Town of Erie Tree Advisory Board Application

All advisory board and commission members will be expected to support the priorities and work plan set forth by the Town Council.

This board meets the **second Wednesday of each month at 6:30 PM**. You are required to notify your chair if you are going to be absent from a meeting. Failure to attend three consecutive regularly scheduled meetings without a leave of absence approved by majority of the Tree Advisory Board could be grounds for dismissal.

Are you currently serving on a board?	No

Are you applying for more than one board?	Yes
Please rank your choice for this board	Second

This board meets the **second Wednesday of each month at 6:30 PM**. You are required to notify your chair if you are going to be absent from a meeting. Only three excused absences are allowed per year.

Why are you interested in serving on a board or commission and what specific talents or expertise do you bring if appointed?	Lifelong runner that explores all of the open spaces of Erie from my front door on a near daily basis. Also avid cyclist. I work from home in software now, but my education and background was in finance, and accounting. I feel I use the open spaces of Erie so much, that this is a chance to improve and maintain the open spaces for other residents, and future generations. Since my wife and moved into our home, we have removed 3, and planted 9 trees in our yard. We have also attended a Tree Talk with Tom Reed. Many walks within the Tree Farm and research of what can grow well has sparked an interest in understanding and knowing trees better.
Have you served on another board/commission in an advisory capacity? If so, please describe the board and what made serving in that capacity a good experience? What were the major concerns or issues?	The last board I was a member of was the finance chair of my college triathlon club. Being a part of an organization with a common goal and helping others in that goal felt good. Major concerns were working among a diverse group of people and organizing a team schedule, events, and funding together.
Please describe a situation where you were working with a small group and disagreed with the direction of the project, what did you do? What was the result?	When I was an officer in the triathlon club in college, part of my responsibilities was fundraisers. I wanted to leverage triathlons club alumni network with a direct mailer to help existing club members fund travel for nationals. The president thought we could instead fund the trip individually as students. I persisted and took charge of the mailer and raised nearly $1000 for our teams travel expenses.
If you were appointed, what goals would you like to see accomplished on this board or commission?	I would like to see additional community planting events and tree give away. Continued planting of trees within our existing open spaces, and also increase planting along Erie's riparian zones and drainage/flood ponds.
Are you aware of the time commitment, and do you have the personal time to devote to this board or commission?	Yes
