Approval Criteria UDC Section

10.7.10.F.2.

- a. The site plan is generally consistent with the town's comprehensive plan.
- b. The site plan is generally consistent with any previously approved subdivision plat, or other land use approval;

Staff: Staff find that the proposed Site Plan is consistent with the Town's Comprehensive Plan and is consistent with the recently approved Erie Air Park Replat D Final Plat, as well as the zoning for this area.

Approval Criteria

- c. The site plan complies with all applicable development and design standards set forth in this UDC, including, but not limited to, the provisions in chapter 2, chapter 3, chapter 4, and chapter 6;
- d. Any significant adverse impacts reasonably anticipated to result from the use will be mitigated or offset to the maximum extent reasonably practicable;

Staff: The proposal is consistent with the Town's standards for site and building design and is also consistent with standards for utilities, drainage, and other infrastructure. No specific significant adverse impacts were identified or are expected.

Approval Criteria

- e. The development proposed on the site plan and its general location is or will be compatible with the character of surrounding land uses.

Staff: Town staff find that this development will be compatible with the character of surrounding land uses. The proposed buildings are consistent with those to the east.

Staff Recommendation

Staff find the Site Plan complies with the Approval Criteria and recommends the Planning Commission Adopt Resolution P25-06 Approving the Site Plan.
