SUMMARY AND BACKGROUND OF SUBJECT MATTER:

On a biennial basis, on odd numbered years, the Town of Erie conducts a Citizen Survey to receive input from the residents of Erie. The last survey was conducted in 2017 by the National Research Center (NRC). Once again staff have contracted with NRC to conduct the 2019 survey. NRC is available on February 19, 2019 and would like to attend a Study Session to present the Board. The presentation will include survey process and consideration of the draft custom questions based upon the 2019 Work Plan initiatives.
