22. Agreement Subject to Annual Appropriation.

A. The parties hereto understand and agree that sufficient funds have been budgeted for compensation for work done pursuant to this Consulting Agreement for the current fiscal year ending December 31, 2018. This is a full and lawful appropriation as required by appropriate statute for this project. In the event that the Town fails to appropriate sufficient funds to cover any compensation which may become due for the fiscal year beginning January 1, 2019, then, and in that event, this Consulting Agreement shall immediately terminate as of December 31, 2018, without further action of any party. The Town shall provide notice to Consultant prior to December 31, 2018, as to whether an appropriation has been made for further work anticipated following December 31, 2018.

B. The amount of money appropriated by the Town is equal to or in excess of the Consulting Agreement amounts due herein for the current fiscal year.

C. The Town shall be prohibited from issuing any change order or other form of order or directive requiring additional compensable work to be performed, which work causes the aggregate amount payable under this Consulting Agreement to exceed the amount appropriated for the original Consulting Agreement, unless Consultant is given written assurance by the Town that lawful appropriations to cover the cost of the additional work have been made or unless such work is covered under a remedy-granting provision in this Consulting Agreement.

23. Prohibition Against Employment of Illegal Aliens.

A. By its signature on this Agreement, Consultant certifies that, as of the time of its signature, it does not knowingly employ or contract with an illegal alien and that, in order to verify that it does not employ any illegal aliens, the Consultant will participate in the E-Verify Program created in Public Law 104-208, as amended, and expanded in Public Law 108-156, as amended, administered by the United States Department of Homeland Security and the Social Security Administration.

B. Consultant agrees that it shall not knowingly employ or contract with an illegal alien to perform work under this Agreement; and that it shall not enter into a contract with a subcontractor that fails to certify to the Consultant that the subcontractor shall not knowingly employ or contract with an illegal alien to perform work under this contract.

C. Consultant has verified through participation in the E-Verify Program that the Consultant does not employ any illegal aliens.

D. Consultant shall not use the E-Verify Program procedures to undertake preemployment screening of job applicants while work under this Agreement is being performed.

E. If Consultant obtains actual knowledge that a subcontractor performing work under this Agreement knowingly employs or contracts with an illegal alien, the Consultant shall: (1) notify the subcontractor and the Town within three days that the Consultant has actual knowledge that the subcontractor is employing or contracting with an illegal alien; and (2) terminate the subcontract with the subcontractor if, within three days of receiving the notice required herein, the subcontractor does not stop employing or contracting with the illegal alien; except that the Consultant shall not terminate the contract with the subcontractor if during such three days the subcontractor provides information to establish that the subcontractor has not knowingly employed or contracted with an illegal alien.

F. The Consultant shall comply with any reasonable request by the Colorado Department of Labor and Employment made in the course of an investigation that the Department is undertaking pursuant to the authority established in C.R.S. section 8-17.5-101(5).

G. If Consultant violates a provision of this Illegal Alien section, the Town may terminate this Agreement for breach of contract. If the Agreement is so terminated, the Consultant shall be liable for actual and consequential damages to the Town. Consultant understands that, in the event of such a termination, Town is required to notify the office of the Colorado Secretary of State.

24. Attorney's Fees; Interest. In an action brought to enforce the provision(s) of this Consulting Agreement, the prevailing party shall be entitled to an award of all reasonable attorney's fees and costs, including expert witness' fees, expended or incurred, to be recovered as part of the costs therein. Any fees and expenses not paid to Consultant by the Town when due shall earn interest at the rate of four percent (4%) per annum.

25. Waiver. Failure to insist upon strict compliance with any of the terms, covenants, and/or conditions hereof shall not be deemed a waiver of such terms, covenants or conditions, nor shall any waiver or relinquishment of any right or power hereunder at any one time or more times be deemed a waiver or relinquishment of such right or power at any other time or times.

26. Amendments to Agreement. No changes, alterations or modifications to any of the provisions hereof shall be effective unless contained in a written agreement signed by both parties.

