase in crime. Also animals are being pushed out of their homes. Too many houses are being built not enough room for everyone. Erie was a small town and growth is causing it to loose its charm.
M	35-44	Rep	Y	11-20	Country Fields	1	Was a nice calm and quiet town and now it's a circus. No better than many denver suburbs
M	45-54	Oth	Y	11-20	Country Fields	1	Too many homes. Erie is beginning to feel like Broomfield.

Sex	Age Range	Party	Parent	Tenure	Neighborhood	Ward	Response
M	18-34	Unaf	N	11-20	Country Fields	1	It is mostly due to mismanagement of neighborhoods and smaller areas than the town itself. There should be regulation stopping people who live outside of the neighborhood from making decisions for it
M	45-54	Unaf	N	11-20	Country Fields	1	I explained it in the previous question. I don't like the direction the Toll brothers company is taking the development of the town. I'm very happy with the police force, the community spaces, the parks, open spaces, and the efforts to expand the community, but let's do it with some depth. I really love this community so let's keep people who also love it and live here at the front of development planning.
F	65+	Dem	N	11-20	Country Fields	1	Too many houses, not enough water
M	55-64	Rep	N	11-20	Country Fields	1	The town can't spend money fast enough. Bloated staff, new buildings, spend spend spend
F	55-64	Unaf	N	More 20	Country Fields	1	The population is insane with all the homes, apartments, condos that continue to be built. There is so little open space anymore! Traffic is horrible.
M	55-64	Unaf	N	More 20	Country Fields	1	Bloated government, out of control spending, excessive staffing
F	65+	Dem	N	More 20	Country Fields	1	Erie used to have small town charm, it's now just a bunch of housing with a hellava lot of cars. For every house with kids, once those children grow up, they will have cars and the roads here just don't support the growth.
F	65+	Dem	N	More 20	Country Fields	1	I do not agree with the plan to continue to build houses and grow the population of Erie.
M	65+	Dem	N	More 20	Country Fields	1	Too much spending, liberal policies.
M	55-64	Rep	Y	Ref	Country Fields	1	Building homes and apartments too fast.

M	35-44	Unaf	Y	6-10	Country Fields	1	Infrastructure and commercial building is not keeping pace with residential building.
F	45-54	Dem	Y	6-10	Country Fields	1	Too much focus on building without also developing businesses, restaurants, recreational activities, public pools, etc.
O	18-34	Dem	N	6-10	Country Fields	1	Huge focus on constant growth instead of quality of life. Increasing drilling for oil and gas and not nearly enough investment into renewable energy.

Sex	Age Range	Party	Parent	Tenure	Neighborhood	Ward	Response
F	35-44	Dem	N	6-10	Country Fields	1	It's unclear what will be done to preserve open space, especially in Weld country. There are so many new developments going in without consideration to traffic, open space, and creating local amenities so that people don't have to drive everywhere. I'm also not sure the new downtown is actually being built for community culture - it seems like it's mostly residential condos so far and doesn't look at all like the renderings
F	35-44	Dem	Y	Less 5	Creekside in Erie	1	It seems to me the town is more focused on bringing in more money (by adding a crazy amount of housing, bringing in big chains) instead of focusing on smart slower growth and allowing small businesses to dominate the town, giving it a small-town local feel.
F	35-44	Rep	Y	Less 5	Creekside in Erie	1	Over development of the town, we don't need homes, high-density and affordable housing in every open field. Seems like there's a lack of thoughtful planning for the development happening
M	35-44	Rep	Y	Less 5	Creekside in Erie	1	Population growth is being prioritized for tax revenue over and exceeds the capacity of Erie's infrastructure including schools.
F	18-34	Dem	N	Less 5	Creekside in Erie	1	Too many houses being built without diverse infrastructure for socializing and restaurants, walkability instead of dependence upon cars. Many neighborhoods not walk accessible.
M	35-44	Unaf	Y	11-20	Creekside in Erie	1	There has been a huge focus on apartments and multifamily residences when we are already straining some of our public services.
F	45-54	Unaf	Y	11-20	Creekside in Erie	1	We need to improve our income from business growth, also the current crowd projects (county line, the peal, Austin ave.) are asinine designs
M	45-54	Unaf	Y	11-20	Creekside in Erie	1	All services severely overused (like rec center and youth sports). Lack of commercial and planning. Poorly thought out traffic. Developers completely in control of the town
F	45-54	Unaf	N	11-20	Creekside in Erie	1	Poor city planning
F	55-64	Unaf	N	11-20	Creekside in Erie	1	Our opinions are never heard as it's all about which square mile can be filled in with more housing.
M	55-64	Unaf	N	11-20	Creekside in Erie	1	Too much emphasis on residential development and allowing the development companies to dictate, also the road infrastructure is appalling and seems to addresses in a very ad-hoc manner

Sex	Age Range	Party	Parent	Tenure	Neighborhood	Ward	Response
F	45-54	Unaf	Y	More 20	Creekside in Erie	1	There doesn't seem to be a cohesive plan for growth. Folks planning growth need ro drive to sites and understand impact so they can better plan.
M	45-54	Unaf	Y	More 20	Creekside in Erie	1	Growth is out of control and destroying the essence of why people loved Erie. We will soon be no different than any other large Denver suburb with all of the traffic and crime and pollution, but none of the redeeming qualities that Erie has been known for. The giant fracking plan from the hill down under everyone's house is a federal level disaster waiting to happen.
F	55-64	Rep	N	More 20	Creekside in Erie	1	Mayor is indecisiveness and too involved in the day-to-day business of Town Staff.
M	35-44	Rep	Y	6-10	Creekside in Erie	1	I feel the town is allowing for too much development for which its infrastructure has yet to catch up.
F	45-54	Dem	N	6-10	Creekside in Erie	1	Too much growth. Too much housing. Not enough businesses. Still waiting to hear what grocery store we might be getting. I don't think we have the infrastructure in place to support that need. I know the town center is a concept. But the town just also approved a couple of new housing developments that are going up. The growth to 75,000 is not the right track.
F	55-64	Dem	N	6-10	Creekside in Erie	1	There is too much construction and new homes going up. The growth is out of control and will overrun the infrastructure.
F	35-44	Unaf	Y	Less 5	Creekside Townhomes	1	There's an insane amount of new developments going in right now and the schools can't magically grow to accommodate all these people and families. Please slow down and stop developing every square inch in Erie
F	45-54	Dem	Y	Less 5	Creekside Townhomes	1	Focused on development that is not sustainable, walkable, nor well connected to services, very car centric without a good traffic growth plan
F	55-64	Dem	N	6-10	Creekside Townhomes	1	The overpopulation is a very big concern as it effects many areas (lack of infrastructure which will increase taxes, poorly planned road construction, still no grocery store on County Line, why do we need a hotel in the new Town Center development).
F	65+	Rep	N	6-10	Creekside Townhomes	1	We need more commercial to balance the rapidly expanding residential

M	35-44	Unaf	Y	Less 5	Flatiron Meadows	1	Erie has become unaffordable and unwelcoming resulting in an overly homogeneous community.
M	35-44	Unaf	Y	Less 5	Flatiron Meadows	1	No retail- always have to leave Erie to buy goods/services/entertainment All of the new developments are big box home builders pumping out low quality homes that are too close together - commercial space is always another dentists or medical spas
M	35-44	Unaf	Y	Less 5	Flatiron Meadows	1	Recent changes to our affordable housing policy, lack of an identity when compared to neighboring cities.
M	45-54	Unaf	Y	Less 5	Flatiron Meadows	1	We are speeding through residential development with a hazy plan. There doesn't seem to be planning for the infrastructure needed to support it.

Sex	Age Range	Party	Parent	Tenure	Neighborhood	Ward	Response
F	65+	Unaf	N	Less 5	Flatiron Meadows	1	We do not have the infrastructure for all of the homes and shops that are being built. Schools are crowded. Traffic is getting worse. 287 and Arapahoe - that area cannot take more building. That area is a traffic mess. Taxes are sky high. I am a senior citizen on fixed income. Help seniors with taxes without having to have lived in the house for ten years. We want the option to move around without being penalized. The Rec Center is crowded, dirty and not up to par as facilities in Louisville for example. We are going to have people not want to live in Erie if we do not update our facilities. We have a strip mall right off of Briggs that needs paving. These are the kinds of things that make a town not look appealing. The town feels very divided. Actually I have never lived in a town that feels as divided as Erie does. Prior administrations spent our tax dollars buying land to control development. That should not be the job of the town. The prior administration put up affordable housing using our tax dollars to buy and maybe subsidize the project. The prior administration wasted our tax dollars on events that had little interest by the majority. Look at attendance before handing over money. I am in favor of diverse events. I just want to be sure they are well attended so we do not waste money. I have gone to pride events in Boulder just a few weeks ago. Lots of vendors, music, it was an amazing day. Our events are a disappointment. The fireworks were not very good. Traffic control for events is poor.

It's like the Erie of old relying on Lafayette to have all the good things. Now these same city planners want to build an "arts/event" center paid for by our taxes. I don't know if you know that "cough" Broomfield's event center is being closed because it cost more to maintain and run than it is worth. Gee how are we going to be any different? WE ARE NOT.

The amount of growth we've seen in the past few years has been disappointing. More houses, more people, more traffic...it's too much. And not enough thoughtful planning to mitigate the increase. We were promised a grocery store at the corner of County Line and Erie Parkway since we moved here 27 years ago and that is yet to come to fruition. But throw a rock and find a dentist or a bank? The planning committee needs to be more thoughtful about what services the town actually needs and wants. Turning the intersection of Austin and County Line Road into a round about - really? why? How is that going to help during school rush hour for pick up and drop off? Also, the community center - it's already so competitive to get into any activity - you have to be on the site on the minute registration opens, and things sell out in 30 seconds. How will it accommodate even more people with the expanding houses? Also, the farmers market is on Thursdays, it should be Saturday mornings. Unlike Highway 52, Erie Parkway IS a highly residential street, with school crossings where speed control is much needed!! There are school crossings in areas where people are going well over the limit, with limited sight creating the potential for accidents when adults, children, bikers cross. Erie Parkway speed limit should be reduced, which (if enforced) could teach commuters going into/out of Boulder (via Erie Parkway) to move to Hwy. 52 which has much less residential and school crossings. It could also lessen the continued accidents @ US 287/Erie Parkway!!!!

The amount of home density planned for new neighborhoods is deplorable. Construction and traffic is polluting the air and roadways and is toxic to the members of the community. Developers are not providing what they promise and the new communities already look dated and have construction issues. Parks, recreation, open space and trails are not being prioritized and equitably distributed. The town will accept a "fee in lieu" of parkland dedication and it hurts the community.
F	55-64	Unaf	N	Less 5	Other Neighborhood	1	I think the Mayor and the Town Council are wasting a lot of taxpayer dollars, for example this survey didn't need to be sent to every single resident. F	35-44	Unaf	Y	Less 5	Colliers Hill	2	I'd like to see the population max out lower than the current anticipated population. I've heard 80,000 people upon completion and many residents feel that Erie is already big enough. We worry it will become Broomfield or another suburb and lose the small town community everyone likes.
F	35-44	Unaf	Y	Less 5	Colliers Hill	2	Same as previous answer, we moved here years ago from Denver and loved how Erie was a small town feel. Now it's not as much. Filled with constant construction of not single family homes. Apartments and people renting from owners in town homes, are usually people who don't care as much as they aren't permanent residents.
M	35-44	Unaf	Y	Less 5	Colliers Hill	2	As mentioned previously, it appears that housing developments have been approved in many available areas. In a town that has traditionally been largely agricultural and intimate, the previous administrations have really taken Erie into a wildly different direction - at least it appears this way. The population growth in Erie seems to have blown up "too quickly" at the expense of current residents. By expense, I mean economical, infrastructure, and mostly cultural.
M	35-44	Unaf	Y	Less 5	Colliers Hill	2	More houses are being built without anything else. It's now overcrowded and I routinely drive 15+ minutes each way to Longmont, Lafayette, etc. for food and activities instead.
M	35-44	Unaf	Y	Less 5	Colliers Hill	2	Too many housing projects and not enough infrastructure or businesses to support. All our citizens mainly shop in other towns .
F	45-54	Unaf	Y	Less 5	Colliers Hill	2	Again, decide if this should be a nice town, invested in it's people with adequate infrastructure, or if this is a fracking town, where everything is polluted by gas and oil.
F	45-54	Unaf	Y	Less 5	Colliers Hill	2	We are focusing too much on large scale home development when we don't even have a grocery store within walking or biking range. If you don't own a car you can't live in Erie. And that's extremely problematic
M	45-54	Unaf	Y	Less 5	Colliers Hill	2	Development plan is not good
M	45-54	Unaf	Y	Less 5	Colliers Hill	2	The oil and gas development in combination with the surge in population growth is a recipe for disaster. The new Town leadership is insensitive to programs that build an inclusive community.

M	65+	Unaf	Y	Less 5	Colliers Hill	2	No attention to detail. Big projects are great but don't over look the daily smaller needs.
F	18-34	Dem	Y	Less 5	Colliers Hill	2	Focusing on housing but not building commercial infrastructure to support the number of houses and families flooding in.
F	35-44	Dem	Y	Less 5	Colliers Hill	2	Affordable housing in Erie is really struggling. It's hard to afford rent/home ownership for families making less than $100,000. Next, I live in Colliers and am firsthand witnessing the consequences of what these quick new build homes provide at the cost they are selling them for. We want reputable builders in Erie. Erie needs to maintain its open spaces and small-town feel. Consistent construction, taking away open spaces to build more that brings in more traffic causes a ripple effect of problems.
F	35-44	Dem	Y	Less 5	Colliers Hill	2	Enough houses. 3000 already planned. That should be the limit. I dislike the smoke and vape shops allowed. Should make builders (who make millions) pay to start building new schools and bike paths for the families who will be buying their homes. The civil engineering of the ingress and egress of the Aria apartments by the high school is ridiculous. Why is everyone basically forced to go through the neighborhood of Colliers Hill which is a neighborhood full of kids. Not safe. The new park should be inside the neighborhood at Westridge and Colliers. The new elementary should be on CR5. There should be a tunnel from Colliers under CR5 to the HS and soaring Heights. There are tunnels all over in Colliers, so saying it can't be done seems false.
F	35-44	Dem	Y	Less 5	Colliers Hill	2	The rate of expansion to infrastructure seems uneven. Local events are overcrowded and will become more difficult to enjoy if housing continues at the current pace.
F	35-44	Dem	Y	Less 5	Colliers Hill	2	You can not build a healthy community and an oil/gas field simultaneously.
M	35-44	Dem	Y	Less 5	Colliers Hill	2	Building too many houses
M	35-44	Dem	Y	Less 5	Colliers Hill	2	Too many apartment complexes. Over time they will deteriorate and home prices along with it. Public resources such as police enforcement will be strained.

F	35-44	Rep	Y	Less 5	Colliers Hill	2	Not a fan of the fact so many apartments are going up. Crime will increase and property values in the area will decrease
F	35-44	Rep	Y	Less 5	Colliers Hill	2	Too much residential building (current and coming in the future). Growth could become so rapid that we lose our small town feel. I don't want our town to become another indistinguishable extension of the city of Denver.
F	55-64	Rep	Y	Less 5	Colliers Hill	2	Don't have enough restaurants and activities
M	55-64	Rep	Y	Less 5	Colliers Hill	2	Property taxes have become unbearable. Several residents in colliers hill have had to move due to tax rates and assessment increases that do not match the market trends. For what we are paying in taxes, infrastructure should be up to par and it is far from that. I would like to see these builders paying their fair share
F	35-44	Oth	Y	Less 5	Colliers Hill	2	You have invited people to come and live in this town so the talk of keeping this town the way it was 10 years doesn't work. Please make our life comfortable - currently I don't see any effort at all. Please make this town an opportunity zone for people to open small businesses rather than walmart and chick files.
F	55-64	Oth	Y	Less 5	Colliers Hill	2	The town is growing too fast-quickly losing the charm and why we moved here initially
F	35-44	Unaf	N	Less 5	Colliers Hill	2	The housing developers that are allowed to come in are building low quality homes at exorbitant prices that don't necessarily justify the quality of the home being built.
F	35-44	Unaf	N	Less 5	Colliers Hill	2	We do not need to build on every inch of land. Glad this administration is taking a step back and reevaluating.

M	35-44	Unaf	N	Less 5	Colliers Hill	2	Erie need to seriously slow down its growth. The town does not have the infrastructure to accommodate such rapid expansion. Traffic is constant, roads are in terrible shape and are getting even worse thanks to all of the construction trucks. Crime is increasing. Erie is at a crossroads - it can choose to maintain its current fast growth mindset, likely becoming another Denver-esque town. Or, Erie can slow things down, and direct its focus on making the town one of the few remaining highly desirable enclaves that still exist in the metro area (such as Niwot or Hygiene, for example).
M	35-44	Unaf	N	Less 5	Colliers Hill	2	Lack of business diversity, entertainment options, dining options in downtown Erie / i-25 corridor. Having to drive 20-30 minutes to get groceries. Businesses like Target decided to open in Dacono instead of Erie. Landfill lease should not have been renewed. More parks and playgrounds are needed for children in all neighborhoods.
M	35-44	Unaf	N	Less 5	Colliers Hill	2	Please see my previous answer to things needing to be addressed. Erie is growing too fast residentially and losing its historic charm and becoming the next highlands ranch.
F	45-54	Unaf	N	Less 5	Colliers Hill	2	Too much focus on affordable housing when all residential home types are available - apartments, paired, single family, condos, rural, and high density. This is a bedroom community and we chose to live here due to the quiet and suburban-rural nature. I left high density specifically for this reason.
F	45-54	Unaf	N	Less 5	Colliers Hill	2	Too rapid of growth. Too many apartments and town homes.
F	55-64	Unaf	N	Less 5	Colliers Hill	2	Everyone arguing with the mayor. No stores close by

F	65+	Unaf	N	Less 5	Colliers Hill	2	Too many new houses without planning for more traffic on existing roads or business development
M	65+	Unaf	N	Less 5	Colliers Hill	2	I think the previous Mayor and Council had the Town on the wrong track. Too focused on DEI issues and on specific categories of citizens, instead of the Town as a whole. Previous leadership were not good stewards of our taxpayer dollars, spending on pet projects rather than the good of the community as a whole. I think the new Mayor is getting things back on the right track.
M	65+	Unaf	N	Less 5	Colliers Hill	2	Too much emphasis on apartments and condos.
M	65+	Unaf	N	Less 5	Colliers Hill	2	Too much tax and spend in our local government. Everything that is provided by government to its citizens must be paid for by its citizens. This includes the ongoing, lifetime maintenance of those items. We don't need to, nor do we want to compete with Boulder. Let Erie be Erie!!
F	18-34	Dem	N	Less 5	Colliers Hill	2	Housing development is surging but the amount of businesses and services are not keeping up with the demand.
M	18-34	Dem	N	Less 5	Colliers Hill	2	With the influx of people the businesses, transportation, and infrastructure are not keeping up to be able to support the demand
F	35-44	Dem	N	Less 5	Colliers Hill	2	The previous site plan for the Town Center at Erie Pkwy and County Line had a great area for movies, food trucks, etc. Everyone was very excited for this and to have an area that would promote community. Instead, you allowed the developer to remove those amenities and instead build more housing. We don't need more housing out here, we need actual commercial/retail/ amenities for community use. It was very sad that you agreed to this change and only care about the taxes you will collect
F	45-54	Dem	N	Less 5	Colliers Hill	2	I don’t feel that the infrastructure has caught up with growth and it’s difficult to deal with getting to work, children to school and the evening coming home from work.
F	45-54	Dem	N	Less 5	Colliers Hill	2	I feel like the new mayor is against affordable housing. I feel like the natural gas wells have had issue with contamination and are allowed too close to housing. I feel like the new growth could drain our water resources and the city does not have a plan.

F	45-54	Dem	N	Less 5	Colliers Hill	2	I think the current mayor is not listening to the people of this town, is letting his politics and political alignment steer decisions despite the good of the town and wasting a lot of money on this survey was not responsible when the previous survey was so recent. Also, it sounds like some of the deals he is making with nearby towns and who will be getting tax revenue is not great.
F	35-44	Rep	N	Less 5	Colliers Hill	2	Harboring too much of the boulder politics when majority of the town is weld county
M	35-44	Rep	N	Less 5	Colliers Hill	2	See my previous comments re. development sites and the lack of general planning to support the infrastructure of the town.
F	35-44	Unaf	Y	11-20	Colliers Hill	2	All that is developed is housing and subdivisions with little other services and retail
M	35-44	Unaf	Y	11-20	Colliers Hill	2	Stop building new homes, add infrastructure to support existing residents.
M	35-44	Unaf	Y	11-20	Colliers Hill	2	Too many liberal commies trying to take a control and push their dumb ideas
M	35-44	Unaf	Y	11-20	Colliers Hill	2	Town has been focused on the wrong things. We do not need any more high density housing. The choices made around county line road construction make no sense. Road conditions are not good. Speed limits are too low
F	45-54	Unaf	Y	11-20	Colliers Hill	2	I think we were headed the right direction, but with the new administration in place we seem to be moving backwards again
F	45-54	Unaf	Y	11-20	Colliers Hill	2	See earlier response. A lot of emphasis on growing residential but not the infrastructure to support it. Additionally, we need thoughtful businesses. Folks leave the town to buy groceries and eat out, but having more opportunities here would be great. We've already lost the small town feel, so including more businesses that families can frequent would be great.
M	45-54	Unaf	Y	11-20	Colliers Hill	2	Too much residential. Not enough commercial. Unbalanced
M	35-44	Dem	Y	11-20	Colliers Hill	2	The prices of houses are astronomical.

M	45-54	Rep	N	11-20	Colliers Hill	2	Affordable housing is going too far. This community should not be adding high density housing with the limited resources to support the increase of traffic on the roads, safety concerns of increased property related crimes and lack of adequate parking. This town should be focused on the right type of growth and not focused on high density housing. The apartments by the high school is a great example of these concerns already present with this town's approach.
F	65+	NR	N	11-20	Colliers Hill	2	Erie's plans to more than double in size in the next 10 years is unreasonable! Where are you going to get water to support all the people? It will make Erie a much less desirable place to live.

O	18-34	Unaf	Y	6-10	Colliers Hill	2	The former mayor Justin said plainly that rapid growth was his goal, and that's still happening. Erie is on track to become too densely populated, as rapid housing development is impacting the community's character and home values. Legalizing marijuana and allowing marijuana stores to operate is also a step in the wrong direction.
F	35-44	Unaf	Y	6-10	Colliers Hill	2	All Erie is doing is building more and more track homes… how about we provide for what is here already. Erie is constantly playing catch up for population
F	35-44	Unaf	Y	6-10	Colliers Hill	2	Feel like roads and traffic have been poorly planned, disappointed in the amount of local businesses the town has been able to bring in. Also difficulties accessing Rec sports/activities due to availability
F	35-44	Unaf	Y	6-10	Colliers Hill	2	Our Mayor, this Surgery that is being redone to fit his agenda and get the answers he wants. Wasteful spending, not listening to the people of Erie, lack of support for thr LGTQB+ community, not fully understanding that this mayor approved all the housing growth. We cant slow down the train he put un motion we need a better plan on how to handle that and Mayor Moore isnt it.
F	35-44	Unaf	Y	6-10	Colliers Hill	2	Too much building of homes without infrastructure first , no money put into rec center improvements in that. Pushing people out of spots in old town Erie for businesses that dont bring in revenue (allo)
F	35-44	Unaf	Y	6-10	Colliers Hill	2	Too much residential growth, not enough holding builders accountable to poor building and concerns about lack of services.
M	35-44	Unaf	Y	6-10	Colliers Hill	2	Every time we change a road design we end up pinching traffic. The poor Road designs and reduced speed limits have been a agitator for road rage

M	35-44	Unaf	Y	6-10	Colliers Hill	2	There continues to be an explosion of new housing being built which is significantly increasing the population of Erie without any requisite increase to infrastructure such as grocery stores, dining options, etc.

M	35-44	Unaf	Y	6-10	Colliers Hill	2	We're focusing on social equity endeavors instead of whats actually needed in this town. We're building housing out of control. We've attracted no anchor businesses. We're taking the perceived notion of "public safety" like we're all children who need to be controlled. It's too much.
M	35-44	Unaf	Y	6-10	Colliers Hill	2	Where are the businesses near town? Water prices went up again… Taxes went up again…
M	35-44	Unaf	Y	6-10	Colliers Hill	2	Wrong priority
F	45-54	Unaf	Y	6-10	Colliers Hill	2	Erie has a wonderful small town feel with fabulous restaurants. The town needs to support small businesses and keep chains out of Erie to ensure the small town feel. Growth must be managed.
F	45-54	Unaf	Y	6-10	Colliers Hill	2	Lack of town planning to accommodate the number of homes and people!
F	45-54	Unaf	Y	6-10	Colliers Hill	2	Specifically the plan for a new HS doesn't seem to be a viable plan for Erie HS overgrowth. In addition, all the infrastructure we are seeing taking over land here is bringing more population in housing and doesn't seem to be working well for our community. I think we need to be more thoughtful with what we are adding to our town planning.
F	45-54	Unaf	Y	6-10	Colliers Hill	2	Super huge subdivisions with thousands of homes and no way to support them with roads, entertainment, business, and schools
F	45-54	Unaf	Y	6-10	Colliers Hill	2	Too much building in a short period of time and roads, schools and services (police/fire/public works/recreation) cannot keep up with all of these people.
M	45-54	Unaf	Y	6-10	Colliers Hill	2	I feel the Town of Erie is moving in the wrong direction by making policy choices that don't respect people's ability to be responsible adults. Instead of focusing on real public safety and managing growth responsibly, too many rules and measures unnecessarily restrict how we live day to day. We need balanced decisions that protect our community while still allowing residents the freedom to move around and live their lives without constant new limits.

Sex	Age Range	Party	Parent	Tenure	Neighborhood	Ward	Response
M	45-54	Unaf	Y	6-10	Colliers Hill	2	Only focused on building high density houses and not anything else to support the growing population. One example is kids can't even play rec sports unless they are online and registered within seconds of them opening up, and fill up in seconds. Many kids aren't able to play youth sports that want to. Also no centrally located grocery store. Schools are already at (over) capacity
M	45-54	Unaf	Y	6-10	Colliers Hill	2	Town has great potential but isn't capitalizing on development. No creativity and stifling any unique businesses or restaurants. Erie needs to build more character outside of Old Town.
F	55-64	Unaf	Y	6-10	Colliers Hill	2	I will say I hate this type of question and the only reason I answered that it was on the wrong track as I understand the main purpose for this survey is to try and roll back the current growth plan that was 5 years in the making so we can cut back on affordable housing here in Erie. Which is costing taxpayers extra money and is extremely shortsighted and elitist.
F	35-44	Dem	Y	6-10	Colliers Hill	2	The town has added to many houses without proper infrastructure to support the growing population. We do not have a grocery store/market in Erie Commons. We only have one high school. The rec center is bogged down with a growing population.
M	35-44	Dem	Y	6-10	Colliers Hill	2	Builders seem to be running the town, not the residents. We generally have to leave the town to find restaurants that aren't pizza or tacos and still family friendly. Our daughter spent the year in a cold trailer at school which is only a few years old.
F	45-54	Dem	Y	6-10	Colliers Hill	2	Feels as if there has been a shift away from family focus
F	45-54	Dem	Y	6-10	Colliers Hill	2	Not necessarily the wrong track, but we see more of the same thing continuing to be built: large, single-family neighborhoods that are out of reach for most people. We continue to develop housing without services.
F	45-54	Dem	Y	6-10	Colliers Hill	2	There isn't another high school. Housing is going everywhere without consideration to infrastructure. Fracking. Lack of adequate police staffing. Need more schools, less housing development
F	45-54	Dem	Y	6-10	Colliers Hill	2	Too many houses, bad road planning. High class sizes now for our kids.

Sex	Age Range	Party	Parent	Tenure	Neighborhood	Ward	Response
M	45-54	Dem	Y	6-10	Colliers Hill	2	Erie is being planned in the same formula that makes our neighboring towns get choked out with crowding. Like build apartment housing and leasable housing along with every single dwelling neighborhood. Things are already too crowded, we are losing all of our open space, we don't have enough schools, yet we just keep building houses, town homes and leasable housing.
M	18-34	Rep	Y	6-10	Colliers Hill	2	Prioritizing social aspects such as gender, LGBTQ, pride month flags along downtown, etc. instead of investing in new infrastructure and upgrades to the largest growing town in Colorado.
M	35-44	Rep	Y	6-10	Colliers Hill	2	Again, every open field is being sold to build single-family or multi-family housing. This continues to put a strain on resources, which in turn raises taxes to provide for increasing police, fire, water, etc.
M	35-44	Rep	Y	6-10	Colliers Hill	2	All Erie cares about is building new homes, not careing about impact and needs of current residents
M	35-44	Rep	Y	6-10	Colliers Hill	2	Because I requested to have a street light by my house replaced and it took two years. You lost something like $1mm to a scam. Be better.
F	45-54	Rep	Y	6-10	Colliers Hill	2	I do not agree with the amount of affordable housing
M	45-54	Rep	Y	6-10	Colliers Hill	2	Erie has had the small town feel. It is now based on money (rich) not the common man. To many people and not enough infrastructure to support. Public parks are geared towards adults not children. They need basketball courts, play grounds, tennis courts....ect.
M	45-54	Rep	Y	6-10	Colliers Hill	2	No commercial development for Erie to collect taxes and you have to go elsewhere for services and goods
M	45-54	Rep	Y	6-10	Colliers Hill	2	The development of homes is far outpacing the development of infrastructure to support it
M	45-54	Rep	Y	6-10	Colliers Hill	2	The rapid growth is slowly diminishing the small town feel. Most of the new neighborhoods/housing developments lack character/charm to go with our charming old town and overall feel. Erie needs more quality restaurants and coffee shops to meet demand.

F	35-44	Oth	Y	6-10	Colliers Hill	2	I am disappointed with the amount of housing being built. It feels like it's been done without much forethought. Erie is losing its open feel with farmland, etc, and the excess population makes sign ups overfill and roads are too busy. We also don't have enough restaurants or grocery stores in the downtown area (Erie Pkwy from County Line to I-25). It's slowly losing its appeal for families and people who like small town life.
F	18-34	Unaf	N	6-10	Colliers Hill	2	I have to drive out of Erie to shop and eat. I would like to be able to support the town I live in and also not have to drive far just to pick up a few things I need at the grocery store. I have no idea why Erie continues to build housing and not focus on building businesses that people who live her can utilize. The town seems to focus on all the wrong areas, like changing speed limits in areas for no reason that cause more traffic problems.
M	35-44	Unaf	N	6-10	Colliers Hill	2	The push to make Erie a big city ruins the entire point of moving here. The want to build large assembly buildings are just attempts to make Erie to Denver and that's not why people live here. If we want a center for the arts we go to the several big cities that are everywhere around us.
F	45-54	Unaf	N	6-10	Colliers Hill	2	Again, you're building way too many homes. The rentals being built off Flora View in Collier's Hill is a complete eyesore. When we originally bought our home in 2019, the community plan showed a nice neighborhood with duplex homes. Now I call that rental area, the ghetto of Erie.
F	55-64	Unaf	N	6-10	Colliers Hill	2	Plenty of housing but no commercial development.

M	35-44	Unaf	Y	Less 5	Erie Highlands	2	Growth is outpacing infrastructure by an alarming rate. I feel that growth needs to be halted while we catch up our infrastructure. We lack commercial development to support the residential development traffic on Erie Parkway is becoming increasingly frustrating with no apparent plan to expand that road, which is a mean road to get to the highway. Increasing central commercial space would also be helpful given the presidential expansion. Currently main Commercial space is on the edge of the city off of either baseline or 287.

F	35-44	Dem	Y	Less 5	Erie Highlands	2	I am worried that the town's prioritizing money over what is actually best for this town and its current residence. The more you build the more things we need and you're losing the small town feel to build and have more people join. I would consider stop building please! I moved here in the summer of 2020 and it has changed so much in five years than I wanted to stop for the safe of my children who are going up here
F	35-44	Dem	Y	Less 5	Erie Highlands	2	Many improvements to roads have made traffic worse and the quality of work questionable. Old Towns charm was stripped with its trees and has never provided enough parking to support those businesses. Small businesses that want to be a part of Erie are met with significant permits and red tape. And we need an onslaught of affordable housing, without the wonderful underpaid teachers and service workers to support our community, it will suffer, it's past time to make homes available to those who give so much.
F	35-44	Dem	Y	Less 5	Erie Highlands	2	There is too much residential growth. Erie is losing its charm by becoming over saturated. It is not sustainable and the tow. Is reacting to the issue instead of being proactive. STOP BUILDING RESIDENTIAL.

F	45-54	Rep	Y	11-20	Erie Highlands	2	rather than strategic. There's a clear pattern of poor zoning, short-sighted development choices, and a lack of thoughtful infrastructure planning. For years, the town allowed unchecked residential growth without balancing it with commercial development. As a result, homeowners are carrying the tax burden, with high residential property taxes and not enough commercial investment to support the base. Meanwhile, we're overloaded with redundant businesses (like dental offices) and still lack basic essentials like: •A gas station near I-25 (especially east of County Road 5) •Healthier fast-casual dining options (e.g., CAVA, Sweetgreen, Modern Market) •Smaller grocery stores like Sprouts, Whole Foods, or Trader Joe's The town also seems to be playing catch-up with traffic issues, rather than planning ahead. One major example: there's no east-west bypass or connector between I-25 and Boulder. This has turned Erie into a pass-through town during commutes, pushing traffic onto local residential roads that were never meant for that volume — especially along Erie Parkway and County Road 5 near Erie High School, where school traffic has become a serious safety issue. And frankly, past decisions like giving land to Broomfield (east of Sheridan and north of Highway 7) show a lack of vision for how Erie could grow intelligently and preserve opportunities for smart development. In short, there's no cohesive vision. Erie needs leadership that can plan ahead, balance growth thoughtfully, and make decisions that support residents now while protecting the town's future. Other Areas Where Erie Is Falling Short •Neighborhoods are becoming too dense, with tiny lot sizes, little green space, and no character. There are a few other reasons also like the rec center is too small, and the biggest thing why is there going to be a Hotel right in the middle of where people live and Recreation areas. Do we really need a hotel? Do we want strangers coming into our community that don't belong here don't live here and won't contribute to the town economy because there's nothing that would interest them. A small handful of family restaurants, no nice restaurants, no adult bar/hang out that is open past 8pm, and no family fun area. There aren't enough baseball/football/soccer/lacrosse/ softball fields or basketball courts for the existing rec and club teams in Erie. The horrible road "fix" between Erie elementary and Erie middle schools on county line road is a waste of tax payer dollars and clearly created by a novice engineer. More commercial options. Erie forms committes for various reason yet ignores the citizen input of those on the committees and blindly follows the consultant who have NO vested interest in our community. Growth in general but specifically low cost housing is poorly planned and developed. Elected officials ignor citizens and their concerns and never respond to emails from the public. Infrastructure planning is pathetic. The town approves large housing developments without the basic infrastructure required to support the growth, like roadways. As an example the new low cost housing at Cheesman and CR1. You will be dumping the traffic from development on to Evans then out to CR1. This will increase the traffic on CR1 south of Cheeseman into that congestion zone in front of the school. Finally, the continuous push to move government public safety responsibilities tothe citizens. Poor planning in general. You are already wanting to expand the new police station. Clearly, you misled voters when funds were approved for the station.

F	45-54	Dem	Y	Ref	Erie Village	2	The focus of the Erie government should be on ensuring the long-term financial stability of our growing town while safeguarding the safety and well-being of its residents. Oil and gas initiatives have no place here, and resources should be directed toward fostering sustainable growth. The town's business strategy should prioritize the enhancement of retail and small business spaces to attract more people into our community. We already have a surplus of dental offices, and there's a clear need for higher-traffic venues, such as a food hall or a permanent food truck lot, to diversify our local economy. Furthermore, it's incredibly frustrating as a resident that the town has yet to secure a major supermarket closer to downtown Erie. This lack of essential retail makes everyday living more difficult and highlights missed opportunities for growth. Lastly, initiatives like an outdoor aquatic complex should not even be considered. Our resources should be dedicated to building long-term financial stability, not taking on large-scale debts that could strain our town's future.
F	35-44	Unaf	Y	6-10	Erie Village	2	It's been better since the last election. The priorities have been in the wrong place, too much over indexing on affordable housing and bike lanes and not what is truly impacting the current residents like 1- infrastructure (constant rework, questionable timing, low quality and why is it so slow?), 2- services like restaurants and shops (we need more options not more apartments!), and 3-making the town more business friendly (so much opportunity here but the town has too much red tape so businesses go to surrounding towns)

O	35-44	Dem	Y	More 20	Grandview Homes	2	Erie has allowed too many housing developers to develop all our beautiful land and put in homes before proper road ways are built including schools large enough to hold the population as well as limited officers for the amount of people we have. This has lead to longer call times, very limited police presence during the most crucial hours of commuter traffic for work and school. As a resident driving during those times it's important to note the high excessive speeds, tailgating, and overall aggressive drivers. Continued population increase will push out the small amount of farmers that will still have which forces us to bring our food supply in instead of having access to local farmers here. That is the WRONG direction for Erie and I've been here since 1989.

M	35-44	Rep	Y	6-10	Grandview Homes	2	The residential to commercial layout of Erie is a wreck. There is literally nothing for kids and Teens/young adults to do in Erie. We have zero entertainment and no reason for any kid/teen to want to come back. Instead of spending their time being entertained, they kids are partying, smoking weed and driving to other towns to feel satisfied. I thought this town was supposed to be about the family environment?
F	18-34	Dem	N	6-10	Grandview Homes	2	Erie focuses way too much on housing. The whole city looks like one giant neighborhood and it's getting ridiculous and honestly laughable at this point.

M	18-34	NR	Y	Less 5	Grandview Townhomes	2	Erie has grown too fast and is not able to keep up with itself. PD is massively understaffed causing people to feel privileged to do what they please and when PD does their job, there is an uproar from residents and council disapprove of their choices too, such as sending resources to Boulder during the Molotov attack recently. Budget cuts left, right and center will make it hard for the Town to upkeep any department. This majority of the time through no fault of the Town and it should be in the best interest of the Mayor and council to think sustainable future and I'm not sure they have this idea in mind. There is absolute squat for teens and youth to do in Erie. Very slow change is happening now, and not quick enough. Teens will turn to drugs, addictions, and find other resources outside Erie. F	18-34	Unaf	N	More 20	Grandview Townhomes	2	I was so excited about the new housing going up by the middle school, but it is completely unaffordable to regular people working in Erie. If you want teachers in your Erie schools, you need places for them to live in Erie. If you want restaurants in Erie, you need places for wait staff, cooks, and even managers to live. Erie is wonderful and family friendly, but only if you make tons of money. I am really disappointed that the money promised for affordable housing and advertising for affordable housing was used in the way it was. We need apartments and properly affordable condos on this side of town. The apartments and similar options near the highway are not feasible for people in Old-Town.

There is a question related to affordable housing and giving people that work in Erie a place to live. The only problem with that is there is very few places for people to work. When you drive through Firestone you see all sorts of places where people could actually work and live. This would have benefited the development of downtown and the actual core of Erie. The delay of the Morgan hill park is very frustrating as that was a major selling point of buying in the neighborhood. Assuming my kids are "park age" from 2-12, every year delay is 10% of the time I'd use the park and I've already lost 2 of those years since moving in.

It doesn't seem like there is plan for commercial development either (like a grocery store?) anywhere in the midst of all the development. Seems like Baseline Rd. is the only planned commercial development for Erie, and that's not really Erie; it's almost Broomfield. I just feel like things are lopsided with so much housing, not enough open space and parks, and dated / insufficient traffic management. Many of the roads seem poorly maintained. I live in a very nice development (Northridge), but the streets are so badly maintained, I don't understand why, since my taxes are astronomical (more that it was when I lived in Boulder County). Maybe I'm wrong. about all this stuff, since I don't actively participate in the city's affairs. I do like living here in Erie, but not as much as I did nine years ago when we first moved here. Just seems like things are progressing in an unhealthy direction for existing residents. Why not take care of what we already have, and improve quality of life, than try to pack in as many people as possible into the town? It's ruining the Erie small town vibe.

