REZONING

Purpose

The boundaries of any zone district may be changed, or the zone classification of any parcel of land may be changed, pursuant to this Section. The purpose is to make adjustments to the official zoning map that are necessary in light of changed conditions or changes in public policy, or that are necessary to advance the general welfare of the Town. Rezoning shall not be used to relieve particular hardships, or to convey special privileges on any person or organization.

Process Summary

The following is a brief summary of the typical Rezoning process.

Comments/Review

Development Review Team Meeting (DRT):

The Project Planner will schedule a Development Review Team Meeting (DRT) after the referral agency review period is over. At the DRT meeting the Project Planner discusses the review comments from all review agencies and discusses the neighborhood meeting comments with the DRT attendees. The DRT meeting typically includes Planning & Development, Public Works staff, Parks & Recreation Administrative staff, the Building Official, Town consultants, and the Fire Marshall. The DRT Meeting does not include the Applicant. If the applicant would like to explain the application to the Project Planner before the DRT meeting they should contact the Project Planner to set up a separate meeting before the DRT meeting is held. After the DRT meeting, the Project Planner will compile all of the staff and referral comments for distribution to the applicant.

Applicant Receives DRT/Referral Comments:

The Project Planner will provide the Applicant with a copy of all the staff and referral comments from the review of the application submittal packet. A meeting between staff and the applicant may be held to review the staff

and referral comments. The applicant may also meet directly with the agency(ies) that have expressed concerns with the application. The Project Planner should be included in meeting or correspondence with referral agencies.

Applicant Revisions Submitted/Resolution of Issues Complete:

The Applicant shall address, in writing, all issues and deficiencies identified in the staff and referral comments. To continue the process in a timely fashion, the applicant must complete the requested revisions and resubmit the revised application submittal packet for a second review by the Project Manager and any applicable referral agencies as quickly as possible. If an Applicant fails to submit required information for a period of more than six months from the initial request, the applicant shall become void and the resubmittal of a new application and fees will be required.

The revised application submittal packet will be reviewed by Project Planner at a DRT meeting after any further referral agency comments are received on the revised application submittal packet. The Project Planner shall provide the Applicant with a copy of the staff and referral comments from the second review and will indicate whether or not the application has resolved all of the issues raised in the comments. If the issues have not been resolved, then the application goes back to the **Applicant Submits Referral Packets** portion of the process for another round of reviews. Additional fees may be charged for resubmittals that do not address comments. If the issues have been resolved, then the application goes forward to the **Schedule/Notice Public Hearing for PC and Town Council** portion of the process.

Record Documents:

The Applicant shall submit to Planning & Development the approved Rezoning Mylar. The Town shall be responsible for sending the appropriate documents to the County Clerk for recordation. The Applicant shall be billed for the cost to record the documents.

Approval Criteria

See Unified Development Code, Section 10.7.5.B.3 of the Erie Municipal Code

Submittal Requirements

All submittals shall be sent to the Planning Division electronically. To request an upload link, please submit your request to planningapplication@erieco.gov. Please contact the Planning Technician at 303-926-2770 if you have any questions. **Applications will not be accepted for review unless all information is submitted.**