27. Entire Agreement. This Consulting Agreement shall constitute the entire agreement between the parties hereto and shall supersede all prior contracts, proposals, representations, negotiations and letters of intent, whether written or oral, pertaining to the Services.

28. Situs, Venue and Severability. The laws of the State of Colorado shall govern the interpretation, validity, performance and enforcement of this Consulting Agreement. For the resolution of any dispute arising hereunder, venue shall be in the Courts of the County of Weld, State of Colorado. If any provision of this Consulting Agreement shall be held to be invalid or unenforceable, the validity and enforceability of the remaining provisions of this Consulting Agreement shall not be affected thereby.

29. Paragraph Headings. Paragraph headings are inserted for convenience only and in no way limit or define the interpretation to be placed upon this Consulting Agreement.

30. Binding Agreement. This Consulting Agreement shall be binding upon and for the benefit of the parties hereto, their successors and assigns.

31. In no event will Consultant be liable for any special, indirect, or consequential damages including, without limitation, damages or losses in the nature of increased Project costs, loss of revenue or profit, lost production, claims by customers of Town, or governmental fines or penalties.

32. Cost opinions and projections prepared by Consultant relating to construction costs and schedules, operation and maintenance costs, equipment characteristics and performance, and operating results are based on Consultant's experience, qualifications, and judgment as a design professional. Since Consultant has no control over weather, cost and availability of labor, material and equipment, labor productivity, construction Contractors' procedures and methods, unavoidable delays, construction Contractors' methods of determining prices, economic conditions, competitive bidding or market conditions, and other factors affecting such cost opinions or projections, Consultant does not guarantee that actual rates, costs, performance, schedules, and related items will not vary from cost opinions and projections prepared by Consultant.

EXHIBIT "A"

(Services to be provided by Consultant)

The following is a brief summary of Work:

- Review existing as-builts for the original facility construction, the 2005 expansion and the design report and associated documents for the recent solids handling system.
- Expand out the existing 3 basins with new Submerged Membranes.
- Backwash System upgrade and tank for the Submerged Membranes.
- Design of new the pretreatment equipment and building.
- Controls System Modifications to the PLC or Upgrade Complete Control System for submerged membranes (this is converting from the existing Allen Bradley SLC 5/05 processors to the next generation Compact Logics processors and using the existing SLC I/Os, or a complete upgrade converting to new I/O modules and Compact Logic processors.)
- Coagulation – Rapid Mix - Flocculation – Sedimentation – Wetwell expansion.
- New Pretreatment Influent Flow Meter and location on 36” line to Pretreatment (the existing meter is inaccurate, it needs to be installed on a straight section of pipe).
- Possible replacement of 36” Pretreatment influent valve/ actuator/ positioner that was damaged.
- Micro Turbine design - possibly install on the 12-inch Northern Colorado Water Conservation District line that enters the Water Treatment Facility site.
- Evaluate and design a larger Raw Water line size from Vault B to the Pretreatment building. This needs to be evaluated for the increased flow capacity – currently the pipe is 18” Staff assumes it should be increased to 36”.
- Relocation of chemical feed/ injection points for submerged membranes (currently using submerged cell # 6 effluent for a chemical feed point).
- Perform a detailed seasonal source water analysis. Staff assumes we could leverage the new NaMnO₄ system to oxidize iron and metals year round as well as a complete process optimization analysis.
- Advise Town staff of the potential value of engaging in an alternative delivery method prior to 30% design completion.
- Engage in value engineering workshop prior to 30% design phase with a separate Town contracted third-party engineer.
- Pothole all existing buried utilities that may potentially be in conflict. For budgetary purposes assume 20 utility locations to be potholed.
- Prepare complete set of Bid documents using Engineers Joint Contract Documents Committee (EJCDC) format and assist staff during the bid phase.
- Obtain State Approval for the new expansion.
- Prepare a site plan in accordance with the Town’s requirements.
- If it is determined during design that pre-purchasing the membranes is in the Town’s best interest, a procurement agreement will be prepared for the pre-purchasing of the membranes.