M	65+	Rep	N	11-20	Northridge	2	Twenty years ago, the town of Erie government functioned to serve the citizens. Now, the government serves solely to serve the government using the citizens only as a means to fund the governmental desires. First, development is unchecked. The town is allowing to many new homes with properly expanding the infrastructure to support the development. Traffic congestion is of course the most obvious concern. Second, As demonstrated by the speed management policy, the town is actively trying to transfer governmental responsibilities to the citizens. In this case, it is public safety. Another example is the town's unwillingness to work with and support citizens who do not live in HOA development. As a result, this creates prejudices which actively prevent the town from provided services equally to all citizens. Third, the Town is spending way too much money on cosmetic projects that do not effectively provide a service to the citizen. The road development on CR 1 is an excellent example as is the recent makeover projects down town. Function and benefit to the citizens should be primary, of not the only consideration when considering the expenditure of public funds. Fourth, you need to realign the police department service moving to more of a community based policing approach. Office should be assigned beats to get to know and interact with the citizens in a non-enforcement fashion. Officer need to be sent to service request rather than calling the reporting person to take a phone report. To accomplish this, you need to give officers the discretion of when to use their body cameras. As it is now, officers cannot have a friendly citizen contact just to chat and kids, drivers, etc. because personal conversations are recorded and discoverable. Lastly, and perhaps most importantly, we are not Boulder and the town needs to stop trying to make use Boulder.

M	35-44	Unaf	Y	6-10	Northridge	2	Too much focus on adding housing and special projects. Not enough focus on infrastructure, layouts, and efficient traffic flow. Seems like the idea of planning is making roads less efficient and adding poor intersections and stop signs.

I don't want to drive 30 min in any direction just to go to the grocery store. I don't want my car wrecked because the roads are falling apart. M	35-44	Unaf	Y	Less 5	Old Town Erie	2	Because you're too focused on being little Louisville. I like that it's not a Boulder County city. I like that we're a smaller town (the downtown area anyway). You're putting up too many barriers for growth and throttling it thru standardization and homogeny. Let the town be cool! Please don't make it like every Louisville/Superior, or Aurora, or South Denver, or literally ALL the suburbs around Denver. Be brave, walk a better path, otherwise who the heck cares if they live in Erie or any other suburb anywhere? Also, downtown residents should all get free rec center memberships. Other communities get their own pools and pay the HOA, we live next to the rec and half the families complain about the cost and the fact that the new builds get way more than we do
M	55-64	Rep	Y	Less 5	Old Town Erie	2	Tax $$ for Briggs at renno.. what did we gain for that expense??? And the excessive amount of concrete along county line closing in driving lanes and making it super difficult for trucks with trailers

M	45-54	Unaf	Y	11-20	Old Town Erie	2	It feels like we are stuffing every available bit of open land with buildings. This is causing us to feel increasingly crowded, not to mention indistinguishable from any other suburb.

F	35-44	Unaf	N	11-20	Old Town Erie	2	Old Town is losing any and all of its historical significance, and new builds (residential or otherwise) are making Erie in general look like Any Town USA. What makes Erie unique? Rooftops. Additionally, the town looks like it was planned and pieced together by a committee, and that's not a good thing. Neighborhoods and businesses tacked on here and there, singular lots that sit empty for years, disconnected sidewalks, a disaster of a road with the County Line rework, and little planning or support for added infrastructure, parking, etc. leaving residents to suffer through the seemingly unchecked growth. I've seen kids walking down the east side of County Line (across from the police station) where there is no sidewalk, it's dangerous. I also understand there are empty lots in that area and the sidewalk will be completed once that's been developed, but it's been years. The town should have added a standalone sidewalk or path by now. Also, please please make it easier for small businesses to flourish in Erie. I'm not a small business owner but have heard from many people the challenges of doing business with this town. We are in no position to be so difficult and need small businesses to keep our community growing and appealing to residents and visitors alike. Example: Bee's Thai was pushed out, and instead we could've made that empty lot into food truck central. Erie needs to start thinking outside the box with all of this, get innovative instead of trying to become an idyllic Stepford Wives Vanilla Town. And finally, Mount Trashmore. Such a delight that I can spot Erie from almost anywhere because of the size of the dump.
F	55-64	Unaf	N	11-20	Old Town Erie	2	All I see is more housing everywhere, but few new businesses. I think that Erie in out of balance.
F	55-64	Unaf	N	11-20	Old Town Erie	2	Growth is out of control. Housing prices are out of reach for young families
F	65+	Unaf	N	11-20	Old Town Erie	2	Just keep building more and more large homes. Can't hardly get to post office anymore. Streets too crowded.

F	45-54	Dem	N	11-20	Old Town Erie	2	Everything is geared towards families and kids. We don't have kids and so have more expendable income to put back into the community. There are so many business spaces vacant because rent is out of control. If there was a way to subsidized rent to draw independent small retail business, it would make for a much better community. Additionally, finally having a grocery store in town would be a god send. We have been waiting far too long. It seems the city is only interested in making money, not creating a diverse vibrant community with access to things like Lafayette and Louisville have.
F	35-44	Unaf	Y	More 20	Old Town Erie	2	People move here to have a small town feel but with all the developmeit's going up, itno longer feeling like a small town. F	45-54	Unaf	Y	More 20	Old Town Erie	2	To be the 4th fastest growing town in the country is not something to be proud of. I find it shameful we are selling out to builders. Erie needs to preserve what little open spaces we have remaining instead of adding to urban sprawl. Stop running this town like a corporation. Please pump the brakes on building more homes!!!
F	45-54	Unaf	N	More 20	Old Town Erie	2	Recent decisions - such as appointing a close personal associate as mayor protem raise questions about transparency and fairness in government. Additionally while the mayor campaigned on a platform of fiscal responsibility, proposals like the construction of a water park seem to contradict that message and warrant closer public scrutiny. Additionally, I'm troubled my the pattern of behavior that appears to prioritize the interests of a narrow group of politically connected individuals, rather than representing the broader and diverse community. I hope we can refocus on policies that serve all residents with fairness and integrity.

We've been tasked by other communities to be the community that provides the missing affordable housing that the others ignored. We are being threatened by DRCOG and other municipalities that if we don't okay their game (TOD) we don't get transit. We are racing to build housing faster than anywhere I've ever lived (6 states, 3 cities in Boulder County). I'm a retired professional Federal planner. We are making mistakes and it is perfectly appropriate to slow to the side of the road and put our flashers on for a while so that we can think this through. This is not a "one mayor" nameplate. M	65+	Unaf	N	6-10	Erie Airpark	3	I believe the town is family friendly now. Great. But I'm concerned about its seeming lack of business development planning. If the goal is to grow a bedroom community that excludes shops, stores, restaurants and small business then you're making progress. I've lived in better planned bedroom communities where the city led and contractors and growth followed. Restricting, limiting and pushing oil and gas out of a key state and national resource area is poor policy. Working reasonably with industry to jointly develop local resources makes better policy.
M	65+	Unaf	N	6-10	Erie Airpark	3	I understand that the town needs to and is going to grow. But in the last few years the growth seems to be out of control.

M	35-44	Unaf	Y	Less 5	Erie Commons	3	I explained it in my three points to improve Erie, but I will reiterate here; low income renter populations bring increases in crime rates, lower pride of ownership, and increased burden on community amenities like the community center, library, open spaces, and parks. Keep Erie kid friendly and safe!
M	35-44	Unaf	Y	Less 5	Erie Commons	3	In general the government at all levels is redistributing wealth in poor/inefficient ways. The focus needs to be on education and critical infrastructure to allow people to thrive now and into the future.

That feeling is still there, but it's being chipped away by decisions that don't reflect the heart of this community. Everyone I know rolls their eyes at the out-of-place businesses going up. There's real potential to build something special here, but instead we're headed toward becoming another generic Colorado suburb. We need more creative, community-minded leadership to preserve what makes this place feel like home.

M	18-34	Rep	N	Less 5	Erie Commons	3	The expansion of housing threatens to overwhelm the small town feel of Erie and the whole reason so many current residents moved here in the first place. Open spaces that could be utilized or left alone now are simply suburban sprawl like the communities to the south that have lost all of their character.
F	35-44	Unaf	Y	11-20	Erie Commons	3	Continuous building of new houses without having enough resources and amenities to support the population growth. Roads and existing amenities are not maintained or cared for and we must make sure to maintain what we have before growing more.
F	35-44	Unaf	Y	11-20	Erie Commons	3	Houses, houses, houses, houses without the infrastructure to support, not just utilities, but all town services including people and resources.
F	35-44	Unaf	Y	11-20	Erie Commons	3	I think we are developing residential too fast and without much thought to already developed areas. I think the schools aren't keeping up with the growth. I feel we bow to development without supporting residents. I still scratch my head at the bridge debacle as well as the county line projects (closing a non residential road to through traffic and routing so much more through vista ridge putting residents at risk and also increasing drive times; and the work done by the middle school also seems odd)
F	35-44	Unaf	Y	11-20	Erie Commons	3	The mayor does not engage honestly with town. The mayor is self serving and does not listen.

Sex	Age Range	Party	Parent	Tenure	Neighborhood	Ward	Response
F	35-44	Unaf	Y	11-20	Erie Commons	3	The previous town council and mayor were working towards sustainable town growth, innovative solutions, housing attainability and I believe the Mayor and a few town counselors have taken all the momentum and progress and regressed us to a point of inaction. During study sessions, I have watched as the Mayor, who is not an expert in a plethora of areas, doubt the expertise of our town staff. It is frustrating to have to watch staff members who have an education and experience in their fields try to persuade the mayor, who believes he needs to also become an expert in order for progress to occur and decisions to move forward.
F	35-44	Unaf	Y	11-20	Erie Commons	3	The town has exploded in population over the last few years. Housing development has way outpaced other amenities and public services. Erie used to have a unique feel and that is waning with an unstoppable approval of multiple large communities. We're becoming a bedroom community.
M	35-44	Unaf	Y	11-20	Erie Commons	3	Again, too much reliance on new housing developments and not enough infrastructure to support the people and kids already in the town. We all have to drive and leave Erie in order to get the basic essentials for every day life.
M	35-44	Unaf	Y	11-20	Erie Commons	3	Only residential zones are being built
F	45-54	Unaf	Y	11-20	Erie Commons	3	Last mayor had wrong priorities
F	45-54	Unaf	Y	11-20	Erie Commons	3	They are allowing a lot of fracking
F	45-54	Unaf	Y	11-20	Erie Commons	3	Town has placed too much emphasis on residential growth. Too few businesses to support teens looking for jobs or keeping residents from leaving to shop/dine. Traffic congestion has become a huge headache.
M	45-54	Unaf	Y	11-20	Erie Commons	3	Density. I understand the key to growth is density, but I don't see anything different about Erie's formula that will mitigate the issues that come with density: increased infrastructure demand, increased emergency services demand, increased crime.

Sex	Age Range	Party	Parent	Tenure	Neighborhood	Ward	Response
M	45-54	Unaf	Y	11-20	Erie Commons	3	The Town is living beyond its means. We keep taking loans and raising taxes to pay for things we want right now instead of saving. For example, my household voted against the police building not because we didn't see a need, but because it was too small for the speed of population growth and we would need to expand the building before it was paid off; and here we are. Financial mistakes compounding financial mistakes.
M	55-64	Unaf	Y	11-20	Erie Commons	3	Too much new residential construction, not enough business parks or new business coming to Erie, road infrastructure insufficient to handle traffic
M	45-54	Dem	Y	11-20	Erie Commons	3	Our family has been in Erie for more than 15 years. There doesn't seem to be a principle or core attribute of Erie that makes it special or unique from others. With new construction, we're supporting major companies like Starbucks, Burger King and Vape Shops instead of holding out for healthy options or small town local businesses. That's a mistake.
M	45-54	Dem	Y	11-20	Erie Commons	3	The infrastructure of the town cannot sustain the number of people moving in
M	45-54	Dem	Y	11-20	Erie Commons	3	To much residential growth w/o increase of public services such as groceries, business, etc. Aside from the fact that property taxes as well as water costs have sky rocketed in the last few years.

F	35-44	Rep	Y	11-20	Erie Commons	3	We'll be in the same boat as Boulder, Louisville and Lafayette soon. Rampant drug use, homelessness and crime will be our reality if we keep pretending that diversity is the most importance issue here.

M	45-54	Unaf	N	11-20	Erie Commons	3	Infrastructure not keeping up with growth. Poor past leadership (seemingly more competent mayor now); misguided priorities for use of tax dollars. We are already taxed for everything in this state. Our property taxes increased by 25% in one year. We pay ridiculous car renewal fees and have the worst roads I've seen since driving in Jamaica. Stick to the basics.
F	55-64	Unaf	N	11-20	Erie Commons	3	It's just Build baby build. I have been here 12 years and the property taxes are going up. You think with all these people it might be lower. County line in frt of Elem school is a joke ..what a stupid idea. The snow plows have to get smaller blades....in order to plow that road. Great planning Erie.
M	55-64	Unaf	N	11-20	Erie Commons	3	Road maintenance doesn't happen. Crack repair isn't effective. No maintenance of open space
M	65+	Unaf	N	11-20	Erie Commons	3	Too much housing growth. Not enough thought behind it.

F	65+	Dem	N	11-20	Erie Commons	3	Seems like it's becoming more and more white, rich, and unwelcoming of those who have less. Moving toward more fracking and disturbing of coal fields underground… It seems the Marshall fire And its hazards and risks has been forgotten.

M	65+	Rep	N	11-20	Erie Commons	3	Too much development without appropriate infrastructure (roads,parking). Just rubber stamping projects based on revenue for the town
F	55-64	NR	N	11-20	Erie Commons	3	It said for the last 10 years, they were going to build a small grocery store and all they're doing is building houses. The road construction is crazy and putting roundabout and taking out a light. Who authorizes the stores that are going into our town we have a lot of dentist, Chiropractors now we're getting another automobile. We need groceries and restaurants.

M	45-54	Rep	Y	More 20	Erie Commons	3	I ABSOLUTELY DO NOT mind the growth. Infrastructure and amenities have not kept pace. Erie is long past "small town" and should be addressing items to provide for all citizens not pet projects. Commercial development is severely lacking as well

F	65+	Unaf	N	More 20	Erie Commons	3	Slow down total residential development. When do approve projects favor those that are affordable for local employees. Don't know why projects like restaurants and grocery stores have been so delayed. We bought a home within walking distance of town center last year expecting it to become a more walkable area. Communication regarding theses projects needs to be improved.
F	65+	Unaf	N	More 20	Erie Commons	3	Too much housing development. No entertainment centers...Theater, Bowling Alley, Cultural Center. There is no Historic Town....only 1/2 of one side of a block.
M	65+	Unaf	N	More 20	Erie Commons	3	Uncontrolled growth
F	45-54	Dem	N	More 20	Erie Commons	3	No priority to our daily needs like the grocery store we have been asking for years, the large center garden on the middle of county line close to the school is terrible for driving or the facts the taxe payers paying for affordable housing before you help us out .
F	55-64	Rep	N	More 20	Erie Commons	3	Some decisions were probably made already in place with previous mayor? The decision to put a roundabout at Austin and Countyline is bad, have you seen the road pattern to date? It's awful and narrow and there is a ton of school traffic that is going to cause major issues. New mayor should of stopped that plan before construction began. The splash pad at Lehigh park has been out of commission for some time, this park has a lot of visitors that don't live in Erie Commons, one reason we bought our house (original owner) was because of the park. Last mayor didn't care and was very rude when it was brought up. Erie Commons feels very passionate about this.
F	35-44	Unaf	Y	6-10	Erie Commons	3	Population growth versus schools, amenities, and traffic flow do not match up. Concerns surrounding air quality and health risks with the landfill and new oil/gas operations proposals in addition to oil spills in neighborhoods such as Arapahoe Ridge,
M	35-44	Unaf	Y	6-10	Erie Commons	3	Not enough leases to food places, out of control multi-family developments
M	45-54	Unaf	Y	6-10	Erie Commons	3	Only building housing, with majority seemingly high density rentals.

M	45-54	Unaf	Y	6-10	Erie Commons	3	Reckless spending, pandering to developers, over regulation (try building a new home if you're not a developer), senseless roadworks (County Line alone: closing the connection to Hwy 7, the unneeded roundabout by Erie Commons, and whatever the heck you did by the middle school). All the while the mandarins are racking up debt to build themselves a new palace. If this town were a country, it would be a banana republic.
M	45-54	Unaf	Y	6-10	Erie Commons	3	You're not building the road infrastructure to match the amount of cars currently or predicted. Our roundabouts are chock holds because they are only single lanes. Isabelle should be 4 lanes to handle TODAYS traffic.
F	55-64	Unaf	Y	6-10	Erie Commons	3	The new Mayor is leading us in a direction towards mismanaged growth. He needs to slow down, listen, and learn. I also believe there has been a more negative environment at council meetings and with town staff.
F	35-44	Dem	Y	6-10	Erie Commons	3	Again, too much emphasis on new housing but not enough on infrastructure and also attracting commercial businesses. It's insane how much revenue Erie loses to other surrounding towns!
F	45-54	Dem	Y	6-10	Erie Commons	3	The town was allowed to grow to fast.
M	55-64	Dem	Y	6-10	Erie Commons	3	I see that we are focused on quick growth without apparent planning for the impact of that growth
F	35-44	Rep	Y	6-10	Erie Commons	3	Low income houses, homes close together, only focused on money.
F	35-44	Rep	Y	6-10	Erie Commons	3	The only thing Erie cares about is bringing in more people but you don't take care of the ones that already live here
M	45-54	Rep	Y	6-10	Erie Commons	3	Overcrowding, high property taxes, high water costs, traffic issues, no tax relief in spite of massive growth.
F	45-54	Unaf	N	6-10	Erie Commons	3	Too much development too fast.
F	65+	Unaf	N	6-10	Erie Commons	3	The far left politicians and town administrator have changed Erie from a place with a balanced budget to one where we are in debt and all they can do is try to figure out ways to give away more money. Also, the move to having pride parades and Juneteenth celebrations at town expense are one of the ways a radical political child grooming ideology has usurped the basically middle of the road and tolerant populace.

F	65+	Unaf	Y	11-20	Vista Pointe	3	Taxes are too high for original owners. Development continues and I worry about taxes. President Trump tells of new business moving to USA Is it possibe Erie could tap into that possibility and we could get a small environmentally business to move here for a revenue base? I appreciate the new park on Serene Drive. We need to plan on making the electrical grid better so as to prevent even more blackouts. I wish we could afford more mowing of grass and weeds that could prevent a fire. Brush Fires with our winds can be devastating. Mowing could help so much as welll as doing maintenance/landscaping to stop fires from spreading. At least give info to homeowners as to educate them about fires.
F	45-54	Dem	Y	11-20	Vista Pointe	3	I think we are building too many homes and don't have the infrastructure to support it. The only grocery are on the outside of town. Would love to see a sprouts or something in town. The high school is too crowded and the new building of the high school will not help since it is to pull from Frederick and mead as well and is building too far out of town. There are not enough roads to get from through and around town. I think we need a bigger rec center and a community outdoor pool like Broomfield. Please Note: there wasn't another section for "other" so I'll put it here. Would love to see a trash can or "dog station" on the sidewalk/path below the last round about in vista point on vista parkway where you can turn south/west onto the path behind the homes. ALSO, a safe way to cross vista parkway where the walking path goes from the west side of vista parkway to the east side and continues behind Vista Point.

M	45-54	Dem	Y	11-20	Vista Pointe	3	There is such a lopsided focus on residential development without ensuring infrastructure and commercial are in place. 4 corners is a good example- of course the high density housing moves forward, but where is the grocery store? The roundabout being put in is going to be an absolute disaster, it is incorrectly built, kind of like county line by Erie Elementary. Why is there a buffered, dedicated bike sidewalk for one direction, but the other direction bikes Gabe to share the single lane road? Wth!
M	45-54	Rep	Y	11-20	Vista Pointe	3	Our politician's are turning this into another Westminster, Arvada, Thornton. Too many people moving in. Small town vibe is gone. Too many people to enjoy things like the x-mas parade and other things in old town. We don't need high density buildings. We need infrastructure for tge people we have.
M	55-64	Rep	Y	11-20	Vista Pointe	3	Heavy spending on Town infrastructure vs. for the benefit of residents.
M	35-44	Oth	Y	11-20	Vista Pointe	3	Curb issue by Erie elementary and the poor judgement in roundabout on Austin ave. Town doesn't understand the people in this town.
M	55-64	Unaf	N	11-20	Vista Pointe	3	Parking in downtown continues to be a problem, eapecially for events. This won't be solved by expecting people to walk or ride their bikes, and we don't have mass transit. I also have concerns about existing infrastructure. Sure, the new Coal Creek Park is awesome, but the are older parks that could be just as nice if they weren't neglected. Building a park is a long-term commitment to maintenance.
M	55-64	Unaf	N	11-20	Vista Pointe	3	The town is growing faster than the basic infrastructure can handle. Schools are over-crowded, roads need to have more lanes (changing the flow of traffic on County Line and Hwy 7 has diverted far too much traffic on Vista Parkway).

M	45-54	Rep	N	11-20	Vista Pointe	3	In the past, generally the town wastes money on pet projects ie the county line south of jay rd. The town should be taking measures to lower the cost of our water!!! And court more commercial and retail development. Building more housing without these critical elements leads to everyone leaving our town to spend money and generate revenue for neighboring towns. Additionally the fireworks show is a joke and used to be an excellent community event. The balloon fest brought in thousands of people with almost no way for them to spend any money in our community. Never the less you picked the crappiest weed patch in town to hold the event. Why can't we do better?
F	55-64	Rep	N	11-20	Vista Pointe	3	I believe Erie is a great place to live. However, I feel that it is growing too fast with too much housing, and our infrastructure does not support it. Also, they were supposed to close the garbage dump, which I feel needs to happen.

F	35-44	Unaf	Y	11-20	Vista Ridge Master HOA	3	Too many apartments. Useless velodrome is a waste of money. Smoke and Vape 2 shop is right next my kid's charter school, and tons of kids go to the Starbucks right next to it after school.

M	35-44	Unaf	Y	11-20	Vista Ridge Master HOA	3	Used to be a nice small community. How if we go to Old Town, there is no one we recognize...assuming we find a parking place. Just build, build, build. Driving around is sad, no more open space or farms.
F	45-54	Unaf	Y	11-20	Vista Ridge Master HOA	3	I think we are adding new homes way too fast. We are not making our schools or roads a priority. We just look for easy and quick money - not what's best for the area.

M	45-54	Unaf	Y	11-20	Vista Ridge Master HOA	3	Priorities are all wrong. We keep investing in things like velodromes that yield no tangible results to the town and sit empty, but there has been a reluctance to bring more businesses into the town. The current projects at Erie Parkway and County Line Road are perfect examples of the lack of vision for Erie, they will cost a lot of money and bring almost nothing to the table.
F	55-64	Unaf	Y	11-20	Vista Ridge Master HOA	3	I think prior town leaders allowed way too much growth. This battle over “affordable” housing and density is gross.
F	35-44	Dem	Y	11-20	Vista Ridge Master HOA	3	The disproportionate residential growth of Erie is a disservice. We need more schools ON THE GROUND to limit congestion BEFORE more homes are built. It has become high density residential without the business and town-owned recreational balance. Town can’t support enough rec youth sports, and there is not enough community space for other leagues to support the population that the town has promoted without the support and infrastructure. The County Line Rd construction project at Erie Elementary is poorly laid out and reminiscent of the bridge disaster. We love living in Erie but it has really become more suburban sprawl and is losing its small town charm. We choice into a neighboring school district due to school crowding and the environment of Erie’s SVVSD schools.

I am highly concerned with recent developments concerning the current council majority. They have shown a general lack of understanding regarding the importance of housing diversity, affordability, and density and how those things serve our growing community. I am concerned that they show a lot of bias, pushing their conservative agenda rather than a true interest in serving the community. Recently, Removing Pride Flags was a huge black eye on the council. There is little trust in the council to do the right thing and value the people of Erie over their conservative agenda. I have also noted that on a couple of occasions, the mayor has lost his temper with staff and fellow council members during town meetings. It shouldn't be a top priority. 2) It seems like the city is pursuing some pet projects, like a performing arts center and refurbishment of a historic barn with money from state grants that the state can't afford either. These continue to impact affordability for families, and the city could be spending time more focussed on that (affordability) verses wasting the cities limited resources pursuing those types of initiatives. Do make it easier for small businesses boutiques and mom and pop restaurants to flourish. I don't want to live in a generic town. I like the sleepy town Erie once was. Passing laws to increase our tax base for things like RTD coming to Erie, I'm a skeptic and don't believe RTD will ever put in a functional bus system in this town. It takes me 30 minutes to travel 3 miles on Highway 7 to I-25 during rush hour. The potholes and maintenance of the roads are terrible. The bike lanes have debris all over them. Lack of a variety of music in restaurants and the outdoors. The focus is mostly family oriented. What about the adults who have lived here for twenty years, are divorced but still love the community and have a home here? Since this is such a a family oriented town...what about the vape store that advertises Kratom? It is very surprising that it is allowed. It is very dangerous for our children and too easily accessible so close to home. The overcrowding has made the rec center undersiable because of all the people.

F	35-44	Unaf	Y	Ref	Vista Ridge-Latitude	3	Erie feels like it's being overdeveloped too fast, with little regard for the long-term impact on our community's character and well-being. The increase in fracking and oil drilling is alarming, especially considering the potential health and environmental risks. New housing developments are going up rapidly, but the infrastructure, like roads, schools, and public services, hasn't kept up. Traffic is worsening, natural land is disappearing, and historic parts of Erie feel neglected or overshadowed. We need more thoughtful, sustainable planning that values open space, air quality, and our town's heritage; not just profit and growth. I'm raising my family here, and I want my child to grow up in a place with clean air, protected wildlife, and a sense of history, not just rows of new buildings.

Businesses that support current population need to be entertained but slow the development down. For the future housing development, we need smaller and more affordable housing vs more million dollar home development
F	55-64	Unaf	N	More 20	Arapahoe Ridge	1	Erie does not have a small town feel. I grew up in a small town population 87. So Erie will never market to me a small town feel. Stop branding a rapidly growing suburb. Waste of money and time.
F	55-64	Unaf	N	More 20	Arapahoe Ridge	1	It is a place to go where you can have a sense of community and neighbors like when we go to Old Town Erie and can visit the restaurants and see people from all over Erie that helps to define the small town feel. Also, having events that attract many different interests that bring us all together helps us feel the small town feeling. Are the Town's ability to communicate to everybody about what's happening in the town? Also provides a sense of small town that is valued by many.
F	55-64	Unaf	N	More 20	Arapahoe Ridge	1	Keeping old town, vibrant with community events and charming decorations throughout the seasons. That’s where people become proud of their town

F	65+	Unaf	N	More 20	Arapahoe Ridge	1	Cozy, know your neighbors
F	65+	Unaf	N	More 20	Arapahoe Ridge	1	I'd define it as a small town feel, the way the town was originally chartered...and the Council has totally lost sight of that. Small Prairie town with hopes and feelings, not neighbors that might be looking into your window, and lot sizes have shrunk and side distance from half milliondollar homes is 5-10 feet and you can hear your neighbor farting with the window open... not another Boulder. Look what that's turned into...
F	65+	Unaf	N	More 20	Arapahoe Ridge	1	Seeing more open space, farms and ranches. I lived in a very small town and Erie has severely diminished that feel by allowing these huge developments on every corner. I understand growth and tax base, but the small town feel is gone. Houses are crammed in everywhere and when you have to sit at a stop light for 2 rotations, that is not a small town feel!! Additionally, in small towns people know each other. In these big developments, you don't know anyone.
F	65+	Unaf	N	More 20	Arapahoe Ridge	1	You know people in your community, feel safe in your community, your basic needs can be met in your community (food, household goods, clothing, medical), police presence has a community feel rather than simply enforcement.

F	55-64	Dem	Y	Ref	Arapahoe Ridge	1	Small towns have people of ALL ages and socio-economic levels in them, not just people who are wealthy and mid-to-late career, white-collar workers. Small towns have places where teachers, police, and town employees can afford to live. They can walk to the corner market for a snack, a thing or two you forgot for dinner, or regular community gatherings. Local merchants (not national chains) own the businesses and they live nearby. Young adults can stay in the community without living in their parents' homes. Divorced parents can keep their kids in the community on one income. And when people are ready to downsize or need to due to age or disability, there is housing available and affordable for them. The citizens, merchants, workers and politicians know each other by sight and by name. When someone is down the community steps up and HELPS THEM. Both through the government, through other organizations AND through individuals. There are also many different places for worship together. Not one.

M	55-64	Unaf	N	6-10	Arapahoe Ridge	1	Generally, I think people who cherish the Erie "small-town" feel are living in the past. Erie is now largely a suburban community and needs to look to the future. That said, the old town area does retain some of the small town feel and connections to and through old town that prioritize pedestrians, bikes, public transportation will best preserve the small town feel. For motorized vehicles, keep streets safe, slowing speeds, implementing traffic calming mechanisms - such as County Line Road, as well as traffic circles, will best preserve the small-town feel.

F	35-44	Unaf	Y	6-10	Candlelight Estates	1	I agree. Erie captures this. You run into friends all over town at events, kid sports, and coffee shops. It's a laid back, friendly place where residents feel known and welcomed by their neighbors. As an architect / designer this happens at PLACES - so creating meeting opportunity locations such as parks, unique food and beverage facilities, the farmers market, community center, churches, concerts, museums, gyms, anywhere people gather. Great examples nearby = rayback collective, average brewery, the bolder boulder, superior community center (awesome for kids to hang out and also for adults to work), outdoor courtyards and patios of adjoining cafes, pedestrian-only streets like Pearl street, Chautauqua dining hall and auditorium, Dushanbe tea house, Rosetta hall….
F	45-54	Unaf	Y	6-10	Candlelight Estates	1	I think small town "feel" means you live somewhere where people know each other. You run into someone you know everywhere you go and you have sense of belonging. I think this can be achieved through local and social events that bring the community together. I believe Erie does a good job of this already but do see it becoming a challenge with the expansion of residential development in the area.

F	65+	Unaf	N	11-20	Canyon Creek	1	Small town feel is the ability to walk to most places you need to go and people you interact with while doing business or participating in social activities are friends, neighbors, and people you know. Other than the area of Old Town, Erie is a typical suburban bedroom community that depends on a car to participate in most day-to-day activities. Erie does not have a small-town feel. I have been to many Town events and never see anyone I know.
M	65+	Unaf	N	11-20	Canyon Creek	1	Not Erie anymore.
M	65+	Unaf	N	11-20	Canyon Creek	1	The small town feel in old town is a joke , run down buildings and houses. The lack of building codes and any enforced quality was totally lacking for years. Erie is such a mix of housing and quality that it may never achieve a level of small town feel. The money wasted would be better used on roads. This need for money to expand the Police Building is an example of very poor planning, the existing building is just a few years old but needs to be expanded at a cost of 14 million?

F	35-44	Unaf	Y	11-20	Canyon Creek South II	1	Events that are not overcrowded. Such as expanding the space used for the farmers market so that people can enjoy the events rather than fight the crowds. Maybe offer more locations for smaller events rather than one giant event. Housing is balanced with local shops, parks and amenities within walking distance to limit the over crowded roads. Communication about town events and news more accessible to residents. So they don't have to go searching for Information. Recreational programs for kids easily accessible, not a race to sign up at 7 am before they fill up. Better community gathering spaces for local neighborhood gatherings so neighbors can get to know each other. Overall the small town feel which we are losing is going places in the community where you don't feel rushed or overwhelmed by people and can actually relax and enjoy the event ir space rather than be pushed through by the crowds this allows better connection to others in the community creating the small town feel.

M	18-34	Dem	N	Less 5	Compass	1	We love the small town feel of Erie. Parks, trails, playgrounds, sports and rec center programs, and the rec center are all places where neighbors can meet to socialize and create relationships. We have an autistic teenager who would love an adaptive/inclusive park. She loves to swing and the parks in Erie aren't accommodating to her needs, so we often find ourselves leaving Erie to neighboring cities to recreate. We love to swim and are disappointed that we don't have an outdoor swimming pool or aquatic center. We also leave Erie to recreate in the summer since those amenities are not offered here in Erie. Although some neighborhoods have neighborhood pools, ours does not. We would love to create memories with our Erie neighbors through swimming and hanging out at the local playground that would accommodate our special needs family and stay in Erie versus leaving to other cities.

F	35-44	Unaf	Y	6-10	Compass	1	Erie had a small-town feel until the developers moved in. The town grew fast…too fast. Schools are now overcrowded, stretching staff and resources thin. Class sizes are bigger, and new families keep coming, but without the retail or commercial development to balance it out. That means less tax revenue to invest in the very things growing towns need: updated schools, roads, sidewalks, libraries, recreational services, and local services. We've added homes faster than we've added essentials. No grocery store downtown. No real shopping hub. And yet, housing keeps going up. People came for the charm. Many are still trying to hold onto it. But without thoughtful planning and balanced growth, the hometown feel we all loved is getting harder to recognize.

Not a fan of fast food chains or stores like Walmart as encourages traffic and waste. The charm of Erie is to maintain a more pastoral feel. The way many would like to experience Colorado. M	18-34	Unaf	N	Less 5	Country Fields	1	To me, A small town feel comes from making sure the town isn't too crowded. This means not endorsing high-density housing, building lots of parks connected by trail systems, not allowing buildings higher than a couple stories, creating multiple "downtown" areas that are mostly walking space where people can eat, shop, and hangout with no cars or traffic allowed, and having lots of community events that cater to all demographics. That feeling of small-town is where I feel connected to my town and to its people. I feel very safe and I can talk to anyone and roam around any part of town, nearly at any time of day/night.

F	35-44	Dem	Y	6-10	Country Fields	1	Erie does not have a small town feel anymore. Erie is massively over developed and seems to be continuing down that path. I mean, you're building homes on top of the landfill now. Where does it stop?

O	18-34	Dem	N	6-10	Country Fields	1	Safety, convenience, and a caring community. Three things that are woefully missing from Erie. People are rude and entitled, leaving garbage everywhere, riding motorized vehicles on sidewalks, blasting through occupied crosswalks while running red lights, etc. There's very little accessibility; the infrastructure was either designed by someone with none of the requisite qualifications or someone who really hated disabled people, perhaps both. In a small town people can walk (or take their wheelchair) anywhere they need to go, including grocery stores, the post office, school, etc. It's shameful how poorly Erie does in this department.

F	35-44	Dem	Y	Less 5	Creekside in Erie	1	A warm, welcoming atmosphere where life moves at a slower, more personal pace. Local shops and family-owned restaurants are the heart of the community—places where owners greet you by name and your business truly matters. Town events, from farmers markets to Friday night football games, are not just gatherings—they’re where you’re likely to run into a neighbor, friend, or coworker. It’s a sense of connection, comfort, and everyday familiarity that makes small towns feel like home.

F	35-44	Rep	Y	Less 5	Creekside in Erie	1	The small town feel we've grown to love is a more intimate community where lots of young families have chosen to raise their kids. Everyone is kind and willing to help one another. Small town feel is prioritizing the current residents and their needs instead of trying to promote rapid growth. It feels like the leaders would prefer to grow quickly by any means necessary (high density, low income housing, and development without accurate planning of schools and roads to support it). Please keep the Erie that drew so many of us here the same rather than rapidly growing it just to be a news story in the US about being one of the fastest growing cities. The current residents don't want that.
M	35-44	Rep	Y	Less 5	Creekside in Erie	1	Vibrant Main Street with limited chain restaurants and stores. Roads don’t have traffic and population growth is managed responsibly. Crime is very low because of a strong police department. Sidewalks are clean and parks are maintained.

Your doctors aren't from big healthcare conglomerates and there's one park in the middle of town where people meet to play. One to two coffee shops, restaurants, with small businesses thriving. A small town has one high school, one middle and maybe 2 elementaries. The entire town supports the schools, the teachers, the students and the sporting events by attending games/events. Think Texas football. Erie is so big in population size that our high schools aren't even in the same districts. Also, while the farmers market feels small town, I can go there every week and never see a familiar face. To me that's not a small town. Incentivizing old town residents and businesses to maintain their properties as presently built rather than tearing down and rebuilding in a different style. 2. Holding events in old town that harmonize with the character of old town. 3. Acknowledging growth by creating new amenities distributed across new areas but having design elements and historical references to old town and Eries history.

M	35-44	Unaf	Y	11-20	Flatiron Meadows	1	Apart from Briggs street, I do not think Erie has a small-town feel in a physical sense. I would like the small-town feel to feel like a sense of community where people are friendly and welcoming even to those who may be from different backgrounds or cultures. I would like the small-town feel to feel safe and secure because there is a sense of trust amongst the people so my kids can walk to school if they want. I would like the small-town feel to feel like the police officers and town officials are sending their kids to the same institutions as the residents they are serving. It provides that sense that we are all in this together. I would like the small-town feel to have a sense of tradition with consistent regular events so that we can have a sense of belonging to a place. For example, the Erie Balloon festival is unique to us and I hope that continues as my kids grow up here or the 5K runs that shows we care about community and health. I would like the small-town feel to be slower paced without feeling rushed. Like parks and benches to watch birds or go fishing instead of having to sit in traffic behind numerous stop lights. I would like the small-town feel to have local businesses that are great and that I want to support with my hard-earned dollars. Local businesses that are run by locals who understand the community. Businesses where I go in and recognize the people working there.

Art work on public recycle/garbage bins throughout town. Make feel wanted and beautiful. Have boring walls in the reflect the towns people, mission and history. Have flowers in common places like Eldo pool has now. Beautiful for our newer commercial areas to soften the appeal to human mood.

F	45-54	Unaf	Y	More 20	Flatiron Meadows	1	Safe to walk and ride your bike places, quiet—no loud revving motorcycles, cars, other vehicles, not too much traffic in general, neighbors are kind and respectful to each other, parks are cared for, appealing places to gather, littering/grafitti is discouraged, charming downtown that is walkable and easily accessible, services provided for community like library access and senior services. Community pulls together to offer resources when people are in need. The members of the community feel like the town cares about them and is looking out for the community's best interest, NOT wheeling and dealing with big money outsider interests like oil and gas. Leaders communicate well. Police are a part of community and not used to instill fear in others. Everybody is accepted and welcomed, and hateful acts and violence are not tolerated.
O	55-64	Unaf	N	More 20	Flatiron Meadows	1	I've lived in Erie for 45 yrs, that small town feel is long gone and it's too late to get it back. M	35-44	Unaf	Y	6-10	Flatiron Meadows	1	To me, a small-town feel means running into familiar faces at the park, chatting with neighbors while walking the kids to school, and knowing that local businesses remember your name. It’s a sense of safety, connection, and care—where people look out for each other, and the pace allows for presence. It also means thoughtful development that respects community character, encourages gathering spaces, and supports local families.

F	35-44	Dem	N	Less 5	Melody, Meadow Sweet Farms	1	I describe a small town feel as running into members of your community often because there are events that draw ALL people - like art walks, live music, festivals, parades, farmers markets… etc. There are central places - the community members know and support small businesses, libraries, rec center, downtown. To me, Briggs street, especially if it had more small businesses to attract people, gives a small town feel but to be honest, we don't go there often. We venture to Lafayette because there are more places to go and it feels a little more lively. Smaller population, open fields, close knit neighborhoods, friendly people and a laid back peaceful feel. This isn't the case anymore so it surprises me that the question refers to "many who live in Erie cherish the small town feel". That can only pertain to the "old timers" here since newer residents have no idea what they missed out on.

Since I don't see this anywhere else I'd like to see Erie be open to the creation of adus, alternative dwelling units at houses. M	55-64	Dem	N	More 20	Orchard Glenn	1	In a small town everybody knows each other and everybody makes an effort to get along. It also feels like a safe place to take your dog for a walk. Loud, speeding cars and e-bikes are in direct conflict with that small town feel because it causes stress and sometimes conflict that would be unnecessary if people would just be decent neighbors and act in a civil, neighborly manner. In addition neighbors telling other neighbors what they can do with their own yards isn't a small town feel.

O	18-34	Dem	N	11-20	Sunwest	1	I think a small-town feel is characterized by how close-knit people are to their local affairs, and to each other. I have been a lifetime resident of Erie—I moved here with my family when I was two years old, and I have really liked being in-the-know about what's going on in the town as far as local events and initiatives. Being able to engage with other community members in "third spaces" like the park, the recreation center, and the library has helped to create bonds between myself/my family and our neighbors, my classmates, my teachers, etc. I would love if Erie could still maintain the vision of offering these "third spaces" for getting physically active, studying/working, and spending time together as a community as it grows. I also like how accessible that local government initiatives are, but I think making that even more accessible would help people to feel even more engaged. Talking to school children about some of the conservation efforts Erie is making, or having more press releases about things happening within the local government offices, and things of that nature! I realize a lot of people tend to take to Facebook and other forms of social medial to discuss town things but I feel like having even more avenues for engagement is a good idea. I do think it's hard to balance a close-knit community with a goal to expand housing options as our population continues to boom. But by strengthening and maintaining many of the elements we already implement, I think we can do it!

