

**AIRPORT MANAGER'S REPORT**  
**JULY 14 2020**

---

**ERIE MUNICIPAL AIRPORT**

---

## **COVID-19 UPDATE**

As with everyone else, we continue to experience uncertain times at the airport with the onset of the novel coronavirus, COVID-19. The Airport remains open and operating, however we have seen a decline in transient traffic at the airport. Airport staff are practicing social distancing amongst themselves and clients who are at the airport.

## **AIRPORT FEES**

### **THROUGH THE FENCE FEES**

As reported in January, Airport staff invoiced residents and businesses for the Annual Through-the-Fence fees at the end of December. The fees were due on January 2, 2020.

### **LAND LEASE AND TIE DOWNS**

Airport staff has invoiced and collected tie-down and land lease fees.

## **AVIATION CONCERNS**

Airport staff received some concerns from local residents regarding noise in the month of June. The Airport Manager reached out to the concerned citizens.

## **AIRPORT INSPECTIONS**

Airport staff performed daily and weekly inspections of the airport. These inspections include but may not be limited to:

- Ensure all NOTAMs are current
- Check for FOD (foreign object debris). Remove as needed
- Inspect condition of the runway surface, and markings
- Inspect condition of the taxiway and connector surfaces and markings and perform routine maintenance as needed
- Inspect performance of runway and taxiway lighting and signs and perform routine maintenance as needed
- Inspect performance of navigational lighting performing routine maintenance as needed
- Inspect condition of the ramp areas
- Ensure tied down aircraft are secure
- Inspect all airport equipment and vehicles and perform routine maintenance as needed.
- Inspect all airport wind socks for wear. Replace as needed
- Inspect segmented circle. Perform maintenance as needed

## FUEL ISLAND INSPECTIONS

Airport staff continues to perform daily, weekly and monthly inspections of the fuel island. These inspections include but may not be limited to:

- Physical inspection of tank exteriors, including fitting, valves, connections, etc., for leaks
- Verify security of ladders
- Inspect tanks opening to ensure proper seal
- Inspect overfill prevention equipment and spill bucket
- Inspect tanks for contamination by water
- Inspect the area around the tanks for signs of leakage
- Verify fuel levels and alert Airport Management if fuel needs to be purchased
- Sump fuel tanks to check for contamination

## GOOD DEEDS DONE

### ELEVEN CATS RESCUED FROM KANSAS

On Monday June 30, Jason and Rachelle Hurd from Vector Air and Vector Air Management flew to Wichita, Kansas to rescue eleven kitties, saving them from euthanasia.

They brought them to the Erie Municipal Airport and then continued to transport them to Second Chance Rescue in Sheridan, Wyoming where they will be adopted.

This effort was coordinated by Rachelle through Pilots 'N Paws.

Pilots N Paws is a non-profit organization where private pilots provide free transport to organizations who rescue animals from high-kill shelters to rescues or forever homes. Today the organization has 3,168 pilot volunteers and 10,551 volunteers. Each year, the volunteers of Pilots N Paws save thousands of lives. Those lives come in the form of any animal that can be transported using a plane. Dogs, cats, pigs, reptiles and rabbits are just a few who have taken one of our flights.

"I'm not too sure about this"

Thank you Jason and Rachelle for all your efforts!

"I like looking out the window!"

Stacks of Cats!
