Why Housing Matters

Housing affects every essential part of life:

Access

Health

Community

Environment

Affordable housing is spending **less than 30%** of your annual income on housing

Cost burdened families are paying 40-50%

Contributes to a **\$2 billion loss** in the community

What does this impact?:

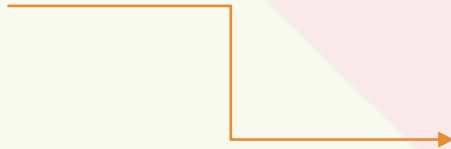

- Goods and services
- Schools
- Public Facilities
- Healthcare
- Economic growth

Affordable Housing Impact: Schools

- Education impact
- Public school impact
- Critical Thinking skills
- Lowering the implicit white supremacy

How can Government help?

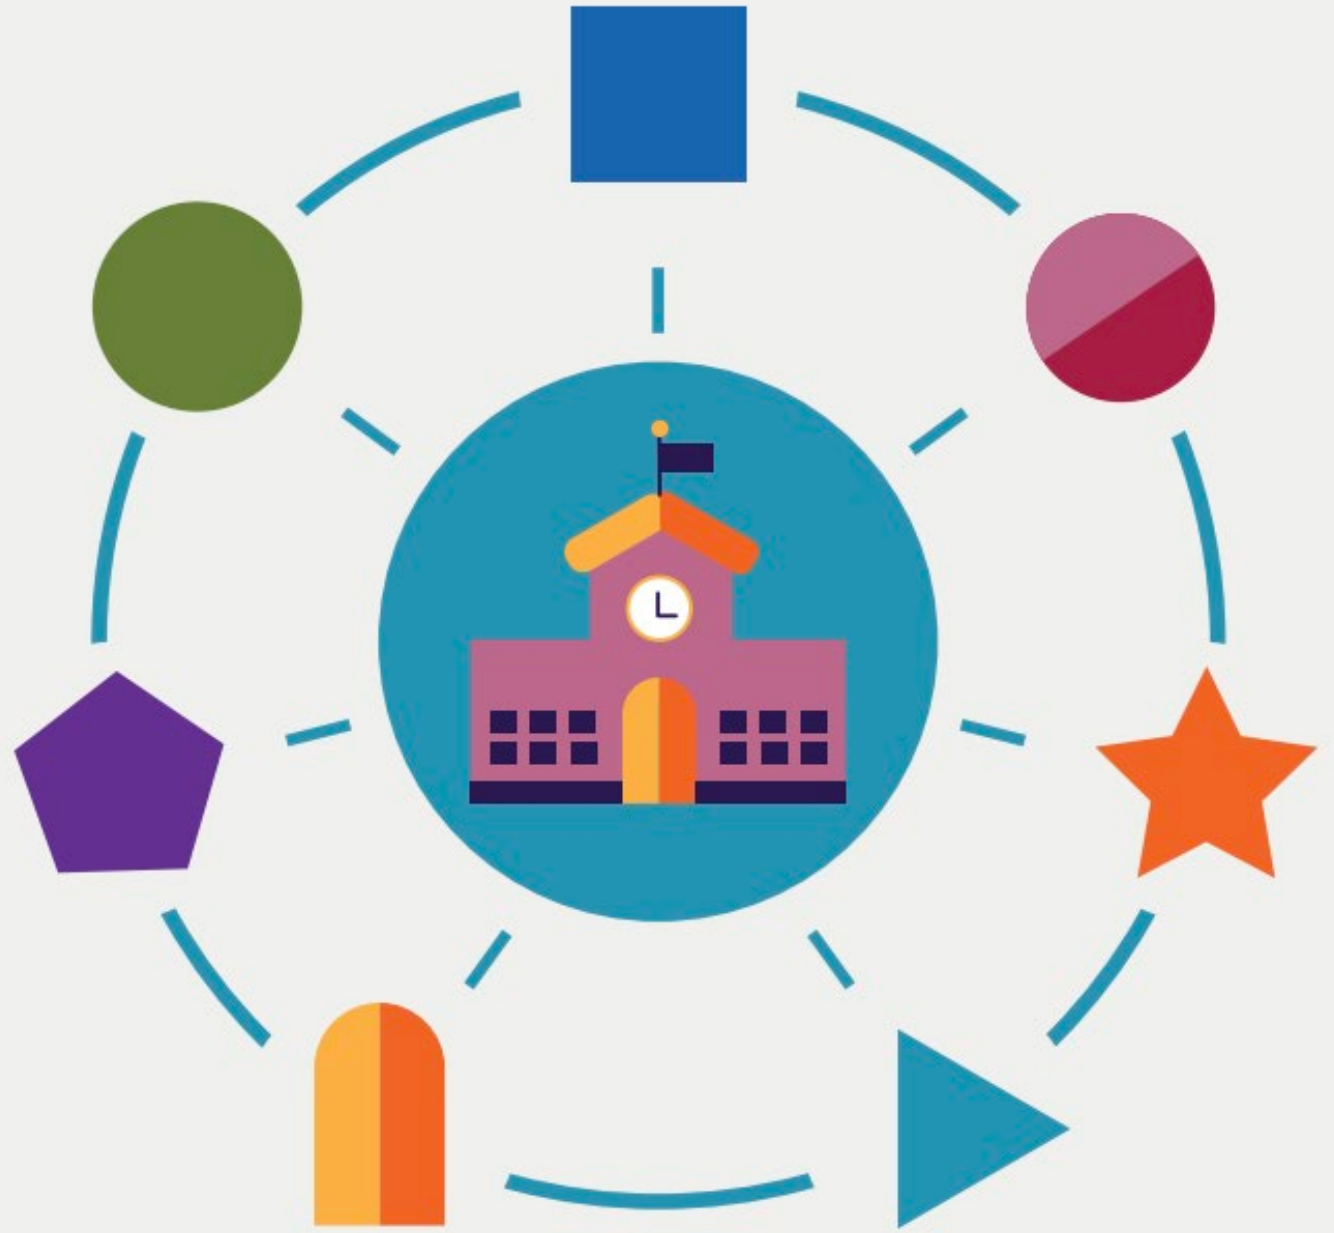

Government
Regulation

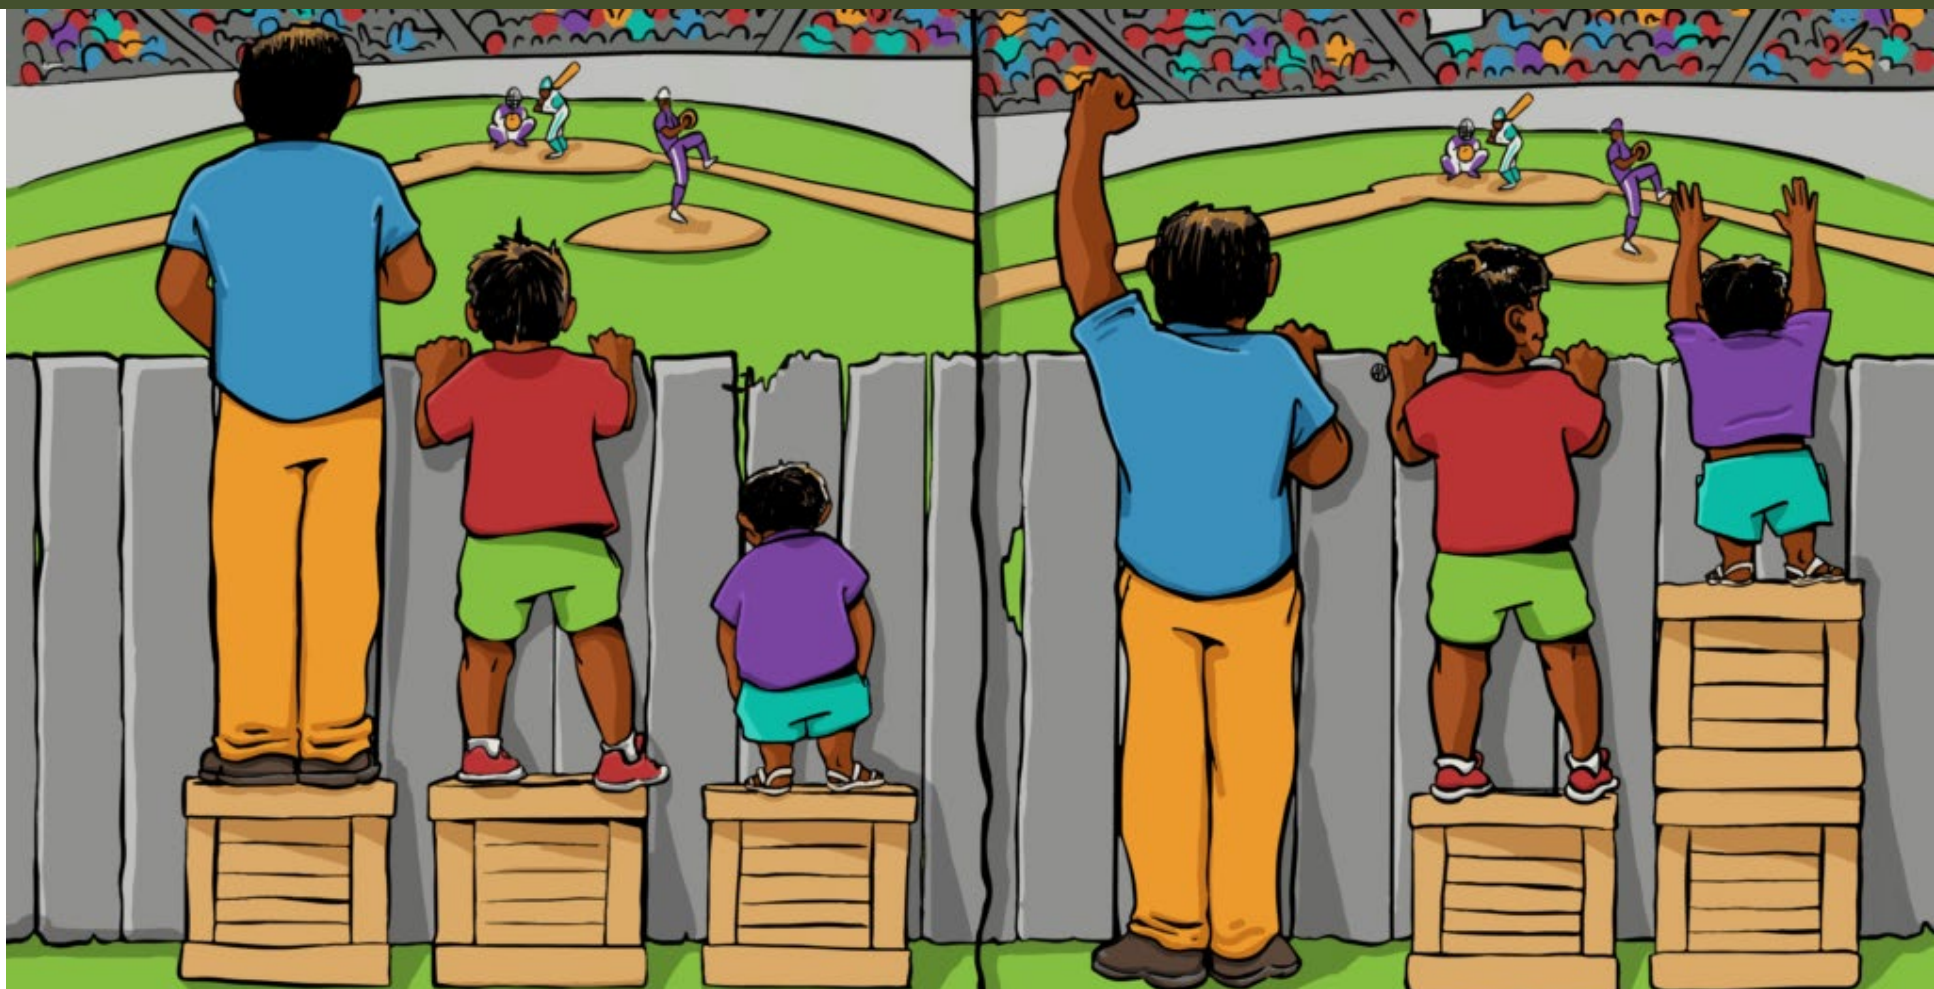

Fewer Zoning
Requirements

Targeted Universalism

- **Everyone** works towards the same goal, no matter the starting point
- Targeted goals so the whole population can strive to get there