M	18-34	Unaf	N	6-10	Sunwest	1	A small-town feel is formed when you can trust your neighbors and community. I am currently about to graduate college and when I was going through highschool in Erie I felt like it was just another shitty suburb school. To highschoolers, Erie is something that they couldn't wait to leave and never return to. This all stems from rapid population growth combined with increasing regulations forbidding kids from just being kids. Curfew laws are a good example of that, they don't save anyone and give reasons for cops to "investigate" kids hanging out…which leads to kids not trusting our police force and then participating in illegal activities. Exactly what happened to my friends and I. This problem only became an issue in the last 10 years and I am not educated enough to give specific reasons as to why that is. But Erie will not be fixed unless constant progress is made for the benefit and quality of life of the people living here. The ONLY starting point is more community events, more opportunities for high schoolers to work for their town during the summer, and more opportunities for transparency and opinions like this poll. Thank you.
M	35-44	Unaf	N	6-10	Sunwest	1	Keeping open areas undeveloped; no strip malls like those that litter longmont (basically avoid becoming Ken Pratt); mixed residential and commercial zones; local activities that bring the community together; strong schools; the ability for people who work in this community to be able to afford living here too.

M	35-44	Unaf	Y	Less 5	Colliers Hill	2	A small-town feeling is more than just a slower pace—it's a sense of belonging. It's where neighbors greet each other by name, where kids ride their bikes to school, and families gather at the same local restaurant every weekend. The community lives, plays, and eats in the same few square miles, creating a shared rhythm to daily life. Residents value authenticity and intentionally support locally owned, boutique businesses that reflect the character of the town. Big-box stores and corporate hotel chains are kept at bay, preserving the area's charm and independence. Here, less is more—minimalism, craftsmanship, and quality matter. It's a place where people recognize faces, not logos, and where community isn't just a word—it's a lifestyle.

M	35-44	Unaf	Y	Less 5	Colliers Hill	2	Small town should be easy to commute through. Raised amounts of traffic, whether real or perceived steals away from that feel. Bars/restaurants in the old town mainstreet should be easy to get to and get into without having to vie for a reservation or table. Shared spaces, like parks, rec centers, even schools should not be full or past capacity.
M	35-44	Unaf	Y	Less 5	Colliers Hill	2	There's an esoteric nature to the town, meaning a sense of community unique to Erie. I'd like to see the downtown area maintained but elevated with additional restaurants - not chain restaurants - and small shops. Rock climbers, hikers, campers, and the outdoorsy types travel from all over the country to visit here….more shops would bring more tax revenue from tourism.

We are not just a commuter town, we have small businesses on main street, we don't have chain restaurants (which adds to the charm), the neighborhoods themselves are like little communities but are all connected to old town Erie. Places like Westminster, Broomfield, Thornton, have no real central gathering place and you can hardly tell where one town begins and the other ends. If we become too squished in and overcrowded, I think we'll end up the same.

Some might use that to describe a more rural area with a small population and lament the loss of that when a town grows in size. Personally, a small town feel is more dependent on what the town provides vs the size. Community events (Brew fest, Christmas parade, farmers market) that bring people together and a safe, friendly environment are what make a town have a small town feel. Because despite the size or population, people still have the ability to connect.

Lots of town events (farmers' market, activities for families, and access to swimming pools. We love the restaurants on Briggs Street — so convenient and a variety of options
F	65+	Dem	N	Less 5	Colliers Hill	2	Since moving here, the "small town feel" to me is only in the downtown area - you have some locally owned businesses, restaurants that are very nice to have nearby. But, the housing is exploding since we purchased our home, so it seems like we are almost moving toward becoming a bedroom community to Boulder. To me it's a suburban not small town feel - I lived in a small town of 500 people for 40 years that was located 45 minutes from shopping opportunities - that's why I like the fact that I can easily access what I need close to my home here in Erie - it's not a small town!
F	65+	Dem	N	Less 5	Colliers Hill	2	Small but inclusive, classic but new, changes when necessary but homey feel

M	35-44	Dem	Y	11-20	Colliers Hill	2	Not this. Most people don't even utilize downtown because it is so small and crammed. I'd rather go to downtown Lafayette to eat any day. Small town should not constitute simply several expensive houses and no amenities, shops, or commercial entities to accomodate growth.
M	35-44	Dem	Y	11-20	Colliers Hill	2	When I walk down the street I feel seen and often run into folks my family knows. There isn't a huge presence from out of towners and it still feels small.

M	45-54	Rep	Y	11-20	Colliers Hill	2	The ideal small town is a place where community thrives, nature is accessible, and life moves at a comfortable pace. People know each other and support local businesses. The town has low crime rates and a friendly atmosphere. There would be well maintained parks, playgrounds, and community gardens to provide space for recreation and relaxation. Quality education would be a top priority with teachers dedicated to providing a supportive learning environment. Farmers markets, farm-to-table restaurants, local breweries or wineries would showcase the areas agricultural bounty. Ultimately, the ideal small town is a place where people feel connected, supported, and fulfilled. It's a place where community matters and a place where people are proud to call home.

F	55-64	Unaf	Y	6-10	Colliers Hill	2	This sounds like code for people wishing Erie was still a small town but at 40,000 that is no longer the case. Growth is coming and we need to manage it in a smart way. We need to manage our water supplies and our tax rates. I am hoping the new town center as well as support of Old Town businesses will help with the small town feel. Less large chains and more small businesses please.

F	18-34	Dem	Y	6-10	Colliers Hill	2	a quiet small town into a booming, vibrant place filled with new neighborhoods and new families. While I am excited to see our community thrive, I am also concerned that the character that makes Erie feel like a true "small town" is at risk of being overshadowed by rapid growth. When I think about the "small town feel" of Erie, I think about community and connection: •A weekend stroll down Briggs Street where neighbors greet one another by name. •One-of-a-kind local shops and restaurants where the owners are behind the counter, chatting with customers. •Buildings with unique charm, architecture, and personality—places that look and feel like they belong to Erie, not Anywhere, USA. What makes Erie special is that it doesn't feel like a row of cookie-cutter strip malls or a lineup of big chains. We have local businesses that are part of the fabric of our community, and even when we do have chains, they are small or thoughtfully placed so they fit the town's character. As we continue to grow, I hope we can expand our dining, shopping, and recreation options without losing the uniqueness that drew people to Erie in the first place. I envision development that: •Prioritizes local and small businesses over chains wherever possible. •Incorporates unique architectural styles that reflect Erie's history and personality, rather than identical box-style buildings. •Supports walkable, community-focused areas where families can gather, and where a day out feels like a connection to our town, not just a shopping trip. We have the opportunity to grow in a way that makes Erie even more vibrant without sacrificing the "small town" heart that has always made it feel like home. By carefully curating new development to include unique storefronts, local businesses, and thoughtful design, we can create a balance between progress and preservation. Thank you for

Not sure how you can claim 'small town feel' when the previous question about the police department mentioned the population is going to increase by 20k. Small town feel means SMALL TOWN, no other way to put it
M	45-54	Dem	Y	6-10	Colliers Hill	2	It no longer feels small town I'm sad to say. But yes that is part of what made/makes Erie special. To keep some semblance of that feeling we need to preserve our open lands, help to encourage farmers to keep their lands with tax and utility incentives, build more community building facilities like tennis courts.

M	35-44	Rep	Y	6-10	Colliers Hill	2	A small-town feel is the feeling of safety and security. A place where families shouldn't worry about theft, or bad areas. If a door of left unlocked or a car window left rolled-down, it's not an issue. It's a combination of neighborhoods and farmlands.
M	35-44	Rep	Y	6-10	Colliers Hill	2	Having options that are small family-run businesses that are not corporate. Corporate being like Starbucks coffee, Domino's, taco Bell these big corporations can be found anywhere and don't make the town unique, keeping it local and family owned makes the small town unique and feel like home otherwise I could live anywhere and get Starbucks and Taco Bell

M	45-54	Rep	Y	6-10	Colliers Hill	2	I my humble opinion the following are the traits of a small town with a small-town: - less traffic and noise combine with walkability - community events that most want to attend - main street with locally owned restaurants, cafes, shops and businesses - connection to nature (open spaces, farmland)
M	45-54	Rep	Y	6-10	Colliers Hill	2	Low traffic, good schools, good parks, humble and small city government, friendly police and fire that are involved in the community.
F	35-44	Oth	Y	6-10	Colliers Hill	2	Recognizing people that you know around town, ability to sign up for events without a line, less traffic, remnants of the old town still around like older farm houses and land, safe- being able to let kids bike and walk in pairs without fear, small town events - but not being overcrowded ((it's hard because I know people are here for these things and we came in 2016 so we're not the oldest residents, but some of what's happening now feels like cramming in housing and creating a congested commuter town)
F	18-34	Unaf	N	6-10	Colliers Hill	2	The building of a million homes now no longer makes this a small town and there are no businesses here for me to support, so I drive out of town to support other communities instead.
M	18-34	Unaf	N	6-10	Colliers Hill	2	I believe Erie is passed ths all town feel that ince was. Granted, going to downtown Erie does feel that way during events and such. But a small town feel describes a place where everyone knows each other, people are charismatic towards each other for no particular reason, lots of mom and pop shops, etc. And I don't feel that Erie has that.

M	55-64	Unaf	N	6-10	Colliers Hill	2	It is a community that feels like you are part of a community accepting people of different races, religion, sexual orientation etc. (without that feel like a hick town not a small-town). You have events that are family friendly, an atmosphere of friendliness. No large business where 1 or 2 becomes the economic backbone of the community. M	45-54	Unaf	N	Less 5	Erie Highlands	2	A small-town feel is neighbors socializing casually even though they are only acquaintances. While mostly driven by resident culture, the town has a role through neighborhood planning. Although every part of Erie is friendly, I have found Old Town residents to exhibit this small-town feel exceptionally well.

Stop runaway growth and embrace our coal and farming history. Small means no performing arts center or larger than needed police station. F	45-54	Unaf	Y	Less 5	Erie Village	2	What I cherish most about a small-town feel is the genuine sense of connection and belonging it fosters. It's the everyday actions—like neighbors looking out for one another, public leaders creating space for anll types of people (social and economic levels) and community leaders/members stepping up to help—that make it truly inviting and inclusive. I value when a town not only welcomes all people but actively creates space for every voice to be heard and respected. A strong small-town spirit ensures that programs and services reach those who need them most, while also celebrating the rich diversity that reflects the many walks of life we see across Colorado. It's this balance of care, inclusivity, and shared pride that makes a small town feel like home.

F	35-44	Unaf	Y	11-20	Erie Village	2	Erie is a safe community where you are bound to run into familiar faces wherever you go. We love the small, locally owned businesses and hope more corporations and chains don't come to town. We love the parks and open space—we hope the fields and "breathing room" that makes Erie so charming aren't taken over by more and more subdivisions. We would love a town pool, and it would be great if there was somewhere to paddleboard/kayak!

M	45-54	Dem	Y	11-20	Erie Village	2	That is why we moved here. These mega suburban developments are the exact opposite of a small town feel.
F	45-54	Unaf	N	11-20	Erie Village	2	A small town feel is living somewhere with small neighborhoods with charm and not over run by developers building cookie cutter houses on the smallest lots possible. It’s locally owned restaurants and stores that cater to the towns needs. It’s community events.

M	55-64	Unaf	N	11-20	Erie Village	2	My view of a small town feel is a community that provides a feeling of safety and security; where people look out for each other; the pace of life is a little slower; dominated by local business (not dominated by Corporate structures!); a quiet environment and miminal traffic.

F	55-64	Rep	N	11-20	Erie Village	2	Basically, nonexistent. The small town feeling the town has 12 years ago is gone. A town of 45,000 plus is not a small town. Small town feel would include the ability to walk down town from wherever you lived, the ability to drive through downtown without having to stop at a stop sign at every intersection, the ability to park downtown without having to park in areas off of Briggs St. the ability to call for police assistance and have an office respond instead of a phone call, a town where elected office care enough about the citizens to answer emails, return phones calls, etc. Erle, unfortunately, no longer a small town.
F	55-64	Oth	N	11-20	Erie Village	2	Being able to walk downtown, but not accosted by heavy traffic and rude drivers. Both of the latter now occurring
F	45-54	Unaf	Y	More 20	Erie Village	2	I'm not sure it's possible to have when the population has grown so unnecessarily. But a small town feel is when we actually recognize people that we see out in town. It's keeping out big box stores and prioritizing small, locally owned businesses. It's a place where our children can ride their bikes to Old Town for ice cream without fear of too much traffic on their way.

Erie is the 15th fastest-growing community in the country, but some of our leadership still clings to a "small town" narrative that ignores reality and undermines the programs and infrastructure we actually need. Worse, that narrative often signals an aversion to diversity and inclusion—a coded way of saying certain people, lifestyles, and perspectives aren't welcome here. That's not the community I want. If people wanted to cherish the small town feel, land rights should have been handled very differently a long time ago. These same people that want a small town feel voted people in a long time ago that gave away that small town feel, and now that it's coming to fruition, want to do something about it. Too little too late. What I want from my town is not a small town feel, because we are not a small town. To me a small town is something that while everyone knows each other, most people are very similar, there are very few resources available, limited jobs available, limited cultural diversity, and reduced ability to pool taxes together for town upgrades. I want quick access to the necessities, close grocery stores and health facilities, and also quick access to the fun things like restaurants, parks, stores, activities, concerts. I want strong local events that allow the community to interact. I want to feel safe walking or biking to almost anywhere in town. I want public transportation, the best public library in the state, and good rec centers. I will never have kids, but I want child care assistance programs to help all of the families that are struggling. I want diverse housing to allow the people that work in Erie, the kids coming back from college, and families just starting out to be able to afford somewhere to live. I want a community that prioritizes taking care of its residents. For the affordable housing staff question: There is no context about what that $450,000 is going to. Is one person on the staff and they're making half a million a year? Are there 10 people and they're barely making a living wage but they're so passionate? Is some of that $450,000 not going towards salaries, but being used for the other things mentioned? I don't like this question. There's no context.

M	55-64	Unaf	Y	More 20	Kenosha Farms	2	The small town feel is gone. There are too many people to fit this description. In small towns, everyone seems to know everyone, or at least recognize familiar faces. F	55-64	Dem	Y	More 20	Kenosha Farms	2	When I moved here 20 years ago it felt like a small town. The out of-control house building has decimated that feel
F	45-54	Unaf	N	More 20	Kenosha Farms	2	It is not what Erie has become. Too much growth, no small town grocery, horrible roads nope, Erie is more like a third world melting pot.
F	55-64	Unaf	N	More 20	Kenosha Farms	2	A small-town feel isn't about the size of a community; it's about the connections and engagement felt by its residents. A vibrant downtown area with local shops and restaurants to support. Community events that families and neighbors can attend together. Equally as important are community volunteer opportunities and community groups. There needs to be a preservation of history and importance placed on sharing and celebrating that history. When people feel connected to a community and have a sense of belonging, it promotes involvement with their neighbors, government, and fellow community members. Large towns can accomplish a small town feel by focusing on environmental health, safety, connections, community events, and by fostering programs and policies aimed at protecting the town's natural resources and beauty.

M	35-44	Dem	Y	Less 5	Morgan Hill	2	Having mostly homes in this city with commercial buildings on the outskirts. No more commercial building. It's ok to drive 5-15 minutes to a big box store/restaurant/event center, etc. to keep that small town feel we must ensure our city is full of vibrant, diverse, and safe neighborhoods. NOT commercial buildings. Likewise, emphasizing outside gathering places such as parks, trails, open spaces will bring a sense of community. DO NOTbuild a water park. There are multiple "water parks" a short distance to us. Building one will cost way too much to begin with and to upkeep in the long run. People will be excited at first but will eventually stop attending once kids grow up/move out/or find better ways to spend the time. The city will be left with a bunch of wasted water and a bill to upkeep.
M	35-44	Dem	Y	Less 5	Morgan Hill	2	I would describe the small-town feel as a community that can rally around the schools, parks, community events, shopping/dining and access and enjoy all the amenities offered equally.

F	45-54	Unaf	N	Less 5	Morgan Hill	2	A small-town feel means that large companies do not own or drive the town's infrastructure or projects. We limit the amount of houses available and don't allow builders to reduce plot size to get in more houses - total greed and this is a big city approach. A small town feel requires space, requires local parks and local activities, supports small businesses which means we give small local businesses access and resources to build these businesses. We are getting greedy… overpriced everything, losing our grip on what matters. We should have more local places to plant communal gardens, grow vegetables and fruits. We need to maintain the feel of "we are doing this together" vs "we let big corporations come in and for a price sell out our town for money." Quaint, friendly, environmentally conscious and minded, accessible and most importantly, a community.

F	18-34	Dem	N	Less 5	Morgan Hill	2	It’s nice to know people in the community, but the community is growing and that’s also nice. I value being able to have events in town. Those who want to participate will, those who don’t won’t. Small town feel only works when you have a small population, and with a growing population you will inevitably lose that.. that’s okay with me. Things need to expand (another organic grocery, more sustainable food options and events, safety features, for all the people who live here and will move here)
F	18-34	Dem	N	Less 5	Morgan Hill	2	The heart of town maintains its charm and appeal. In Erie, this is Old Town. Old Town is a gathering place for Erie residents, and other surrounding communities. While Erie is large from all directions, it still feels small when you drive through from east to west. Local businesses, not chains, help Erie maintain its small-town feel, also. For example, our household goes to Fox Dog Coffee every Sunday and feel like regulars every time we visit. Interactions like this help Erie feel small, also.
M	18-34	Dem	N	Less 5	Morgan Hill	2	Ability to walk around, local businesses, community events. Christmas decorations/ overall charm + esthetics - play into uniqueness like hot air balloons/mining

F	35-44	Dem	N	Less 5	Morgan Hill	2	A small close knit community, where people value hard work and take pride in retaining their towns history and charm. F	45-54	Rep	N	Less 5	Morgan Hill	2	Friendliness and helping your neighbor. Individuals who live in the same area are respectable to each other and have a welcoming attitude and demeanor. General family amenities like the library, community center, parks and rec, local downtown shops and restaurants, farmers market, community activities, arts programs are vibrant with community involvement. All of the extra, added on things only come when there is a fiscal budget to do so. Let the non profits, churches and community orgs do the extra things. The gov't doesn't have to pay for it all. When I more often than not have a sense that when I walk down the street, into a community building or attend a gathering that people have an attitude of "it is nice to see you" — not cold… that is what makes me FEEL like it's accomplished no matter the size of the place. It's relationships and engagement, care for others that keep the FEEL that way. Kindness, respect, trust.

F	45-54	Unaf	Y	More 20	Morgan Hill	2	Have lived in Erie for nearly 25 years. What made it small-town….was less people. I appreciate being able to eat good food here in Erie, but I don't need every amenity of a larger city. Definitely don't need a water park, and nothing about a water park says "small town". It's the connectivity of trails, being outdoors, gathering places, and local restaurants. Building big things like a water park, drawing everyone into Erie, ruins the small-town feel.
F	55-64	Unaf	N	More 20	Morgan Hill	2	Erie has lost its small town feel. Briggs and Old Town are not being preserved very well. It's time for the TOE to make business fronts along Briggs only retail or restaurants as the buildings sell. We don't need more real estate offices on Briggs, or storage for the coin shop. We need more restaurants to draw people to old town. The dirt lot next to the post office should be a community sitting area, with some parking. We need a small area to enjoy Old Town, Adirondack chairs, a fire pit, someplace without having to be at the park, blocks away Stop bringing in out of town businesses in that space. Create community space! Do you understand how great it would be to eat at a restaurant and have a small sitting area after you're done. Or how great it would be to have a small seating area outside of the restaurants while you wait for a reservation. That's an old town community feel!

F	35-44	Dem	N	6-10	Morgan Hill	2	A thriving downtown led by small, locally owned businesses; neighborhoods where people know their neighbors and engage with each other regularly; a place where both adults and children feel safe and comfortable; a town where elected representatives, safety officers, and business owners are out, known, and engage with/in the community; a community that values maintaining public and private spaces and is known for hosting events, welcoming others, and being a "destination."
M	35-44	Dem	N	6-10	Morgan Hill	2	Walkability is key, I want to be able to walk or ride my bike into town and have a dozen restaurants to choose from, retail shops to visit, and local produce shops in the summer. Current tenants in old town are NOT appropriate for a small town feel.

M	55-64	Unaf	N	11-20	Northridge	2	Modest population, variety in housing, not high density, cookie-cutter developments. Small businesses, community cultural and recreational activities.
M	55-64	Unaf	N	11-20	Northridge	2	Truly, small towns have an independent field to them, we are not independent because we don't have the shops and stores that provide a local economy to thrive. The two grocery stores that we do have with our city limits are at the very edges of town and that's not Exactly what we're pursuing. Get some things in the middle of town and that will help. Also, previous question said that it was known that our police department needed to grow beyond the limits of a brand new facility and that just doesn't make sense to me. Why? How about we put more money into clearing streets of snow and other maintenance items for the general good? Water costs are too much too, how about we find a way to mitigate that extreme cost on the residents of Erie?
F	35-44	Dem	N	11-20	Northridge	2	I have lived here for 10 years. It use to have the small town fell, but bot anymore. Too much over development. Also, to the previous question. We don't need anymore law enforcement. I see a police cruiser on every corner. We don't need to spend anymore tax dollars on more of them.
M	55-64	Dem	N	11-20	Northridge	2	Lots of rural open space, but cookie cutter neighborhoods with houses packed in like sardines.

M	65+	Rep	N	11-20	Northridge	2	It has been destroyed over the last 15 years. To much development, government has gotten to big, police department no longer cares about serving the citizens, and the government is only concerned about the government.

M	55-64	Unaf	Y	More 20	Northridge	2	Most important -NO URBAN DEVELOPMENT. a small town does not have millions of multi-family spaces crowded together. Small town is stores, room to breathe, friendly neighbors. Not crowded apartments which bring more and more and more people who don't even wave hellos. Erie used to be a nice place to raise a family. Now it's Denver light thanks to years of progressive mis-management. Also fire the town manager. Enough with the diversity already.

M	18-34	Rep	N	More 20	Northridge	2	LESS HOUSES. A town that has 3-4 surrounding neighborhoods around a cute downtown much like what Erie already has. Zero chain restaurants and only stand alone restaurants. A high school that invests in athletics. More dirt roads. Less stop lights. Less houses, more fields surrounding the entire town. Stop building houses and reinvest in the businesses and the people that were here 20 years ago. Stop modernizing and bring back the small town feel. Get the entire town around one team. Everyone goes to church.
F	55-64	Rep	N	More 20	Northridge	2	Less new builds, and apartments, less traffic. Equals no need to expand new police building, expand roads, new water treatment facility.
F	55-64	Rep	N	More 20	Northridge	2	Not 66,000 people. Use to be fun to go to events, especially on Briggs and see a lot of people we knew. But now not enough parking, too crowded. The traffic has increased and our roads are not built to handle it. Small towns dont have "affordable housing" or housing starting at $600,000. Small towns are where people want to get involved in the community and not be angry at each other.

M	45-54	Unaf	Y	11-20	Old Town Erie	2	Small town feel means that when residents go outside, they notice little traffic or construction, and next to no crime. Businesses, restaurants, and amenities are within walking or biking distance, and consist more of mom-and-pop locations than national chains—with the possible exception of the outskirts of town. Open spaces are plentiful, and tend to look more wild and unkempt than those in your average suburb—those qualities are seen as welcome, and other than a simple path through them (at most), they are left untouched.
M	45-54	Unaf	Y	11-20	Old Town Erie	2	Walkable, friendly and safe. Keep old town “old town.” Attractions like coal creek park, restaurants, plum creek nursery, other businesses.
M	18-34	Unaf	N	11-20	Old Town Erie	2	Walkability. Towns that are built at human scale, rather than for cars, feel “small town” and “homey”. But what makes them this way is not a small population, but narrow streets and dense housing with many retail and dining options within 5 minutes on foot. Please have the council spend even 5 minutes researching the organization “Strong Towns”

F	35-44	Unaf	N	11-20	Old Town Erie	2	It's something that happens mostly organically, a grassroots progression, and can't be manufactured (like it seems like Erie has been trying to do). It isn't miles and miles of manufactured housing, or big box stores—it's small businesses, unique homes, mature tree-lined streets, and neighbors helping neighbors. Most of all it takes time, perhaps even generations for the small town feel to develop, and it can't be forced. Right now it feels like we're all living in a huge, never-ending planned development with structured and scheduled activities. For the housing diversity question below: Just let people build what they want. If I answer "Somewhat agree" to this question I'm afraid you'll take it as, "We need to get a developer in here to create diverse housing options." That's not what I mean. Get the big developers out. They create a terrible product and that in turn reflects poorly on Erie.
M	35-44	Unaf	N	11-20	Old Town Erie	2	Safety. We do not need more police, we need more funding for social service workers on call like the police to maintain this small town feel. Neighbors talk to each other. The community takes care of each other and I believe the majority of future potential issues to residents safety should be addressed with considering alternate options to traditional policing. When an even that requires the police occurs, it is quite common to see more than enough officers respond. Should a large scale danger occur, resources from rear y and utilizing state police is sufficient.

F	55-64	Unaf	N	More 20	Old Town Erie	2	Where people know each other and respect each other. I have lived in old town for 26 years and I loved our little town but when going to old town they messed up Briggs street and the parking around Kattel, Malcolm, Briggs is a nightmare. They built the parking lot south of the splash pad and people don't use it. They try to park in our cul de sac and on the roads surrounding making it impossible for two cars to go through. Forget trying to pick up your mail if there is an event or on the weekends because everyone parks at the post office. They would've been better off building a parking garage where city hall is or where Allo is to accommodate the droves of people. They tore up Briggs street and closed it off last September (closing farmers market early) and did not touch it until April/May of this year. We couldn't do Boo on Briggs or the Christmas parade… Poor planning!!!

M	35-44	Dem	N	6-10	Old Town Erie	2	I would describe a small town feel as somewhere with less crime and more community togetherness. The neighbors would know each other and do favors for each other if need be and the community would get together for festivals or farmers markets, or community activities like jogging in groups or having picnics. Honestly it's what already is the feel of today's Old Town Erie. However there is a lot more communities than just Old Town obviously.
F	65+	Dem	N	6-10	Old Town Erie	2	Locally owned businesses connected by pedestrian-friendly walkways, trees, and art that speaks to the history and the future of the town.
M	65+	Dem	N	6-10	Old Town Erie	2	Know, interact, etc with your neighbor. A local. Erie based, grocery store would be a great help to the existing families.
M	55-64	NR	N	6-10	Old Town Erie	2	A walkable community, with recreation, essential retail, restaurants, bars and entertainment within 10-15 minutes on foot, without the requirement for motor transport.
F	18-34	Unaf	Y	Less 5	Other Neighborhood	2	Having restaurants that you’re familiar with the staff, a downtown area that is bustling with activities and businesses but not overcrowded (ie ample parking), events put on for all ages (like the Touch a Truck, Boo on Briggs) a high quality rec center and parks that are inviting
M	35-44	Unaf	Y	Less 5	Other Neighborhood	2	Briggs street is the small town feel. We love having a small selection of local businesses on a single street that brings the community together.
M	45-54	Unaf	Y	Less 5	Other Neighborhood	2	Leave downtown as it is. No affordable housing units or high rise buildings. No section 8.
M	45-54	Unaf	Y	Less 5	Other Neighborhood	2	Local business and local participation. Make It transparent how is this happening in your plans
M	18-34	Dem	Y	Less 5	Other Neighborhood	2	It's when you have a feeling of being able to associate with neighbors in a friendly manor at the park or other local facilities while still having all the needed amenities available nearby
M	45-54	Rep	Y	Less 5	Other Neighborhood	2	We moved to Erie for a more conservative place to live. You can keep the small town feel in Downtown Erie, not a problem. You can add Historical markers/buildings to keep the small town feel.

F	18-34	Oth	Y	Less 5	Other Neighborhood	2	Public facilities that people constantly frequent. I feel like the library and rec center do that and are visited often. A lot of small and local shops are nearby, no large corporations. People are out and about walking their neighborhood and trails. Lots of outdoor spaces that people congregate to.

F	65+	Unaf	N	More 20	Other Neighborhood	2	Residents knowing most people in town through schools, churches and town events. We had very little crime. There are many community events but the town is growing way too fast. Erie is way past the small-town feel.
M	45-54	Rep	N	Ref	Other Neighborhood	2	It's getting lost in the out of control building
O	35-44	Oth	N	Ref	Other Neighborhood	2	Local businesses, local events. A beautiful and inviting "downtown" where people want to come spend time. Inn instead of large hotel, b&bs, but we need our families to come be able to visit. Check out cedar falls Iowa. They still felt like a small town, even with a college nearby, and large buildings.
F	35-44	Unaf	Y	6-10	Other Neighborhood	2	There are tons of residential areas going in and the number of businesses/restaurants don't match. It makes things busy and traffic is worse. The small town feel is slowly leaving.
F	45-54	Unaf	Y	6-10	Other Neighborhood	2	Strong sense of community and lots of unifying community events; more time and space to enjoy moments with less hustle and bustle of a city; plenty of independent businesses as opposed to chains; historic charm in our town center; low crime rates and a general feeling of safety and security with neighbors looking out for one another, and trust and respect to and from our police, fire, and EMS specialists.

F	65+	Unaf	N	More 20	Sunwest	2	With the new town center, and paying consultants for this plan…. It is spread all over the place. Look at the horrible design of county line road by the school. Look at some of these designed round a bouts. If you need advice on roundabout, go up to Firestone and look at the double one there. It's big enough so that people can drive through them side-by-side. Very concerned from this small town and doing it right.
F	65+	Unaf	N	6-10	Sunwest	2	Quietness, town functions to bring people together, police presence, roads kept repaired, small businesses like Cristos flourishing, encouraging popular businesses to come here so we can keep the revenue in Erie!

F	55-64	Unaf	N	Ref	Vista Ridge Master HOA	2	Re the answer to #10 — it wasn't the right question. You were elected and the staff are there to support you with data re how best to pay for the new police building — this was in the last survey, and I know from Council meetings that some on the Council simply didn't like the answers. Let it go — it's not about you. These surveys have been answered and you need to quit coming back to the public until people are so bored they quit playing. Pick the best that is clearly the best way to spend our money and do it. Re: question 11 — this is another question that is leading and there is no real way to come up with a statistical analysis. But okay here you go — small town feel is front porch, kids with sparklers (not fireworks), front fences where neighbors chat, watching the mountains over a cup or coffee or glass of wine. Having places to go that are quiet and purposeful, lovely and shaded, places with benches and ART. A book store. Not just another box that sells books. Look to Lafayette. Look to aspects of Boulder. Look to ourselves. QUIT BUILDING TRACT HOUSING. QUIT APPROVING MTDs. These will get us nowhere but crowded with someone else managing these "not Town" neighborhoods,
F	18-34	Unaf	Y	Less 5	Westerly	2	Walkable neighborhoods, lots of spaces to gather with friends and neighbors, kid friendly spaces, community owned businesses, people live and work near the community, having all needs met within a short distance from home

F	35-44	Unaf	Y	Less 5	Westerly	2	I'm from a small town in Iowa. Have lived in LA and NYC. Even cities can have this feeling. It's important to have intentional business join the community. We can access anything we want off of I-25, but would prefer to keep big chains there. Small towns are about going to establishments you love that help support your neighbor. Places that allow people to gather are important. Imagine if Briggs was no traffic and just walkable. Fire pits in the winter. Music in the summer. A program where Kids run snow cone or s'mores businesses while being required to learn about business behind the scenes. Cafe tables where people can grab coffee and catch up.

Sex	Age Range	Party	Parent	Tenure	Neighborhood	Ward	Response
F	35-44	Unaf	Y	Less 5	Westerly	2	Living in a small town feels like being wrapped in a familiar and comforting rhythm. It's a place where life moves a little slower, and that slowness allows you to truly notice things—the way the sun rises over the rooftops, the rustling of trees in the wind, or the scent of rain on a gravel road. There's a strong sense of belonging, where people greet each other by name at the grocery store, and someone always stops to say hello at the post office. It's a place where tradition matters. Fridays mean local football games where the whole town shows up, bundled in school colors, cheering together under the stadium lights. Annual parades, town fairs, and holiday events aren't just activities—they're woven into the identity of the place, moments where generations gather and memories are made. There's a deep connection to the land, whether it's wide-open fields, wooded trails, or a single main street lined with old, beloved buildings. Each season brings something familiar: fall leaves burning gold, the crisp scent of winter woodsmoke, spring's muddy roads, and summer nights filled with the hum of crickets and porchlight conversations. Neighbors become more than neighbors—they become part of your extended circle. If something goes wrong, there's always someone nearby to lend a hand, offer a meal, or check in. People show up for each other in small, meaningful ways that often go unspoken but never unnoticed. Living in a small town means knowing where you are and who you are. It's feeling rooted, seen, and part of something that feels steady in a changing world. Love all the festival and small community events!

F	35-44	Dem	Y	Less 5	Westerly	2	It's charming and feels safe. It is full of successful small businesses (big box stores are nowhere to be found, or on the extreme edges of town). It's very family friendly and supportive. Prices at restaurants and shops aren't too high. A middle-class family can afford them. People take care of the town (e.g. are considerate with their trash) and are respectful to and look out for their neighbors. There are lots of town events where you expect to see people you know. Town events can be popular, but are not so busy to the point of being stressful (I felt stressed at last year's Boo on Briggs, hoping that maybe a different layout for the tents to allow for more space between lines could help the problem). Downtown areas are beautiful and well cared for. There are volunteer opportunities for all types of people. including families with kids.
F	35-44	Dem	Y	Less 5	Westerly	2	It's nice but Erie isn't a small town anymore so not sure it has the same feel. Old town is crowded and we need more restaurants.
F	35-44	Dem	Y	Less 5	Westerly	2	Neighbors know each other and there are 3rd spaces to gather outside of work and home. Small towns also have a slower pace of life and value family, social connections, and a connection to the outdoor world.

F	35-44	Dem	Y	Less 5	Erie Commons	3	We came to Erie because we wanted our kids to feel safe and rooted in their community, and we've found that here. In a choice-based state, it speaks volumes that most families send their kids to the local public schools because that builds pride, trust, and a real sense of connection. To me, a small-town feel isn't about being physically small, it's about showing up for one another. In just two years, I've been to street fireworks, cookouts, block parties, and pop-up events that made it feel like we're all in this together. That's why it's heartbreaking to watch development that feels careless and uninspired. I believe the urgency people are expressing isn't resistance, it's love. We don't want to lose what makes this place so special. I'm not planning to leave, but it would be devastating to watch Erie turn into another Thornton when it has the potential to be something so much better.
M	35-44	Dem	Y	Less 5	Erie Commons	3	Community and belonging with neighbors
F	45-54	Dem	Y	Less 5	Erie Commons	3	Not crowded- I can only refer to old town Erie. With the amount of houses being built, it doesn't feel small any more. Many of our open spaces are being used to build new houses.

F	65+	Unaf	N	Less 5	Erie Commons	3	Shirley Jackson esque. We don't have to binary about it. I don't want everyone to know everything in my life, what I bought at the store, my ailments, etc. And Erie as a city doesn't foster good neighbors: good neighbors do. So keep the place really clean. Get the 14 year old kids on motorcylces off the sidewalks, police this uptick in activity where we find 12 year old kids going 25 mph without helmets—protect the rule of law with a benign hand and people will deliver small town feel's upsides

Small local business and restaurants with few large chains. No strip malls. Close knit community with public events. Old town has a great small town feel but it needs to be cleaned up and community members in that neighborhood held to a highe standard. Business selection and diversity need to be addressed. Prime real estate for businesses are not being put to good use. We don't need office space such as State Farm, allo fiber, law offices or other such as these along Briggs. Those spaces could be used to enhance community space with more offerings food, entertainment, and recreation.
M	35-44	Dem	N	Less 5	Erie Commons	3	More local businesses than chains, town events in spaces that prioritize people coming together. F	65+	Dem	N	Less 5	Erie Commons	3	To me, a small town moves at a more relaxed pace, often with access to outdoor activities and a connection with the natural environment. Small town supports local shops and businesses creating a unique character with very few chain and big box stores. It has a strong connection to the town's history and traditions that enhances the connection. It's a sense of belonging and shared values where everybody knows their neighbors and looks out for each other. Additionally a small town feel incorporates and builds on the architectural details and character of the existing old town buildings. With future development fitting into and complimenting that original character.
M	18-34	Rep	N	Less 5	Erie Commons	3	Community. Speak to your neighbor. Going to a neighborhood restaurant and feeling like family and being treated with respect. You can walk down the street and not feel like you might be accosted. And that is across the whole town.

M	45-54	Dem	Y	11-20	Erie Commons	3	A town that respects where it came from by supporting more local businesses, open access and not saying yes to unhealthy options that feel just like every other town. To be clear, I don't own a small business in Erie, but I can't help but think it's a missed opportunity to have a small town like Erie stand for something other than pure growth through major corporations. That's not a small town, that's a greedy one looking for tax revenue. Secondly - more open space, parks, special events and a balanced approach to housing. Of late, any open space is slated for affordable housing or new homes. Not unique and not a small town investment.

F	35-44	Unaf	N	11-20	Erie Commons	3	A 9.2% growth rate over a one year period is NOT sustainable or responsible given the lack of infrastructure and commercial development needed to support booming population growth. F	55-64	Dem	N	11-20	Erie Commons	3	A very cute and charming downtown. I'd like too see the real estate and other office like buildings on the side streets and rest aunts and shops on Briggs.
F	55-64	Dem	N	11-20	Erie Commons	3	I definitely cherish a small-town feel, having Old Town as the heart of our community, where I recognize my neighbors, I trust my neighbors, I greet them when I walk in my neighborhood, and I show up to town events because I know I'll see my friends.

F	65+	Dem	N	11-20	Erie Commons	3	Knowing neighbors. Public activities such as fireworks, other ECC events
F	65+	Dem	N	11-20	Erie Commons	3	Less density
F	65+	Dem	N	11-20	Erie Commons	3	More sitting areas in neighborhoods, small water features scattered, avoid low end chains like burger king, preserve views in neighborhoods by spacing construction slightly. Avoid 3 story buildings . Provide space for smaller more quaint shops, similar to Stapleton, Central Park area. Everything is just so packed in, we now look like Highland's Ranch, we are quickly loosing small town feel.

M	45-54	Rep	N	11-20	Erie Commons	3	A quaint Main Street with walkability and shopping. Continue local events like the homecoming and Christmas parade.
M	45-54	Rep	N	11-20	Erie Commons	3	No "tall" buildings and plenty of trees/ open space keeping Erie from being a concrete jungle. Spread out retail, restaurants, shopping so not all residents cram into one commercial pod. Low crime rates and no violent crime. Quiet streets in late and early hours. Community events like concerts in the park, brew fest, etc.
F	55-64	Rep	N	11-20	Erie Commons	3	A place where the community comes together with events that are preserved from history. Parades, concerts, high school events, etc. Longmont does some great parades that make it feel small town even though it has grown.
F	65+	Rep	N	11-20	Erie Commons	3	Local events
F	65+	Rep	N	11-20	Erie Commons	3	Quiet neighborhoods and streets that are not congested like Arapahoe is.
M	65+	Rep	N	11-20	Erie Commons	3	Intimate, not sprawling. Not too much traffic. Open space, fields, rather than housing developments everywhere. People that drive respectfully instead of racing down quiet residential roads. Pastoral rather than a crowded, urban feel. Separation between industrial and residential areas.
M	65+	Rep	N	11-20	Erie Commons	3	Not Erie anymore. With all the development we are now just another small town going large
M	18-34	Oth	N	11-20	Erie Commons	3	Stop with the chain resturants and modern townhome stuff. Make it seem genuine and fall back on its rich history.
M	55-64	Oth	N	11-20	Erie Commons	3	I loved the small town feel when I moved here in 2006. That no longer exists due to overpopulation and putting in apartment buildings. It has also brought some issues with crime and drug activity that were not as present when I moved here.
F	45-54	Unaf	Y	More 20	Erie Commons	3	I think what gives Erie the small town feel is the community events and shared sense of ownership.our fireworks on the 3rd mean that most of the town attends because we aren't competing with bigger activities in places like denver or Broomfield. Briggs street and the small businesses on it. Our shared commitment to local schools and the "Erie tigers".

