

# NEIGHBORHOOD MEETING NOTICE

**DATE:** Thursday, October 30<sup>th</sup>, 2025

**TIME:** 6:00 p.m. to 7:00 p.m.

**PLACE:** Colorado National Golf Club  
President's Room  
2700 Vista Parkway  
Erie, CO 80516

BC Land, LLC will be conducting a neighborhood meeting regarding a land use application that is located near a property you own and is currently under review with the Town of Erie. The meeting is an opportunity for you to hear about the land use application and to have the opportunity to provide comments or concerns to BC Land, LLC.

**APPLICATION TYPE:** Rezone & Minor Subdivision Plat

**PROJECT NAME:** Sierra Vista

**PROJECT LOCATION:** Northwest Corner of State Highway 7 and Bonanza Drive

**PROJECT DESCRIPTION:**

Sierra Vista is approximately 60.4 acres located at the northwest corner of State Highway 7 and Bonanza Drive. The general purpose for this rezone request is to convert approximately 54.5 acres from Low-Density Residential (LR) to 38.6 acres of Community Mixed Use (CMU) on the east and south sides of the property and 15.9 acres of Airport (AP) on the west side of the property. Additionally, BC Land, LLC is proposing to rezone 5.9 acres from Community Commercial (CC) to Community Mixed Use (CMU). Additional details will be shared at the meeting.

**ADDITIONAL INFORMATION:**

For additional information, to request copies of application materials, or to comment on the land use application, please contact:

**Diana Rael**  
Norris Design  
1101 Bannock Street  
Denver, CO 80204  
303-892-1166  
drael@norris-design.com

Or

**Heidi Majerik**  
Gauge Land Development  
8827 East 35<sup>th</sup> Avenue  
Denver, CO 80238  
303-888-3866  
heidi@gaugelanddevelopment.com

A public copy of the land use application materials is available for viewing in the Community Development office of Town Hall at 645 Holbrook Street, Erie, CO; phone 303-926-2770.

-47 community members in attendance

Neighbor comments/concerns recorded below, *consultant team responses in italics*

### SIERRA VISTA – NEIGHBORHOOD MEETING:

- Why was there the conceptual change from last meeting?
  - *Direct result from hearing that people had concerns about that much airport zoning area; let land owner know about the concerns from the previous meeting*
  - *Compromise for differing viewpoints; town agreed to reduce amount of airport zoning*
- There was a comment that the change in zoning on the conceptual plan changes the development scope and probably benefits the land owner financially a great deal. The person with the concern noted that they do not agree with this change.
  - *The development/consultant team is doing their best to balance what everyone wants*
- Will drive-thru fast food restaurants and gas stations be allowed? Do we have any say in what is built there?
  - *This is just for the zoning; specific development will go through Site Plan process and the public will have the chance to provide feedback at that time*
- Would current zoning allow drive-thrus and gas stations?
  - *Yes, the CC zoning would still allow these things if the rezoning is not approved*
  - *The LR will not allow these uses*
- MU zone uses are for concentrating uses near commercial centers, etc. (per zoning code). This area doesn't meet the criteria of "MU" in the zoning code
  - *There are sub-categories under "Mixed Use". CMU does not intend to be a super high-density residential area.*
  - *This does align with the Town's Comp Plan and what the Town has asked us to do*
- Will the airport have to buy the area zoned Airport Use?
  - *No, the Town/Airport is not required to buy it. They could, but at this time no one has approached the land owner about buying the land and using it as an airport*