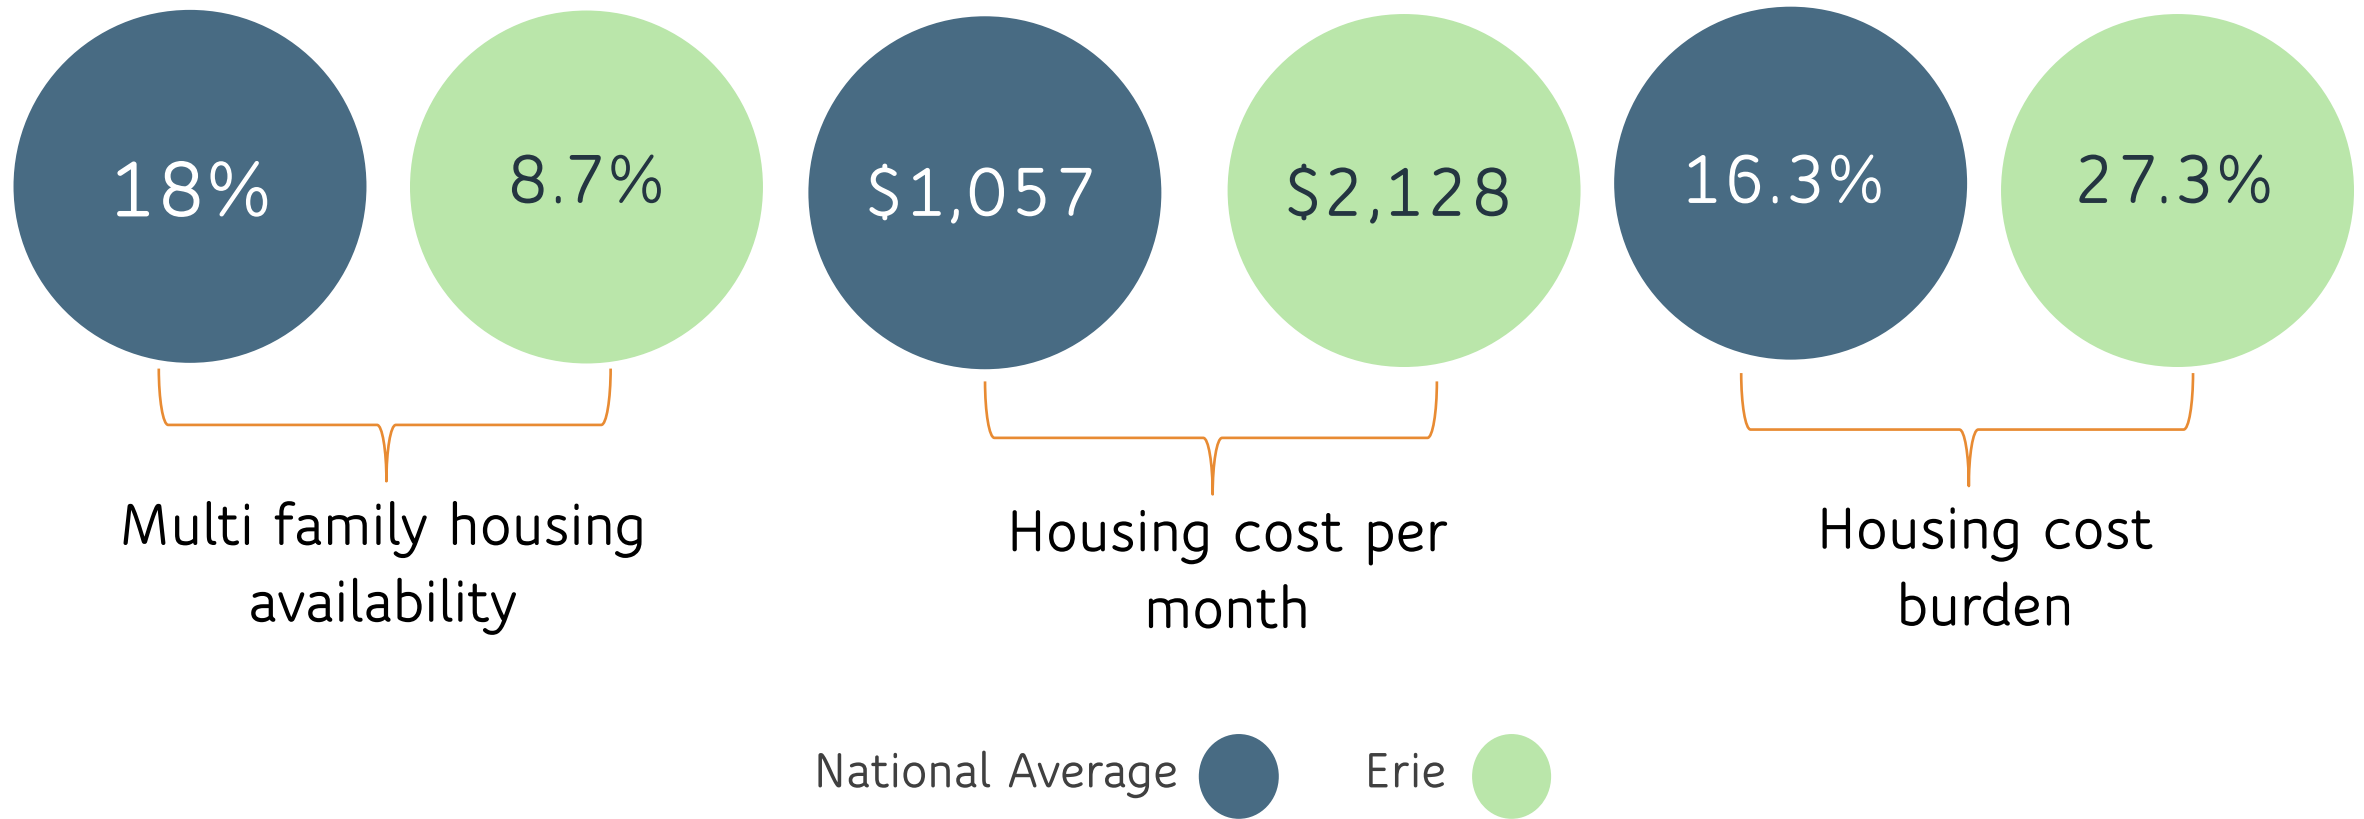