F	45-54	Unaf	Y	More 20	Erie Commons	3	Why can't we pay for the police dept with all the new houses and increased property taxes? Live within your means. Sorry, you did not give all possible choices for the previous question. So I am using this spaces. NO MORE TAXES!!!
M	45-54	Unaf	Y	More 20	Erie Commons	3	Downtown Longmont, shops, parades, parks, gathering places spend a day in rural America and witness the culture that once was Erie. We have an amazing park at the rec center. USE IT. Festivals, food, carnivals etc. create the space. Festivals being held downtown just plain suck. Zero parking and no one wants to go. Our city planning for events is horrific. Celebrate Erie. Small town feel is celebrating Erie. We are going backwards in that department. That's why we are losing that small town feel.
M	45-54	Unaf	Y	More 20	Erie Commons	3	It is gone other than old town

M	45-54	Dem	Y	More 20	Erie Commons	3	Im pretty sure Erie has lost any semblance of a small town. Yes, downtown is small. Erie itself feels like its becoming Southern California with all the cookie cutter homes built by cheap builders trying to maximize profits and pushing out cheaply fabricated housing.
M	45-54	Rep	Y	More 20	Erie Commons	3	Erie is FAR past a "Small Town". If residents want that "feel" concentrate it in Old Town and let them support it
M	45-54	Rep	Y	More 20	Erie Commons	3	I would rather the town grow responsibly by providing space for people to gather and enjoy the town as well as having good parking downtown and being bike friendly as well.
F	45-54	Unaf	N	More 20	Erie Commons	3	Main downtown area with family friendly events that celebrate all people and their way of life reap.
M	45-54	Unaf	N	More 20	Erie Commons	3	Epic
F	55-64	Unaf	N	More 20	Erie Commons	3	Erie is beyond the small town feel now. Briggs street is the only area that provides venues to create that feeling of connecting with neighbors with small shops, coffee bars and some events. It's so crowded now that it's not worth the hassle of going down there. A small town feel needed to be considered before houses took up every corner and block.

F	18-34	Dem	Y	6-10	Erie Commons	3	In regards to the last question, why is an expansion of the Erie Police necessary? For small town feel, it means that business owners are in the community and it's a community that supports small businesses through events and collaborations.

M	55-64	Oth	Y	6-10	Other Neighborhood	3	Many in Erie are delusional about what a small town is. It's laughable to even suggest Erie is anything of the such. The limited downtown retail space with almost non-existent parking doesn't create a 'small town'. In a perfect world, it would be awesome if Briggs could be a dedicated pedestrian zone between Moffat and Wells or possibly even Chessman (similar to Old Town Arvada). Surrounding residential area is lower density, tree-lined with park areas. M	35-44	Unaf	Y	11-20	Vista Pointe	3	I small town should not have 66,000 people. A small town should have traffic that flows. It should not have parents miss the opportunity to sign kids up for rec sports because they tried to sign up at 710 am not 700 on the dot. Schools should not be overflowing. There should be local businesses that are able to serve the community without restaurants having hour waits to sit. Erie has lost the small town feel.

M	35-44	Unaf	Y	11-20	Vista Pointe	3	Unsure. Probably a town small enough that kids generally grow up with the same experience. Same high school, places to hang out, handful of good commercial districts (we can still improve on that one). I like that everyone involved with youth sports is generally a “Tiger” and looks forward to becoming a high school “Tiger”.

M	45-54	Unaf	Y	11-20	Vista Pointe	3	Needs more local shops. Needs business to help pay for costs. Erie is not on track to stay a small town.
M	45-54	Unaf	Y	11-20	Vista Pointe	3	The middle of town is where all the residents gather. They know each other and participate in town-wide events. There are small shops, restaurants, parks, and recreation facilities to encourage residents to be there. The outskirts of town are where the large retail and high density housing are. Those fill a need without inviting too much traffic through the middle.
F	65+	Unaf	Y	11-20	Vista Pointe	3	“Cheap” Activities that promote community.feeling. Slow growth and fix electrical grid. Give our police and firemen a raise. Ditto librarians. M	35-44	Oth	Y	11-20	Vista Pointe	3	Was a small town feel. Now it has exploded and not a small town feel. To many people moved in over the past 8 years and building more houses won't help.
F	35-44	Unaf	N	11-20	Vista Pointe	3	Local shops and eateries without big chains, being able to walk and bike to most places, lots of local events. These local events have seemed to decrease in the years we have lived here. Such as concerts in the park, mighty kids triathlons.
F	35-44	Unaf	N	11-20	Vista Pointe	3	Vibrant, active old town/town center with regular town events (Concerts in the Parks, those overnight camping events at rec center, good town festivals/parades on holiday weekends). we seem to have weird events right now. I don't know when that changed but they don't seem well attended.
M	55-64	Unaf	N	11-20	Vista Pointe	3	Having a distinctive downtown area. Limiting large construction projects.
M	55-64	Unaf	N	11-20	Vista Pointe	3	Regular town events like the Concerts in the Park bring people together in a small town. Also, keeping government as small as possible so residents can feel a connection with our leaders, officers, etc. Open Space also gives Erie a more rural feel, which is similar to a small-town feel.

I think the farmers market is a good start. Maybe courting the local farmers and ranchers for more involvement in town events, ie harvest festival, horse riding demonstrations or training events maybe even a small roping or reigning event.

M	65+	Rep	N	11-20	Vista Pointe	3	That would be a town with limited growth and a decent comprehensive master plan, which Erie does not have.

F	35-44	Unaf	Y	More 20	Vista Pointe	3	I'd say that a small town has a downtown area where people like to congregate, which we do. I also feel like a small town is one where you can get to those events without having to drive over and find parking and such. I live in Vista and it would make me feel like I was more connected to the small town if I could get there by bike (I don't bike but this is aspirational). A small town also has open spaces and native vegetation left I think.

F	45-54	Dem	Y	More 20	Vista Pointe	3	A small town feel to me means more unique shops and services. A small town feel is not riddled with fast food chains. I hate what Hwy 7 has become. Hwy 7 now feels like a congested I-25 pitstop. The number of developments being put in on every ounce of land takes away from the charm of an old town. A small town is meant to be quaint, easy for families with children to navigate safely via bikes, walking paths and trails. A place you want to raise your family, in hopes your grown children will always want to come “home” to. I believe Erie is moving in the wrong direction. If I didn’t have my perfect spot to hide away from the mess Erie has become, I’d be gone by now.
F	45-54	Dem	Y	More 20	Vista Pointe	3	Think back to Erie around 2013, prior to Colliers and Erie Highlands, when our high school was not over capacity and could accommodate our students, when we didn’t have traffic circles and it was safe to cross the street because traffic wasn’t too busy and pedestrians did have the right of way.
F	45-54	Rep	Y	More 20	Vista Pointe	3	Keeping the population smaller by capping the population to what it is now. Events that appeal to the broadest number of people - ie the fireworks show, Balloon Fest, Biscuit Days. Stay away from events that are polarizing - ie Pride parades.

Erie, with it's massive growth can afford to pay for the infrastructure it needs with the current sales and property tax rates. F	55-64	Dem	N	More 20	Vista Pointe	3	I believe that Erie has already grown (40K) past small town and doesn't need a small town feel. Characteristics should include though, a sense of safety in our community, neighbors that care and are respectful of each other, many needs like banking, groceries, pharmacy, etc. can be delivered locally, with other venues like shopping malls and such available within a short distance, lots of options for residence to spend time outdoors with protected nature areas.

F	65+	Rep	N	More 20	Vista Pointe	3	Limiting city limits rather than trying to annex bordering farms/pastures. Having open space around perimeter of town. Mom-and-pop shops rather than chains. I enjoy seeing people I know when I go to a local park or 'the' Safeway or the rec center. We can give driving instructions by landmarks vs street names. The social media presence of a small town is fun and refreshing, not too political or either rampant complaints - the buy nothing page is a great way to support others in the community. Small towns aren't bothered by tourist and enjoy meeting people who have never heard of our town - feel like we are talking to them about a well kept secrete.
F	35-44	Unaf	Y	Less 5	Vista Ridge Master HOA	3	A small-town feel is a place where you feel safe in your neighborhood, less traffic than in highly populated areas, and neighbors look out for one another. F	18-34	Rep	Y	Less 5	Vista Ridge Master HOA	3	Many who live in Erie cherish the 'small town feel'—a sense of community where neighbors know each other by name, kids can safely play outside or ride bikes through the neighborhood without worry, and local events feel like a gathering of friends and family. It's the comfort of seeing familiar faces at the grocery store, waving to neighbors while walking the dog, and knowing our schools and parks are a safe extension of our homes. Maintaining that feeling also means protecting our streets from becoming high-traffic cut-throughs for non-residents. Prioritizing safety, preserving our close-knit community, and minimizing outside congestion is key to keeping Erie's small-town charm alive as we grow.
M	18-34	Rep	Y	Less 5	Vista Ridge Master HOA	3	I think the lack of large corporate or chain businesses in downtown is a major contributing factor to the small town feel. We haven't been able to enjoy them in the last 5 years as the town has grown way to quickly and has lost the "small town" feel. F	45-54	Unaf	Y	11-20	Vista Ridge Master HOA	3	Create opportunities for residents to spend free time in Erie rather than leaving to a nearby city to have more options for dining and entertainment. Make Erie more appealing to small businesses! Make them want to come to Erie. Slow down new housing growth until schools and roads are completed to handle the growth - or just speed up the process of expanding both? The Highschool has been overcrowded for years. Just go try and park in the parking lot, walk the halls, or talk to the students - it's a mess! Way to tell our students "you're NOT THAT important" This new high school is way over due and is a complete FAILURE of Erie and St.Vrain! Clearly students are a VERY low priority to both organizations! Sad. I suggest we continue the parades on Briggs. They make Erie special. Either get donations or other funding for the annual fireworks or just stop. The current firework display is pretty sad! It gets worse every year!

F	45-54	Unaf	Y	11-20	Vista Ridge Master HOA	3	Having Briggs as our "main street" where we have parades, farmers markets, concerts and events at Cole Creek Park all create the community gatherings of a small town. I am also enjoying the social media that the police department has been spending quality time on sharing where they are involved in protecting our town.

M	45-54	Unaf	Y	11-20	Vista Ridge Master HOA	3	Being a small town is fine, but if we cannot afford all the things that the town wants to buy, I would rather see larger businesses move into Erie. Downtown can remain a place with a smaller town feel, but we need a tax base that doesn't rely on simply raising taxes for existing residents, especially considering how little of use the town of Erie provides for us short of parks and such. Erie has a high rate of funding boondoggles that do nothing for its residents.

M	18-34	Unaf	N	11-20	Vista Ridge Master HOA	3	A small town feel is just what it sounds like, a small town with limited large commercial businesses and a relatively small population.
M	18-34	Unaf	N	11-20	Vista Ridge Master HOA	3	A small town is where life slows down enough for people to truly see one another. It's where neighbors aren't just people who live nearby but friends who share gardens, trade recipes, and show up unasked when someone is in need. It's where dinners stretch long into the night with laughter that echoes down quiet streets, where children run free and elders are honored, where stories are told and retold, weaving everyone together in a living memory. In this rhythm, people remember what matters: the joy of simple work done well, the beauty of shared meals, the goodness of gathering just to be together. There is no striving to be someone else, no pretending to be separate, just the steady pulse of togetherness—people fully alive, grateful for the air, the land, the company, and the day. In these places, creation isn't just the buildings or gardens but the way people build each other up, celebrate each other's wins, and carry one another through the hard days. The joy is honest, the connections are real, and life feels full because it's shared. This is how life was always meant to be: not just surviving, but overflowing. Not just working, but rejoicing. Not just passing time, but living wide open, receiving every good thing together.

If new facilities and roads are needed to accommodate these new huge neighborhoods then the developers should help pay for them, like the police station. Downtown Erie is small and will continue to be that simply by design of itself. Doing activities in Downtown help with the small-town feel, like homecoming and Christmas parade. Keep that up and encourage more people/businesses or even groups from neighborhoods to also enter floats. I'd love to see a "Real Housewives of Colliers Hill" lol.

F	35-44	Unaf	Y	6-10	Vista Ridge Master HOA	3	A small town feel is a mix of cozy, familiar, and slower-paced charm. It's a place where everyone knows each other, and there's a sense of community that feels almost like an extended family. Picture tree-lined streets, the smell of fresh-cut grass wafting through the air, and the sound of children laughing as they ride their bikes down the sidewalk. The town square might have a local coffee shop with a chalkboard menu, a small bakery with the scent of warm bread, and a general store where you can pick up everything from groceries to local honey. The buildings are often older, with a timeless quality to them. There's a quiet rhythm to the day – people stop to chat while walking their dogs, or you might catch someone sitting on their porch in a rocking chair, sipping iced tea and waving as you pass by. There's often a sense of belonging that comes with living in a small town—people look out for one another, and life tends to be less hurried. While there might not be big city distractions, there's a peacefulness that lets you savor the simple moments. Whether it's the local diner's weekly special or a town festival, there's a warmth to the shared experiences and traditions that make the town feel like home.
F	35-44	Unaf	Y	6-10	Vista Ridge Master HOA	3	I don't get the small town feel. Erie is growing so rapidly. There are so many construction projects going on simultaneously I've grown to dislike living in Erie. I'm considering moving out now. Also, taxes are insane.

M	45-54	Unaf	Y	Less 5	Vista Ridge-Latitude	3	The section of old Erie from County Line road to the park is the part of Erie that I think of as small town." The rest of Erie I would describe as rural or suburban sprawl. A small town feel, to me, is a close proximity (walking distance) between homes and a central business district. The business district then does not need to be full of parking lots because people don't need to drive - ultimately small town to me really means you don't need a car to engage in the community. Since Erie has already experienced a blow up of subdivisions, that ship has sailed, but a central parking structure could give the same dynamic tp those who have to drive in from their different housing communities and alleviate the difficulty of street parking during busy times. Alternately, as mentioned in one of my previous answers, developing a bus loop(s) that serves old town Erie and the various subdivisions would help foster a small town feel. Making Briggs "pedestrian only" in the four to five blocks of the old town would also help, allowing businesses (or the city) to have more outdoor dining areas for people to gather and interact.

F	45-54	Dem	Y	More 20	Canyon Creek	1	Frequently	The Town of Erie needs to see a project through from start to finish. It appears they are trying to work on too many projects at one time, delaying the completion of each. Better planning is needed to manage these projects, especially the ones that will affect schools and the safety of our kids. The town has done many questionable changes that has put our youth at risk at intersections. Erie Parkway and you name it. Drive around the town. The horrible decision to cut off County Line to cars needed to turn left was ridiculous. The new path is awful and forces us to go out of our way to get to the services on hwy 7. The traffic issues around each school is terrible and dangerous. Erie needs to care more about it's people than building another housing community without proper planning (schools, parking, services, you name it).

The new planters seem to be a waste of time and money. How will they plow the snow which the blades won't fit. The planter will require a lot of care which being done now and weeds are flushing. A lot of man power with little traffic reduction.

M	45-54	Unaf	Y	11-20	Erie Commons	3	Frequently	All of Erie Parkway and Arapahoe are slower with the significant increase in traffic lights. Erie Parkway is set to get much worse around County line as the Town Center gets built out as that is adding multiple new connections to Erie Parkway and County Line. There is no good way to get to Highway 7 anymore since County Line was shunted through that neighborhood instead of a direct connection. What difference does it really make? We cannot even safely get out of our neighborhood anymore because the on-street parking is so poorly managed that no one can see oncoming traffic around the parked SUVs and trucks. F	18-34	Dem	N	11-20	Erie Commons	3	Frequently	As someone who lives in Erie Commons and drives up Austin just about every day from my house, getting to and around the Austin and County Line intersection is often a nightmare during the morning and afternoons during the academic year due to how the Aspen Ridge school used this road as a drive through and parking line. All the parked cars and drive through line make visibility around the area very poor to see cars and children that may be moving, and I often get stuck as people try to navigate getting through the drive through and in and out of parking spots. The other area I find the most issue with is Erie Parkway toward I-25. Where it goes down to one lane in particular, I often get stuck in slow traffic, especially during rush hour. I feel that expanding this road to two lanes all the way to I-25 would improve the flow of traffic in this area significantly.

F	45-54	Rep	N	More 20	Kenosha Farms	2	Frequently	County line is a joke, especially since it was re-routed. Very difficult to get in/out of Erie. Construction on every road. And when there are problems on H-52, 287 or H-7 our small roads cannot handle the volume. Arapahoe Road has become major route between 1-25 and Boulder, through our small town.

M	35-44	Unaf	Y	6-10	Lost Creek Farm HOA	2	Frequently	County Line in front of the schools is just a no go morning and afternoon during the school year before and after school. Also Vista Ridge between County Line and Baseline was an absolutely wild choice to send everyone to the businesses on Baseline. The traffic backs up on Isabella so badly, it can back all the way to 95th and onto Valmont. It took me almost 30 mins to cross 287 yesterday - in the 5pm ish time frame. Arapahoe leaving Erie towards Boulder and vice versa are horrible anytime, but particularly bad during work commute times (~8:30am and ~5pm). I don't go that way anymore.

M	45-54	Unaf	Y	11-20	Vista Ridge Master HOA	3	Frequently	Particular intersections aren't the problem, this is a result of dropping speed limits on many of the major arteries in and out of Erie. There is absolutely no reason to drop a 45 mph speed limit on a broad, straight road down to 35. It inconveniences everyone and doesn't have any measurable effect on safety. In addition, it comes off as simply another way for local police to make revenues from tickets, especially on residents who have lived here for 15 years plus and now must adjust to slower speed limits across the board.

M	45-54	Unaf	Y	More 20	Vista Ridge Master HOA	3	Frequently	Highway 7 is terrible. All of it. Build 2 full lanes, nonstop, both directions. Add full turn lanes, both directions, both sides. Put a sign on eastbound 7 that flashes red when the light at Hwy 7 and Sheridan turns red, so eastbound traffic knows to slow down on the blind hill. You should not have taken county line out at hwy7. Now more traffic goes through Vista Ridge RESIDENTIAL.

F	18-34	Unaf	N	Less 5	Compass	1	Occasionally	I experience traffic on Arapahoe Rd between 287 and 111th St. Around 8:00-8:20am westbound Arapahoe is often backed up at 111th street as many cars want to turn left to go southbound on 111th, so the "straight" on Arapahoe lane is also stopped (because oncoming traffic prevents the left lane from turning left). The traffic is also slow, but more manageable due to the second lane for the next few blocks to 287. Around 4-4:30pm, eastbound Arapahoe is backed up from Lafayette heading towards 287, and it doesn't really decrease once entering Erie. There are often problems with not being able to merge easily down to one lane after Beasley Dr, and with the many cars trying to turn right or left on 111th St, it can take a while to be able to continue straight on Arapahoe.

F	55-64	Dem	N	6-10	Creekside Townhomes	1	Occasionally	The County Line overhaul near the elementary school was poorly designed and caused so much interruption and annoyance when trying to get into old town. Multiple other road closures around old town going on during this construction was terrible planning. Also why did we need such a wide median? M	18-34	Dem	N	Less 5	Melody, Meadow Sweet Farm	1	Occasionally	Traffic impacts are highest during normal peak hours before and after work. From 7-9am and 4-6pm. The biggest pain point is the roundabout on Erie pkwy and N 119th st. I'm an advocate for roundabouts but Americans lack the knowledge to use them effectively. I have encountered many people who don't know how to use turn signals in roundabouts. Also most people are not courteous and leave no space for cars to get in so it becomes a two way flow road which is mostly fine because that is the majority of traffic but it's frustrating that people either lack the knowledge or care to let people in.

M	55-64	Unaf	N	11-20	Northridge	2	Occasionally	County line Road from 10 1/2 to Erie Parkway. For some reason, County Line road has been narrowed and planters installed down the center (overrun with weed mostly right now) in front of the elementary and middle schools, and at the same time the Cheesman housing development popped up in the midst of all of it. Where is everyone that lives there going to park, and how will County Line Road and related cross roads absorb all of the extra traffic, when it's already congested much of the time? Just doesn't make sense to me. I avoid the area entirely, which is probably what is desired, but people driving around the area burns more fuel, creates more pollution, takes longer, and is frustrating.
M	55-64	Dem	N	11-20	Northridge	2	Occasionally	It isn't necessary to put a stop light at every intersection. Or if you do, make sure the timing favors the main road. Getting stopped constantly for one crossing car along WCR8 and CR1 is annoying and wasted fuel. Start using smart or ai enabled stop light systems that can make informed choices on timing.

F	35-44	Unaf	Y	6-10	Vista Ridge Master HOA	3	Occasionally	The light at Arapahoe Rd and County Line Rd to turn northbound onto County Line Rd prioritizes southbound "traffic" when there is no traffic and does not allow enough cars to turn left onto Arapahoe Rd, leading to slow downs. It would be better if these lights were on sensors rather than timers, so the left lane onto northbound Arapahoe Rd would get priority when there is no traffic going southbound. All the time, I don't notice a difference between different parts of the day or night. The left turn lane from Erie Parkway westbound to County Line Rd southbound needs to be longer, especially on Saturdays when town sports are going on. It does not allow enough cars to turn, leading to slowdowns and backups. Similarly, the light at Powers St and Erie Pkwy to turn left from eastbound Erie Pkwy to northbound Powers St is not long enough on Saturdays during town sports and does not allow enough cars to turn left given the traffic needs and the turn lane backs up really far. The lights at Vista Parkway and Mountain View do no allow traffic through onto Hwy 7 often enough, and can sometimes take 2 or more minutes for the light to turn. This seems to be all the time and doesn't seem to change throughout the day.

M	35-44	Unaf	Y	Less 5	Arapahoe Ridge	1	To reiterate: people need to be educated that where lanes merge (particularly around intersections), the areas are specifically designed such that the merge happens zipper-style at the merge point. This is to allow more people to queue near the merge point and away from nearby intersections, and people seem to want to merge early to "be nice", but it negatively impacts the flow downstream.

F	35-44	Dem	Y	11-20	Arapahoe Ridge	1	E-bikes are cruising down the sidewalks at unsafe speeds, and no caution. My 5 year old almost got ran over while she was crossing the sidewalk from the small Erie Community park to the football fields. The bike hit her hair, and the teenager still didn't stop or change behavior. Also when walking out of the community center by the library, young riders are zipping through pedestrians on the sidewalks.
F	35-44	Dem	Y	11-20	Arapahoe Ridge	1	Having various road projects going on at one time is annoying. Projects should be staggered.
F	35-44	Dem	Y	11-20	Arapahoe Ridge	1	The nine mile corner area is often overcrowded and doesn't have good pedestrian/bike access routes. There is a ton of traffic in this small area.
F	45-54	Dem	Y	11-20	Arapahoe Ridge	1	Sew previous concerns about teenagers driving e-bikes recklessly. Also, the instances of street racing at night down 287 has dramically increased in the past few years. We hear this while in our house. It wakes us up at night at times.

M	45-54	Unaf	N	11-20	Arapahoe Ridge	1	Trail/pedestrian crossing arapahoe between 111 and 119 at bus stop is difficult to navigate safely, particularly for children
F	55-64	Unaf	N	11-20	Arapahoe Ridge	1	Way too much traffic due to all of the growth. Erie is not the town it used to be. Way more noisy due to all of the traffic on 287. Gone are the days of sleeping with the windows open at night.
M	55-64	Unaf	N	11-20	Arapahoe Ridge	1	The 111th and Arapahoe interchange needs protected left turns. I have been in near collisions several times this year at that location. Also the left turn arrow lights at Safeway and Arapahoe are programmed to only flash yellow, meaning it is basically an unprotected left turn. The arrows are there, use them. Make the green arrows functional.

M	65+	Unaf	N	11-20	Arapahoe Ridge	1	High powered e-bikes are a real hazard on the trails, or their drivers are. Personal experience
M	18-34	Dem	N	11-20	Arapahoe Ridge	1	Some neighborhoods have poor walkability and connections to commercial areas making driving the only practical option. If this isn't the case it boosts income from people under 18 and older people that don't want to drive and people that want exercise. Basically I think it will largely increase community health and engagement
F	45-54	Dem	N	11-20	Arapahoe Ridge	1	My household has deep concern about Arapahoe Rd's increasing traffic congestion level. We've lived here since 2014 and traffic on Arapahoe Rd has gotten significantly more congested in that time.
M	45-54	Dem	N	11-20	Arapahoe Ridge	1	Unaligned north/south bound island and lanes at intersection of 111/Arapahoe. Constant area of accidents and risk to drivers/pedestrians. Might consider a traffic circle like at 119/Erie Parkway.
F	55-64	Dem	N	11-20	Arapahoe Ridge	1	There should be restrictions on e-bikes and e-scooters.
M	55-64	Dem	N	11-20	Arapahoe Ridge	1	Come on people. PLAN for increased traffic when builders build huge new neighborhoods. People don’t work here- they commute…
F	65+	Dem	N	11-20	Arapahoe Ridge	1	E bikes need to be regulated
F	65+	Dem	N	11-20	Arapahoe Ridge	1	More flashing pedestrian signs needed, more bike paths to fully connect all areas without being on road shoulder
F	65+	Dem	N	11-20	Arapahoe Ridge	1	Speeding, noise, congestion especially on Arapahoe Road. Nine Mile and apartments plus all new subdivision building has added increased noise to my neighborhood and the price of my house has decreased. But the town was never concerned about the neighborhood just that they wanted Nine Mile to be built.
F	55-64	Rep	N	11-20	Arapahoe Ridge	1	I am not in favor of any development which may cause increase in traffic in an already congested area or if the roads cannot handle the added traffic I do support adding services to our public safety. As our small community grows, more urban problems creep in such as traffic infractions and accidents, their, criminal mischief etc. I want to be safe and am willing to to pay for added services

M	35-44	Rep	Y	More 20	Arapahoe Ridge	1	Lots more panhandling in Erie now, it is a big safety issue for families.
M	35-44	Unaf	N	More 20	Arapahoe Ridge	1	There needs to be an age restriction and enforcement for certain e-bikes because these kids basically have a motorcycle because they don't even have to pedal to move and they just zoom pass pedestrians and shoot through intersections.
F	45-54	Unaf	N	More 20	Arapahoe Ridge	1	Young kids on e bikes not looking both ways. Or in general not filling traffic rules (probably be a they are too young to know them) yet they are effectively driving a motor bike.
F	55-64	Unaf	N	More 20	Arapahoe Ridge	1	1. The congestion on Arapahoe Road east of Highway 287 has increased exponentially. 2. 111th through Arapahoe Ridge neighborhood is like speedway for cars driving through to the north and south to the newer Flatiron meadow neighborhood. Or to get to Arapahoe Road. 3. The 9 mile development and driving to King Soopers, Lowe's and the strip mall area is dangerously busy and poorly designed for cars coming and going.
F	55-64	Unaf	N	More 20	Arapahoe Ridge	1	Children on e-bikes going too fast. South side bus stop at 111th and Arapahoe People using the Safeway parking lot to get onto 287 heading north when traffic is too backed up on Arapahoe.
F	55-64	Unaf	N	More 20	Arapahoe Ridge	1	Construction projects seem to be mismanaged and behind schedule always
F	55-64	Unaf	N	More 20	Arapahoe Ridge	1	Potholes in the parking lots need to be fixed at Safeway and by Zaika. Lowes dedicated turn signal.
F	55-64	Unaf	N	More 20	Arapahoe Ridge	1	The closure of County Line road was a mistake. It has stressed other arteries and made travel in and out of Erie difficult. Frustrated drivers have become more aggressive making id dangerous for drivers, pedestrians and bikes
F	55-64	Unaf	N	More 20	Arapahoe Ridge	1	Yes! I would love to see the water drain on the northwest side of Arapahoe and 111th be covered up. There is ALWAYS standing water there, year round. Which means it's a breeding ground for mosquitoes. There has been one case of West Nile in a resident of Arapahoe Ridge. I don't care if you widen the road in order to cover it, but it needs to be underground.

F	65+	Unaf	N	More 20	Arapahoe Ridge	1	We need wider roads and not just the zipper solutions. The majority of drivers will not use it properly causing them to tailgate or speed up so no one gets in front of them.

F	45-54	Dem	N	More 20	Arapahoe Ridge	1	Replace the stop sign at the East side of Safeway to improve the safety for pedestrians and reduce accidents. It had been there for over 20 years and was recently damaged and removed. Add a green arrow for traffic entering the Safeway plaza on Arapaho to reduce accidents and improve traffic flow.
F	55-64	Dem	N	More 20	Arapahoe Ridge	1	E-bikes in Erie ridding on the sidewalks by kids should be outlawed. A license should be required of the driver and for the bike. I have been injured while walking by kids on e-bikes riding on sidewalks.

I don't earn anywhere NEAR $144,000/yr, am a disabled vet and retired on a fixed income. I had the foresight to purchase a first and a second home in Erie. to raise my kids here in a small town with a good community. M	55-64	Dem	N	More 20	Arapahoe Ridge	1	Need to work with Lafayette to improve Arapahoe and 111th intersection. I liked the proposal for the 9 mile expansion but would add improvements on the north side of 111th as well. Also need turn signals for two existing 9 mile intersections.
F	65+	Dem	N	More 20	Arapahoe Ridge	1	Communicate to public rules of road for e-bikes when they use paths/trails that intersect roads as they often switch between vehicle and pedestrian roles. Age limit for e-bikes ??

M	65+	Dem	N	More 20	Arapahoe Ridge	1	Too many stop lights on Arapahoe Road between 111th and HWY 287. The lights need to be synced. Need Arapahoe Road to Baseline Road connector east of Parkdale to restore through traffic flow lost when County Line Road was closed. Pushing traffic through two neighborhoods is not the solution (Parkdale, Vista Parkway).
F	55-64	Rep	N	More 20	Arapahoe Ridge	1	Drivers do not pay attention. Personally would not use alternate mode of transportation on Erie Pkwy or Countyline Road. Driver blowing through yellow and red lights. See continued use of cell phones and other distractions. During school season, youthful drivers are an increased hazard

M	65+	Rep	N	More 20	Arapahoe Ridge	1	The current 4-lane south entrance from Highway 7 is an abomination. It goes nowhere. Since County Line closed there is no good way to get to the city center from Highway 7. This needs to be resolved. Traffic around the 9-mile development is a mess and was not well thought out. It will forever be a choke point. Best not repeat this mistake in another corner of Erie.
F	65+	NR	N	More 20	Arapahoe Ridge	1	ARapahoe needs to be widen
F	55-64	Dem	Y	Ref	Arapahoe Ridge	1	A way to connect Arapahoe Ridge to the East to the bike path that goes to Compass would be very nice. Also, some way to bike or walk to the Great Dog Bark would be nice for us I. This part of town. Maybe partner with Lafayette. I'd like to add that the roads in and out of Erie on the South and East are really no better than they were decades ago. The intersections are better at 287 and 7. But, the roads aren't. They aren't carrying any more capacity than they could then. Still 2 lanes on Isabelle AND Arapahoe and County Line.
F	35-44	Unaf	Y	6-10	Arapahoe Ridge	1	This is a huge point of concern, you all could spend more time here and less time on building development.
M	35-44	Dem	Y	6-10	Arapahoe Ridge	1	Recreational biking as well as commuter biking are important. Road designs should include bike lanes.

F	45-54	Dem	Y	6-10	Arapahoe Ridge	1	Arapahoe and 111th. Needs a turn arrow or timed lights each (like 119 and Baseline before the improvements). This can be an extremely dangerous intersection during peak times.

F	45-54	Dem	Y	6-10	Arapahoe Ridge	1	Sidewalks on Arapahoe and better pedestrian crossing lights
F	45-54	Dem	Y	6-10	Arapahoe Ridge	1	The intersection of 111th and Arapahoe is awful for safety. I also think it would be beneficial to have a crosswalk signal on Flatiron Meadows and Front Range Rd so that motorists could see when people are about to cross the road.
M	45-54	Dem	Y	6-10	Arapahoe Ridge	1	E-bikes need more regulation. They are essentially motorcycles.
M	45-54	Dem	Y	6-10	Arapahoe Ridge	1	The circles are scary for pedestrian traffic - underpasses would be amazing. Arapahoe is also very scary for all pedestrians and bikes. A bike path would be awesome.
M	18-34	Unaf	N	6-10	Arapahoe Ridge	1	Speeding and failure to stop at stop signs has become a noticeable issue over the last 24 months. Almost daily I watch at least one driver drive through a stop sign without bothering to even seem like they thought about stopping.

M	45-54	Unaf	N	6-10	Arapahoe Ridge	1	While I support the Erie police department, I would like to see them stop less traffic at 5am for tickets and focus on removing pan handlers
F	55-64	Unaf	N	6-10	Arapahoe Ridge	1	People using bikes and electric devices not yielding to pedestrians on sidewalks, passing pedestrians (and dogs on leashes) from behind too fast, too closely and without any audible warning that they are approaching
M	55-64	Unaf	N	6-10	Arapahoe Ridge	1	The County Line Road revamp, with its traffic calming measures is a model that should be followed for future development. Expanding the use of traffic circles would be beneficial in some areas. M	55-64	Unaf	N	Less 5	Brennan Lifestyle Community	1	The roundabout at Erie Parkway and 119th St. needs to have better "Yield" signage. I live next to this intersection and use it often. I see a lot of people just blow through this roundabout and don't slow down or even come close to yielding. Others come to a full and complete stop and back up traffic behind them. It's a complete mess especially during commute times. I would much rather have the roundabout than a street light however, if all drivers approached the roundabout the same way - slow down, yield to cars already in the roundabout, then proceed through slowly, traffic will run more smoothly. It's kind of my pet peeve. My thought is better signage-larger or blinking lights to make drivers more aware.

F	55-64	Unaf	N	6-10	Brennan Lifestyle Community	1	The town of Erie is improving roads but has not incorporated and considered bike lanes on many of these improved roads. Bikeabiliry has decreased and safety has gone down for cyclists. Cycling paths should be added alongside sidewalks in newly developed neighborhoods if there is no path in the street.
F	65+	Unaf	N	6-10	Brennan Lifestyle Community	1	Need more east/west traffic corridors
F	65+	Unaf	N	6-10	Brennan Lifestyle Community	1	Speeding on Austin Ave is atrocious. All of Austin has only one crosswalk, from walking trail to east side of Thomas Res. Need anther on Brennan Ave. consistent traffic speed on 119. It goes from (south hwy 7 to north Kenosha) 35 to 40 to 35 to 30 to 40. I personally do the exact speed limit and am constantly being tailgated or passed illegally.
M	65+	Unaf	N	6-10	Brennan Lifestyle Community	1	E- bikes absolutely present safety problems: Especially children now cruise the bike paths at 40 mph. Adults also ride insanely but it's nowhere near as glaring as it is when you see a 13 year old doing it. As a pedestrian this is pretty scary. How to regulate / how to enforce sensible constraints? People have already proven you can't rely on widespread good parenting to solve it.
M	65+	Unaf	N	6-10	Brennan Lifestyle Community	1	Robotaxis and Waymo will solve this
M	65+	Unaf	N	6-10	Brennan Lifestyle Community	1	The traffic light at Erie Pkwy and 111th sometimes is unnecessarily red for E/W traffic during early morning commute
O	65+	Unaf	N	6-10	Brennan Lifestyle Community	1	More speeding enforcement would be great. The intention behind the rework of county line making it more pedestrian friendly in old town was good but the execution was bad.
M	35-44	Dem	N	6-10	Brennan Lifestyle Community	1	I live very near the traffic circle at 119 and Erie Parkway. I've witnessed about a dozen crashes there and logged a complaint last summer after a bad motorcyclist crash that turned out to be fatal after I wrote my complaint (the motorcyclist subsequently succumbed to his injuries in the hospital). I have no idea why people keep crashing into that median, but it looks like the city has taken a few additional measures to warn (added reflectors and a blinking light), so that may help.

M	65+	Dem	Y	11-20	Candlelight Estates	1	Be more cognizant of the impact multiple road projects have on traffic. Often times road projects that run concurrently have the effect of shutting routes into, out of, and through Town completely. Sure sign of poor planning.

F	35-44	Dem	Y	Less 5	Canyon Creek	1	Parking on the streets near Briggs which makes it very difficult to drive sagely. It would be so much easier to navigate if the streets were 1 way. Also, if the law to not park at stop signs was enforced. Extreme speeding on Austin and Meller makes me uncomfortable riding bikes to get places and reduce cars on the road.
M	35-44	Dem	Y	Less 5	Canyon Creek	1	Erie parkway is a racetrack from 287 to i25. Isabelle / 287 intersection seems to be a daily accident

M	35-44	Unaf	N	Less 5	Canyon Creek	1	I'm just gonna say it - vehicle drivers are often assholes and don't respect other forms of transportation. I ride a bike and often feel like I'm gonna get hit, and some drivers are really vocally nasty.
M	55-64	Unaf	N	Less 5	Canyon Creek	1	Someone will die in head on collisions with the number of folks cutting corners into left hand turn lanes. Also, double turns need clear street marking. The latter may be more of a problem in Lafayette, not sure.

F	35-44	Dem	Y	11-20	Canyon Creek	1	The medians on County Line rd seem like a very big waste of resources. We need wider streets with more access not less. Also, the landscaping is already overrun with weeds so they're not even aesthetically pleasing.
M	35-44	Dem	Y	11-20	Canyon Creek	1	Turning left onto Erie parkway from Brennan can be challenging during rush hour, crosswalks at the N119th Roundabout seem too close to the circle giving drivers too much to keep track of, the latest eastward modification was nice.

F	45-54	Dem	Y	11-20	Canyon Creek	1	I know there are safety issues with e-bikes, but they're not going away. They provide our kids with freedom and mobility and have absolutely cut down on my having to drive my kids all over. Erie should look at some options so walkers and e-bikers have some separation so pedestrians are at less risk.
F	45-54	Dem	Y	11-20	Canyon Creek	1	I love Erie's paths and bike lanes. I ride my ebike all over town.
M	35-44	Unaf	N	11-20	Canyon Creek	1	In the past, road construction has happened on multiple parallel roads or intersecting roads simultaneously. Considering that many of our roads are only two lanes, this can majorly hamper commutes. Try to schedule road work in ways that leaves alternative routes free of construction. Also put back the intersection linking county line to hwy 7. The detour through the neighborhood is dumb and significantly slower.

F	65+	Unaf	N	11-20	Canyon Creek	1	I would like to see active speed enforcement along major roads in Erie. This means police officers handing out tickets to drivers who are going more than 5 miles over the speed limit. There are drivers on Erie Parkway that are regularly driving very fast since there are very few traffic lights between 287 and County Line. People are on my bumper all the time when I'm doing the speed limit on single lane roads such as 119th or County Line.
M	65+	Unaf	N	11-20	Canyon Creek	1	Unless the light rail proceeds to be built, Erie and connecting roads will become increasingly grid-locked. The Erie Airport needs to be moved to rural Nevada…the noise pollution is a serious impediment to the quality of life in Erie, and an eventual crash of an aircraft onto a neighborhood is highly possible. Neighborhood Watch initiatives should be organized by the city. Increased crime is inevitable given the rate of growth. Does the Town of Erie have statistics about how much of the population work in other towns and which towns/cities?

F	45-54	Dem	Y	More 20	Canyon Creek	1	The Town of Erie needs to put restrictions on e-bikes! Many residents have been injured and made to feel unsafe due to the high speed of the bikes with the age of the kids. Also, the Century Link box has been broken at Meadow Pkwy and Erie Pkwy for over a year, it's a huge hole and very dangerous! I reported it with out any luck of it getting fixed. You are making our town unsafe while focusing on building more houses.

F	45-54	Unaf	N	More 20	Canyon Creek	1	It will be much less safe for pedestrians to cross county line road at Austin after the roundabout is built. It seems for those living in Boulder county area disproportionately not given the same hiking trail options.
M	45-54	Unaf	N	More 20	Canyon Creek	1	E-bike traffic on Austin is ridiculous; kids going 40 because they can
F	55-64	Unaf	N	More 20	Canyon Creek	1	E bikes, e scooters, e others types of transportation should have clear laws/rules. A young child should not be expected (nor given the responsibility) to know how to safely navigate on roads and/or sidewalks while sharing it with others. E transportation (bikes, scooters, etc.) are being used by children. They are not required a license or a safety course to operate their E transportation. Are we going to react when they hurt someone or get hurt themselves? The town needs to make rules/laws to keep everyone safe. I have seen many near misses of people on the sidewalk when a young child comes whipping by them on an E bike. I have been on the sidewalk myself and a grown-up comes flying by on an E bike. Why are they not on the street if they are traveling that quickly? Again, the town needs to step in and make some rules and enforce them.

F	65+	Unaf	N	More 20	Canyon Creek	1	Yes, we need more Police to patrol our streets. We hardly see any patrols out at any given time. Erie Parkway has become a "raceway" and it too, has become dangerous!

