

TOWN OF ERIE

645 Holbrook Street
Erie, CO 80516

Town Council

Board Meeting Date: 3/19/2019

File #: 19-152, **Version:** 1

SUBJECT: Staff Report
Old Town Parking & Traffic Analysis
DEPARTMENT: Economic Development

PRESENTER: Ben Pratt, Economic Development Manager

SUMMARY AND BACKGROUND OF SUBJECT MATTER:

Attached is the information we sent to engineering firms we have had relationships with in the past that have the capacity to perform a traffic and parking analysis for the Historic Old Town. We sent this information to three firms in hopes we could get a ball park figure of how much a study like this would cost. So far these firms have quoted figures below \$25,000. Our goal after receiving information from all firms is to request a formal quote and select a firm (given the cost is under \$25,000 we do not have to issue a formal RFP) and proceed to complete a comprehensive analysis of existing and potential parking solutions for the Historic Old Town and an analysis of the traffic impact of the introduction of the Moffatt Bridge.
