Customer is responsible for bolting these products to meet the manufacturer's requirements. This includes TRX, Core Energy, Boxing mounts and other products that require bolting to the facility structure.

Freight offloading, inside delivery, adhesive, moisture tests, moisture reducers, base boards, sub floor prep, sub floor cleaning, transition strips and existing floor removal and disposal are not included unless otherwise noted on the quotation.

Storage: We reserve the right to assess storage fees not to exceed 1.5% per month, or fraction thereof and request payment in full on the related customer's invoice, when a customer's original requested delivery date is delayed by circumstances beyond our control.