F	35-44	Unaf	Y	11-20	Canyon Creek South II	1	Red light running and drivers not paying attention to pedestrians. Increased road rage and rushing drivers has decreased safety for all. E-bike have recently started to drive very dangerously in roads with no awareness of cars. I have witnessed at least 5 close calls between e-bikes (with teen riders) and cars in the past 2 months. The increase volumes of traffic and lowered speed limits are causing more frustrated driving with increased red light and stop sign running as well as lack of trifling for pedestrians in cross walks.
M	35-44	Unaf	Y	11-20	Canyon Creek South II	1	Traffic is such a minor issue in Erie compared to my friends and family in other communities.
F	45-54	Unaf	Y	11-20	Canyon Creek South II	1	Kids on e-bikes are becoming a safety issue on sidewalks, trails and roads. There should probably be a licensing requirement for young people on these bikes which are capable of such high speeds.

M	45-54	Unaf	Y	11-20	Canyon Creek South II	1	Narrowing of County Line Rd near Erie Elementary and Middle school was a terrible idea. I've already seen a trivial accident as a result of the curbs that forced traffic to back up and find an alternate path. Pinch points at those intersections make traffic difficult, especially in long vehicles or with trailers. Wide roads in some other neighborhoods have contributed to driving with excessive speed - I routinely get passed on Austin Ave now, and people blast through intersections without stopping. We need traffic enforcement to reduce this. There is also not enough traffic capacity for the number of houses being built.
M	45-54	Unaf	Y	11-20	Canyon Creek South II	1	Too much traffic
F	35-44	Dem	Y	11-20	Canyon Creek South II	1	The drivers seem to be going too fast And don't pay attention to walkers or bikers, especially around schools and the intersections along Erie parkway.
M	35-44	Dem	Y	11-20	Canyon Creek South II	1	Besides the issues I already mentioned, the modification to county line road after Balcom to Cheesman makes no sense. Why is there a dedicated bike lane on one side, but bikers have to merge with traffic on the other. If this was to make this area more bike friendly, it has totally missed the point. I would never bike there nor allow my kids or family to do so either.
F	45-54	Dem	Y	11-20	Canyon Creek South II	1	More attention to young kids riding unsafely on fast e-bikes. Maybe if caught riding illegally to require a e-bike training or safety course.
F	45-54	Dem	Y	11-20	Canyon Creek South II	1	Yes! We need a crosswalk by the bus stops at Brennan and Erie Parkway. Many of us like to walk our dogs at the lake and the crosswalk down by the roundabout is far and dangerous. Crossing close to those roundabouts is scary. F	45-54	Oth	Y	11-20	Canyon Creek South II	1	I am very concerned about the roundabout under construction at Meller and County Line Road and have expressed such since I learned of it. Further, I was involved in a zoom meeting with several local business owners and when I again expressed my concern about the kiddos going to and from Aspen Ridge across that roundabout, a TOE representative said that ... if an injury or death occurs, then we will reassess. I sincerely hope that that statement was not meant the way it came out, but my thoughts about that roundabout and the Town's lack of concern for safety have only worsened since that discussion. Coming on the heels of the extremely narrow lanes on County Line Road in front of Erie Elementary that are barely navigable, I am not optimistic about what the roundabout will bring. I hope that I will be wrong, but I am very concerned to have my kiddo crossing it to get to and from school each day.

M	55-64	Unaf	N	11-20	Canyon Creek South II	1	Traffic lights do not react to cyclists on the road. One can spend 10 min or more on a bicycle waiting for the light on Meller and Erie parkway to change-and it still won’t until a car pulls up. Why? If you want to promote commuting by bicycle, please fix that.
M	65+	Unaf	N	11-20	Canyon Creek South II	1	Speeding is rampant.

F	45-54	Dem	N	11-20	Canyon Creek South II	1	Nobody works in Erie because there are hardly any businesses here. Increase businesses, bring in more tax revenue that way, then fund the roads there. Everyone here commutes to Denver or Boulder.
F	45-54	Dem	N	11-20	Canyon Creek South II	1	Pick up and drop off at aspen ridge prep doesn't allow for through traffic both in the mornings and afternoons Monday through fri.
F	45-54	Dem	N	11-20	Canyon Creek South II	1	While the increased use of roundabouts is appreciated, it seems that many drivers do not understand how to appropriately travel through them in a safe manner
M	45-54	Dem	N	11-20	Canyon Creek South II	1	Our street, Westin Drive is a straight residential street. I frequently see people driving at excessive speeds because it is a long, straight road with no stop signs. I think Westin drive would be made much safer with one or two speed bumps installed.

F	55-64	Rep	N	11-20	Canyon Creek South II	1	Ebike traffic rules need to be established - speed especially. Traffic to Aspen Ridge during drop off and pick up - speeding down Austin in morning drop off timeframe especially - congestion/confusion at pickup

F	45-54	Unaf	N	More 20	Canyon Creek South II	1	Asking people (pedestrians/bikes) of any age (kids/adults/seniors) to cross at the traffic circle (Erie parkway and 119th) is incredibly unsafe and undesirable. People don't like it, it isn't safe and is scary as a pedestrian. I would never teach my kids to cross there. W of 119th and S of Erie parkway both offer crossings with flashing lights - there should be a closing with lights across Erie parkway at Brennan. So many people cross here. I also think that there should be greater public awareness as to the rules for the hybrid electric bikes that are popular with preteens/teens. Young riders are typically unsupervised and traveling very fast moving weaving back and forth between streets and sidewalks.
F	65+	Unaf	N	More 20	Canyon Creek South II	1	We should not allow motorized vehicles of any kind on sidewalks.

M	55-64	Unaf	Y	6-10	Canyon Creek South II	1	E bikes that go 30mph are not bikes. They need to be registered and operated by licensed individuals, not 13 year olds.

F	35-44	Dem	Y	6-10	Canyon Creek South II	1	A lot of road rage on Erie Parkway and Highway 7. Poor road conditions on Highway 7
F	35-44	Dem	Y	6-10	Canyon Creek South II	1	Glad Austin and county line road is getting fixed. Consider lighted cross walks, especially at the parkway and 119 round about.
F	35-44	Dem	Y	6-10	Canyon Creek South II	1	The e-bikes and teens are a bit out of control, the kids ride 2-3 at a time on them, they go FAST and they aren't wearing helmets. I worry about their safety and the safety of the younger kids. The older ones on the bikes are often not looking out for anyone else on the sidewalk or road
M	35-44	Dem	Y	6-10	Canyon Creek South II	1	E bikes and e scooters on paths and sidewalks have made people less safe.
M	35-44	Dem	Y	6-10	Canyon Creek South II	1	I love seeing kids get outside but I do wish they were more careful on e-scooters because it feels like a pending issue. Providing them with safe areas to ride would be great.
M	35-44	Dem	Y	6-10	Canyon Creek South II	1	Meller and Erie Pkwy can seem a bit dangerous as there are a lot of elementary age kids commuting to school on a large road. The speed limit on Austin between Meller and East County Line Road is oddly slow, IMO.
M	35-44	Dem	Y	6-10	Canyon Creek South II	1	There needs to be an awareness campaign run for minors on ebikes, or just ebikes in general. Ebikes need to be ticked, and if it is a minor the parents need to be fined. I was almost hit in my car by an ebike going 20mph across an intersection assuming the cross walk would protect him. cross walks are for walking. Also, there are ebikes going 30-40 mph through my neighborhood where it is 25mph.
M	35-44	Dem	Y	6-10	Canyon Creek South II	1	We need stronger pedestrian protection, especially at the new Town Center development. Extending the "town center" from Briggs Street to Town Center will not be possible or successful if people can't walk between them, and right now it is simply too dangerous to do that.

F	35-44	Dem	N	6-10	Canyon Creek South II	1	The amount of people on e-bikes driving reckless is very concerning to me. Especially kids who are not wearing helmets on e-bikes.
F	55-64	Dem	N	6-10	Canyon Creek South II	1	1) My commute has not increase by 10 min., but it has definitely increased by c. 5 min. from Erie into Boulder. 2) I would like to see regulation for e-bikes and scooters.
F	35-44	Unaf	Y	Less 5	Compass	1	Compass is essentially an island for pedestrians. There is no safe way to walk or bike to any school, real park, community center campus, Coal Creek trail, stores, or anything else outside of the neighborhood boundaries, in any direction. We need sidewalks and protected bike lanes.
F	35-44	Unaf	Y	Less 5	Compass	1	Having to drive through the Parkdale development to get to Baseline from County Line is a huge pain. It probably only adds two minutes each way, but that's four minutes a day, which is 1,460 minutes or 24.33 hours a year (a full day!!) that I could be spending elsewhere. I would love a better connection somehow from County Line to Baseline around the water reclamation facility.
F	35-44	Unaf	Y	Less 5	Compass	1	Some neighborhoods lack safe walking or biking paths, including those that lead to bus stops for children bussing to school. The Compass neighborhood in Erie is an example. Locations for bus pickup and drop off are not safe due to the traffic and lack of connected paths.

M	35-44	Dem	Y	Less 5	Compass	1	New neighborhood development should be directly linked to a trail/sidewalk system to help provide safe alternatives to driving to commercial centers other neighborhoods.
M	35-44	Dem	Y	Less 5	Compass	1	some neighborhoods (like compass) feel completely cut off from the rest of Erie. There's not a great way to get to and from downtown or to coal creek trail. M	35-44	Rep	Y	Less 5	Compass	1	Ensure that established neighborhoods are connected to the town before continuing on with further development. Specific example is the lack of sidewalks connecting Compass to the Erie pedestrian pathway network. Lack of connection is a major safety risk to the residents of Compass when wanting to walk, run, or bike literally anywhere.
M	35-44	Rep	Y	Less 5	Compass	1	Highway 7 is uneven and unsafe to drive on at speed limit just east of Bonanza. It needs repaired. Arapahoe needs to remain 2 lanes until 119th instead of putting it to 1 at the nine mile apartments
M	35-44	Rep	Y	Less 5	Compass	1	The compass neighborhood needs to be connected to trail systems for bikes and walking.
F	45-54	Rep	Y	Less 5	Compass	1	We would love a safe way to get to the neighborhood school in Erie (Meadowlark) from the Compass neighborhood. A sidewalk and crosswalk for the kids on hwy 119 to safely get to school would be a great asset to the Erie community. In addition, a sidewalk or safe trail connection from Compass either utilizing the coal creek trail or County line road from Compass neighborhood to Erie town center and Erie community center.
M	35-44	NR	Y	Less 5	Compass	1	East county line and Jay road new road construction/design is terrible! I can't even take a right turn to the county line from Jay road without running to the curb

I run daily on vista parkway to coal creek, arapahoe, and 119th (both directions) just to get to the amazing trails other neighborhoods have. It's dangerous, narrow and I would never let kids walk or bike those roads. It's unfair that kids from this neighborhood must rely on their parents transportation due to poor street planning.

F	65+	Unaf	N	Less 5	Compass	1	More sidewalks are needed from neighborhoods (such as Compass) to other neighborhoods or near town
F	18-34	Dem	N	Less 5	Compass	1	Correct and safe parking is not enforced in neighborhoods. For example, cars parks at a stop sign limit visibility for other cars. There should be regular enforcement of this

F	65+	Dem	N	Less 5	Compass	1	There is a walking path that crosses Arapahoe just east of Arapahoe Ridge. There is a bit of a blind hill at that spot. I fear for walkers or cyclists trying to cross there because some folks are really speeding and, as mentioned, there is a bit of a blind spot and no pedestrian crossing signal. Create an underpass? Bikes on Arapahoe are also at risk with minimal shoulder, no sidewalk, and speeding and distracted drivers. I mentioned earlier the hazard of kids on high powered, throttle controlled (not pedal assist) e-bikes racing around 20-30 mph + on side streets, side walks, and main roads.

F	55-64	Dem	N	More 20	Compass	1	The round about are troublesome. I'm very concerned about the roundabout going in at Austin rd. There are school children so close and that use that crosswalk. I dread the first fatality because someone was not properly driving, yielding, speeding etc., through that roundabout. Look how much they had to adjust the 119th and Isabelle roundabout and it's still problematic. I am just not sure what's the best option for public safety.
F	18-34	Unaf	Y	6-10	Compass	1	There needs to be more connection for pedestrians to the neighborhoods in the South of Erie. County line road and 119 are both too dangerous to bike safely on and there is no walking ability for those roads

In the rapidly growing area around County Line and Arapahoe Road, we've seen an explosion of new development but no sidewalks, no bike lanes, no bus stops. We're building homes but not building safety, accessibility, or true connection. Despite paying taxes to Erie, the infrastructure is pulling us toward Lafayette. There's no walkable link to our own town, no safe routes for kids, bikers, or pedestrians, just more traffic and more disconnect. What's worse? There are no concrete plans in place to address this. Just more development. We're not asking for luxury, we're asking for livability. Before approving more subdivisions, Erie must prioritize sidewalks, public transportation access, and complete streets that support the people already living here. Let's stop planning around profits and start planning for people.

F	35-44	Dem	Y	6-10	Compass	1	Tougher regulations on e-bikes including where they are allowed and rate of speed. Sidewalks and trail access in Compass. We don't even have a way to bike kids to school safely or get town center.
M	35-44	Dem	Y	6-10	Compass	1	Pedestrian access and bike lanes are horrendous. Living in Compass has no good access to bike paths in town. There is a path to 119th that ends on a road with no bike lanes. No good way to get to Coal Creek. No good way to go along County Line to the Rec Center. It doesn't seem like anyone in Erie is actually connecting the various piece parts of communities to ensure people can choose another mode of transport than cars everywhere all the time.
M	35-44	Dem	Y	6-10	Compass	1	We need to expand the major roads in and out of Erie with all the people moving to Erie.
F	45-54	Dem	Y	6-10	Compass	1	With a new round about going in...some teaching or reminders of proper driving skills and signaling will need to be promoted. There needs to be a light Bonnell.

Sex	Age Range	Party	Parent	Tenure	Neighborhood	Ward	Response
F	45-54	Rep	Y	6-10	Compass	1	The bike lanes are tiny. We bike and run. Training for endurance means the road has to be used. Running on the roads leads us to jumping off the road a ton due to people swerving into the bike lane because they are on their phones. The turn at County Line onto Arapahoe (coming from town) is hazardous because people use the bike lane as a turning lane for some reason.
M	35-44	NR	Y	6-10	Compass	1	Volume wins over conditions of the surface of the roadway every time. This city has gotten too big, and the promotion of growth needs to stop immediately. Reduce volume, and all your other problems go away
F	45-54	Unaf	N	6-10	Compass	1	There needs to be a sidewalk that runs the entire length of E County Line Road.

F	65+	Unaf	N	6-10	Compass	1	County line and Arapahoe needs a left turn green arrow as does Arapahoe and intersection at Lowe's
M	65+	Unaf	N	6-10	Compass	1	I think the problem with bikes and bicycles is that they tend to want to be treated like a car, but then run red lights and stop signs and don't give away to cars which that causes accidents
M	65+	Unaf	N	6-10	Compass	1	Traffic is somewhat unsafe in the new King Soopers and Lowe's shopping center. Nine Mile
F	45-54	Dem	N	6-10	Compass	1	It's too crowded. When you build all these homes, you need to expand the roads. It's not rocket science,
F	55-64	Dem	N	6-10	Compass	1	Access to Baseline on County Line Rd has added additional intersections and possible accident points through new subdivision.
F	65+	Dem	N	6-10	Compass	1	Should have said this earlier, our police department is friendly and mindful of citizens safety, concerned about public well being.

F	45-54	Rep	Y	More 20	Cottages at Erie Village	1	The section of road in front of Erie elementary on County line road is a safety issue. I see people violating traffic rules to bypass having to go south out of the parking lot. I've seen people hitting the curb because the turn is too tight to turn out of the parking lot onto County line road. And the fact that we have to share the road with bicyclists on a one-lane road that used to be three is insane
F	65+	Dem	N	Less 5	Cottonwood Vista	1	Safety is impacted mostly due to increased traffic and inconsiderate motorists who do not value our community as a neighborhood centric vibe. Big streets, certain types of commercial development areas signal a more urban environment and influence less considerate behavior.
F	35-44	Unaf	Y	11-20	Cottonwood Vista	1	The round about on 119 feels dangerous to cross period and I don't think people can see what's on the other side so there is often not enough time to react when a car is coming. Also Erie parkway and county line have some isssues. Highway 7 and Lowell/bonanza have had several accidents recently some weeks it's daily.
F	45-54	Dem	Y	11-20	Cottonwood Vista	1	The interchange with 287 and Isabelle is still very dangerous. The interchange of County line and Austin was also dangerous (people often running red lights), but hopefully the roundabout will mitigate that?
F	45-54	Dem	Y	11-20	Cottonwood Vista	1	The street in front of Erie Elementary was poorly designed and I wouldn't be surprised if you had to redo it (again).
M	45-54	Dem	Y	11-20	Cottonwood Vista	1	Potholes on hwy 7
F	55-64	Unaf	N	11-20	Cottonwood Vista	1	I think bike lanes need to be added to Valmont to Isabel as it is so unsafe for bikes to ride on the narrow shoulders.

M	55-64	Unaf	Y	Less 5	Country Fields	1	I think it's mostly okay for the moment. Mind you, I rarely drive near Erie High School. I hear things are bad over there.
F	55-64	Unaf	N	Less 5	Country Fields	1	The electric bikes too close to pedestrians on sidewalks and trails. Young kids too fast on city streets. Electric bikes and skateboards on sidewalks coming to intersections and cross in front of cars. Hard to see them coming and they don't seem to look or slow down. Accident waiting to happen.
M	18-34	Dem	N	Less 5	Country Fields	1	Lack of pedestrian underbridge at Erie Parkway and County line road leads to high level of young families, adolescents and children crossing a busy road, especially at rush hour. Many public amenities (rec center, library, park) accessed via this intersection. Lack of dedicated green arrow at Arapahoe and Private (Westbound) left hand turn leads to long backups and unsafe turning conditions and behavior.
F	35-44	Dem	N	Less 5	Country Fields	1	Add more roundabouts (ie at Isabelle and Flatirons Meadows - people always illegally go into the turn lane to bypass traffic and, in doing so, speed like crazy up Isabelle right towards a pedestrian crosswalk where I've seen more and more close calls with kids almost getting hit. A roundabout would help or infrastructure to force people to turn if using those lanes).
F	35-44	Dem	N	Less 5	Country Fields	1	The intersection at E county line road and Erie parkway feels too exposed for pedestrians and families- I think a pedestrian underpass that goes east/west just north of that intersection by the rec center would add huge value to our community, it would encourage more biking/walking and decrease our carbon footprint.
F	35-44	Unaf	Y	11-20	Country Fields	1	E bikes and e scooters need to stay off the road especially when the driver is under 16.

F	35-44	Rep	Y	11-20	Country Fields	1	People on e-bikes and other electric vehicles are very irresponsible both on the road and the side walk. They don't wear helmets, they ride with multiple people on one seaters, don't inform people they are coming by behind them and almost cause lots of accidents
M	35-44	Rep	Y	11-20	Country Fields	1	Need a new traffic engineer after the last and ongoing traffic projects. Especially the one in front of Erie elementary.
M	45-54	Unaf	N	11-20	Country Fields	1	There needs to be a safe way to cross Erie parkway between the roundabout on n 119, and the light at Mellor st. A level crossing, with pedestrian activated lighted and required traffic yield would be good, it may slow traffic a bit as well which is a definite necessity. The average general speed has become 20mph over the speed limit. An underpass could also be a good option.
F	35-44	Dem	N	11-20	Country Fields	1	With the increase in housing and businesses, the roads heading east/west are beginning to seem insufficient to support further growth - Erie Pkwy/Isabel, Arapahoe. F	65+	Dem	N	More 20	Country Fields	1	Meller Street has 3 crosswalks and the speed limit is 25. It is close to Red Hawk Elementary. I have personally witnessed people speeding, 30mph+, running through the school bus stop signs, not yielding to pedestrians in the crosswalks, large construction trucks speeding (hitting 5th gear). Speed limit signs are hidden behind tree branches, and now there will be 200+ more vehicles accessing Meller once the housing North of the school is completed. There's no dividing line on the street. I've had people try to pass me on the right.
M	65+	Dem	N	More 20	Country Fields	1	Roundabouts are too small and allow speeding in them, ie. treating like a race track.

F	35-44	Dem	Y	6-10	Country Fields	1	People are always tailgating or speeding down Erie Parkway. If the police gave out tickets on that road, they could fund their own facility expansion. Also, the double turn lanes from at the County line Road/Erie Parkway intersection need a painted divider marked in the intersection. Lots of people drift out of their lane making that turn.
M	55-64	Unaf	N	6-10	Country Fields	1	More walkable options
M	65+	Unaf	N	6-10	Country Fields	1	Carrie and Isabel Parkways should be two lanes each way
O	18-34	Dem	N	6-10	Country Fields	1	I rarely go a day without seeing someone run a red light. I've talked to people in other states/towns about this to see if it was an increasing problem everywhere or just here, and the consensus was it's just here. The intersection of Meller and Erie Parkway, as well as the intersection of Isabelle and 287 are particularly bad. It is not an exaggeration to say that sometimes 3+ cars will run the same red light. The flags posted at Meller and Erie Parkway to be held by pedestrians crossing the street are a joke, how is someone in a wheelchair meant to hold that up while pushing themself across the street? Motorists need to be held accountable or people are going to die, and it will be your fault for taking such a lax view of traffic safety for so many years.
F	35-44	Dem	N	6-10	Country Fields	1	We need a bike path option between Erie and Boulder. Cyclist get pinched on parkway headed east from 287. Isabel is also not super safe for cyclist during rush hour
F	45-54	Dem	N	6-10	Country Fields	1	Again, I would like more regulation of speed limits on roads.

F	35-44	Dem	Y	Less 5	Creekside in Erie	1	The County Line median is terrible. The lack of laws (or enforcement of them) around teens FLYING down sidewalks, across parks, etc. on their eBikes or motorized scooters is incredibly dangerous. The lack of a bike lane on County Line south of Erie Parkway is a miss.

F	35-44	Rep	Y	Less 5	Creekside in Erie	1	The County Line crosswalk for the Coal Creek Trail is extremely dangerous with the new crosswalk installed when the road was redone. The center divider lights do not flash when the walk signal is pressed by pedestrians and very often cars do not realize there's someone trying to cross. Flags would help and if the structure in the center divider can have flashing lights that would help.
M	35-44	Rep	Y	Less 5	Creekside in Erie	1	Children riding E-bikes (effectively electric motorcycles) and not obeying rules of the road is a huge problem.
F	18-34	Dem	N	Less 5	Creekside in Erie	1	Youths riding around on dirt bikes at high speeds. Road closures and work arounds. Too many cars needing to be on the road
F	55-64	Dem	N	Less 5	Creekside in Erie	1	No safe ways to get through the circles on Erie or to cross Erie Parkway on a bike. We need a rail to trail option to Boulder for bike commuters and a safe way to get there besides Erie Parkway.
M	35-44	Unaf	Y	11-20	Creekside in Erie	1	I wouldn't mind seeing speeding tickets for teenagers on ebikes, they go entirely too fast on the bike paths and are quite reckless
F	45-54	Unaf	Y	11-20	Creekside in Erie	1	The new road projects are ill conceived and town should be held accountable. traffic routing into town off northbound county line at the elementary school is a ridiculous solution. Emergency vehicles can’t access Erie elementary if northbound on county line.
M	45-54	Unaf	Y	11-20	Creekside in Erie	1	As few lights as Erie has, they are very slow to navigate. This just frustrates drivers, and you can easily see this by observable reactions of drivers. Lights certainly could be better coordinated. The redone intersection at Cheesman and County line, as well as the redone county line, is poorly done. West bound Jasper/Cheesman to southbound County line road is ridiculously tight. School busses can't make the turn withiut using BOTH northbound lanes!
M	55-64	Unaf	Y	11-20	Creekside in Erie	1	Fix cracks in residential streets
M	55-64	Unaf	Y	11-20	Creekside in Erie	1	The “new” county line road by the schools is absolutely a horrible design. This needed a whole different solution than whoever designed it. M	45-54	Rep	Y	11-20	Creekside in Erie	1	As addressed earlier, I would like to see a much publicized, advertised education initiative on motorized devices within the town limits. Educating residents on which class e-bikes are legal and which are not. Also the rules with e scooters, one wheels, etc. Kids are zipping along these devices often without helmets on devices that are basically as fast as dirt bikes. What is already illegal needs to be enforced but would recommend a month or 6 month campaign in initiative to educate town wide followed by strict enforcement. We need to protect the kids but also the drivers from having to get in an accident that destroys the driver emotionally and financially as well. Also, why doesn't Aspen Ridge get police cars flashing lights to assist crossing at county line and Austin Ave? Also at Austin and Mason a crossing guard would be helpful.
F	18-34	Unaf	N	11-20	Creekside in Erie	1	Lots of pot holes.

F	45-54	Unaf	N	11-20	Creekside in Erie	1	The roundabout at 119 and Erie Parkway should have flashing lights for the pedestrian crosswalks. The crosswalks are blinded by the hump in the middle, regardless of the speed by which a car is traveling. This would make it safer for both pedestrians and drivers.
F	45-54	Unaf	N	11-20	Creekside in Erie	1	The traffic planning at Lowe's/King Soopers is ridiculous. You have to drive through the parking lot to get to the grocery store?

M	45-54	Unaf	Y	More 20	Creekside in Erie	1	The e-bikes and e scooters are a major hazard, we've had multiple near misses with kids essentially driving small motorcycles. Ultimately the other issues are around too much growth, but the design and overuse of traffic circles is a major hazard. And it's simply not possible for bikes and cars to coexist on roads. Erie should act as an example and create bike corridors that are completely off car roads. Lastly, the town has become too busy to ever close major routes. We have to do better about keeping the flow of traffic, even during construction projects. Our approach to closing roads is an embarrassment and costs the town a lot of sales tax revenue as we become known as a town you don't want to drive to or around.
M	45-54	Rep	Y	More 20	Creekside in Erie	1	Erie has had single lane traffic in and out of town for the past 20 years. It's time for the town to do something to increase traffic flow and not rely on builders to widen little sections in front of their developments.

F	45-54	Dem	N	6-10	Creekside in Erie	1	Telleen Avenue is a speedway and will only increase the construction traffic going to the new development that the town approved. I know they're trying to track traffic using Google. Which I think is ridiculous, as I have a modern car and my car will not allow my map to be used until I turn it on. So we're not getting effective and legitimate tracking and information on speeding in the town all across the town.

Reducing street widths is the best solution to mechanically slow traffic (widening streets serves no purpose other than eating up more wilderness and walkable areas). Only complaint is that I would have loved to see a bigger focus on landscaping in the median and on either side if the road to really showcase County Line Road. No other issues but please continue to implement roundabouts over stoplights wherever possible.

F	35-44	Dem	Y	Less 5	Erie Highlands	1	A lot of stop signs and speed limit signs are obstructed by overgrown trees, and while they are beautiful, they are causing issues. Traffic officials seem to be in the same areas at the same times and speed demons know this, so they are going 20+ over when they know they'll be in the clear. Mix it up please.

M	35-44	Dem	Y	Less 5	Flatiron Meadows	1	The brand new HWY 7 expansion construction has done a poor job utilizing all the newly paved road. They should repaint the lines to increase the number of lanes. The intersection of Arapahoe and N. 111th St. needs dedicated left turn (only) signals on the street light. Arapahoe should also be expanded to two lanes each way at that intersection as it's a major choke point due to continued expansion of residential development.
M	35-44	Dem	Y	Less 5	Flatiron Meadows	1	The intersection at 111th and Arapahoe can be dangerous without an explicit left turn for cars headed north.
M	35-44	Dem	Y	Less 5	Flatiron Meadows	1	Traffic circles are positive but often drivers going straight along the busier road do not follow proper practice in allowing openings for cross-traffic and instead assume right of way. This can be improved by larger circles which allow entry of cars in the cross-traffic direction and mechanisms to slow cars before entering.
F	45-54	Dem	Y	Less 5	Flatiron Meadows	1	Kids on e-bikes, especially without helmets!
F	45-54	Dem	Y	Less 5	Flatiron Meadows	1	The intersection at 111th and Arapahoe needs a protected left turn for drivers heading N/S (turning left onto Arapahoe from 111th).. Too often they will not yield to drivers going straight.
M	45-54	Dem	Y	Less 5	Flatiron Meadows	1	Roundabouts should be 2 lanes to allow for a consistent traffic flow. Raise the speed limit on artery roads. Add dedicated bike lanes and wider paths
F	35-44	Rep	Y	Less 5	Flatiron Meadows	1	Arapahoe, Erie pkwy and highway 52 all need expansion

F	35-44	Unaf	N	Less 5	Flatiron Meadows	1	I frequently bike throughout Erie, both in neighborhoods and on larger main roads. Drivers rarely stop at crosswalks, despite the fact that many have flashing lights. I'm not sure what a good solution is. I try to stick to paths because they feel safest, but cross at least 10 crosswalks on my route anyway. Riding on the road is an option but on many roads the bike lane is way too narrow to feel safe.
F	35-44	Unaf	N	Less 5	Flatiron Meadows	1	Please try to avoid disappearing lanes (lanes that turn into right hand turn lanes). Please don't spend money on speed enforcement.
F	35-44	Unaf	N	Less 5	Flatiron Meadows	1	Street lights should prioritize pedestrians and bikes more than they currently do.
F	45-54	Unaf	N	Less 5	Flatiron Meadows	1	E-bikes are somewhat out of control - I'm surprised how young the kids are that "drive" the bikes (that are closer to mopeds) - it's dangerous on the trails with the e-bikes

F	55-64	Unaf	N	Less 5	Flatiron Meadows	1	Left turn off 111th heading west is dangerous due to visibility of the hill on west and the center island on the east….would love a roundabout there
F	65+	Unaf	N	Less 5	Flatiron Meadows	1	Arapahoe Road and 111th being only two lanes is definitely a problem
F	65+	Unaf	N	Less 5	Flatiron Meadows	1	Need left turn green dedicated arrows on busy streets. Example going into Lowe's. Need light at 111th St to get on Erie Parkway needs a light. There is a 35mph speed limit in that area. Nobody goes 35mph. Drag racing on 287 needs to be stopped. Get the motorcycles off the sidewalks and trails. I cannot even go to Briggs Street without being run off by mini bikes on the sidewalk. So many cars running red lights. No enforcement. For safety have the police show a presence. Drive by the homes at night. Drive by during the day.
M	65+	Unaf	N	Less 5	Flatiron Meadows	1	Snow removal could prevent more accidents. More plows are needed and secondary and tertiary routes need more plowing.

F	35-44	Dem	N	Less 5	Flatiron Meadows	1	Every time I ride my bike (3x/week average) I am nearly hit by a driver, usually while at or in a crosswalk. It feels unsafe being a biker and pedestrian on our roads, people do not care to stop or slow down. Additionally many children have access to e-bikes and ride them 30mph on the Coal Creek Trail, and do not slow down or signal to pass others.
F	35-44	Dem	N	Less 5	Flatiron Meadows	1	Pedestrian crosswalks with flashing lights help make pedestrians more visible to motorists. It's helpful as a driver especially during times when lighting makes it hard to see pedestrians. The ones that have been added are great, and I would like to see more added.
M	35-44	Dem	N	Less 5	Flatiron Meadows	1	The intersection at Arapahoe and 111th is terrible. It needs left and right turn lanes/arrows North/South, and right turn lanes East/West. M	35-44	Unaf	Y	6-10	Flatiron Meadows	1	I appreciate that Erie PD doesn't seem to be constantly pulling drivers over for tiny nitpicks that do not affect safety.
M	35-44	Unaf	Y	6-10	Flatiron Meadows	1	I'd love to see more traffic calming designs that make safe driving feel natural—things like narrower lanes, visual cues, and intentional road shaping that encourage appropriate speeds without relying solely on signage. I also strongly prefer roundabouts and yield signs where possible, as they help traffic flow smoothly and safely compared to stop lights and stop signs, which often feel overly rigid and inefficient. Additionally, overuse of stop signs and stop lights can discourage walking and biking by making intersections feel vehicle-dominated, increasing wait times for pedestrians and reducing overall neighborhood connectivity and comfort.
M	35-44	Unaf	Y	6-10	Flatiron Meadows	1	More pedestrian crossings are needed. There are places where town/county trails cross over roads without even crosswalks. This is absurd.
M	35-44	Unaf	Y	6-10	Flatiron Meadows	1	No more 4 way stops!!! traffic circles are more fuel efficient. Something needs to be done about ebikes. people are fucking dumb as shit on them. also your traffic safety research team needs to step up their work- they are incredibly slow and seem to have a half dozen reasons for why they cannot make any changes to the roads to make them safer for pedestrians. F	45-54	Unaf	Y	6-10	Flatiron Meadows	1	The intersection on the road by Thomas reservoir needs to be either all way stop sign or a n addition of a traffic signal. It's dangerous for pedestrians to cross. The street lights in this intersection are missing on the east side (TR side) making crossing that intersection dangerous in the dark where drivers can't see pedestrians. Also crossing it during day light with the addition of flags is not safe. Cars come at a higher speed even when they are nearly approaching the roundabout.
M	45-54	Unaf	Y	6-10	Flatiron Meadows	1	287 at Isabelle is very unsafe. Multiple wrecks a month there. Lowering the speed limit on Erie Parkway now just has everyone speeding 5 mph over.

F	18-34	Dem	N	11-20	Morgan Hill	1	Construction on roads take way too long, and we need more access roads that are paved and slightly. More roads with some landscaping on the curbs, not dirt roads and junk yards surrounding the roads. We have limited road access to highways, at least limited sightly and paved roads. We live in such a beautiful city, I just want to see less dirt roads and more modernization. More access to highways. Also, some areas have huge trees that look very dangerous to drive by. For example, the roads surrounding Erie Commons have trees that are way too massive. That is a hazard. We have some nicely paved roads but is that where all of our tax money is going? We don't need newly paved roads when they are still in good condition. There are many jokes about how we always have freshly paved roads on things that already exist when we really need more road access and things like stores to actually go places. And when we do get new roads, speed up the time we already have limited access roads so when one is under construction it is an absolute nightmare that wouldn't bring in more residents.

We have been nearly run over quite a few times by adults and kids riding way too fast and recklessly with their e-bikes while we are out walking our dogs. I can only imagine how bad it is for people with small children or the elderly who cannot jump out of the way from people who are reckless with their e-bikes. Cu Boulder has designated bike and pedestrian Lanes on their sidewalks. Maybe something like that would help. I don't know, e-bike education for riders? Maybe better signage?
M	55-64	Unaf	N	More 20	Orchard Glenn	1	Need stoplight at cr7/sh7.
M	55-64	Unaf	N	More 20	Orchard Glenn	1	Speed limits in more rural areas at 40 MPH is goofy on 119th. Should be 45-50. Lights at Beasley, Lowes and 287 are a pain. Light at Erie Parkway and Flatiron Meadows triggers too quickly on flat iron Meadows, disrupting traffic flows. There are several lights in Erie that do that, disrupting traffic flow on main roads for a car that just pulls up from a feeder road.
M	55-64	Unaf	N	More 20	Orchard Glenn	1	We need better enforcement of speed limits and drivers who don’t obey stop signs on main roads. People drive too fast and ignore signage if there is no enforcement.

F	65+	Unaf	N	More 20	Orchard Glenn	1	Those e-bikes travelling too fast and on the sidewalks--appear to be younger teens with no fear and no discretion. Cross-walks being ignored by cars, even with the lights flashing. Traffic going too fast and not paying attention. Ped Crossing at the round-a-bout on Erie Parkway and 119th is very dangerous. The cars heading west on Erie Pkwy are going too fast around the curve not expecting the car ahead of them to be stopping for a pedestrian. I've seen many near rear-end collisions there. Perhaps the cross walk should be moved west further up from round-about to give the cars a chance to see the pedestrian and stopped vehicle.

M	55-64	Dem	N	More 20	Orchard Glenn	1	I've already mentioned the excessive speed of e-bikes on walking paths is out of control. Teenagers with essentially motorcycles that are silent are dangerous and are going to get somebody hurt when they come around a blind corner and run over some little dog or a small child or even hit an adult and cause serious injury to everyone. I can't stress enough how big of a problem this is since I walk my dog every day and it's almost a daily occurrence that some e-bike is going way too damn fast.
M	55-64	Dem	N	More 20	Orchard Glenn	1	Other than massive speeding along Erie Pkway and along 119, the heavy use of engine breaks by heavy trucks along the same streets
F	65+	Dem	N	More 20	Orchard Glenn	1	Activate the advance turn signals by nine mile
M	65+	Dem	N	More 20	Orchard Glenn	1	The Town needs to start looking ten years or more ahead, instead of playing catch up, when it comes to arterials. Erie Parkway needs to be four continuous lanes (minimum) from highway 287 to Interstate 25. This is going to have to happen eventually and it only gets more expensive to do every year. The town puts in four lanes for a two block stretch and then funnels back down to two lanes for blocks or miles. It makes no sense.

Use one of the through lanes headed north on 119th to make a mid-way median for pedestrians to stop at and add flashing lights to the middle. Right now pedestrians have to cross 6 lanes of traffic that is usually going 40-50 mph and there are lots of kids that use this crossing. It's not safe!!

F	45-54	Dem	Y	6-10	Orchard Glenn	1	See #21. Meadowlark is a mess. 1. The school zone signs don't function correctly (one was flashing on Sunday!), or don't function together (2 will flash and 1 won't). Cars park on BOTH sides of the street trying to pick up their kids. This should not be allowed. The road becomes completely impassable. There should be a no parking area around the crosswalks so drivers can clearly see when a child wants to cross. Kids dart out between the cars and are hard to see!
F	18-34	Unaf	Y	Less 5	Other Neighborhood	1	Please see my previous comment about the upcoming school with no plans for a school zone or speed bumps, encouraging speeds at 50mph. The neighbors plan to contact news outlets about this plan
F	35-44	Unaf	Y	Less 5	Other Neighborhood	1	I think all pedestrian crosswalks should have flashing lights. Pedestrians don't seem to make a committed stop or seem hesitant which as a driver looking out can be harder to guess whether someone is just pausing as they're waking (especially with a dog) or if they're intending to cross. It's even more frustrating if they wave a driver on but intend to cross
F	35-44	Unaf	Y	Less 5	Other Neighborhood	1	There should be a law that e-bikes follow road rules and are not allowed on sidewalks. There are no cross walks to the new Thomas Reservoir entrance at the south end of the reservoir. The part just exits ok to 119th with no sidewalks or cross walks - this should be fixed!

M	18-34	Unaf	N	11-20	Other Neighborhood	1	I believe E bikes need a ban from operating on sidewalks or paths within city limits
M	55-64	Unaf	N	11-20	Other Neighborhood	1	The Improvement on county line by school is narrow and road is bumpy for a new road. You did a bad job.
M	65+	Unaf	N	11-20	Other Neighborhood	1	Some roundabouts have made crossing the street as a pedestrian more dangerous. Either add the flashing light system to roundabouts or create sight lines where drivers can see that there are pedestrians crossing on the far side.
M	65+	Unaf	N	11-20	Other Neighborhood	1	Teach people how to use roundabouts and quit with all of the signage as it adds to the confusion. I drove roundabouts in Europe for 3 years and how we use them here is a joke. Make videos and make it a must to watch them as we would be better off wit 4 way stop sign type intersections

M	18-34	Rep	Y	More 20	Other Neighborhood	1	Yes I think they should be more crosswalks with lights especially on Erie parkway
F	45-54	Unaf	N	More 20	Other Neighborhood	1	County Line through the elementary school narrowed was a horrible idea. Jasper road not improved by construction. Briggs/Cty Rd. 1 1/2 absolutely destroyed by construction IMMEDIATELY FOLLOWING improvement.

