A proposed renewal occurs when both the Town and Contractor/Vendor agree, the increased price is no more than 2% of the previous year total contract amount and performed work was satisfactory.

Street striping services provides annual refreshing of pavement markings on streets as the budget and conditions warrant. Some areas will require grinding of existing paint prior to application of new

paint. The priority is all arterial, secondary, and then residential streets. Pavement markings include, but not limited to, centerlines, edge lines, stop bars, crosswalks, turn arrows, and instructions (i.e. Left Turn Only). Public Works staff assesses striping needs each spring and based on that develops a program within the budget to complete as needed.

Fiscal Impact:

The Town received a bid from RoadSafe Traffic Systems, Inc. in the amount of \$252,440.00. Staff negotiated scope of linear footage in the contract to be within the budgeted amount.