EQUALITY

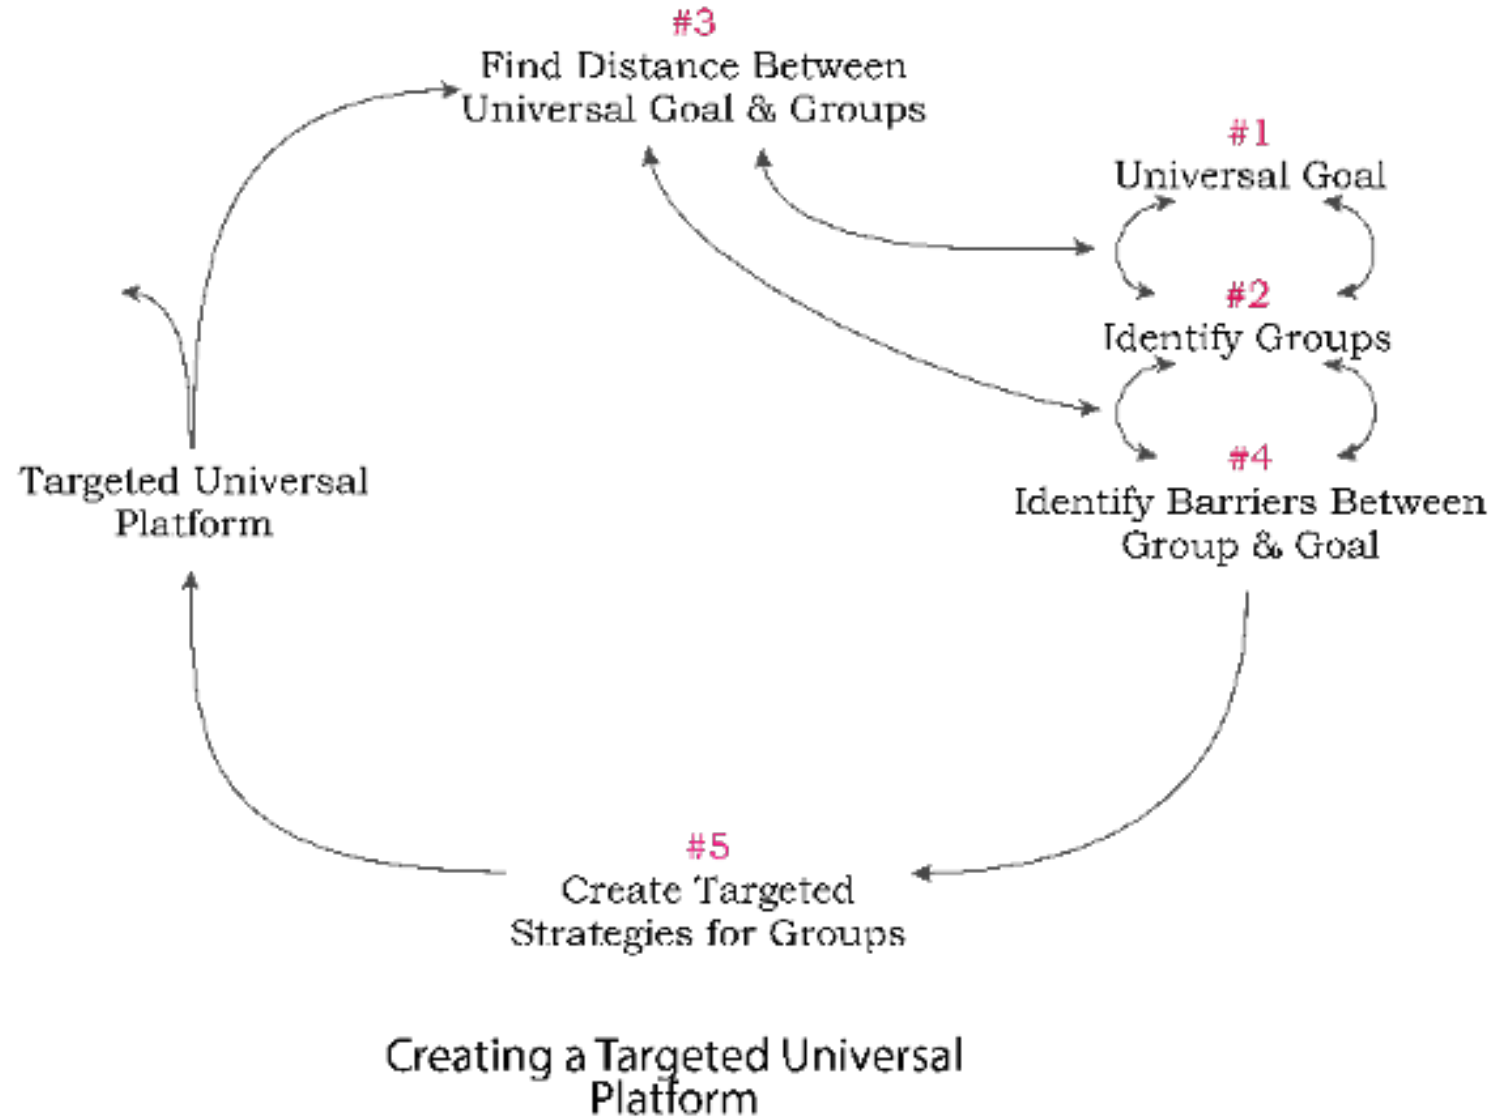

EQUITY

Where is Erie Now?
