Board of Trustees  
645 Holbrook Street  
Erie, CO 80516

April 6, 2016

Dear Board of Trustees,

The Erie Historical Preservation Advisory Board unanimously voted, on March 28<sup>th</sup>, 2016, to recommend combining all six Wise Homestead Landmark nominations into one labeled "Wise Homestead." Currently, the nominations have individual names for the structures located on the south side of Jasper Road and the label "Wise Homestead Museum" for structures on the north side of Jasper Road. As the Wise homestead was never a museum historically, we recommend the word "museum" not be used in the Landmark name. Most of the original resolution 11-96 is correct with two exceptions: In the last paragraph, where the entire site is referred to as "Wise Homestead Museum," we recommend the resolution be amended to read "Wise Homestead" in order to be consistent with the rest of the resolution. Secondly, the numbering of the structures needs to be amended as it indicates both the farmhouse and the chicken coop as site #5. The farmhouse should be Site #6.

We have drafted an amended Landmark Nomination that combines all the previous Wise Homestead documentation into one document labeled "Wise Homestead" and it is available on the town's SharePoint site at: *Historic Preservation / Documents / Landmarks / Jasper 11611 HLPN Amend.*

Thank you for your consideration in this matter. These minor changes will greatly simplify matters in the future.

Respectfully,

Jackie Connor
