### **SUBJECT: CONSENT**

**A Resolution of the Board of Trustees of the Town of Erie Approving an Agreement for Fair Contributions with the Boulder Valley School District RE-2**

**DEPARTMENT:** Administration

**PRESENTER:** Malcolm Fleming, Town Administrator

**TIME ESTIMATE:** 5 minutes

### **FISCAL SUMMARY:**

Revenue to the school district from fees on new residential development to partially offset the cost of acquiring land for new schools and for capital costs of new school construction.

### **STAFF RECOMMENDATION:**

Approve the intergovernmental agreement between the Town of Erie and Boulder Valley School District RE-2 for fair contributions for public school sites.

### **SUMMARY AND BACKGROUND OF SUBJECT MATTER:**

The Town of Erie and Boulder Valley School District RE-2 entered into an intergovernmental agreement (IGA) regarding fair contributions for public schools on June 28, 2011. The term of the IGA is ten years and it will be expiring at the end of this month.

The Town and Boulder Valley School District and the St. Vrain Valley School District have negotiated

an IGA that is the same for each school district and that is very similar to the current IGA. Below is a summary of the general updates that are included in the new IGA; specific language was added or amended to:

1. Clarify specific dates and timelines for dedications for Fair Contribution of Public School Sites.
2. State that school site dedications should be located in conformity with Erie's adopted plans.
3. Specify that the School District can only use the land dedicated to them as a site for a school or for other school purposes if approved by the Town; and, if the School District determines that a school is no longer necessary and decides to sell the land, they shall offer a first right of refusal to the Town to purchase the parcel.
4. Allow funds received to be used for traffic signal costs.
5. Add the requirement that the entity that dedicates a school site shall also participate in the cost of providing safe pedestrian and bicycle routes to school.

In addition to the modifications listed above, the school dedication fees for new development that does not dedicate land for a school site have increased to reflect the increase in costs over the past ten years. Below is a table that reports the fees that the School District has charged over the past 10 years and the new fees to be implemented in the next 10 years. The fees are reported in the exhibit attached to the IGA. All fees are paid directly to the School District by the builder/developer before the Town issues a building permit for a dwelling unit.

<b>Dwelling Unit Type</b>	<b>2011 - 2021 Fee</b>	<b>2021 - 2031 Fee</b>
Single Family	\$970	\$1,143
Duplex/Triplex	\$846	\$997
Multi-Family	\$589	\$695
Condo/Townhouse	\$347	\$409
Mobile Home	\$785	\$925
