SUBJECT: CONSENT AGENDA

A Resolution of the Board of Trustees of the Town of Erie Approving an Agreement with Iron Woman Construction & Environmental Services, LLC for Valve Repair or Removal at County Line Road and Vista Parkway

DEPARTMENT: Public Works

PRESENTER: Todd Fessenden, Public Works Director

FISCAL INFORMATION:

Cost as Recommended: \$ 29,612.97
Balance Available: \$ 11,300
Budget Line Item Number: 500-70-720-524100-000000
New Appropriation Required: Yes

STAFF RECOMMENDATION:

Approve Resolution authorizing said agreement, authorizing the appropriate Town staff to execute agreement, and authorizing Staff to expend funds.

SUMMARY AND BACKGROUND OF SUBJECT MATTER:

A few months ago, Iron Woman Construction installed a waterline across County Line Road as part of the Compass development. During this process, a faulty 24-inch butterfly valve was discovered. The valve is approximately 15 feet below the surface and is stuck in a position that it will not open or close. Once exposed, an attempt will be made to repair; if not repairable, the valve will be removed. There is another valve along the same line that can handle the operation of the waterline if a removal is needed.

In the next few months, Iron Woman Construction will be performing another tie-in for a storm line across County Line Road again as part of the Compass development. This work requires traffic control services to keep traffic flowing on County Line Road during the portion of the work that crosses the Road. Since the faulty valve is in close proximity to the storm line work the Town requested a bid from Iron Woman to perform this removal.

Fiscal Impact:

Due to the depth of the valve and related safety issues, and with Town staff working modified shifts (due to COVID-19), and with the contractor already mobilized for other work in the area, it is more cost effective to have the contractor complete the work. The pricing is reflective of the benefit of joining this work with the already planned work for Compass.

Board Priority(s) Addressed:

- ☐ Attractive Community Amenities
- ☐ Engaged and Diverse Community
- ☐ Prosperous Economy
- X Well-Maintained Transportation Infrastructure
- ☐ Small Town Feel
- X Safe and Healthy Community
- ☐ Effective Governance
- ☐ Environmentally Sustainable
- X Fiscally Responsible
