

# 2021/22 Holiday Décor Proposal

Erie Downtown Business Association

Submitted by: Somerset McCarty

March 21, 2021

Colorado Christmas Lights (CCL) is an experienced holiday lighting company that solely focuses on professional Christmas light displays around the State of Colorado. For the last 11 years, CCL has provided installations at many premier commercial clients including: The Loop Railroad, City of Englewood, City of Idaho Springs, City of Louisville, Outlets at Silverthorne, Town of Erie, Vail Resorts, hotels, shopping centers, and many more.

This 2021 holiday lighting proposal includes the following for each area decorated:

- Installation of commercial grade LED lighting materials, installed, maintained, and repaired/replaced as needed by CCL
- Repairs made to the display within 48 hours of contacting to CCL
- Removal of the display
- Storage of all materials provided by CCL

CCL will provide all materials needed for this display. The materials include energy efficient and the industries brightest professional SMD LED C9 light bulbs in the canopies, 5mm conical mini light strands for the trunks, all electrical cords, connectors, timers, and any other materials required for the display.

Repairs made to the items provided by CCL will be completed at **no cost** to the client unless the cause of the damage is determined to be vandalism. Repairs completed because of vandalism will be billed to the customer at a cost of \$95/per man hour, plus the cost of any required materials.

The prices listed in this proposal are valid for a single season with an option to for a longer 3-5 year term.

CCL will not be responsible for repairing or replacing any electrical outlets that are not functional.

CCL will not use any permanent install methods

CCL will provide all necessary aerial lifts and bucket trucks for installation, takedown and any required service work.