M	18-34	Dem	N	Ref	Other Neighborhood	1	The road by Erie Elementary being a single line is far too narrow and cannot pass easily. I love bike lanes, but they a Have taken up too much space in an area that is not so dense that most people could even bike there
M	18-34	Unaf	Y	6-10	Other Neighborhood	1	Don't overdo stoplights like Lafayette on Highway 7. Or like at 9-mile corner. Roundabouts are worth the investment.
M	45-54	Unaf	Y	6-10	Other Neighborhood	1	Stop building houses and the road issues go away.
F	18-34	Dem	Y	6-10	Other Neighborhood	1	The parkdale community was promised a community park but later this promise was taken away and instead, the town is allowing even more homes to be built in its place. How is this okay?
F	55-64	Unaf	N	6-10	Other Neighborhood	1	E bikes on the walking path-go fast, quiet and seem erratic at times, pass people on narrow sidewalks. Usually young and seem irresponsible to pedestrians
F	18-34	Dem	N	Less 5	Outlook Nine Mile	1	Pedestrian and cyclist lanes/sidewalks need to be more consistently available and wider. I would love to travel by bike more, but riding on the roads in their current layout feels very unsafe. Same for pedestrians, there are a lot of areas where sideways end seemingly in the middle of nowhere, which again makes walking feel really unsafe.
M	18-34	Dem	N	Less 5	Outlook Nine Mile	1	Too many blind corners. Many "stroads" present throughout the town

Sex	Age Range	Party	Parent	Tenure	Neighborhood	Ward	Response
M	65+	Dem	N	Less 5	Outlook Nine Mile	1	Children with no understanding of traffic rules and safety shouldn't be turned loose on e-bikes and scooters.
F	35-44	Unaf	Y	Less 5	Sunwest	1	The safety of pedestrians in the roundabout on 119th and Erie parkway is nonexistent. I'm surprised no one has been hit or killed. People drive recklessly and so fast everywhere (yes, even with the decrease in speed on Erie parkway). Kids ride e-bikes all throughout town and cross busy intersections without looking both ways (also largely not wearing helmets). I avoid main roads around here because the closer you get to 287 or i25 the more aggressive fellow drivers get. The intersection of Meller and Jasper is a hazard too; I have almost been wiped out by cars in that crosswalk, and it makes me nervous thinking about kids (on bikes or off, and even the ones who don't look both ways on e-bikes).
M	35-44	Unaf	Y	Less 5	Sunwest	1	Do something about speeders. Traffic cameras to collect speeders. Construction workers speed through neighborhoods and school zones near Red Hawk
M	35-44	Unaf	Y	Less 5	Sunwest	1	The town should already be commissioning a group to investigate future development and improvement of roads, intervals traffic flow with the anticipated level of population increase. The town should also consider modern improvements such as smart traffic lights and fast roundabouts for traffic bottlenecks that occur, mostly around Countyline. The town should also address a possible expansion of Briggs or a parking area of some sort to reduce crowding of vehicles on busy evenings and weekends
F	35-44	Dem	Y	Less 5	Sunwest	1	Clearer regulations around e-bikes. Widespread communication around where one can ride them- street v. sidewalk, are helmets mandatory, how to signal turns, which traffic laws e-bikes need to obey. This is a serious concern considering the number of unsupervised minors riding these bikes daily on Erie roads.
F	35-44	Dem	Y	Less 5	Sunwest	1	Speeding!
F	45-54	Rep	Y	Less 5	Sunwest	1	We need to do something about the speeding! Omg someone is going to get killed bc of the reckless driving. Add speed bumps, get radar vans or add speed& red light cameras. This should be a state issue and not just a city/county issue

O	18-34	Dem	N	11-20	Sunwest	1	This is a pretty minimal concern but there have been a lot of young kids jaywalking on Erie Parkway at busy times of day, mainly during the after-work hours when the visibility is lower and the sun it setting, and I worry they will get hurt or cause accidents.
F	65+	Dem	N	11-20	Sunwest	1	It's getting harder to get out of Sunwest neighborhood onto Erie parkway due to increased traffic from development.
F	45-54	Rep	N	11-20	Sunwest	1	Why is the dedicated bike lane that goes like a quarter of a mile on County Line Road by Erie Elementary necessary? That road is still too narrow after all that construction. Also, how many times is Erie Parkway and County Line 7 going to be under construction?

M	65+	Unaf	N	More 20	Sunwest	1	I have seen idiots on the parkway doing 70mph racing to get in front of the next person. Just to get in the left lane before the round about. Why there isn't more police trying to do something about it, I don't understand.
M	65+	Unaf	N	More 20	Sunwest	1	Roundabouts are expensive and you're asking us how to pay for unnecessary projects!
F	45-54	Dem	N	More 20	Sunwest	1	That even with a walk sign it is ignore by drivers especially with left turns. It would be nice if we had all way stop at lights so pedestrians could cross and then cycle the lights to green for cars.
F	55-64	Dem	N	More 20	Sunwest	1	Please do not remove the traffic circle on Erie parkway because of the few people who don't know how to use it. The traffic circle is more efficient and effective now that it was updated than a traffic light. Let's educate the community on traffic circle etiquette and rules before switching to a traffic light. I've lived here since it was a 4 way stop and I've never seen or heard of any serious accidents at that intersection since the traffic circle went in.

F	35-44	Rep	Y	6-10	Sunwest	1	E-bikes on the sidewalks have been a safety hazard. Normally, it's middle school students riding them in a non-safe manner, going too fast around other people, not wearing helmets, riding with multiple people, etc. I've almost been hit a few times while walking my dog or walking with my daughter while she rides her scooter.
M	35-44	Unaf	N	6-10	Sunwest	1	Isabelle in 287
M	35-44	Unaf	N	6-10	Sunwest	1	Isabelle/Erie Pkwy and 287... traffic on 287 moves far too fast through that corridor. Seems like an accident there every week.
M	45-54	Unaf	N	6-10	Sunwest	1	The added traffic leads to more people on the road that aren't paying enough attention to what's happening around them, decreasing the safety for everyone. Motorists often blow through pedestrian walkways, particularly on Meller and on Erie parkway.
F	65+	Unaf	N	6-10	Sunwest	1	A required class for kids riding e-bikes should be implemented for the safety of e-bike riders and auto drivers. Bike lanes should be used not the muffle of the traffic lane.

Sex	Age Range	Party	Parent	Tenure	Neighborhood	Ward	Response
F	18-34	Dem	N	6-10	Sunwest	1	Crosswalks near schools need better enforcement to slow traffic. There needs to be better crossing across county line road. The road to Redhawk elementary from Erie parkway always has people speeding down it all times of day.
F	45-54	Dem	N	6-10	Sunwest	1	The presence of so many E bikes and small motorcycles that are not street legal driven by children is a concern for pedestrians and for vehicles. My biggest frustration with Erie traffic is that the traffic light programming needs significant improvement. For example, the stoplight at Erie Parkway and Miller and the stop light and Erie parkway and flatirons Meadow Boulevardhas are far too sensitive. These stoplights could be improved by having a program more specific to school hours when people are getting on and off of Erie Parkway, I understand the need for these lights to change more often. But it makes no sense for the same program that runs during school drop off and pick up to be running at during the rest of the day and night. It leads to A lot of people being stopped waiting at a red light for no reason (no one else at the stoplight). I understand that programming stoplight is not a simple thing, but whoever is currently in charge of this needs some additional training or a consultant to come in to help modernize things, so that Erie's traffic moves more smoothly.

O	18-34	NR	Y	More 20	Candlelight Ridge	2	Erie parkway is now called Erie speedway. I rarely see cops patrolling that stretch from 119-I-25, especially during rush hour. Same with Arapahoe rd in the mornings at 7:30 and afternoons at 4:00-6:00. Traffic is heavy and people are traveling an average of 15 mph over the speed limit and are often aggressive.
F	18-34	Unaf	Y	Less 5	Colliers Hill	2	Colliers neighborhood.
F	18-34	Unaf	Y	Less 5	Colliers Hill	2	I don't always trust cars, even in crosswalks. So I would like to see more access to some of the trails without having to go through busy intersections or a trail that would connect the Coal Creek Park area to Colliers Hill to make it easier to depend on biking and walking.
F	18-34	Unaf	Y	Less 5	Colliers Hill	2	People run red lights so bad here. Cops can't be everywhere all the time, we need cameras to automatically ticket people. Or at least lie and tell people the cameras are up if it's too expensive and maybe it'll prevent some of it.
M	18-34	Unaf	Y	Less 5	Colliers Hill	2	E-bikes on public roads need to end. Four way stop should be considered for CR5/CR10 intersection due to increased traffic.
M	18-34	Unaf	Y	Less 5	Colliers Hill	2	On Erie parkway near the hospital by Briggs, the sidewalks on either side of the intersection do not line up, so it is semi dangerous for a bike traveling across the intersection to straighten out to the next sidewalk
M	18-34	Unaf	Y	Less 5	Colliers Hill	2	Significant issues with speeding through neighborhoods and streets. People NEVER stop at crosswalks even with small children
F	35-44	Unaf	Y	Less 5	Colliers Hill	2	As I mentioned above - a crosswalk should be placed on Erie Parkway between County Line and Powell to ensure the safety of mostly kids trying to cross the street to and from Burger King and the Rec Center
F	35-44	Unaf	Y	Less 5	Colliers Hill	2	I appreciated the post recently by the police about people speeding in cars. I see people driving too fast, even in neighborhoods with kids and by the schools. F	35-44	Unaf	Y	Less 5	Colliers Hill	2	Not enough flashing light crosswalks in areas that are difficult to see. Lots of shrubs and trees blocking the view. No safe way for residents of colliers to commute to Soaring heights or Erie high without crossing a major road that is VERY busy at school drop off and pick up. People continue to make illegal lefts out of SH parking lot. No entrance to Erie elementary going north on county line.
F	35-44	Unaf	Y	Less 5	Colliers Hill	2	Pinecliff Drive in Colliers Hill has a major speeding problem, some kind of physical measure to slow cars down in needed.
F	35-44	Unaf	Y	Less 5	Colliers Hill	2	There are few safe options for pedestrians to access trails from our neighborhoods. For example, I would love to walk from my neighborhood, Colliers Hill, to downtown Erie. What should be a 15 minute walk as the crow flies takes 50 minutes because there is no safe, quick route. When I do take the long route, I have to cross ditches and busy roads that do not have traffic controls.
F	35-44	Unaf	Y	Less 5	Colliers Hill	2	We need a bridge or tunnel connecting colliers hill to soaring heights/erie high. Way too many kids crossing to not have something!
F	35-44	Unaf	Y	Less 5	Colliers Hill	2	YES
M	35-44	Unaf	Y	Less 5	Colliers Hill	2	Crossings within Colliers Hill are super unsafe. Cars travel too quickly and don't stop for crosses at crossings. Large plants and poor lighting make it difficult to see crossers as well. I would be a huge advocate of crossing lights, speed bumps, or whatever it takes to make sure pedestrians and bikes can safely.
M	35-44	Unaf	Y	Less 5	Colliers Hill	2	Housing density is important as long as alternative methods of transit are available - a dense core with a more spacious exterior.
M	35-44	Unaf	Y	Less 5	Colliers Hill	2	Many residents in Erie shop for groceries at the King Soopers on Highway 7 and take the roads near the landfill to get there. M	35-44	Unaf	Y	Less 5	Colliers Hill	2	Nearly every street light / post I've seen in Erie was improperly installed with little to no foundation and most are now leaning instead of standing vertical. F	45-54	Unaf	Y	Less 5	Colliers Hill	2	Multiple Colliers Hill residents have begged city councilpersons and submitted ErieSubmit requests for a crosswalk somewhere along the 1 mile open stretch of Colliers Blvd (near cemetery). These requests have been ignored. There will be a bridge to Coal Creek park without a safe way to access along Colliers unless we walk 0.5 mile in either direction. Please please please before someone gets hit. Children and adults constantly jaywalk to access open space. It will get worse if the bridge gets built. We want the bridge but want a safe way to access the trail.
F	45-54	Unaf	Y	Less 5	Colliers Hill	2	Safe bike paths are a good idea
F	45-54	Unaf	Y	Less 5	Colliers Hill	2	We need an immediate installation of a pedestrian crossing light at the rec center just east of the County Line/Erie Pkwy light. I have seen so many kids at night crossing there. They WILL NOT use the crosswalk at the light and we need to make sure they are safe. Our children should come first. Always.
M	45-54	Unaf	Y	Less 5	Colliers Hill	2	Speed control on the longer roadways without signals/signs
M	45-54	Unaf	Y	Less 5	Colliers Hill	2	The school zones are terrible - speed limit not being enforced, signs and lights constantly broken. Streets should be golf cart friendly to reduce large car traffic.
M	45-54	Unaf	Y	Less 5	Colliers Hill	2	There need to be better restrictions on ebikes, especially for younger operators (<18). There have been too many incidents and close calls on pedestrian sidewalks with ebikes. They travel way too fast to be co-mingling with slower traffic. This should be a high priority for town safety.
M	45-54	Unaf	Y	Less 5	Colliers Hill	2	Uneven sidewalks on downtown.
M	45-54	Unaf	Y	Less 5	Colliers Hill	2	Weld county hates bicyclists

M	18-34	Dem	Y	Less 5	Colliers Hill	2	CR5 by the dump sucks. it's not about speeders, its dirty, there are no alternative ways to travel through there, there are homes right next to the dump that deal with the traffic all day, it seems like a complete planning oversight.

It’s terrifying being a cyclist around town because there’s ZERO shoulder on CR 3 leaving Colliers hill, Kenosha (which is a main thoroughfare to Boulder), or County Line. I have almost stopped riding in Erie altogether and drive to boulder 3x week to ride instead because I feel so unsafe.
F	35-44	Dem	Y	Less 5	Colliers Hill	2	Left turn arrow into colliers Hill off Erie parkway should always be flashing yellow/green, not a red arrow when traffic flow through is green
F	35-44	Dem	Y	Less 5	Colliers Hill	2	Please do not put a grocery store across from the rec center. So many children go to this part of town to enjoy the park and rec center and putting a store there would increase traffic and make it less safe for kids.
F	35-44	Dem	Y	Less 5	Colliers Hill	2	The ingress/egress from Aria by the NS is ridiculous and unsafe. Forcing everyone to go through Colliers Hill is unsafe. The bike lanes on the road in Colliers on the way to the schools are unsafe. They need to be off the road, next to the sidewalks. There needs to be a sidewalk/bike path all along CR5, on the west side opposite the dump so people can ride/walk to Vista Ridge from the bike place.

F	35-44	Rep	Y	Less 5	Colliers Hill	2	Intersection of Erie Parkway and Highlands Blvd does not feel safe to cross as a pedestrian especially during school starting/ending hours. There are many e-bikes and e-scooters around especially for children. I'm not certain if it should be a parent issue or a city issue but a lot of children seem so careless:without helmets, riding in the street and crossing blindly into lanes of would be oncoming traffic such as at turns, no high visibility or lights from dusk until dawn so they are difficult to see. I would hate to see these children get hurt, I believe this needs to be regulated more

F	18-34	Unaf	N	Less 5	Colliers Hill	2	I think the kids who ride the e-bikes and golf carts in a reckless manner are at risk of getting hit. Perhaps passing an ordinance that prohibits riding on certain busy streets or limits where they can ride to safe areas might be a solution. Also there is no walking or bike path to get from colliers hill to downtown if you take county road 3 and county road 10 1/2. It would be nice to have a safe path or bike lane in that area.
F	18-34	Unaf	N	Less 5	Colliers Hill	2	There are holes from construction in colliers hill area by the new rec center that hold a water

F	35-44	Unaf	N	Less 5	Colliers Hill	2	Lights between other developing towns
M	35-44	Unaf	N	Less 5	Colliers Hill	2	I believe the current variable speed limits on Erie parkway or a net negative. Town staff would have you believed that that has increased safety however I don't believe this is true. People are not more safe by having various speed limits all over the place on the same road because it leads to confusion and frustration which leads to dodging around people in Lanes. There should be one set speed limit for this arterial Road and the maximum speed allowed by CDOT is 45 miles an hour. If this speed limit was implemented from 287 to I-25 you would see more traffic consistency and less Lane changing because people would be less upset by the constant limit changing and confusion
M	35-44	Unaf	N	Less 5	Colliers Hill	2	Lowering speed limits doesn’t prevent the safety issue of all the left turners on/after red
M	35-44	Unaf	N	Less 5	Colliers Hill	2	Need more enforcement for speeding, ticketing cars with out of date registration, ticketing drivers distracted by phone - lots of drivers are going under the speed limit and swaying in their lands because they're trying to use their phones and drive.
M	35-44	Unaf	N	Less 5	Colliers Hill	2	No. We need more businesses and less residential here.
M	35-44	Unaf	N	Less 5	Colliers Hill	2	Rural roads should be given bike lanes when other work is being done.

F	45-54	Unaf	N	Less 5	Colliers Hill	2	Speeds are too damn fast with no speed control measures through neighborhoods by high school
F	45-54	Unaf	N	Less 5	Colliers Hill	2	The road bikes and e-bikes are not an issue but there's a huge increase in speeding of ebikes and scooters on sidewalks. They're often going faster than the posted speed limits in school zones while on the sidewalks.

F	65+	Unaf	N	Less 5	Colliers Hill	2	E bikes are increasing in popularity and also in speed
F	65+	Unaf	N	Less 5	Colliers Hill	2	E-bike riders need to take a safety test (revenue for Erie) and pay a licensing fee (revenue to Erie). Most of the E bike riders are completely oblivious to anyone but themselves! Very dangerous situations a lot of times!! Same goes for bicyclists and the people who think driving golf carts on main streets. Start having Erie police give tickets when people aren't being safe (again, more revenue for Erie). Choices have responsibility and consequences.
F	65+	Unaf	N	Less 5	Colliers Hill	2	Kids on small e bikes

F	65+	Unaf	N	Less 5	Colliers Hill	2	The intersection of quarry circle and pine cliff with colliers blvd is a safety hazard. Drivers speed in the straight away. Speed signs telling a driver their speed and crosswalk would be helpful
F	65+	Unaf	N	Less 5	Colliers Hill	2	Wish electric devices were not allowed on sidewalks. Children and adults both on electric scooters/bikes/golf carts make pedestrians move off the sidewalks for them.
M	65+	Unaf	N	Less 5	Colliers Hill	2	Active school zones need more of a police presence in order to curb speeding and aggressive drivers.
M	65+	Unaf	N	Less 5	Colliers Hill	2	I think Erie is conservative in their speed limits but that's ok
M	65+	Unaf	N	Less 5	Colliers Hill	2	Monitor and restrict electric bikes and scooters. Running rampant and destroying parks. Going too fast. Unsafe.
M	65+	Unaf	N	Less 5	Colliers Hill	2	Not a fan of police officers hiding so they can catch speeders. That's a revenue strategy, not a public safety strategy. Park where they can be seen. That slows everyone down and makes driving safer.
M	65+	Unaf	N	Less 5	Colliers Hill	2	The lane narrowing in front of the schools on County Line Road is a fire disaster waiting for a fire. How will fire trucks +or a large police response) be able to access the elementary school in a major emergency?
F	18-34	Dem	N	Less 5	Colliers Hill	2	100%. The speeding is out of control. Children are not safe in cross walks. Cars do not stop for strollers or kids. Someone is going to get killed. This should be a TOP priority for the Erie Police.
F	18-34	Dem	N	Less 5	Colliers Hill	2	Coming out of the town center headed past the dog park the sidewalk ends. It would be great to have a continued safe sidewalk that connects to Colliers Hill. It would create safe passage for bikers and pedestrians while encouraging folks to walk to town instead of drive. There's already so few parking spaces and I'm sure the residents near town center don't appreciate all the cars. Not to mention the less emissions, the better.
F	18-34	Dem	N	Less 5	Colliers Hill	2	E bikes on roads are extremely dangerous
F	18-34	Dem	N	Less 5	Colliers Hill	2	I'd like to have flashing signs at crosswalks where possible

F	18-34	Dem	N	Less 5	Colliers Hill	2	If the town is hearing any complaints related to intersections near schools and the library, I would encourage the town to take them VERY seriously. Those places get a lot of foot traffic, especially kids. Let's not WAIT for something bad to happen to make sure these places are as safe as possible.
F	18-34	Dem	N	Less 5	Colliers Hill	2	There needs to be more cross walks on colliers BLVD. There needs to be a stop light added to the intersection of county road 3 and route 52. Lefts are dangerous there and can take FOREVER.
F	18-34	Dem	N	Less 5	Colliers Hill	2	We need a cross walk near the graveyard in Colliers Hill
M	18-34	Dem	N	Less 5	Colliers Hill	2	Erie parkway east of county road 5 needs to be expanded to be two lanes. Especially because the landfill there has a lot of large trucks going up and down Erie parkway on that stretch of road and it can create traffic jams now that there are more people on those roads with the houses they've been building.
M	18-34	Dem	N	Less 5	Colliers Hill	2	I don't think the road infrastructure has kept up with growth, causing safety risks. Highway 52 especially.
M	18-34	Dem	N	Less 5	Colliers Hill	2	Intersections near schools and other high traffic areas like the library probably need increased safety measures for the pedestrians
F	35-44	Dem	N	Less 5	Colliers Hill	2	The amount of young kids riding on electric bikes or scooters is terrifying. They drive so fast, often times with multiple kids on one bike, and they don't pay attention to cars at all. I've witnessed multiple cars almost hit the kids because the kids aren't paying attention. It is exceptionally dangerous and scary. I also don't know if this is a part of unincorporated Boulder County, but something needs to happen at 287 and Erie Pkwy/Isabelle. How many accidents need to happen there before we change how the lights work? There seems to be an accident there nearly daily.
F	35-44	Dem	N	Less 5	Colliers Hill	2	We really need more dedicated spaces for bikes and walkers. And Erie would definitely benefit from a local public transportation. While a lot of the town is walkable, buses or shuttles that regularly run from the outskirts into downtown and back, and down to the grocery stores would be stellar.

M	55-64	Dem	N	Less 5	Colliers Hill	2	Colliers Parkway has turned into a speedway. It is right behind our house and we watch people ignore the speed limit daily. Very unsafe! Crosswalk badly needed at Colliers Parkway and Pinecrest/Quarry Circle Dr.
M	55-64	Dem	N	Less 5	Colliers Hill	2	It would be GREAT if there was a bike or walking path that crossed directly into old Erie from the area over Coal Creek. That type of bridge would significantly lower car traffic and increase safety.

F	65+	Dem	N	Less 5	Colliers Hill	2	I am fairly new to Erie. I live off Collier parkway in the west edge subdivision. People really speed past our home. They use this road for commuting.

F	65+	Dem	N	Less 5	Colliers Hill	2	The intersection of Colliers Blvd and Pinecliff needs a pedestrian crossing sign and white stripes on the road. Flashing lights would be the best. This is a frequently used crossing and there is no other crossing between Serene park and County road 3.

F	55-64	Rep	N	Less 5	Colliers Hill	2	(1) Time the lights on Erie Parkway from Colliers to Hwy 287. Often during the day when I go from Colliers to 119 I can be forced to stop at almost every light which is ridiculous. (2) Change the signage by the Erie Parkway/119 round-about to force the outside lane to merge prior to entering the traffic circle. The inside lane has the right of way but I've seen so many drivers stay in the outside lane and cut in at the last possible second. (3). The signs (about housing) on the NE corner of County Road 10/County Road 3 obstructs your ability to see when turning left onto County Road 3/Colliers Blvd. (4) Make the speed limit consistent. I would like to see 45 MPH on county roads and on Erie Parkway. (5) Traffic has added an additional 5 minutes on most trips through Erie during the morning, evening commute, and when schools let out. (6) Many of the county roads need to be resurfaced. Hwy 52 needs so much help but I don't think this is an Erie issue although having the town push for widening, etc. would likely be helpful.

M	35-44	Unaf	Y	11-20	Colliers Hill	2	Paving CR10 east of CR 7 would provide another reliable path in/out of town. That dirt road is treacherous after a rain storm.
F	45-54	Unaf	Y	11-20	Colliers Hill	2	CH needs lighted pedestrian signs!! Those orange flags don't do anything for visibility. Also, the town needs better policies in e-bikes and golf carts in the pathways. I almost been hit several times by golf carts in CH.
F	45-54	Unaf	Y	11-20	Colliers Hill	2	E-bikes- can we have an ordinance about this? Kids riding these is hazardous. I have almost hit one that ran a stop sign and then witnessed someone being hit at the rec center. additionally they ride on the grass at the rec center and go really fast. I also followed one on the main road (County Line). They were in the middle of traffic with no lights or mirrors.

F	35-44	Unaf	Y	6-10	Colliers Hill	2	Better enforcement of regulations on e-bikes and scooters.
F	35-44	Unaf	Y	6-10	Colliers Hill	2	I would love to see more flashing crosswalks within Colliers Hill. There are so many high school drivers driving down Collier Pkwy and Colliers Blvd while young kids are walking/biking to Soaring Heights. The lane traveling west on Colliers Pkwy is so tight with the median near the Aura apartments. When kids are biking home from school, it feels unsafe to be driving so close to them. Kids tend to bike in groups of 2-3 and cars come so close to the bike lane during these peak times. It feels very unsafe.
F	35-44	Unaf	Y	6-10	Colliers Hill	2	Large concern is no limits on e-bikes and scooters - my children and I have almost been hit on more than one occasion because riders are going 20 mph (or more) on the sidewalk. Teenagers often are also using these on the pump track, which explicitly says not to.

F	35-44	Unaf	Y	6-10	Colliers Hill	2	Residential neighborhood speeding, speeding near parks with a lot of kid activity
F	35-44	Unaf	Y	6-10	Colliers Hill	2	The intersection between Colliers boulevard and 52 needs a Red light. Also, we need to slow traffic down in neighborhood (e.g Colliers boulevard, dawn avenue and Colliers parkway). The traffic near soaring heights and Erie high school is ridiculous during pick up and drop off. This was a poor choice to put the schools so close together. Now a solution needs to be found (e.g. staked start time, more shuttles/buses from all over Erie). It looks like there are accidents on Erie parkway/287 every other day. There is already a light buy possibly needs to increase the time between red light in one direction and green line in the other to account for the idiots.
F	35-44	Unaf	Y	6-10	Colliers Hill	2	The use of e bikes on sidewalks has increased dramatically and is really unsafe for pedestrians and regular cyclists. Many times there are kids (and adults) on ebikes that are unaware of rules and need for safety in our walking spaces.

F	35-44	Unaf	Y	6-10	Colliers Hill	2	We are going to need stricter limits on kids riding those e-bikes at 30mph thru Erie community center park. They have almost hit little kids many times.
M	35-44	Unaf	Y	6-10	Colliers Hill	2	Are bikes allowed on sidewalks? My understanding is no, but it is often the case.

M	35-44	Unaf	Y	6-10	Colliers Hill	2	Erie Parkway, east of CR5 can become very congested. Some of this may be due to ongoing construction; however, there should be plans in place for future expansion to a 4 lane road (2 each direction) in the future.
M	35-44	Unaf	Y	6-10	Colliers Hill	2	Landfill traffic needs to be rerouted. Traffic to landfill should have it's own designated route as it impacts normal traffic and causes constant issues with window cracks due to rocks and trash
M	35-44	Unaf	Y	6-10	Colliers Hill	2	Less speed traps. More enforcement of bad bicyclists improperly using the roads.
M	35-44	Unaf	Y	6-10	Colliers Hill	2	Many of the roads in the town lack useable bike lanes which leads to increased traffic and decreased safety.
M	35-44	Unaf	Y	6-10	Colliers Hill	2	Many roundabouts have too tall of vegetation approaching the roundabout which makes seeing pedestrians challenging-- specifically the main Colliers Hill roundabout and crosswalks towards the high school
M	35-44	Unaf	Y	6-10	Colliers Hill	2	The speed limits vary all over the place. Set 1 speed limit for these arterial roads like Erie Parkway and Weld County Rd 5. That speed limit should be consistent and the maximum allowable limit for an arterial road, which is 45mph. having 3 or 4 different speed changes with the limit going as low as 35mph is ridiculous.

O	35-44	Unaf	Y	6-10	Colliers Hill	2	Seems a lot more people are in such a hurry that they run red lights all along Erie parkway, there is little understanding of the roundabouts all around Erie and the stop signs that exist are sometimes acknowledged.

F	45-54	Unaf	Y	6-10	Colliers Hill	2	There needs to be more education/ regulations/ enforcement related to e-bikes/scooters/golf carts on city roads
F	45-54	Unaf	Y	6-10	Colliers Hill	2	We need to plan construction better. Stop with the small fixes, do the job right and for the long term the first time. Add bike lanes to all major roads.
M	45-54	Unaf	Y	6-10	Colliers Hill	2	Accidents frequent on 287 and Arapaho
M	45-54	Unaf	Y	6-10	Colliers Hill	2	As Erie continues to grow, it's essential to expand and improve our roads to keep up with the increasing number of residents and vehicles. Without investing in wider roads and better traffic flow, congestion will only get worse, affecting daily commutes and quality of life. Thoughtful road expansion is key to managing our growth responsibly while maintaining the small-town feel we value.
M	45-54	Unaf	Y	6-10	Colliers Hill	2	Golf carts and e-bikes are a challenge with the increased traffic.
M	45-54	Unaf	Y	6-10	Colliers Hill	2	People rarely stop for pedestrians or bikers at the roundabout on 119 and Erie parkway. Also have seen people not watching for pedestrians at the east rec center entrance/exit to Erie parkway
M	45-54	Unaf	Y	6-10	Colliers Hill	2	Sensors at certain lights do not work correctly. The north bound side of CR 5 at Erie Parkway routinely does not turn green to go straight if only one car is in that lane.

M	18-34	Dem	Y	6-10	Colliers Hill	2	The light at intersection at Briggs and Erie parkway is a little sketchy in the mornings. Namely from people wanting to turn onto Briggs and having a bit of a blind spot from the opposite turn lane. Also, the light to turn into colliers hill from Erie parkway does not flash yellow in the mornings, and I've never understood why. The only way to turn into colliers hill in the mornings is on a green arrow, and that can be frustrating.
F	35-44	Dem	Y	6-10	Colliers Hill	2	Collier Boulevard running through the Colliers Hill neighborhood is very dangerous for anyone attempting to cross the street. plantings in the median obstruct views of oncoming traffic, and there is lots of speeding and high school, aged drivers. there needs to be better enforcement of rules surrounding use of E bikes, Electric scooters, and motorcycles. these are becoming more and more popular and children often ride carelessly in and out of traffic, do not wear helmets, and have two riders on a one person vehicle.
F	35-44	Dem	Y	6-10	Colliers Hill	2	Less high school and soaring heights traffic going colliers hill
F	35-44	Dem	Y	6-10	Colliers Hill	2	Speeding. The traffic circle by Serene Park--people speed through it and it is a high pedestrian area.
F	35-44	Dem	Y	6-10	Colliers Hill	2	The pedestrian/ebike or escooter/bicyclist conflict has increased. E-equipment should not be on sidewalks... Or really in the road. It causes loads of safety issues. The sidewalks from Collier's to the schools are way too narrow for the number of people using them. It's not safe.
F	35-44	Dem	Y	6-10	Colliers Hill	2	There seems to be less common courtesy by casual bike riders, such as not alerting others on the sidewalks that they are coming up behind them, not being consistent on what side of the sidewalk they pass on, etc. it makes walking with anxious dogs much harder.
M	35-44	Dem	Y	6-10	Colliers Hill	2	Construction zones seem to often overlap in timing, creating the feeling of unable to leave town in any direction without getting stuck in construction traffic. M	35-44	Rep	Y	6-10	Colliers Hill	2	Highest priority should be around pedestrian traffic around Soaring Heights and the High School with the addition of high density apartment population at county road 5 and Collier's Parkway. There have also been many incidents with drivers at the intersection of Collier's Parkway and Equinox Circle at school dismissal time when there is a high number of child pedestrian traffic on the sidewalks. I also believe the kids riding the electrical bikes has become a problem. They drive very fast and follow no traffic rules. Perhaps they should have a license for anything electrical. Additionally, the kids driving to school through Colliers Hill are often speeding, hitting speeds at over 50 mph. This has become a growing issue with more kids. The intersection near the high school also presents a lot of problems. There has to be a better way for parents to pick up their kids. I have noticed at a few crosswalks you get a walk signal while cars have a green light. I myself almost hit someone and my daughter was almost hit at the crosswalk on Highlands Blvd and Erie parkway
F	35-44	Unaf	Y	Less 5	Erie Highlands	2	Crosswalks not just at lights, specifically in neighborhoods near the schools. Ebikes are getting ridiculous. I see kids speeding on the sidewalks at 30 mph and it's making the sidewalks unsafe. I'm more worried about getting hit by an ebike on the sidewalk vs a car crossing the street

F	35-44	Unaf	Y	Less 5	Erie Highlands	2	I would love more painted crosswalks in neighborhoods- along with crosswalk lights or flags to help increase safety for pedestrians
F	35-44	Unaf	Y	Less 5	Erie Highlands	2	More opportunities for pedestrians and bicyclists to cross roads via flashing cross walks, etc. This is also a problem in the highlands neighborhood, especially around Clayton park when kids try to cross the street to go to school
F	35-44	Unaf	Y	Less 5	Erie Highlands	2	There have been a lot of issues with minors on motorized vehicles not knowing or following road rules that result in near or actual accidents/injuries.
M	35-44	Unaf	Y	Less 5	Erie Highlands	2	E bikes speeding on sidewalks is very unsafe for pedestrians.
M	35-44	Unaf	Y	Less 5	Erie Highlands	2	I live in Erie highlands and I'm shocked the amount of drivers that don't stop for parents and kids crossing the road. Especially, since some of these are parents that just dropped their kids off at school. I think sometimes people forget it's a neighborhood road and not a main road. Would love to see the blinking light crossings at the carriage homes and in front of the Erie highlands school.

F	45-54	Unaf	Y	Less 5	Erie Highlands	2	Highland circle and highland blvd. Near Clayton park- lots of Elementary school kids crossing the street and there is a need for a crosswalk light.
F	35-44	Dem	Y	Less 5	Erie Highlands	2	It is unsafe to cross busy roads like Erie Pkwy. The intersection at Weld Co Rd 5 and Erie Pkwy is very busy with schools and neighborhoods. It would be beneficial to have a pedestrian overpass or footbridge. Children can walk or ride bikes to school instead of driving. Road congestion will decrease.
F	35-44	Dem	Y	Less 5	Erie Highlands	2	Need more bike lanes
F	35-44	Dem	Y	Less 5	Erie Highlands	2	Speeding and running of red lights is rampant. There's been an increase down Erie Pkwy for sure. I appreciate the new speed limits but they only work as well as the people that follow them. Hwy 7 and 287 are horrendous with accidents almost daily, unsure what pressure Erie can put on CDoT for this.

F	35-44	Dem	Y	Less 5	Erie Highlands	2	The traffic on main roads is fine (eg Erie Parkway) but the traffic and enforcement in the community areas (eg Erie Highlands, Briggs/downtown) makes those areas feel less safe and more susceptible to accidents

M	35-44	Dem	Y	Less 5	Erie Highlands	2	People speed on Erie parkway on a daily basis. Particularly east of Briggs when the road straightens out for a long period. Also just the increased number of drivers on the road decreases safety for all.

M	35-44	Dem	Y	Less 5	Erie Highlands	2	The speeding on Erie Parkway is ridiculous

M	55-64	Rep	Y	Less 5	Erie Highlands	2	Continued and constant construction
F	18-34	Unaf	N	Less 5	Erie Highlands	2	Main roads should be built out before the development. It's crazy that Westerly is developing while Erie Parkway remains two lanes. Additionally, e-bikes are a huge problem and should not be allowed on trails, sidewalks, etc. as they have no respect for laws, signage, or pedestrians. If the speed limit is going to remain as 35 on County Road 5 south of Erie Parkway, something needs to be done about the speeding. If you go the speed limit, people tailgate you.
M	18-34	Unaf	N	Less 5	Erie Highlands	2	Opportunity for more bike lanes
M	35-44	Unaf	N	Less 5	Erie Highlands	2	We have too many stop lights and focus on car transportation in Erie. We should look at round-a-bouts and continuing to expand bike / walking routes with safe underpasses. Lastly, a light rail would be ideal to start reducing traffic.
F	45-54	Unaf	N	Less 5	Erie Highlands	2	A light at county road 3 and highway 52 would be helpful. Making a left onto highway 52 can be tricky.

M	45-54	Unaf	N	Less 5	Erie Highlands	2	As we modernize traffic corridors, we should keep in mind to reduce crosswalk lengths at major points even if it means turn lane restriction. The largest Erie Parkway intersections have a Postwar design and are unfriendly to pedestrians. They should be brought up to speed or converted to additional roundabouts. County Line should remain narrow near Erie Pkwy, to promote pedestrian crossing and avoid channeling traffic to the north with its schools and driveways. Adding dedicated bikeways and trails should remain a priority.

CO7 from Sheridan to 25 EB is a disaster, somehow it is only one late when WB is 3, but I think that's a problem for CDOT. Pavement on peripheral roads like Lookout/Kenosha, 119th, Valmont are poor, even though they were chip sealed 3 years ago.

M	45-54	Dem	Y	11-20	Erie Highlands	2	It seems due to the rapid population increase and the number of neighborhoods being developed, main 2 lane roads going in and out of the town need to be expanded to 4 lane at a minimum along with bike lanes and sidewalks.
F	35-44	Rep	Y	11-20	Erie Highlands	2	Need regulations for e-bikes, appreciate all the trails and sidewalks available, as an alternate to busy streets.
F	45-54	Rep	Y	11-20	Erie Highlands	2	Traffic Concerns: Traffic frequently backs up at several key intersections, especially during peak hours. The worst areas include Erie Parkway and County Road 5, Highway 7 and Sheridan, and Highway 7 and I-25. These bottlenecks impact both local residents and commuters and need long-term traffic flow solutions. Pedestrian Safety: As a runner, I've had multiple close calls in marked crosswalks where I had the right of way. Driver awareness and caution have noticeably declined. Intersections that feel especially unsafe include Erie Parkway and County Road 5, Bonanza/Colliers Blvd, and all entrances to the Erie Highlands neighborhood. More needs to be done to protect pedestrians—better signage, enforcement, etc. could help.
F	45-54	Dem	N	11-20	Erie Highlands	2	People run stop signs like it's their job. I've been almost hit 3x in the past 9 months because the other ran a stop sign and didn't look for oncoming traffic. In all 3 cases I was close enough to hit them if I didn't notice they weren't going to stop.

Also, the road needs to be widened. It's just dangerous with all the large trucks coming through to utilize the dump.
M	65+	Unaf	N	More 20	Erie Highlands	2	Traffic is not a problem. No one regularly sits through multiple traffic signal cycles except at 287, and MAYBE County Road 7 during our huge rush half-hour. M	18-34	Dem	N	More 20	Erie Highlands	2	Bike lanes need to be created or widened on Erie Parkway and County Line. They feel more like shoulders than bike lanes, and you get crowded off the road when cars fly by.

F	35-44	Unaf	Y	6-10	Erie Highlands	2	I'm so sick of road construction projects. This is really what causes traffic and congestion. It's wildly frustrating. I also worry about safe routes for kids to ride non-electric bikes and general safety around schools (Erie Middle is frightening around pick up and drop off). I'd also like better monitoring of e-bikes. Kids are so wildly irresponsible with them… flying down streets with more than rider, no helmets, and no attention paid to cars, pedestrians, or laws in general.
F	35-44	Unaf	Y	6-10	Erie Highlands	2	More people = more road issues
F	35-44	Unaf	Y	6-10	Erie Highlands	2	Stop doing construction on every single exit/entrance into town! Once a detour is identified, within weeks it feels like that detour gets construction too without the 1st project being finish. Absolutely frustrating.
M	35-44	Unaf	Y	6-10	Erie Highlands	2	Building faster wider roads makes everyone less safe, including drivers. By promoting faster driving speeds, drivers are more prone to deadlier accidents, and are more likely to hit pedestrians or cyclists. Adding lanes or width to lanes will not help speed up travel through town to any significant degree, but it will decrease safety of all town residents.
M	35-44	Unaf	Y	6-10	Erie Highlands	2	Less stop signs at 4 way intersections and just add lights. No one knows how to use the roundabouts.

I would not feel safe having my kids bike to Erie High School/Soaring Heights from Erie Highlands with the current traffic. I hope this is addressed soon.
F	35-44	Dem	Y	6-10	Erie Highlands	2	Cross walk or traffic light on country road 5 between westerly and highlands neighborhood to enable pedestrians to cross more easily between the two
F	35-44	Dem	Y	6-10	Erie Highlands	2	I think the increase of volume has made traveling through Erie slightly more dangerous for everyone (drivers, pedestrians and bicyclists). As a mom, e-bikes terrify me because they do not obey the rules of the road, often do not have helmets, and are just generally not paying attention (talking about the younger crowd in this instance- not necessarily families on bikes).
F	35-44	Dem	Y	6-10	Erie Highlands	2	The light at Bonanza/Colliers Hill and Erie Pkwy desperately needs a turn arrow for safety. We've been begging for years and there are more and more accidents as we grow.
M	35-44	Dem	Y	6-10	Erie Highlands	2	Country rd 7 and highway 7 is a bad spot to turn left. Country road 5 btw the dump and Erie highlands is to slow and commercial traffic is a burden to those that use it daily.

