STAFF RECOMMENDATION:

Approve Resolution awarding said renewal contract and authorizing Staff to expend contracted funds.

SUMMARY AND BACKGROUND OF SUBJECT MATTER:

The 2019 Operating Budget includes funds for annual maintenance service and supplies contracts. These contracts are competitively or state-bid and awarded. Each of the contracts allows for a renewal option for up to two consecutive years following the initial award (a total of three years). A proposed renewal occurs when both the Town and Contractor/Vendor agree, the increased price is no more than 2% of the previous year and performed work was satisfactory.

Street striping services provides annual refreshing of pavement markings on streets as the budget and conditions warrant. Some areas will require grinding of existing paint prior to application of new paint. The priority is all arterial, secondary, and then residential streets. Pavement markings include, but not limited to, centerlines, edge lines, stop bars, crosswalks, turn arrows, and verbiage (i.e. Left Turn Only). Striping needs are assessed in the spring and compared with the budget to complete as needed.

On January 10, 2017, the Board awarded a services contract to Road Safe Traffic Systems, Inc. On January 9, 2018, the Board awarded the first renewal for the said contract. This is the second renewal option for the said contract. The table shows the progressive pricing for each year.
