SUMMARY AND BACKGROUND OF SUBJECT MATTER:

The 2017 Transportation Capital Budget includes a project for installing sidewalk connections as identified in the Town. The Erie Parkway and Meller Street intersection currently has sidewalks on three of the four corners.

Adding a sidewalk connection on the southeast corner will complete the intersection and allow for an ADA accessible and safe route to school for children and adults through this area. This intersection is largely used to access the Red Hawk Elementary School located just north of the intersection as well as access to County

Line Rd continuing to the east.

Osage Construction is this year's concrete contractor performing various concrete repairs throughout town. Staff requested a quote from Osage to complete this work.