- *Airport Use is the name of the zone district, but it doesn't necessarily mean it will have airport uses*
- *It could be other uses, anything that's allowed under the zoning*
- *The land will be for sale to any interested buying*
- Are there examples of CMU that have been built?
  - *We will look into that and what those look like and send out examples via email*
  - *Later in the meeting, an attendee listed Erie Commons, the Village at Coal Creek, and Summerfield as examples of areas in Erie with CMU zoning.*
- What's the point of calling it Airport zoning?
  - *That is what the Town decided to call it.*
  - *It allows any use that may be supportive to an airport*
- Confused about what the reason for reducing Airport Use zoning – heard different things from presentation, FAA, and Aly (who said it was to allow pocket park and drainage). Can we go back to the other plan?
  - *Pocket parks are allowed in any zone district*
  - *We hear you and will pass this feedback on.*
  - *The FAA requires a certain amount of the Airport Use zoning*
- Concerns about Conceptual Ideas for Ingress/Egress
  - *CDOT has access control plan for this property (right-in, right-out) along Hwy 7*
  - *Site access is largely conceptual at this point, but we won't know until a later time*
- Airport Use and CMU are pretty much the same uses except for hotel/motel and residential.
  - *Correct.*
- Concerns from last meeting came from thinking Airport Use zoning would cause more air traffic. Now we have data to show the air traffic will not increase, but are still concerned that there will be restaurants and taverns next to rural residential homes. Also concerned about industrial overlay.
  - *Town Council is there to serve you. It's important to voice your concerns with them and planning staff.*
  - *We will pass on concerns.*
- Will there be a fence along the easement to the north of the property?
  - *We don't know because we are not at the site plan level yet.*
  - *This application does not change anything about the easements. Nothing (this rezoning, site plans, etc) can change these easements*
- Tell us about BC Land, LLC
  - *Blake Carlson of the Carlson family*
  - *Business is land development throughout Colorado*
  - *He's had the frontage to Hwy 7 for a while*
  - *Oil & Gas companies had the land, wanted to develop, couldn't, then Blake bought the land*
- Has there been any conversation about leaving a strip of the low-density residential to buffer on the north side? This would go a long way in easing the transition from existing residential to commercial uses
  - *Low-density residential on the north side of the property may be considered at the time of site plan*
- Has the question been broached to Erie about doing a land swap? Referenced a land swap for a park in Denver

- *That is a question for the Town of Erie. The Comp Plan does not show this area as an open space, so it is unlikely that they would want to turn it into a park.*
  - *Would require a Comp Plan Amendment – could be a roadblock for the Town*
- If no one develops the AP zone, could that be rezoned to CMU?
  - *No, due to guidelines from FAA and their building restrictions/guidelines.*
- What is the time frame for the rezoning to be approved?
  - *Not sure when the owner will get a buyer*
  - *Goal is to go to hearing on the rezone by the end of 2025, this will be publicly noticed on the site*
    - *This has been delayed due to responding to community concern*
  - *BC Land will start marketing for a buyer as soon as the rezoning is approved*
  - *Site Development is 6-12 months for approval, then Building Permits (2-6 months) before ground breaking*
    - *These are just estimates though*
- Is it likely whoever does a site plan will ask for a Metro District?
  - *This is doubtful – there needs to be a certain amount of assessed value to create one, usually for bigger, single-family residential communities that are infrastructure-intensive and cost-prohibitive for purchasing a new house. Commercial users typically do not like being part of a Metro District*
- How did the line between CMU and AP zoning get chosen?
  - *Extending CMU along Hwy 7, logical to have that there*
  - *Bump out because Town has asked a neighborhood park (even though not required). This could go in either zone district, but it seemed to make more sense to place within the CMU area, whether in that bump out or internally within the zone district area*
    - *Created area to include a 3 acre park*
- Is the infrastructure there?
  - *Basic utilities studies need to be done*
  - *Sewer will come from airport and extend east into site – missing link for the Town to connect the gravity system to the existing lift station east of the property*
- Right-in, Right-out on Hwy 7 – there's nowhere to turn around for people who want to go east from the property.
  - *Purely conceptual, potential vehicular access; site plan will dive further into this.*
  - *CDOT has access control plans for Hwy 7, right-in/right-out is approved here in the current CDOT plan; could pursue a ¾ movement access, but we are not pursuing at this time*