M	65+	Rep	N	Less 5	Erie Village	2	New street work on county line between elementary and middle schools seemed poorly designed for volume of traffic. Too narrow for emergency vehicles. Limited safety lanes. Little separation of cars/bikes/pedestrians.
F	35-44	Unaf	Y	11-20	Erie Village	2	E-bikes are causing a major issue, especially when driven by kids under 16. They are dangerous for pedestrians, for drivers (when they dart out into intersections) and for themselves. I also think the new median on county line feels very dangerous—I've been trapped behind someone who got high-centered on it, I think there will be many accidents as soon as there is ice with people slipping into the curbs, and traffic gets really backed up at the four way stop.
F	35-44	Unaf	Y	11-20	Erie Village	2	People riding e-bikes on sidewalks and not giving pedestrians right away or any notice. Electric scooters are insane. Too many severe and deadly accidents and hard turns on and off that road without lights
F	45-54	Dem	Y	11-20	Erie Village	2	The median in front of Erie Elementary is a safety hazard. Emergency response vehicles must go all the way around to get into the parking lot. Also the left turn arrow needs to be activated for drivers turning into the Lowe's from Arapahoe when heading west.
F	55-64	Dem	N	More 20	Erie Village	2	Redesign of County Line Road by the schools has decreased safety. Adding roundabout on Austin and County Line will decrease safety especially with pedestrians and the small size of the roundabout with narrow roads

F	45-54	Dem	Y	Ref	Erie Village	2	County Line needs to be re-evaluated. The changes in front of Erie elementary cause a lot of congestion and I'm concerned about new roundabout going in further down.
F	35-44	Unaf	Y	6-10	Erie Village	2	See other comment sections. This topic is a huge problem in town. The multimodal idea is fine but only if it's not winter, you are physically capable of riding a bike and/or the bus is going where you need it to go. It's just not practical to over index on it and ignore upgrades for cars. 99.9% are reliant on a car to get where they need to go and that is where I want tax dollars focused.
F	45-54	Unaf	Y	6-10	Erie Village	2	They need to enforce people not parking 5ft from driveways. It's a major safety issue for drivers, bikers, and pedestrians. County line is a mess.
M	45-54	Unaf	Y	6-10	Erie Village	2	Town is too big for the roads.
M	45-54	Unaf	Y	6-10	Erie Village	2	Why such a subjective question? The Town collects traffic and safety data—residents deserve to see that information to understand whether streets are actually becoming safer or more dangerous. Why is there not a green arrow for Bonanza and Erie Pkwy? Why are children allowed to ride their e-bikes down Erie Pkwy 6 wide? They are like 13 years old. I've watched cops drive by them and do nothing. No one coming out of Colliers knows how to turn right and into their own lane. People turning left from Bonanza almost get hit constantly because they turn right into Erie Pkwy and immediately go into the left lane.

M	18-34	Unaf	N	11-20	Grandview Homes	2	The left hand turn off Erie Parkway onto Bonanza Dr. (facing west) is extremely dangerous. The line of sight is directly blocked by vehicles in the east turn lane going onto Colliers blvd. and the slope of the hill, so on a flashing yellow it's difficult to determine if someone is coming up the hill. There have been quite a few accidents because of this. It's right next to the fire station so not the worst place to get in an accident but if the turn didn't have a flashing yellow or the line of sight was resolved then it would be much safer.

F	35-44	Dem	N	6-10	Grandview Homes	2	I feel like we are continually making things safer for drivers and less safe for everyone else. Personally, the e-bikes, scooters, and golf carts on the sidewalks and walking areas are one of the largest issues. They zip around at 25-30 mph, and when turning left in a car, you're not always paying attention to fast moving traffic on the sidewalk.
F	35-44	Dem	N	6-10	Grandview Homes	2	The only issue I have is sometimes ebikes seem dangerously fast on sidewalks but I understand it is scary to ride them on the road with cars, especially with young kids. I don't really know how to fix the issue but it does suck having some kid zip by you going 30mph while wrangling 2 dogs.
M	35-44	Dem	N	6-10	Grandview Homes	2	High speed bikes on sidewalks are not expected by drivers. Many drivers don't expect to see people using sidewalks or bike lanes so are not as aware and not looking for them. The only thing that actually slows down cars is physics and properly design road infrastructure. Speed limits are easily ignored because the street is wide and straight because driving fast doesn't feel unsafe.
F	45-54	Dem	N	6-10	Grandview Homes	2	In general, Drivers turning onto Erie Parkway don't yield to pedestrians in cross walks. I feel like dedicated green arrows for left turns should be implemented at most if not all intersections. With flashing yellow arrows or solid green (not arrows) drivers are only concerned about making the light. They're not seeing pedestrians in crosswalks. I'm tired of almost getting hit or honked at when I'm crossing with a walk signal.

M	18-34	NR	Y	Less 5	Grandview Townhomes	2	Traffic violations are impossible for PD to keep up with. Phone use in cars is high - my commute is 5 mins along Erie Parkway and I can guarantee a minimum of 30 cars I pass, drivers will be on their phones. Stop signs may as well not be there. What the f* is this red light thing too - where cars think it's all good to just speed up on amber and run through the red "just really quickly, it doesn't matter"… genuinely heard this from the community, it's scary. Speeding is mad as well - put speed bumps on residential roads.
F	18-34	Dem	N	Less 5	Grandview Townhomes	2	You are already handling it but the road in front of sunset village and the waste center people are going over 70 mph on it sometimes.
M	45-54	Dem	N	Less 5	Grandview Townhomes	2	Kids on e bikes should not be allowed on roads were cars drive and they should be ticketed. They should also not be allowed on the hike and bike trails
F	45-54	Unaf	Y	11-20	Grandview Townhomes	2	In small towns, kids should be able to safely ride their bikes or walk to school—but unfortunately, the areas around schools, especially during drop-off and pick-up times, are extremely unsafe. This is largely due to parents and other drivers who are in a rush and show little regard for the safety of children. They speed, double park, make unsafe turns, and generally create a chaotic environment that discourages kids from using active, healthy ways to get to school. An example is the area around Erie High School. While it's marked as a school zone, the speed limits are often ignored. Drivers frequently violate the school zone rules without any consequences, and it's clear that enforcement is lacking. This creates a dangerous situation for students who walk or bike, especially since the infrastructure doesn't seem designed to prioritize their safety. We need better enforcement of speed limits in school zones, more visible signage, traffic-calming measures (like speed bumps or raised crosswalks). Without these changes, we're putting our children at risk every single day!!!

F	45-54	Rep	Y	11-20	Kenosha Farms	2	Yes. There should be a stop light on 287 and Jasper road. Stop sign is not working anymore
F	35-44	Unaf	N	11-20	Kenosha Farms	2	At the light turning out of Lowe's onto Arapahoe—turn on the dedicated green for left turns! That's getting to be a pretty busy light
F	45-54	Unaf	N	11-20	Kenosha Farms	2	To much construction everywhere. Hard to get in and out of Erie. The teenagers on e-bikes ride with no value for their safety. The stopsign (to turn left) from county line to Jay is to tight. You should bring the line back a couple feet onl6 for the left turn.
O	65+	Unaf	N	11-20	Kenosha Farms	2	Speeding, ignoring stop signs
M	55-64	Dem	N	11-20	Kenosha Farms	2	Too many places where sidewalks and bike paths are missing. Need to avoid plowing street snow onto sidewalks, especially sidewalks which have already been cleared, as the city asks of its residents. Or the city should come back and clear all of the sidewalks it plowed snow onto.
M	45-54	Rep	N	11-20	Kenosha Farms	2	The southbound turn from eastbound Jay onto County Line is not safe. Too tight. The County Line road entrance from the south is broken. I've used the new one once. Vista Ridge and 119 cannot be the only ways into the town. Erie Parkway is the only east west road through the town. It's a bottleneck.
M	55-64	Unaf	Y	More 20	Kenosha Farms	2	Roundabouts are great when people know how to use them, but no-one here does!
F	55-64	Dem	Y	More 20	Kenosha Farms	2	Dangerous intersection near middle and elementary school. Need a light
F	55-64	Rep	Y	More 20	Kenosha Farms	2	The renovated road on County Line and cheesman is more likely to have accidents as the right hand turn off of Jasper onto County Line has to be a sharp turn to not go into the Northbound lane. There is no shoulder as there's curbs on both sides of the road. The middle landscape section is a complete waste of money and resources to put in and to maintain. If there's an accident or stalled car there is no way to go around the vehicles. The design of this section of road is not practical and as previously stated a major waste of money.

F	45-54	Unaf	N	More 20	Kenosha Farms	2	Pot holes, poor paving causing bumps every 15 feet in every neighborhood and main roads. Median now on county line in front of elementary school, slowing traffic flow down to crawl during school rush times. Poor planning, unwise decisions made concerning roads. Don't know who's in charge but they should be fired!!!!
F	55-64	Unaf	N	More 20	Kenosha Farms	2	Evan's and CLR
F	55-64	Unaf	N	More 20	Kenosha Farms	2	Road repaving and resurfacing have not kept up with the need. Many "older" subdivisions in Erie have not had their roads repaved in decades. Speed limits in certain areas without houses along the roads are too low, yet there is too much speeding in residential neighborhoods. The town should look towards solutions to calm traffic while still keeping it moving along. The roundabouts are preferred over lights, if only people knew the rules of use.
F	55-64	Unaf	N	More 20	Kenosha Farms	2	The discontinuity of the trails causes safety issues. Connect the multiuse trails. Specifically the trail from rex ranch to the trail to cr1. You have to go down and cross over 119th.
M	55-64	Unaf	N	More 20	Kenosha Farms	2	Lombardi Street where it narrows for the crosswalk by the park needs to be a no parking zone. I've seen dozens of close calls because people parking on both sides create a one lane road.
M	55-64	Unaf	N	More 20	Kenosha Farms	2	The County Road change in front of the elementary and middle schools is absurd. Specifically the left turn lane (to turn west) at the Cheesman/CR intersection is ridiculous. That 4 way stop is busy enough. Why add another line of traffic?
F	65+	Unaf	N	More 20	Kenosha Farms	2	The months-long closure of County Line in front of the elementary school was atrocious! Lack of planning, excessive costs and inconvenience to residents was a sign of poor Administration.
M	65+	Unaf	N	More 20	Kenosha Farms	2	We need speed bumps on Banner Circle.

M	65+	Unaf	N	More 20	Kenosha Farms	2	I'm really not sure who was responsible for signing off on the asphalt roads through a lot of the neighborhoods in the surrounding area, But they all suffer from hideous neglect. 6 inch wide and as much as 10 inch deep ravines about every 20 to 30 feet on all the asphalt roads through Kenosha Farms, Erie Village, The entire region and neighborhood up around the golf course, The roads just suck and reek of neglect. The road in front of the elementary school and middle school in downtown area is an abomination. That was so poorly planned. It's ridiculous.

M	55-64	Dem	N	More 20	Kenosha Farms	2	Fix the roads - Jasper is a minefield from 119th to US287!! County Line is a bottleneck due to medians - should widen road not narrow it
M	55-64	Dem	N	More 20	Kenosha Farms	2	The Jasper CR1 intersection is awful. I cannot turn south onto CR1 from Jasper without jumping the curb or turning into the turn lane.
F	65+	Dem	N	More 20	Kenosha Farms	2	Cars speed on James Way due to the opening of Lombardy to county Line Road and Jasper Road. There is a blind curve on James Way close to Lombardy. I cross James Way to get to the park when I walk my small dogs several times a day. Very scary!!!
F	65+	Dem	N	More 20	Kenosha Farms	2	I'm concerned with the speed adults and children are riding e bikes and e scooters on the sidewalks and through parks. They go by me pretty fast while I'm walking.
F	65+	Dem	N	More 20	Kenosha Farms	2	The newly constructed intersection at County Line and the elementary school is too tight to make a right turn without encroaching into the Northbound lane. This cannot be built to code! Just try to turn Southbound in a truck. We were told that the roads would be resurfaced in Kenosha Farm in May or June. This did not happen. These roads are in very bad condition with patches and gaps.
M	65+	Dem	N	More 20	Kenosha Farms	2	New developments should build road first, not after them complete selling out

F	35-44	Rep	N	6-10	Kenosha Farms	2	There needs to be a painted pedestrian crosswalk on the north side of County Line 1 and Jay Road. A car blew through the intersection without stopping the other day. If there’s a pedestrian crosswalk, it would be easier for them to realize they need to come to a stop. Lombardi St should not become a pass through road to access Kenosha from the new KB Home development off Jay Road. A pedestrian crosswalk is also needed on Cheesman and Briggs.

M	55-64	Unaf	N	Less 5	Lost Creek Farm HOA	2	Teenagers on e-bikes ride at high speeds and are engaging in activities that damage the gravel portions of the trail.
M	35-44	Dem	N	Less 5	Lost Creek Farm HOA	2	The “improvements” to Briggs and County Line took entirely too long to complete, or are still not done. The work done to County Line at the school made this road worse. Snow plows cannot even access, the numerous bike lanes, sidewalks, landscape areas are unnecessary and congest the area. The project is still not complete and the landscaped areas are not full of weeds and looks horrible. Briggs removed a number of established trees that used to beautify old town, only to be replaced with twigs. Landscape areas, like County Line, are now full of weeds and looks unkempt. Overall, bad decisions and bad design were utilized.

Sex	Age Range	Party	Parent	Tenure	Neighborhood	Ward	Response
F	18-34	Unaf	Y	Less 5	Morgan Hill	2	I hope the town will prioritize connecting neighborhoods with sidewalks and/or bike paths so residents can safely access downtown businesses and other town services. Specifically, Morgan hill and the compass neighborhoods have to ride with traffic in order to access these town amenities.
F	18-34	Unaf	Y	Less 5	Morgan Hill	2	Not sure that this is a Town of Erie issue but education for kids around road/sidewalk safety with the e-bikes/scooters would be an area of opportunity in our community
F	18-34	Unaf	Y	Less 5	Morgan Hill	2	The speed limits are too high on county line roads going through town. There are no dedicated bike lanes on the county line roads.
F	18-34	Unaf	Y	Less 5	Morgan Hill	2	Turning left at the intersection of CR 10 1/2 and County Line Rd is difficult. It can take a few minutes to get a break in traffic. It would be great to have some sort of traffic management there eventually.
M	18-34	Unaf	Y	Less 5	Morgan Hill	2	There needs to be more notice or coordination between projects. Road 3 and road 5 were both closed at highway 52 for more than 3 months with little to no notice.
F	35-44	Unaf	Y	Less 5	Morgan Hill	2	Ebikes are a major risk to pedestrians and themselves now. Many kids after school driving all over sidewalks and roads at higher speeds. Not looking when they enter traffic, and not wearing proper safety gear like helmets. I'd love to see more regulations and stops.
F	35-44	Unaf	Y	Less 5	Morgan Hill	2	I think the development of sidewalks and bike lanes on county roads needs to be considered as part of the towns expanding infrastructure. With our growing population, people who live on say County Road 3 or 5 need safe ways to get to Briggs, or between Morgan Hill and Colliers Hill for instance.
F	35-44	Unaf	Y	Less 5	Morgan Hill	2	Need to connect neighborhoods with paths. Need more light up crosswalks (none should be without at least flashing lights). And not sure how to address this, but kids on electric scooters are extremely dangerous.

F	35-44	Unaf	Y	Less 5	Morgan Hill	2	The short piece of road neighborhood to be connected with a sidewalker path of a greatly increase access to Trails and improved safety I see people bike and walk on that regularly and there is virtually no shoulder... super dangerous.
F	35-44	Unaf	Y	Less 5	Morgan Hill	2	You HAVE to connect the neighborhoods. Morgan Hill needs to be connected with sidewalks or even a dirt path to the other trails and also to Colliers Hill. The more we are connected by paths the more people will bike on them and not the roads.
M	35-44	Unaf	Y	Less 5	Morgan Hill	2	Compliance with speed limits is likely still a bit challenging as areas are still developing and have a "country" feel near streets. There's also more users of all types on the system.
M	35-44	Unaf	Y	Less 5	Morgan Hill	2	Connectivity between parts of the Town, given its checkerboard development pattern, is lacking in places. Safety for pedestrians and cyclists would increase with better dedicated infrastructure for these uses.
M	35-44	Unaf	Y	Less 5	Morgan Hill	2	Drivers still speeding
M	35-44	Unaf	Y	Less 5	Morgan Hill	2	Egress on Morgan Hill's south side requires a left or right turn. There should be an option to go straight.
M	35-44	Unaf	Y	Less 5	Morgan Hill	2	Erie elementary but is been overly discussed
M	35-44	Unaf	Y	Less 5	Morgan Hill	2	I think a bike lane/trail connecting Morgan Hill to Colliers Hill and/or the County Line Road/Cheeseman intersection would promote more safety for bicyclists.
M	35-44	Unaf	Y	Less 5	Morgan Hill	2	Kids on e bikes should not be allowed anywhere, I've come too close to them too often, these should be banned. Jasper road speed limit should be 35mph as soon as there are houses
M	35-44	Unaf	Y	Less 5	Morgan Hill	2	The intersections I labeled above scare me to use. I actively avoid them and see wrecks there often.
M	35-44	Unaf	Y	Less 5	Morgan Hill	2	The truck traffic near the landfill can get really bad. Especially on CR5. There also needs to be a stoplight at RT52 and CR3 or some protection for people turning onto RT52.

F	35-44	Dem	Y	Less 5	Morgan Hill	2	Some of the newer neighborhoods need more stop signs or traffic lights. Lots of kids and construction vehicles.
F	35-44	Dem	Y	Less 5	Morgan Hill	2	The 4-way stop at WCR 1 and Cheeseman St. is a horrible accident just waiting to happen during the school year. Few drivers understand how or refuse to properly navigate a 4-way stop, drivers not paying attention or being in a hurry, add children and parents walking to the schools and you have a recipe for tragedy. Rethinking how that intersection functions and making it safer would be one of my top priorities for the town as I have children at both schools.
M	35-44	Dem	Y	Less 5	Morgan Hill	2	Bike paths that cross major roads should be tunnels or bridges. It makes it easier for children to use.

F	35-44	Rep	Y	Less 5	Morgan Hill	2	Speeding has increased over the past couple of years and poses a significant safety risk to the many children who live in our neighborhoods. Speeding is frequently observed in the Morgan Hill neighborhood, especially on the main roads such as Montclair, Metcalf, and Marlowe Drive. Little to no traffic enforcement or police presence has been observed but is appreciated to help keep our families safe.

F	45-54	Rep	N	Less 5	Morgan Hill	2	The crews working the county line road by the school for months. Just seem to be slow, unmotivated. So many of them for what looks is being done. Just feel like so many times I drive through there for months as see how the money is being drained slowly for it taking so long. Lots of people standing around getting yelled at a lot. I know someone did a study and said it was the wisest way to plan that corridor, but it just feels so limiting, especially with all of the curbs. I'm from Chicago so traffic is relative. Allowing so much building out here so quickly seems so disruptive for so many years. Where's the cap? Kids on scooters etc in neighborhoods and trails - a bit chaotic and hazardous.
M	45-54	Rep	N	Less 5	Morgan Hill	2	Definitely need more pedestrian and bike pathways to provide safety for them
F	55-64	Rep	N	Less 5	Morgan Hill	2	County road 3 from road 10 1/2 to road 1 1/2 is very rough. It would also be nice to have a bike lane down to Erie from county road 3.

M	18-34	Unaf	Y	6-10	Morgan Hill	2	Yes! There needs to be a pedestrian walkway along the short stretch of highway 3 connecting Morgan Hill and Colliers Hill and the short stretch of highway between 10 1/2 and Erie Village. Morgan Hill is currently on an island and I'm constantly seeing small children walking or biking along the highway causing a very dangerous situation. The town could mitigate this danger and risk to its residents by adding these two pedestrian walkways.
F	35-44	Unaf	Y	6-10	Morgan Hill	2	Crosswalk needed by Columbine mine park across skyline (near pool)
F	35-44	Unaf	Y	6-10	Morgan Hill	2	The detour on county line that you now have to go all the way along the new neighborhood and then backtrack just to get back to Lowell is absolutely ridiculous. Those of us living between county line and CR 5 have to detour and backtrack just to get onto Lowell to go towards Broomfield. Poor decision if you ask me!!!!!!!!!!
M	35-44	Unaf	Y	6-10	Morgan Hill	2	There should be a sidewalk added between Colliers Hill and Morgan Hill on CR3. There are always runners and bicyclists in that area with nowhere but a small strip next to the main road to travel.
M	45-54	Unaf	Y	6-10	Morgan Hill	2	The town needs to accept its responsibilities for traffic safety. The Neighborhood speed policy is the perfect example of what the town has done wrong. That compounded by the fact the police will no longer respond unless the neighborhood policy protocols are followed have only endangered or Children.
M	45-54	Unaf	Y	6-10	Morgan Hill	2	We need more bike lanes on some of the roads. With increased traffic, cyclists on roads where there are no bike lanes can really cause a backup.

F	35-44	Rep	Y	6-10	Morgan Hill	2	The electric scooters and bikes have been very dangerous for both the kids riding them and those in their path, our kids go to Erie Elementary and the county line road changes have made traffic completely stopped during pickup which causes a bit backup
O	45-54	Oth	Y	6-10	Morgan Hill	2	Some roads need to be off-limits to cyclists during rush hour.

F	35-44	Unaf	N	6-10	Morgan Hill	2	Lack of bike paths to get out of my neighborhood in Morgan hill. Also I dislike the intersection where I can't make a left turn off Mercedes to Countyline 10 1/2. I understand they don't want people cutting through their neighborhood but it prevents me from making a left turn out of my neighborhood and the streets don't align. I've almost been in a few accidents where I want to turn left and the other side does too. The streets overlap and it's dangerous
M	65+	Unaf	N	6-10	Morgan Hill	2	Kids on ebikes fly down the road especially where I live in morgan hill. The speeds thy're capable of are equal to motorcycles. Maybe should be treated as such
F	35-44	Dem	N	6-10	Morgan Hill	2	We are behind in developing additional roundabouts, traffic lights, and pedestrian/bike crossings on roadways with increased traffic and housing density.
M	35-44	Dem	N	6-10	Morgan Hill	2	County road 10.5 is a nightmare, people speed constantly, make illegal turns out of the west side of Morgan Hill, and make illegal u turns.
M	45-54	Oth	N	6-10	Morgan Hill	2	No bike lanes. Difficult for us to leave our neighborhood because the bigger streets do not have safe bike lanes for small children
F	18-34	Unaf	Y	Less 5	Northridge	2	Tons of bikers take Briggs all the way up the hill past the Northridge neighborhood. There's not even a shoulder for them to bike on and visibility is poor as the hill also curves around a corner. Please prioritize making this a safer area to bike.
F	35-44	Unaf	Y	Less 5	Northridge	2	County line remodel and bike lanes. This is a major artery north/south and now too narrow and slow

M	35-44	Unaf	Y	Less 5	Northridge	2	Why does county line road no longer directly connect to highway 7?! That was the most direct way to many services like King Soopers and Home Depot. Now people have to cut through the adjoining neighborhood to the east, making it unsafe for the residents. Terrible terrible decision.

M	35-44	Unaf	N	Less 5	Northridge	2	More posted speed limit signs. Briggs St in old town is dangerous. Lots of people moving around and lots of car traffic moving too fast. Especially the new cross walk out front of Lucille's. With all the parked cars, you cannot see anybody getting ready to cross until they walk in front of you. This definitely needs better-light up cross walk signs that flash when someone pushes the button.

As a result, my road, Fletcher Dr in Northridge is aligned with Mercedes making a cut through that isn't really a cut-through. I constantly have to watch to make sure children are not in harms way as cut-through traffic speeds through our neighborhood to get from point a to point b. We have no sidewalks. We were never designed to be a connective road. The growth hurts us. Please don't sacrifice older neighborhoods for newer ones.

F	55-64	Dem	Y	11-20	Northridge	2	The traffic around the schools is awful and now adding more housing is a disgrace! As a parent I worry about all of the people near the schools. The traffic is already congested and now adding more multi housing makes it worse. I keep wondering why so much near the schools. As a parent having apartments near a high school and a peek-8 makes me nervous! The turn over in apartments is atrocious and not knowing who is there I do t want my kiddo now to walk to the neighborhood school. So u fortunate! I am concerned for safety of the kids in more ways than one.
M	45-54	Rep	Y	11-20	Northridge	2	The County Line Road project was and still is a disaster. Further mitigation needs to be taken to prevent illegal U-turns out of Morgan Hill crossing CR 10.5 at Mercedes Road. While it may feel extreme, this exit out of Morgan Hill should be closed.
M	55-64	Unaf	N	11-20	Northridge	2	Condition of existing roads seems to be deteriorating, maybe because so much is being spent on growing Erie's tax base.
M	55-64	Unaf	N	11-20	Northridge	2	Please remind bicyclist and E bike riders they are supposed to follow the rules of traffic and that includes stopping at stoplight and stop signs. Why do we allow them to ignore the rules of the road?
F	65+	Dem	N	11-20	Northridge	2	There needs to be rules regarding e-bikes and e scooters. These should include speed and basic rules for sharing paths with walkers.
F	55-64	Rep	N	11-20	Northridge	2	Need public awareness and clarity re where golf carts and e-bikes are allowed. Distracted drivers and joyriders(fast young riders!)
M	65+	Rep	N	11-20	Northridge	2	More focus on roads and downtown parking. The town has studied this issue to death with no results. I'm tired of consultants telling us what we need and no action as a result. Time for those in our administration to resign.
M	65+	Rep	N	11-20	Northridge	2	The Erie Neighborhood Speed Management Program has essentially transferred governmental public safety responsibilities to the citizens. The result, a reduction of traffic enforcement in areas of residential concern because we can no longer just call dispatch to seek police traffic services. The town staff require following the burdensome steps in the policy.

F	55-64	Dem	Y	More 20	Northridge	2	Yes, the new light by the Lowes and Arapahoe needs a permanent arrow for turning into the Lowes/King Soopers shopping center. I avoid it like the plague.
F	45-54	Unaf	N	More 20	Northridge	2	Restrictions on any form of electric transportation. License required for all including E-Bikes. Safety is a huge concern with them as well. Have almost hit several children who do not know or follow traffic laws.
F	45-54	Unaf	N	More 20	Northridge	2	Too many people, too much constant road work after developments begin construction, how does Erie not force developers to think of traffic management and force them to pay for this beforehand to minimize traffic inconvenience

M	18-34	Rep	N	More 20	Northridge	2	If you stop building houses you will have less traffic issues because there is less people. Regarding road changes, putting in round a bouts in stupid places is not smart. Putting the construction in in front of Erie elementary was not necessary. The intersection being put in in front of Aspen Ridge is not good and should be revoked as traffic will get extremely backed up when school is going through drop off and pick up. Also re-increase town speed limits to what they were 1 year ago. County road 5 should be 45 mph south of Erie parkway, Erie parkways should be 45-50 mph. Everything needs to be raised to what it was.
F	55-64	Rep	N	More 20	Northridge	2	E-bikes are crazy; they can go as fast as a slow car and there are no regulations on them. Kids don't understand road safety when driving fast. Don't understand the narrowing of County Line or the circle going in when its our one major road through town.
F	55-64	Rep	N	More 20	Northridge	2	The mess you made in front of Erie Elementary school and Cty Line Rd are your biggest mistakes.

I can't ride my tractor on a sidewalk, but some guy with a kid in the back can whip by at 30 mph while I'm Walking my dogs, or with my kiddo. Put the MOTORIZED vehicles on a street, build them their own lanes, but stop letting chaos happen
M	35-44	Unaf	Y	Less 5	Old Town Erie	2	For pedestrians and cyclists I would like Erie to focus on creating over or underpasses for sidewalks and bike paths at critical intersections. For example, it was a shame that Erie didn't choose to invest in an underpass for the bike path that crosses county line road near the train tracks when the ripped up the road this past year. It would have connected old town to the neighborhoods on the west side of county line. Something that would be especially useful for families with younger children.

F	45-54	Unaf	N	Less 5	Old Town Erie	2	Briggs St seems to have turned into a drag strip recently. More VISIBLE speed limit signs or possibly speed humps are needed to slow people down. Children on electric vehicles are a growing risk. Many of these youth seem to have no knowledge of the rules of the road or right of way. Frequently see young teens piled onto these with no cares in the world. Electric motorized vehicles need to have stricter rules of where they can ride and how fast the can ride on sidewalks.

F	45-54	Unaf	N	Less 5	Old Town Erie	2	I may be naive, but wouldn't it be a good source of revenue to put up cameras to catch those who speed 8+ miles over the speed limit and run red lights? I have seen too many close calls with people speeding, tailing, and being distracted - I worry it will take multiple fatalities for road issues to be taken seriously. I wish there was a number to call (like a 311) when someone witnesses a reckless driver. Many of these reckless drivers - from what I've observed - are residents and teens in BMWs or other high end cars, commuters going to/from Boulder, or poorly maintained cars/trucks that aren't worried about getting scratched or dented (what many would stereotype lower income households to drive, which is one of many reasons I am wary of affordable housing in Erie since I've had at least 2 instances where such cars followed me to my neighborhood after I honked at them for cutting me off)
F	55-64	Unaf	N	Less 5	Old Town Erie	2	The intersection of Highway 52 and the west frontage road is terrifying. I see near misses there at least twice a month.

M	18-34	Dem	N	Less 5	Old Town Erie	2	Bikes and E-bikes consistently disregard traffic laws, rider laws, and are just a general nuisance
F	35-44	Dem	N	Less 5	Old Town Erie	2	The construction traffic because of the Cheesman project has been extremely frustrating, and construction vehicles themselves have almost collided with me on multiple occasions. M	45-54	Unaf	Y	11-20	Old Town Erie	2	There is no main artery that runs north south. Bringing Bonanza through to vista prkwy could help. Traffic circles are great when they are proportioned well, equipped with turn lanes/ shoulders and have good visibility. More arterial roads and less mixed media roads to convey traffic through town. If powers connects to county line it will destroy the harmony between community park, library and rec center and decrease safety significantly.
M	45-54	Unaf	Y	11-20	Old Town Erie	2	Traffic can be minimized with a switch to a more traditional neighborhood design: rear-alley garage access, mixed-use zoning, walkability, and human-scale design.

I'm not one to tell kids to "stay off my lawn" but children, tweens and teenagers pose a significant risk to others on these paths for pedestrians, cyclists and dogs. This is a real issue that expands beyond these paths. I often see blatant disregard and respect for traffic rules and the safety of their own lives and unintentional consequences for others that could end in tragedy.

F	55-64	Dem	N	11-20	Old Town Erie	2	Drivers coming down Erie parkway (Colliers hill) have road rage! I have been honked at/swerved at - a man literally passed me and then started to back in to me intentionally because I wasn't going over the speed limit! New people here are very angry and violent drivers! Police need to be watching Erie parkway in the morning because there are so many people speeding and driving out of control it's ridiculous! Put signs up that say slow down! You can't be pedestrian/biker friendly if people are driving 60mph on the parkway!
F	18-34	Unaf	Y	More 20	Old Town Erie	2	The fact that emergency vehicles cannot access the elementary school if theyre coming from the south, aka where the police station is located. Adding the median just made a mess.

I do not want to see the town slowing traffic to a crawl because we were chasing development dollars. Don't bubble wrap the town in safety nets because of past financial incentives. That said, the e-bike increase is a menace for everyone involved. Regulation on this is prudent.

The arrogance of the people on bikes are walking that have no respect for vehicles and want to just control and have them stop because they can't wait just a few seconds put one of them damn flashy light things there if you're so excited about having traffic stop for bicyclist and pedestrians

F	35-44	Unaf	Y	6-10	Old Town Erie	2	The intersection of Moffit and Main in Old Town is extremely dangerous for those going south on Main to Moffit. There is a large overgrown tree on the east side of Moffit and cars consistently on the west side of the intersection, making it impossible to safely pull forward. This needs to be a four way stop.
F	35-44	Unaf	Y	6-10	Old Town Erie	2	There needs to be something done about the dirt bikes on the side walks and walking trails. These bikes are fast enough to be on the road they should not be on the same pathway as pedestrians. If they hit child, the child could die.
M	35-44	Unaf	Y	6-10	Old Town Erie	2	We should keep e-bikes off the walking paths. Too many people drive their bikes at a very high rate of speed endangering pedestrians, especially children. Many of the e-bike riders do not appear to respect pedestrians.

F	55-64	Unaf	N	Ref	Vista Ridge Master HOA	2	already made. Affordable housing is of course important, but today's Erie definition of affordable housing is "can people afford to pay X dollars from their monthly income." The important question you keep missing is to ask yourself "how would I feel if I needed to look for affordable housing? Do I want a "Willoughby" scenario where I'm stacked with hundreds of other families in a tight knot? Do I want to continue to live a Section 8 situation? Or would I like a nice small home with a picket fence and a small green yard and a tree where my kids can play. Yes, I'm channeling George Bailey from "It's a Wonderful Life" on purpose right now, because you guys continue not to get it. No one wants to live in the affordable housing of today. Sure, many are grateful for that roof over their heads, that their children are safe. But I guarantee you people don't always feel great when they must be grateful. But let's fast forward 30-40 years. How does that affordable housing look? Is it overrun? Is it kept up? Is it a neighborhood that attracts those hard working Erie people you want? Is it a place people want to live or the only place they can afford? And yes there's a difference. My family was horribly poor and we lived in an alley house behind a nice lady. No matter where we went in town, we always knew we were poor because of where we lived. I have never forgotten it to this day. I would rather have lived in the country hidden away than in town where everyone knew — but of course we couldn't afford a car, and the alley house was across the street from the grade school. You are leaving this feeling of continuous poverty out of your equation. On the other hand… If the Town is willing to build a community itself, or accept a builder to come in and build a tiny version of Erie Village (for example), or at least small separate homes with cute front porches and — wow! — views of the mountains? And a park? And 2 trees for each house? Better yet, build these types of homes

Trash trucks should not be on Erie Parkway as they speed do not follow traffic laws and have almost hit pedestrians, especially children on their way to and from soaring Heights and Erie high school.

M	65+	Unaf	N	Less 5	Westerly	2	Love the way left turn traffic signals go from green to flashing yellow, so we don't have to wait a full cycle to make a left turn. However, even though the left turn has a flashing yellow light which already makes it easier to turn left, if someone enters the left, turn pocket, the light for oncoming traffic will unnecessarily turn red to give the left turn pocket a green light. Since the left lane already has a fashion yellow light, oncoming traffic does not typically need to be stopped. Traffic is not usually heavy enough to require that oncoming traffic be stopped just to allow the left turn. Hate that.

F	18-34	Dem	N	Less 5	Erie Commons	3	Given the rate of growth Erie has had and seems likely to maintain, continuing to invest fully in car based infrastructure will be unsustainable in the long run. M	35-44	Dem	N	Less 5	Erie Commons	3	Underage e-bike use on paths is getting out of control. Many of the bikes in use violate the class restrictions. Most don't even have pedals and go well over 50mph making them electric motorcycles being operated by minors. Particularly in the old town/erie commons neighborhoods it is getting really unsafe. Kids are cutting through yards and parks, riding with no helmets, speeding, blowing through stop signs. I've been an avid electric scooter/skateboarder for over a decade and even I am starting to get astonished at the lack of safety and blatant disregard for traffic laws. I'm not old. I'm a 40 year old thrilled seeker and healthcare professional. One of these kids is going to die or be catastrophically injured eventually. Just a matter of time.
M	35-44	Dem	N	Less 5	Erie Commons	3	Usually pretty good, just with more traffic comes more problems for pedestrians
F	65+	Dem	N	Less 5	Erie Commons	3	Design on Countyline Rd between elementary and middle school does not seem like it was designed with the real world in mind. It's major roadway with major problems with congestion. It is not safer for kids or pedestrians. There needs to be an age limit and mandatory classes for children riding e-bikes. More street lights in Old town. Lessons for adults for how to use round-abouts.
F	65+	Dem	N	Less 5	Erie Commons	3	Speed, distracted driving, kids on motorized bikes and scooters, and finally lack of respect for laws. ie. not stopping at stop signs.

O	35-44	Unaf	Y	11-20	Erie Commons	3	Simply the volume of traffic makes it all more dangerous. The increase of sidewalks and connectivity is great. One thing that's dangerous is when new high volume traffic spaces develop, there isn't always modifications of pedestrian ways to match. For example, the parking lot for the baseball fields on Maxwell. The parking lot went in, and brought a TON of traffic to the neighborhood there. Something as simple as no parking signs at the corners of Garner and Maxwell would make a huge difference. Now, the cars park all the way to the corner, making pulling out of the street, or pedestrian crossing, very difficult. A crosswalk would be nice, but probably excessive, but at the very least restricting parking for visibility would make a dramatic difference
F	45-54	Unaf	Y	11-20	Erie Commons	3	Children in e-bikes are a safety concern. Many of them do not follow the rule/signs on the roads. Are they supposed to ride on the street or sidewalks?
F	45-54	Unaf	Y	11-20	Erie Commons	3	County line road by Erie el is unsafe and needs to be redone
F	45-54	Unaf	Y	11-20	Erie Commons	3	Crosswalk at 119th roundabout should have a signal as it is difficult to see pedestrians until you are right on top of them when headed east thru the roundabout.
F	45-54	Unaf	Y	11-20	Erie Commons	3	E-bikes/e-motorcycles are flat out a nuisance in the community! Damage to town parks and facilities is evident. They are a danger to pedestrians and vehicles alike! Out of control!
F	45-54	Unaf	Y	11-20	Erie Commons	3	The Austin roundabout seems like a terrible idea, particularly because of the proximity to the school and the pedestrian and cyclists that use the intersection. A pedestrian overpass or underpass to cross County Line would be outstanding and promote more eco-friendly commuting. Although I'm generally in favor of roundabouts, I just don't see the advantage here.
F	45-54	Unaf	Y	11-20	Erie Commons	3	The biggest problem with e-bike safety is young kids and teens not following the rules for driving on the roads, crossing the street, speed and number of passengers. I don't know what role the town plays in helping with this but I believe someone will die if something doesn't change.

M	45-54	Unaf	Y	11-20	Erie Commons	3	Erie parkway routinely sees traffic in excess of 50mph. This street cuts the town in half. Please consider reducing the speed limits to something actually survivable a child gets hit on their way to the park while crossing Erie parkway. A pedestrian overpass would help. You asked about small town feel… slow traffic down so parents can feel safe in sending their children to the park, rec center and library.
M	45-54	Unaf	Y	11-20	Erie Commons	3	Highway 7 has become embarrassing - from potholes to the shifted ground / ramp near Bonanza, if feels like it should be our first traffic priority.
M	45-54	Unaf	Y	11-20	Erie Commons	3	Regularly changing speed limits leads to unsure behaviors
M	45-54	Unaf	Y	11-20	Erie Commons	3	The lack of shoulders, let alone sidewalks, along many roads in Erie make it unsafe for pedestrians. Sure, share the road for bicyclists, but I have even had Police force me into ditches because there is no shoulder. I have watched Erie get progressively more dangerous for pedestrians over the last 18 years. Places that used to see very little traffic now feel like playing Frogger. Further, even the areas that are mostly pedestrian friendly, like the multi-use paths when I do not see gas powered ATV's being driven on them, are terrible in the summer since there are no shade trees along the paths despite our being a Tree City USA town.

