

Board of County Commissioners

February 22, 2018

Dear Town of Erie,

Congratulations! The Board of County Commissioners is happy to inform you that the Town of Erie will be awarded your requested amount of \$14,000 to undertake sustainability initiatives in your community. The Sustainability Matching Grant will fund your proposal to offer water conservation services and incentives to residents and businesses, such as outdoor water audits, xeriscaping, and water conservation seminars, in partnership with Resource Central.

We look forward to partnering with the Town of Erie to advance sustainability in our region.

Sincerely,

Susie Strife
Sustainability Coordinator
Boulder County