F	35-44	Dem	Y	11-20	Erie Commons	3	There do not appear to be any rules/laws for operating e-bikes and scooters. They are used in all roads, trails, and sidewalks and operated by children without any training or protective equipment. Unsafe driving habits have contributed to decreased safety for everyone.
F	35-44	Dem	Y	11-20	Erie Commons	3	We need regulations around e-bikes. Age restrictions, license requirements, speed limits on sidewalks, enforcement of helmets.
M	35-44	Dem	Y	11-20	Erie Commons	3	Taking away "lane space" from vehicles (high volume of traffic) to allow for bike lanes (very low volume) is a waste of time, money, and roadway. M	45-54	Dem	Y	11-20	Erie Commons	3	I like the round abouts and think the safety has decreased just due to volume. I think progress the city has made had prohibited it from being unbearable. Kids on motorized bikes and scooters within the neighborhoods provide the most dangerous development of all. They don't know the rules of the road and run stop signs and dart in front of cars all the time.
M	45-54	Dem	Y	11-20	Erie Commons	3	Programming lights to change for lower volume feeder roads into higher volume major roads is really tough on those of us that use the major roads to get to places more quickly. Most small towns use a timer system where once a vehicle on a feeder road arrives at a stoplight, a timer starts to countdown, giving priority to the higher density roads. In Erie, as soon as these sensors are activated on feeder roads the light changes. So dumb.
M	55-64	Dem	Y	11-20	Erie Commons	3	No dedicated bike lanes, or they are ignored

M	45-54	Unaf	N	11-20	Erie Commons	3	I'll admit to speeding myself, but there are MANY more people that go faster than me and I don't see enough enforcement of speeding. Also the traffic lights are too happy to change the instant someone pulls up from a side road. I think there should be at least a 5-10 second delay in case someone is turning right.
F	55-64	Unaf	N	11-20	Erie Commons	3	Kids with E bikes not following rules of the road. A safety course needs to happen for riders under the age of 15. Charge parents 25 bucks for this course and the riders would get a E bike riders license which could be digital on their phone
M	55-64	Unaf	N	11-20	Erie Commons	3	A program needs to be put together to educate parents on what an E bike is, what the classes are, and what the proper/legal rules are. M	45-54	Rep	N	11-20	Erie Commons	3	Children in e-bikes is a problem. They are going a fast as motorists, are driving in unconventional traffic patterns, are not offering traffic laws, and are untrained in traffic/ driving rules and laws. If will take a tragedy for something to be done, but by then, at least two families lives will be ruined.
M	45-54	Rep	N	11-20	Erie Commons	3	E. Bikes are a terrible problem in the sidewalks and paths. They make it more dangerous for pedestrians

M	65+	Rep	N	11-20	Erie Commons	3	I'll try putting this here. A big traffic issue is kids on e-bikes and scooters that just blast out in front of cars causing near accidents. F	45-54	Unaf	Y	More 20	Erie Commons	3	The landscaping in roundabouts is too tall to see oncoming traffic causing hazards. The CLR project hear the elementary and middle schools is a disaster. This was not the originally approved design and makes congestion much worse. No need for a roundabout at Austin! We need more dedicated bike trails. With the popularity of ebijes more people could commute to Boulder if there were safe connection trails.
F	45-54	Unaf	Y	More 20	Erie Commons	3	With increased population and traffic there are more accidents. But just comes with the territory. A focus on high accident areas and how to prevent them with turn signals etc is always good.
M	45-54	Unaf	Y	More 20	Erie Commons	3	Have you ever driven down Bonnell to the town building? The roads in all of Erie Commons are horrible.
M	45-54	Unaf	Y	More 20	Erie Commons	3	Removing perfectly good traffic lights for a round about is a complete waste of money.
M	45-54	Unaf	Y	More 20	Erie Commons	3	This town would benefit having a golf cart easement to cross the bridge and get to vista ridge. it's 0.7 miles of trail.
M	45-54	Dem	Y	More 20	Erie Commons	3	Only want to raise awareness that kids on electric motorcycles who dont think they need to follow traffic laws are becoming the norm. They tear through Lehigh Park (both on the grass and sidewalks) and blow stop signs in Erie Commons. F	55-64	Unaf	N	More 20	Erie Commons	3	Speeding in Erie has increased with the increase of homes and traffic. We have to leave town for jobs and most necessities (except dentists, chiropractors banks and nail salons). Also with young drivers through the neighborhoods. The intersection of Jarvis and Eichhorn by Leigh park needs a four way stop. With the park and pool, there is a lot of foot traffic. The E-bike and scooter situation is very scary. It's just a matter of time before a child is killed. I would suggest regular communication from the police regarding safety laws and clinics where our youth can learn safe driving practices. Also making helmets mandatory for all riders and hold parents accountable for their child's safety and behavior. Establish some proactive practices before someone loses a child or a child causes an accident. Consider putting flashing walking paths around our neighborhood schools so vehicles have to stop when there are pedestrians present. Have the town trim the vegetation and trees around the exit areas from businesses and schools so cars can see pedestrians and oncoming traffic. An example is the lavender bushes outside of WALGREENS or the low branch trees on busy streets where lots of vechicles exit, such as schools.
F	55-64	Unaf	N	More 20	Erie Commons	3	The street parking and traffic flow by the Aspen Ridge school needs to be addressed. The intersection is blind by the school crossing at the street intersection because cars are allowed to park right up to the corner and it is unsafe when kids are in the crosswalk because you cannot see them as a driver due to the parked cars.
F	65+	Unaf	N	More 20	Erie Commons	3	Drivers often ignore stop signs and other laws. Don't see much law enforcement to deter these behaviors,

M	45-54	Unaf	Y	6-10	Erie Commons	3	Arapahoe really needs to be 4 lanes from 119-287. Make 119th and Isabelle round about 2 lanes instead of one. Make Isabelle 4 lanes to 287. Stop reducing speeds!! Make any major thoroughfare 45mph. Arapahoe and Erie parkway could be sped up
M	45-54	Unaf	Y	6-10	Erie Commons	3	E-bikes are out of control. Way too many kids are doing 25+ on what are basically motorcycles (they're not even pedaling), all with no helmets. I own a pedal assist style e-bike and enjoy using it responsibly on trails and streets. I'd hate to see that curtailed due to lack of enforcement with the people causing problems.
M	45-54	Unaf	Y	6-10	Erie Commons	3	Kids on e-bikes, not sure if there's been any bad accidents, seems bound to happen with how fast they are and no restrictions on use which leads to them to do whatever going on sidewalks and through traffic. Arapaho out to I-25 seems like there's no plan, it's a mess.
F	18-34	Dem	Y	6-10	Erie Commons	3	The intersection in front of The Dugout is tricky because drivers seem to be unsure if it's a 4-way stop or a 2-way stop, and there are often many pedestrians crossing as well.

F	35-44	Dem	Y	6-10	Erie Commons	3	A push button flashing light is needed at the intersection on brights past cristos
F	35-44	Dem	Y	6-10	Erie Commons	3	During busy events, people often park on the streets too close to corners, making it difficult for drivers and pedestrians to see when negotiating the intersection or crossing the road. We need those sections of street marked as no parking zones. Examples: NW corner of Briggs and Maxwell Ave across from Cristos Coffee; Maxwell Ave where it meets Ferris Lane (tons of baseball parking)
F	35-44	Dem	Y	6-10	Erie Commons	3	It remains to be seen how the roundabout at the intersection of E County Line and Austin Ave will impact traffic. That strikes me as a very odd place for a roundabout. While not a terrible inconvenience, the new(ish) traffic pattern on E County Line between Arapahoe and Hwy-7 was also a "miss" in my opinion. It incentivizes drivers to go through a neighborhood and over time will likely increase congestion on Vista Ridge. With the anticipated population growth, I think proper city planning is going to be critical in the coming years. We must be able to accommodate more traffic while also ensuring safety for pedestrians and bicyclists.
F	35-44	Dem	Y	6-10	Erie Commons	3	Kids who can't even drive yet operating e-bikes that travel as fast as a car on public roadways without helmets. A deadly disaster waiting to happen.
F	35-44	Dem	Y	6-10	Erie Commons	3	We need better paths that connect all of Erie. Also, e-bikes and e-scooters, some go way to fast!
M	35-44	Dem	Y	6-10	Erie Commons	3	The Circle K walkways (along the South boarder of Erie Parkway)are dangerous to pedestrians. The vegetation blocks views of the peds from the drivers. It's scary to walk towards the NE. The left turn from E County Line onto Bonnell (towards public works) is dangerous. It's a 45 MPH road but you have to be traveling around 15 MPH to make the 90 degree turn. Someone is going to get rear ended. A turn lane would be a major improvement.
M	35-44	Dem	Y	6-10	Erie Commons	3	Waiting to see how the new roundabout on vounty line works out. Otherwise just people not following road laws at times. And kids on ebikes being dangerous

There is zero enforcement on public roads or bike paths. I've seen several very close calls. The rentals on Espinoza have created a huge traffic safety issue. The corners on both ends are dangerous because you can't see around the parked cars. You also can't see folks coming out of the driveways to the rentals around the parked cars. I've nearly been hit head on on numerous occasions when folks can't see and cut the corners. Large vehicles also can't pass each other any more if there's are cars parked on both sides. And I don't mean box trucks. Two F-150s can't pass at the same time.
M	35-44	Rep	Y	6-10	Erie Commons	3	Erie should have more accessibility for golf carts. Making Erie golf cart accessible to major areas reduces traffic, better for the environment, safety, helps parking. Erie should be like PeachTree City in GA.

F	35-44	Rep	Y	Less 5	Vista Pointe	3	With all the new housing going up, the streets will wind up being too congested. County line should have been made into two lanes before the construction of everything that is planned at the corner of county line and Erie parkway. Especially since they just redid the streets and are now putting in the circle at Austin. With all the in and out traffic that will come from those developments, one lane will make it very stop and go and dangerous. And there are not really any other options to exit that area to the south.
M	65+	Unaf	N	Less 5	Vista Pointe	3	1) There are continuously flashing Pedestrian Crossing signs at the Vista Parkway crosswalk near the entrance to Colorado National. Since drivers always see the signs flashing it becomes part of the background. I think the signs should be changed to a model that only flashes when a pedestrian pushes a button to cross or a sensor detects a pedestrian at the crosswalk. The same type of Pedestrian Crossing signs should also be added to the other crosswalks along Vista Parkway. I'm sure there are other crosswalks in town like the one on E County Line and Erie Loop Trail that would improve Pedestrian Crossing safety on busier roads.
M	65+	Unaf	N	Less 5	Vista Pointe	3	Vista Parkway needs repaving and Mountain View Pkwy needs a lower speed limit (it has many children on bikes and is has too many curves and hills for a 35 mph limit)

M	35-44	Unaf	Y	11-20	Vista Pointe	3	The constant traffic and congestion causes drivers to be stressed and then more aggressive. Traffic enforcement is not the issue, there are too many people trying to take too few routes.
M	35-44	Unaf	Y	11-20	Vista Pointe	3	The Countyline removal to HWY 7 pushes a ton of traffic to Vista pkwy. This increases traffic on Arapahoe to 287 as well.
F	45-54	Unaf	Y	11-20	Vista Pointe	3	Bicycles are not safe on narrow roads and roads that have speed limits over 30 mph. They cause a risk to cars that have to move over into oncoming traffic to avoid the bicycles. Bicycles should be restricted to use on appropriate and designated safe bike lanes not the shoulder of roads. It is unsafe for motorists and cyclists. Specifically on Mountain Vista and other similar streets that now have more traffic.
M	45-54	Unaf	Y	11-20	Vista Pointe	3	Roads are becoming a mess. This is becoming my #1 issue and it's that Erie can't plan ahead and see the impacts of these decisions. E-bikes are becoming a nightmare for both pedestrians and cars. Someone is going to get killed.
M	45-54	Unaf	Y	11-20	Vista Pointe	3	We need more clarity on the use of multi-use paths by non-pedestrians. Cyclists, and especially e-bikers, should have a set of guidelines or maybe even rules to control their movement. They are fast and silent. Some are courteous and safety minded. But the other ones that aren't have no regard for courtesy on the trails, sidewalks, or streets. In fact, they create dangerous situations at times that require anyone around to be particularly cautious not know what they're going to next. Also, there are many small motor scooter riders that are even worse. As bar as e-bikes are concerned, my issue with the riders is mainly inexperience. I'm an avid cyclist and I can't tell you how often I encounter an e-bike ride on places like coal creek trail that look like the are scared to be there.

M	45-54	Oth	Y	More 20	Vista Pointe	3	The curbs on county line road South of jay/jasper road are square and pointy. Particularly when there is snow these are regularly taking out people's car tires and suspension. The first snow of last fall I was at discount tire and they told me they had seen 11 vehicles that morning for destroyed tires and rims and or with damage suspension turning off county line road near Erie Middle School. Who designed those curb layouts?

F	45-54	Unaf	Y	6-10	Vista Pointe	3	After the closure of County Line Rd from Hwy 7, tVista Pkwy is being used by commuters as a thru street. It's extremely unsafe. A car flipped over at one of the roundabouts it was going so fast. Speeds must be reduced ans enforced (or better yet traffic diverted away from) Vista Pkwy. The new traffic circle at Austin was a nice idea but is going to be a huge mistake. School traffic is going to block the roundabout which will mean no one can move in any direction (before just the turn lanes). Kids cross frequently there on bikes ams on foot and now will not have the protection of lights to stop traffic. Yikes. I love the roadwork in front of Erie ES. We need more of that.
F	45-54	Unaf	Y	6-10	Vista Pointe	3	Looking forward to expansion of bike path to Boulder. Encourage more ridership/ public transportation.
F	45-54	Unaf	Y	6-10	Vista Pointe	3	The number of children on e vehicles is extremely dangerous. No e vehicle, bike/scooter should be on a sidewalk or path. If it isn't powered by a human you need to be on the road.

The fact that we have not had a youth fatality is nothing short of a miracle. I mean a miracle. This is just a matter of time. There are also multiple intersections that for whatever reason do not have or initiate with protected left turns.

F	35-44	Unaf	Y	Less 5	Vista Ridge Master HOA	3	Within the neighborhoods that people use to cut through town, it would be nice to consider speed bumps like Visat Pkwy and Mountain View Blvd. With all the new development between Sheridan Parkway and Vista Parkway it would be nice to find safer and better ways to share the road with pedestrians and cyclist. I often see a lot of middle school or highschoolers on scooters and bikes with their friends but since that area is so congested with cars in and out of shopping places were not always mindful of the pedestrians, especially with the larger bushes or trees they get and put in place and grow well That also don't get trimmed enough to see around the corner easily.

M	35-44	Unaf	Y	Less 5	Vista Ridge Master HOA	3	The huge numbers of higher density homes being built right now will lead to a significant increase in traffic that our roads aren't designed for. Much if not all of the new building is residential only rather than mixed use, which means everyone will need to drive everywhere rather than being walking distance to some places they would want to go. This makes the traffic problem worse.
F	45-54	Unaf	Y	Less 5	Vista Ridge Master HOA	3	Children on e-bikes are a major issue. Riding too fast on sidewalks with people walking, driving them on the street but following no driving laws and reckless driving on the e-bikes
F	45-54	Unaf	Y	Less 5	Vista Ridge Master HOA	3	People drive so fast on Mountain View, sometimes it's hard to pull out from the side roads. I live right next to a stop sign on pine and Lodgepole. Half of the people never stop, even don't slow down,
M	45-54	Unaf	Y	Less 5	Vista Ridge Master HOA	3	Highway 7 (Baseline Rd) in and around King Soopers/Vista Ridge has extensive cracking and potholes and needs immediate attention.
M	45-54	Unaf	Y	Less 5	Vista Ridge Master HOA	3	Mountain View and Vista Parkway intersection roundabout has weak sight lines and reasonably high speed entrances. Pair that with people who don't understand the way roundabouts work and it becomes pretty dangerous. For cars, definitely, but walking across those intersections is pretty scary too. There should be more pedestrian crossings with signals they can control in vista ridge. Lots of walkers and it isn't a sure thing that you'll be seen at night. Lastly, some ordinances on whether motorized scooters and e-bikes can use trails and sidewalks should be add (if there already are some on the books, there needs to be signage and enforcement) kids are the worst with this. They aren't aware of norms and can be super reckless.

M	35-44	Dem	Y	Less 5	Vista Ridge Master HOA	3	With the exception of Coal Creek, the north-south biking/pedestrian infrastructure in Erie is poor. The speed limits chosen across town does not seem to have internal consistency, or at least it is not obvious with its respect to pedestrian safety.

F	18-34	Rep	Y	Less 5	Vista Ridge Master HOA	3	The school zone for Black Rock Elementary on Skyline Drive should be extended past the Vista Ridge pool entrance all the way to Mountain View Boulevard. Many children walk this route to and from school, and it lacks adequate safety measures. A marked crosswalk should also be added at the Skyline pool entrance, as this is a common crossing point for students. Additionally, the speed limit on Mountain View should be reduced to 30 MPH to improve safety near neighborhoods and school routes. Residential streets within Vista Ridge would benefit from a speed limit reduction to 20 MPH, along with the installation of speed bumps and clearer signage. These changes would significantly increase safety for children and families and help reduce ongoing speeding and traffic concerns throughout the community.
M	18-34	Rep	Y	Less 5	Vista Ridge Master HOA	3	There are some weird intersections in south Erie. The new light by the King Soopers is sort of in the right direction but kind of misses the point since the main exit from the king Soopers is past it to the south. Otherwise most things seem fine. The city should make active attempts to update its utilities as it redoes roads though. The city will eventually need to replace things and doing it slowly over time will offset major costs and disasters while ensuring the city can facilitate things like fiber internet service and more modern services.

F	45-54	Unaf	Y	11-20	Vista Ridge Master HOA	3	We need a safer route for commuters to get from Highway 7 to Erie. This is a huge problem! We can create opportunities for businesses to thrive in Erie and increase sales tax by making it easier to get into Erie!! Vista ridge has become a main access road - right past the community pool and homes! It's not safe. County Rd 5 is over crowded and not safe. Dump road (to the high school) is dirty and congested with trash trucks. Erie has really neglected safety concerns for residents and visitors! These roads should have been revised years ago!
M	45-54	Unaf	Y	11-20	Vista Ridge Master HOA	3	Again: stop dropping our speed limits. It does nothing but address an imaginary problem in search of a solution. The roads into Erie do not need to be this low speed, it helps nobody.
M	45-54	Unaf	Y	11-20	Vista Ridge Master HOA	3	Giving people tickets for not coming to a full stop where Sheridan meets WCR 4 does not seem like it improves safety. It's either a cash grab or a misappropriation of police resources... Possibly both. Consider engineered solutions for speed control on WCR 5 such as rumble strips with the new lower speed limit. Bicycle and pedestrian traffic routes could / should be established along WCR 5 to better connect Vista Ridge.
M	45-54	Unaf	Y	11-20	Vista Ridge Master HOA	3	Infrastructure efforts to change driving habits need balance (I.e. roundabouts and medians/restricted lanes) - does creating traffic contribute to a small town feel? M	45-54	Unaf	Y	11-20	Vista Ridge Master HOA	3	On Vista Parkway from Vista Ridge to the other side of the road there is a dirt path where maybe a few hundred people walk every week and it's a safety problem because there is no warning for drivers to slow down at that section. F	45-54	Dem	Y	11-20	Vista Ridge Master HOA	3	We need CR1, or a new direct road running North to South through central Erie. Forcing ALL traffic through neighborhoods is unsafe. There's a lot of unsafe driving through the neighborhoods. Traveling to I-25 or HWY 287 are not reasonable options.
M	45-54	Dem	Y	11-20	Vista Ridge Master HOA	3	Kids on ebikes and electric motorcycles all over at least vista ridge. I've personally had to slam on my brakes to avoid 3-4 of them this summer as they go flying through stop signs, intersections, or crossing streets in random spots.
M	45-54	Dem	Y	11-20	Vista Ridge Master HOA	3	Weld county road 5 is becoming very busy feeding into the intersection at Sheridan and Highway 7
M	55-64	Dem	Y	11-20	Vista Ridge Master HOA	3	Use roundabouts!! they save gas, save time and keep traffic moving.
F	35-44	Rep	Y	11-20	Vista Ridge Master HOA	3	Already previously mentioned in other areas of the survey. I also feel that kids on e-bikes are becoming a serious issue as they don't know the rules of the road. They fly through intersections when they don't have the right of way and are a threat to pedestrians when they ride on sidewalks often going 20+ mph.
F	35-44	Rep	Y	11-20	Vista Ridge Master HOA	3	The road between Vista Ridge and the high school (dump road) gets very backed up, heavy traffic, not great for getting around during prime time.

F	45-54	Dem	N	11-20	Vista Ridge Master HOA	3	Kids on E-bikes and scooters ride on the sidewalk along Mountain View and shoot across the intersections without looking. Because the sidewalk is back from the road and there are trees, you cannot see them coming at 20+ mph! Multiple times now they've shot out in front of me while I'm turning right onto Hickory or Primrose. What if you put a stop sign on the sidewalk? My parents neighborhood has that for all sidewalks that are disconnected from the street itself and I think it encourages traffic safety by bikes.

F	65+	Dem	N	11-20	Vista Ridge Master HOA	3	Traffic on Mountain View has gotten very noisy for residents whose homes back up to the parkway. Cars accelerate up the street are often very loud. Is there a way to slow down or reduce traffic on Mountain View?
M	65+	Dem	N	11-20	Vista Ridge Master HOA	3	E-bikes on sidewalks and walking trails are dangerous to pedestrians and runners/joggers
M	65+	Dem	N	11-20	Vista Ridge Master HOA	3	On affordable housing, that 30% number is ridiculous. We paid 60% of our take home pay for our first house. These young people today have no idea what it means to sacrifice for what you value. As far as traffic and such, the speed limits are WAY too low on a lot of streets around here. Weld 5 should be 50 mph and you've got it at 35, probably so you can get ticket revenue. Weld 8 is another that should be 50 mph. And what's with all the traffic circles? Do you know how difficult it is to negotiate those if you're in a fire or trash truck? How much those heavy vehicles tear up the roads when they put all the side stress on the pavement as they turn? It's also time to close the landfills. You've got a lot of people living right up against them. We've got no idea what those are going to do to our underground water. You could be affecting kids (and adults) health. And the smelly fracking needs to stop too. You've got vents venting those underground gasses right next to neighborhoods full of people. What are you people thinking? ARE you thinking?
F	45-54	Rep	N	11-20	Vista Ridge Master HOA	3	In addition to the traffic issues I already mentioned, this isn't necessarily something the town can address, but there seems to be a virtual epidemic of young children riding motorized scooters, particularly on the sidewalks. I cringe whenever I see it because it's very dangerous to everyone for an eight or nine year-old child to be basically driving a vehicle. They don't have the maturity or judgment to be safe doing that.
F	45-54	Rep	N	11-20	Vista Ridge Master HOA	3	Weld County Road 4 consistently has speeding cars that can be heard from within the surrounding neighborhood.

F	35-44	Unaf	Y	6-10	Vista Ridge Master HOA	3	Vista Parkway and Mountain View through Vista Ridge has gotten very dangerous since County Line Rd closed. There is so much speeding, it makes it hard to make a left turn where Vista Parkway is 4 lanes and cars are speeding around curves, and it's unsafe to cross because you're already in the road before speeding drivers come around the curve and see you. Police speeding enforcement is greatly needed. There needs to be safer walking paths in Vista Parkway for Black Rock Elementary School kids. It's not safe for them to walk themselves if they have to cross Vista Parkway or Mountain View at any point, and with school hours being during the working day, it's difficult for parents to take their kids to school and creates and hardship. Our kids should not have to face safety concerns like this! Erie can do better with school cross walks. How about a stop light on both Vista Parkway and Mountain View that is only activated by a pedestrian crosswalk button? This would keep our kids safer, and would make it less desirable for people to speed through Vista Ridge to get to Hwy 7. E-bikes should not be allowed on sidewalks, and if they already are not, we need police to enforce this. It's dangerous for walking pedestrians and kids walking or biking on the sidewalk.
F	35-44	Unaf	Y	6-10	Vista Ridge Master HOA	3	Volume and speed of traffic through Vista Ridge is terrible now that County Line has been changed.
M	35-44	Unaf	Y	6-10	Vista Ridge Master HOA	3	Increased traffic volume on Vista pkwy with the closure of County Line. Many cars traveling 10-20 mph over the limit now as they pass through the neighborhood. Have to play trigger to cross Vista now.

F	45-54	Unaf	Y	6-10	Vista Ridge Master HOA	3	I am very frustrated by the continuous building of new home in Erie without fixing our roads. There are quite a few neighborhoods that have become VERY dangerous for our children, but really any pedestrian or cyclist to safely move around. Quite frankly, I'm very angry with the blow off we have all been getting about this specific problem. I don't care if we get a pool, bigger rec center, arts center or anything until our roads are safe
F	45-54	Unaf	Y	6-10	Vista Ridge Master HOA	3	Speed bumps on skyline are needed. Please move the utility box near Skyline and Sheridan as it obstructs the view of traffic driving South in Sheridan.
F	45-54	Unaf	Y	6-10	Vista Ridge Master HOA	3	We need Increased safety improvements for pedestrians and cyclists, trail connectivity, and transit options to reduce congestion. I'd like to see a lot more separated bike lanes on major roads.
M	45-54	Unaf	Y	6-10	Vista Ridge Master HOA	3	County Line Road changes were an epic fail. More land was used for a decrease in traffic that can travel down county line rd. I am all for safety but dedicating a full bike lane was a huge miss. Widening and extending sidewalks would of done the job just as well with leaving more room for traffic. There was also no need for a median in the road. This is wasted space.

M	45-54	Unaf	N	6-10	Vista Ridge Master HOA	3	It would be nice if the police department would enforce rules on trails/sidewalks. The golf carts are out of control in Vista Ridge, and typically are being driven by minors. Dog leash rules seem to be voluntary. And the e-bikes are getting way out of hand. These are basically e-motorcycles that are being driven by children on sidewalks and trails with no regard for others.
M	45-54	Unaf	N	6-10	Vista Ridge Master HOA	3	Slow the traffic in vista ridge and close the dump to get those big rigs out of the city
F	55-64	Unaf	N	6-10	Vista Ridge Master HOA	3	E-bikes any kids are a huge issue! That is what drove my comment the pedestrians and bikers are less safe. Kids are operating a motorized vehicle without knowing the rules of the road and without a driver's license.
F	55-64	Unaf	N	6-10	Vista Ridge Master HOA	3	The intersection at Mountain View Blvd and the Latitude neighborhood entrance has become dangerous when making a left turn or even for making a right turn. We have a large increase in speeding traffic with low visibility due to overgrown trees and shrubs in the median landscape. This traffic will become worse when the senior apartments are completed and occupied. We need a traffic light or speed bumps on Mountain View Blvd near the entrance to the Latitude Neighborhood.
M	55-64	Unaf	N	6-10	Vista Ridge Master HOA	3	Although I appreciate efforts like lowered speed limits, the upcoming roundabouts on County Line Road as well as the traffic calming that was installed in front of Erie Elementary, there is still more work that needs to be done to reduce speeding and increase safety for all residents, whether in cars or not. Lowering speed limits don't help as much when the design of the road itself says "go faster here". We need more safer crossings, actual protected bike lanes, and allowing residents to access schools, parks, and businesses without the need to always have to drive to them. The old policy of no speed bumps, etc. needs to be thrown away and much more traffic calming needs to be built into our current infrastructure. Also we need to provide much better options for pedestrians and bike riders to get to the places they want to get to.

F	65+	Dem	N	6-10	Vista Ridge Master HOA	3	A lot of road construction that makes it more difficult to get around. I personally hate roundabouts and yet there are more being built everywhere.
M	65+	Dem	N	6-10	Vista Ridge Master HOA	3	Doesn't seem like there is much in the way of bike lanes on any major roads.

F	55-64	Rep	N	6-10	Vista Ridge Master HOA	3	County line improvement in front of Erie Elementary made the street too narrow. Can emergency vehicles even get in if there were an emergency??
M	55-64	Rep	N	6-10	Vista Ridge Master HOA	3	Downtown Erie could benefit from better visibility on crosswalks. Downtown Longmont has the flashing pedestrian signs when pedestrians are in the crosswalk which is helpfully with cars parked parallel to the road.

M	35-44	Oth	Y	6-10	Vista Ridge-Blue Sky Condos	3	Bikes are vehicles that should be on the road in the lanes we pay through the teeth for. They're not pedestrians which is what sidewalks are for, I have had to dive out of the way of more than one adult bicycle rider on the sidewalk. Either change the law or enforce it please.
F	45-54	Unaf	N	6-10	Vista Ridge-Blue Sky Condos	3	Need better crosswalk lights from Lowell across Highway 7 onto Bonanza, or pedestrian bridge. Would live sidewalk along 7 into Lafayette- I think that's being done?
F	55-64	Unaf	N	6-10	Vista Ridge-Blue Sky Condos	3	Constant construction. What is happening now by Austin by the bike track? Lots of holes, and bad streets. Erie Parkway always busy.
M	55-64	Unaf	N	6-10	Vista Ridge-Blue Sky Condos	3	Not enough police presence to deter speeding
F	65+	Unaf	N	Less 5	Vista Ridge-Heritage	3	Traffic does not stop at crosswalks in Vista Ridge. Need flashing light for same especially at crossings to parks and schools. Golf carts get more crosding protection than pedestrians in Vista Ridge

F	65+	Unaf	N	Less 5	Vista Ridge-Heritage	3	Yes. We have many in our community who disregard speed limits and traffic lights. In addition, there are a number of Vista Ridge residents who travel the community/city roads in golf carts with young children and no one wearing sealtbelts.
M	65+	Unaf	N	Less 5	Vista Ridge-Heritage	3	Highway 7: There is plenty of road surface, just needs to be restriped optimally. East bound road is terrible.

F	65+	Dem	N	11-20	Vista Ridge-Heritage	3	Vista Ridge - mainly a circle road which when you pull out there are no cars then immediately after you do, someone speeding is on your butt

M	45-54	Unaf	Y	Less 5	Vista Ridge-Latitude	3	I don't know that it is a town problem, but HWY 7 between I-25 and Coal Creek road (I think that is the new cutoff to get onto County Line) is a confusing mess. Lanes dissappear into turn lanes and there is no consistency in the number of lanes and the giant hump developing just to the east of Lowell is going to cause accidents (surely it is already causing undue wear and tear on vehicles) and Huron could be angled through that field that I am sure is about to be another subdivision so that it only needs one light @ HWY 7 instead of two and it should be two lanes in each direction plus turning lanes the entire way across to Lafayette.

F	45-54	Unaf	Y	11-20	Vista Ridge-Latitude	3	County line road project by EMS is not a great design in my opinion. First having a rule to go with the company that has the lowest bid is outrageous and you wonder why we have the issues we have during the construction phase. Closing roads down for long stretches of time has become less of an issue this past year but was ridiculous in previous years. The jury is still out of the roundabout at Austin and county line. But sometimes why fix it if it wasn't broken. Having less people in Erie's has the advantages of less traffic, less crowds at community events, less crime! Ticketing cars with loud mufflers or just loud cars in general would be great. Ticket the kids who speed and drive recklessly. Create more larger bike paths to decrease the foot and bike traffic from the roads for safety.

F	45-54	Unaf	Y	More 20	Vista Ridge-Latitude	3	Again, potholes everywhere. Debris everywhere in bike lanes or lack of bike lanes on some county roads and drivers not moving over or driving way too fast.
F	55-64	Unaf	N	More 20	Vista Ridge-Latitude	3	Vista Ridge -access to the high school and the dump through vista ridge on Alpine drive. The high volume of traffic/speeders (and loud mufflers) has made that road a busy speedway ever since the high school was built. The conditions of many of the roads are in big disrepair. theft and crime has increased immensely in the past 3-5 years.
F	35-44	Unaf	Y	Ref	Vista Ridge-Latitude	3	I've seen a real decrease in road safety in Erie. Bicyclists often take over lanes and create traffic hazards. Many crosswalks lack proper lighting, making it dangerous at night. Worst of all, I've personally witnessed drivers ignore school crossing guards and blow past their stop signs even while kids are nearby. It's alarming and needs immediate attention.
F	35-44	Unaf	Y	6-10	Vista Ridge-Latitude	3	Erie is NOT safe for pedestrians or cyclists. Roads and intersections near school are especially problematic. Drivers going from north Erie to south Erie to get to Rt 7 blast down Mountain View Drive without regard to speed limits or safety. For the safety of Erie residents, BRING BACK A DIRECT PATH TO RT 7 THAT IS NOT ON RESIDENTIAL ROADS!
M	45-54	Unaf	Y	6-10	Vista Ridge-Latitude	3	Yes! Add more traffic lanes for cars!!!
M	65+	Dem	N	6-10	Vista Ridge-Latitude	3	Fairway pointe drive and Mountain View could use a 4 way stop if not a traffic light. The trees on the south side mask north bound vegicles
M	35-44	Dem	Y	Less 5	Westerly	3	Throttle controlled e-bikes need to be banned for those younger than 18.
F	45-54	Unaf	N	Less 5	Westerly	3	E-bike regulation needs to be addressed. They fly down trails and sidewalks at speeds that exceed posted speed limits for cars. I see them cutting across parks and open spaces. Children under 16 are going as fast or faster than cars without consideration for regular bikes, pedestrians, animals or their own safety. Children under 12 are riding e-bikes in similar fashion without supervision.

T10. Each year, the Town Council must decide where to focus the Town's attention across a variety of services and programs. While essential services like police, water, sewer, and roads must always be maintained, there are many other areas that can enhance the quality of life in the community. With that in mind, on a scale of 1 to 5, where 5 means it should be a top priority and 1 means it is the lowest priority, how would you rate each of the following current or potential services or programs in terms of how much focus and effort the Town should dedicate to them? 73

T11. In 2021, the Town of Erie completed a Facility Strategic Plan that identified the top priorities for Town buildings. The current Erie Police Department is already at full capacity, and the expansion is estimated to cost $38.6 million before interest. This expansion is designed to meet future operational needs as the Town's population continues to grow from 40,000 to 66,000. Knowing that information, there are multiple ways for the Town of Erie to pay for the expansion and renovation of the police facility: 1) A property tax that would increase taxes by 4 mills, or $134 annually for a home valued at $500,000. This would need to be approved by voters. 2) A sales tax that would increase the Erie sales tax rate from 3.5% to 3.98%, or another $0.48 per $100 purchase. This would need to be approved by voters. 3) A Certificate of Participation (COP), which is a type of financing, like a mortgage, that does not raise taxes or need voter approval. The Town of Erie would need to pay back the financing with interest over time, and the funding would be prioritized from the General Fund. The Town estimates paying back COPs for this project at $2.5 million per year for 20 years. 83

T10. Each year, the Town Council must decide where to focus the Town's attention across a variety of services and programs. While essential services like police, water, sewer, and roads must always be maintained, there are many other areas that can enhance the quality of life in the community. With that in mind, on a scale of 1 to 5, where 5 means it should be a top priority and 1 means it is the lowest priority, how would you rate each of the following current or potential services or programs in terms of how much focus and effort the Town should dedicate to them?

T10. Each year, the Town Council must decide where to focus the Town's attention across a variety of services and programs. While essential services like police, water, sewer, and roads must always be maintained, there are many other areas that can enhance the quality of life in the community. With that in mind, on a scale of 1 to 5, where 5 means it should be a top priority and 1 means it is the lowest priority, how would you rate each of the following current or potential services or programs in terms of how much focus and effort the Town should dedicate to them?

T10. Each year, the Town Council must decide where to focus the Town's attention across a variety of services and programs. While essential services like police, water, sewer, and roads must always be maintained, there are many other areas that can enhance the quality of life in the community. With that in mind, on a scale of 1 to 5, where 5 means it should be a top priority and 1 means it is the lowest priority, how would you rate each of the following current or potential services or programs in terms of how much focus and effort the Town should dedicate to them?

Table 11

T10. Each year, the Town Council must decide where to focus the Town's attention across a variety of services and programs. While essential services like police, water, sewer, and roads must always be maintained, there are many other areas that can enhance the quality of life in the community. With that in mind, on a scale of 1 to 5, where 5 means it should be a top priority and 1 means it is the lowest priority, how would you rate each of the following current or potential services or programs in terms of how much focus and effort the Town should dedicate to them?

T10. Each year, the Town Council must decide where to focus the Town's attention across a variety of services and programs. While essential services like police, water, sewer, and roads must always be maintained, there are many other areas that can enhance the quality of life in the community. With that in mind, on a scale of 1 to 5, where 5 means it should be a top priority and 1 means it is the lowest priority, how would you rate each of the following current or potential services or programs in terms of how much focus and effort the Town should dedicate to them?

T10. Each year, the Town Council must decide where to focus the Town's attention across a variety of services and programs. While essential services like police, water, sewer, and roads must always be maintained, there are many other areas that can enhance the quality of life in the community. With that in mind, on a scale of 1 to 5, where 5 means it should be a top priority and 1 means it is the lowest priority, how would you rate each of the following current or potential services or programs in terms of how much focus and effort the Town should dedicate to them?

T10. Each year, the Town Council must decide where to focus the Town's attention across a variety of services and programs. While essential services like police, water, sewer, and roads must always be maintained, there are many other areas that can enhance the quality of life in the community. With that in mind, on a scale of 1 to 5, where 5 means it should be a top priority and 1 means it is the lowest priority, how would you rate each of the following current or potential services or programs in terms of how much focus and effort the Town should dedicate to them?

T11. In 2021, the Town of Erie completed a Facility Strategic Plan that identified the top priorities for Town buildings. The current Erie Police Department is already at full capacity, and the expansion is estimated to cost $38.6 million before interest. This expansion is designed to meet future operational needs as the Town's population continues to grow from 40,000 to 66,000. Knowing that information, there are multiple ways for the Town of Erie to pay for the expansion and renovation of the police facility: 1) A property tax that would increase taxes by 4 mills, or $134 annually for a home valued at $500,000. This would need to be approved by voters. 2) A sales tax that would increase the Erie sales tax rate from 3.5% to 3.98%, or another $0.48 per $100 purchase. This would need to be approved by voters. 3) A Certificate of Participation (COP), which is a type of financing, like a mortgage, that does not raise taxes or need voter approval. The Town of Erie would need to pay back the financing with interest over time, and the funding would be prioritized from the General Fund. The Town estimates paying back COPs for this project at $2.5 million per year for 20 years.
Knowing this information, how would you prefer the Town of Erie pay to finance the Erie Police Department expansion and renovation?

Table 19

The following housing questions discuss affordable housing in the Town of Erie. For this survey, it is important to understand that the Town of Erie defines affordable housing as housing that is financially manageable, that is, they are not spending more than 30% of their income on housing. Some of these households may receive subsidies to be able to afford this housing.

T16. In 2024, the Town of Erie completed a housing needs assessment that showed potential benefits of affordable housing policies. Knowing this, do you agree or disagree with each of the following statements:

A. Affordable housing helps make Erie's economy stronger by allowing more local workers to live in the same community where they work.

T17. Please read the two following statements,

A. The Town of Erie needs to increase housing density by building more townhomes, duplexes, or apartments, because additional housing units may create the tax revenue needed to cover the long-term costs of maintaining streets, water systems, and other infrastructure. Or… B. The Town of Erie should continue to focus on lower-density housing, mainly single-family homes, even if it may mean higher individual taxes in the future to cover the long-term costs of maintaining streets, water systems, and other infrastructure.

T17. Please read the two following statements,

A. The Town of Erie needs to increase housing density by building more townhomes, duplexes, or apartments, because additional housing units may create the tax revenue needed to cover the long-term costs of maintaining streets, water systems, and other infrastructure. Or… B. The Town of Erie should continue to focus on lower-density housing, mainly single-family homes, even if it may mean higher individual taxes in the future to cover the long-term costs of maintaining streets, water systems, and other infrastructure.

T20. As you may know, the Town of Erie purchased land in 2023 to create the Cheesman Street Residences as a first step in Erie's effort to create more attainable housing options. The Cheesman development will be 35 homeownership deed-restricted homes for a two-person household with a household income of $144,000 or less.
Knowing this, do you believe the Town of Erie should be more involved, stay about the same, or be less involved in supporting affordable housing?

T20. As you may know, the Town of Erie purchased land in 2023 to create the Cheesman Street Residences as a first step in Erie's effort to create more attainable housing options. The Cheesman development will be 35 homeownership deed-restricted homes for a two-person household with a household income of $144,000 or less.
Knowing this, do you believe the Town of Erie should be more involved, stay about the same, or be less involved in supporting affordable housing?

Ballot Item General Steps

Feasibility

Feasibility study: 4–6 months (shorter for smaller initiatives, longer for large capital projects).

Includes needs assessment, cost estimates, legal review, and potential funding options.

Involves internal staff, consultants, and sometimes early stakeholder focus groups.

Modeling

Goal: Determine the size and scope of tax (sales tax, property tax, bonds, etc.).

Length: 2–3 months, often overlapping with the end of the feasibility study.

Involves: Financial modeling by staff or consultants.

Reviewing mill levy rates, assessed value growth, or sales tax projections.

Running multiple scenarios.

Public Opinion

Goal: Gauge community support and refine the proposal.

Survey development & execution: 2 months (drafting questions, legal review, vendor selection, field survey, and analyzing results).

Education Outreach

Goal: Build understanding of the need, the proposal, and its impacts.

Length: 4–6 months minimum.

In Colorado, governments can educate but not advocate—so the focus is on facts, impacts, and why the measure is being considered.

Ballot Language

Goal: Meet legal deadlines for certification.

Drafting: 4–6 weeks (involving attorneys and finance staff)

TABOR language: must be finalized by **late August** for a November election.

Formal approval: Council must pass a resolution placing the measure on the ballot, by **late August.**

Campaign

Separate, external committee handles this.

Voter-led campaign committee handles advocacy.

Staff continue neutral information-sharing until Election Day.

If Measure Passes (Sales Tax)
Can begin project design with any already budgeted funds.
New tax collection begins Jan. 1. Spending new tax dollars can begin 4-6 months later.

If Measure Fails (Any Tax)
Best practice is to wait at least one year for small (<5%) failure and 2-3 years for large failure (10-15%). Consider phased approaches, scaling-down, etc. of the project.
